AUSTRIAN SHELLS HIT THE LEGATIONS

Belgrade, Aug. 5 (delayed in transmission), via London, Aug. 8.—The bombardment of Belgrade by the Austrians, which began without notice on July 29, has continued almost steadily since. The capital was crowded with women and children when the Austrian artillery opened fire, and there was a rush for the country, but the people were obliged to return because of the concentration of food supplies here.

In the first few days of the fighting the people were terror-stricken, but gradually they became calmer and the merchants opened their shops.

The royal palace, the British and German legations, and most of the larger buildings of the city have been struck by shells.

The legations and consulates are filled with frightened nationals who have gathered at the buildings in the hope that the neutral flags would be respected by the Austrians.

"MENACE TO AMERICANS"

London Paper So Describes Germany in War Comment.

British People Are Loyal But Dispassionate in Temper.

London, Aug. 8.—The Times today editorially expresses the profound satisfaction of the British people at the evidence which the paper says it finds that the cause for which they are fighting has the sympathy of their American kinsmen.

The Times adds that the American people "are now beginning to appreciate that the rise of Germany to the power and influence hitherto enjoyed by Great Britain would be a development inimical to American interests and to the freedom of the United States as a world power."

Referring to President Wilson's offer of mediation, the Times says that there is much stern work to be done before any government is likely to avail itself of his proffered services.

As a Matter of Course.

The spirit in which the British people are taking the war has found expression in their acceptance of their first misfortune, the loss of the cruiser Amphion with 136 men. In a lesser or a greater but not unexpected incident, the papers accord the matter neither the usual business nor extended expressions of regret.

The British people accept the loss calmly with confidence that the navy will do the work expected of it.

The reports of a victory in the North sea which were circulated Thursday night raised false hopes which the admiralty promptly dissipated.

Last night there was another of the great gatherings before Buckingham palace which have come to be nightly expressions of the loyalty and enthusiasm of the British people.

At Italian Embassy.

An ovation before the Italian embassy, organized by members of West End clubs, was followed by demonstrations throughout the west end and by the younger sections of the community. These took the form of rejoicing over the reported Belgian successes, and the greater number participating, in many instances, wore Belgian and French flags and carried the flags of their countries and cheered lustily.

The business sections of the town display few flags, and even soldiers marching through the streets without attracting special notice. An onlooker said:

"Malice Toward None."

"The temper which we are displaying in the words of the greatest of Americans, Abraham Lincoln—'With malice toward none, with charity for all.' The Nation, which is the organ of the pacifists, says:

"There is but one substantial hope of avoiding a second return of Europe to the state of anarchy which has been in each afflicted country a partial respite. This partial respite may be effected by the action of states and municipalities in requisitioning employment and food supplies."

The authorities hold that there is no malice being shown toward the 30,000 Germans who remain in England. The war office believes that the Germans have maintained for several years the largest and best organized system of espionage that one nation ever supported against another. Consequent upon the arrest of a large number of Germans, about fifty were rounded up yesterday. The police in possession of the residence at Marefield of Prince Muenster of Denmark, left for Germany upon the declaration of war. They also seized the German monotype works at Bedford and seized a number of rifles and some ammunition. Thirty-two Germans at the plant were arrested.

Several large German stores and restaurants display signs announcing that their proprietors are naturalized British subjects. A few German shops in the suburbs have been closed. No instance of Germans being mobbed or assaulted has been reported and there have been only a few cases where they have been insulted.

of the desire of the president that the work of congress be continued without interruption. Both the senate and house have passed resolutions from 9 p. m. to 4 p. m. Monday, while the funeral services in the East room of the White House are going on.

There will be no honorary pallbearers at the White House.

Rev. Sylvester Beach of Princeton, N. J., the pastor of the Wilson family, and Rev. J. H. Taylor of the Central Presbyterian church, Washington, will conduct the services at the White House.

The funeral train will leave Washington at 4 p. m. Monday and will arrive at Rome at 2 p. m. Tuesday.

Message of Sympathy.

Expressions of sympathy for the president's family continued to come to the White House today in increasing numbers. Thousands of telegrams and letters had already arrived, and it seemed as though almost every family in the United States was offering consolation to the president for his loss.

The king of Sweden was one of those who sent his sympathy today. The heads of most of the nations of Europe have paused in their battle plans to forward cablegrams.

An extra force of police was stationed today at the closed gates of the White House grounds to keep out the curious and maintain privacy for the Wilson family. Only the most intimate friends of the family were allowed within the White House.

The daughters, Mrs. McAdoo, Mrs. Sayre and Miss Margaret Wilson, garbed in deep mourning, walked in the grounds south of the White House early today for a brief respite.

The president passed a comparatively quiet night and those closest to him said he was holding up as well as could be expected. He planned to see nobody today, his pressing official business needed his attention.

German Story of Siege.

Berlin, Aug. 8, via London.—The official German account of the siege of Liege says:

"On Wednesday the German advance guards penetrated along the Belgian frontier. A small detachment tried a coup d'main with great boldness at Liege. Some German troops entered Liege with the intention of seizing the forts. The Germans, who only saved himself by flight.

"An attempt on the fortress itself, the fortifications of which are in the hands of the British, was unsuccessful. Our troops are before the fortress, in contact with the enemy.

"A hostile foreign press will characterize the enterprise, which cannot in the slightest influence the larger operations, as a defeat. It, however, before the fortress, in contact with the history of war and a sign of the heroic gallantry of our troops."

Italy Approves Wilson Peace Plan

Stands Ready to Help Apply It When the Time Comes.

Rome, Aug. 8, via London.—President Wilson's offer of mediation in the European conflict is warmly received by the Italian government and will be heartily supported should the opportunity offer for its application.

Regret is expressed at the absence of the American ambassador, Thomas Nelson Page, at such a critical time. It is said that the Italian government is doing his utmost to promote the peace, and that the Italian government is in conversation regarding it with the foreign minister.

BRITISH CITIZENS IN PERIL AND WANT

U. S. Ambassador at Berlin Appeals in Their Behalf.

Berlin, Aug. 8.—(Via London.)—James W. Gerard, the American ambassador to Germany, has cabled an appeal to the British public to send funds for the relief of the "greatest number of British subjects—English, Canadian, Irish and others—left in my charge."

"Many of the refugees," the ambassador said, "are young girls who have been separated from their families and are in a very short time. The temper of the people may make it hard for these poor people to find lodging in Berlin, even if they have funds. Many already have been arrested as alleged spies, and Mr. Gerard added that Sir Edward Goschen, the British ambassador, had asked him to advance British subjects money up to the amount of \$5,000 on the credit of the British government.

"But where am I to get the cash?" Ambassador Gerard asked. "We ourselves, the American embassy, have only a little store of money, as the war came so suddenly."

KING ALBERT SENDS MESSAGE TO TROOPS

Brussels, Aug. 8.—Before departing for the front King Albert addressed a communication to the Belgian army saying:

"Without the least provocation on our part, our neighbors, proud of their forces, has torn up treaties bearing its signature and broken in upon the territory of our fathers. Because we refused to forfeit our honor."

"The world marvels at our loyal attitude. Our menaced nation shudders and its children have banded to the front."

"Brave soldiers, I salute you in the name of Belgium. United States, because your strength has been put to the service of the right."

"Glory to you soldiers and defenders of the liberty of our menaced fatherland."

MANY EAGER TO GO BACK INTO THE NAVY

Canada Could Man Her Ships Several Times Over.

Ottawa, Eng., Aug. 8.—It is learned that when Canada acquired from Chile the two American-built submarines which are now in the harbor of Victoria, not only were the boats obtained, but also the crews. On each of the submarines there was a full complement of officers and men and these have all taken service with Canada.

The call for men to run the cruiser Niobe has revealed the unsuspected fact that Canada and the United States are full of ex-naval men of the British service. The Canadian naval department has been flooded with applications from men who have served from five to ten years in the British navy, but left the king's service before their full twelve years' period of enlistment was up. Some say they bought discharge, some that they were invalided out, and others frankly admit desertion.

One applicant reports that he had "exceeded his leave by two years." It is announced that the 700 men wanted for the Niobe could be obtained several times over.

SEVEN REGIMENTS OF GERMANS GIVE UP.

London, Aug. 8.—A dispatch to the Exchange Telegraph company from Brussels says that a division of German cavalry which has succeeded in fording the Meuse to the north of Liege was surprised and practically annihilated by Belgian cavalry and infantry, supported by a battery of light artillery. The German rout was complete. Seven German regiments surrendered.

A letter written on board the steamer Kronprinzessin Cecilie, while she was fleeing from dread capture at the hands of the English or French cruisers on the Atlantic, has just been received from T. D. Merrill of Duluth, who was on board, trying to reach his daughter, Miss Marie, who is in Switzerland.

Mr. Merrill tells in a most enter-

To the People of Duluth

The bereavement of our great President is the bereavement of the whole nation, and we give to him our deepest sympathy.

She who shared as wife the life and work and honor of Woodrow Wilson died on the sixth of August, and will receive the last rites of this world's honor on Monday, the tenth day of August.

Therefore, out of honor to the departed, and out of sympathy to him who survives her, IT IS PROCLAIMED:

That Monday, the tenth day of August, 1914, be observed by the people of the city of Duluth as a day devoted to honoring the memory of Mrs. Woodrow Wilson.

The affairs of the people will be regulated accordingly.

The offices of all the Departments of the City Government will be closed after the hour of noon on that day.

taining way, the impressions of those on board the fugitive liner, and depicted graphically, the effect of the war news on the passengers, especially the Germans. The following paragraphs are extracts from his letter, which was mailed at Bar Harbor, on the morning of the steamer there last Tuesday, the first part being written on Monday. You know you will be surprised when I tell you that at the minute I am writing the good ship Kronprinzessin Cecilie is now off the coast of Nova Scotia, steaming at full speed towards New York, Boston or Portland where we expect to arrive tomorrow unless we should be captured by a British ship and taken to Halifax or some other English port. But it is a fact that we turned about last Friday night when it seemed we were about ready to stop off at Plymouth, and have headed westward ever since. We had been getting war news every day and there was talk about our being captured and taken into port as a prize when we reached the other side. We certainly would have made a rich prize with our \$10,000,000 in gold aboard, but it was looked upon as idle talk, so hard it was to believe that there could be such a universal war. Even now we know very little about what is going on very little news being given out by the officers. Change was the first I knew of that it was Saturday morning when my steward came to my room and asked for my railway ticket from Plymouth up London. When I asked, why, he told me we had been ordered back to New York.

All Kinds of Rumors. There were all sorts of rumors, one that the English had sunk the German fleet in the North Sea, which put the German passengers and sailors very much bonafides, but there seems to have been no truth in this and they are feeling much better. However, we are getting very little news and all anxiously waiting to reach some port where we will be able to get papers.

The order to turn about came late Friday night after I had gone to bed. At that time the captain came into the smoking room and made the announcement to the few who happened to be there. He expressed his regret at the inconvenience but his chief concern was the fate of his fatherland. The Germans abroad all feel that it concerns their very existence. They say Poland spoke with tears in his eyes. No one has seen him since.

Movements Secret. "Precautions were taken immediately to make our movements as secret as possible. All unnecessary light outside, everything as dark as possible outside. We even steamed ahead through fog without signals. Until some of the passengers sent a delegation to the captain asking to have the whistle blown Saturday morning. The ship was alive with sailors painting the tops black to disguise ourselves as a White Star liner, probably having in mind the Olympic, bound westward at this time.

I heard one man offer \$50 to \$1 that two would be captured before reaching New York. So you see we are not too dull. There are many on board going to meet relatives and friends on the other side. One man's name is that she would come from Paris and meet him at the Savoy in London, but he has no means of communication or of knowing how things are going with her. The little German doctor's daughter is coming from Cheltenham, where she is at school, to Plymouth to meet him and he is as unhappy as his happy disposition will permit, knowing she is a stranger in a hostile land.

"Poor little Germany. All the positions fighting against her."

"At my table is an Austrian doctor who sympathizes with his province. He has lived thirty years in New York. He mourns the fate of his province. But after all, I cannot believe there will be war; it seems too stupendous, and that the nations should take so great a responsibility seems out of reason."

"12 p. m.—I have just heard in the smoking room that probably we will enter Portland harbor early in the morning."

"Aug. 4, 6 a. m.—Entered at Bar Harbor, Me."

POLICE MAKE THREE RAIDS

Descend on Three Alleged
Resorts and Arrest
Thirteen.

Three of Five Men Forfeited
Bail; Women Deny
Guilt.

In raids made on three alleged houses of ill fame, the police arrested eight women and five men last night and this morning.

Annie Carney, 57 years old; Dorothy Gray, 23, and Oscar Carlson, 30, proprietor of the Velvire hotel, who were arrested on charges of keeping houses of ill fame, pleaded not guilty when arraigned this morning and they are all being held in default of payment of \$1,000 bail. The Carney woman and Carlson are also charged with selling liquor without license, having pleaded not guilty when arraigned a second time this morning.

Of the four men arrested, three forfeited their bail, by failing to appear in court this morning, while the fourth, Marshall Taylor, 31, was released by Chief Trower for lack of evidence. Annie McDonald, 27, and Taylor were arrested at 14 First avenue west in the raid on the Dorothy Gray house on charges of disorderly conduct. McDonald forfeited \$10 bail, which he put up last night.

George Downing, 26, and Frank Tima, 21, who were arrested at 14 First avenue west, each forfeited \$50 bail by failing to appear in court this morning. They were charged with visiting a house of ill fame.

Of the other six women arrested, all of whom are charged with visiting houses of ill fame, Bernice King, 24, and Edna Drake, 31, both of whom pleaded not guilty, are now out on \$50 bail. The others are all at the county jail awaiting their trials, which were set for next week, they having been unable to raise their \$50 bail money.

Simultaneous Raids. The raids were made almost simultaneously on the Annie Carney house at 112 Second avenue east, the Dorothy Gray house at 14 First avenue west and the Velvire hotel, 1025 West Michigan street, about 11:30 o'clock last night. Detectives Irvine and Schulten entered the Carney house and arrested Edna Simmons, 21, besides Mrs. Carney. They both pleaded not guilty and Mrs. Carney's trial was set for Wednesday morning, when she will be tried on the double charge of keeping a house of ill-fame and running a "dild pie," while her companion will be tried Tuesday morning.

Sergeants Buchart and Youngberg made by the same officers just after they brought their prisoners to headquarters. Annie Ross, 35, was arrested on charges of visiting a house of ill-fame. Her trial was set for Wednesday morning.

This morning, Annie Brown, 22, was arrested at the Carney house, while Edna Drake, 31, was taken into custody at the Velvire hotel. They both pleaded not guilty and the former's trial was set for Wednesday morning and the latter's in the afternoon of the same day. Edna is out on \$50 bail.

HIGHER WAGES FORECASTED

Stopping of Steel Plant
Work Will Not Handicap
Labor.

Harvest Fields and Exodus
of Foreigners Will Help
Workers.

The closing down of construction at the steel plant, and the laying off of 600 men will not affect the labor conditions at the Head of the Lakes to any great extent for a time at least according to employment agents along Michigan street. The vast harvest fields of the Northwest, it is said, will take every available man from now until late in the fall or at the close of the threshing season. In the meantime there are more jobs open at the Head of the Lakes than there are men to work.

Few Out of Employment. In walking down Michigan street and lower Superior street one sees few men out of employment, and these can obtain work if they ask for it, and even get their fare advanced on a guaranteed contract. Common labor now draws bigger wages than at any time this season. The lowest wage being about \$2 to \$2.50. "While, however, is somewhat lower than the wages a year ago, but this may be accounted for by the action of the railroads early in the season which delayed improvements while waiting for the rate decision issued a few days ago by the interstate commerce commission. Less railroad work has been done this season, it is said, than in years despite the fact that crop conditions were of the best all season."

With a big crop to move and harvest, nothing can check the improvement in labor conditions. It is believed. The satisfactory progress toward settling the farmers' and firemen's strike is also favorable to better labor conditions from now on.

Effect of War Doubtful. What effect the European war will have on labor here is a much disputed problem, among employment men. Some say that the labor force will draw very largely from the ranks of American labor and leave openings for

Mrs. George Waters of 1317 East Second street was operated on yesterday as the result of a rather peculiar accident. She was injured last Monday evening by a falling extinguished rocket during the play at Twelfth avenue east.

The rocket, in descending, struck Mrs. Waters on the right thigh and knocked her down. The wound inflamed and resisted treatment. A huge blood clot formed and yesterday Dr. C. J. Wallace operated on it.

He took out a blood clot about as large as a person could hold in both hands. Mrs. Waters suffered intensely since she was struck by the rocket, but is resting well at her home today.

OLYMPIC IS KEPT IN PORT

British Admiralty Issues
Order After Clearance
Papers Are Out.

Cincinnati Arrives at Boston After Voyage of Peril.

New York, Aug. 8.—The White Star liner Olympic, to have cleared from this port today with British reserves, was held up indefinitely under receipt of orders from the British admiralty.

The sailing of the Red Star liner Vandalia, on which 1,000 Belgian reservists were booked for a British port also was delayed.

The Olympic had expected to brave the risk of capture by German warships by sailing from this port for Liverpool. Because of the probability of danger of capture, her cabin was booked for only 150 passengers and her second cabin for 50. The majority of these and the 200 stowage passengers being British army volunteers.

Other sailings announced for today included the Adriatic of the White Star line, the Minnehaha of the Atlantic Transport line, and the Sant Anna of the Fabre line. A large part of the accommodations on all these vessels have been taken by homebound bound British, French and Belgian reservists.

Cable Leaves Halifax. The White Star liner Cordic left Halifax today with all passengers aboard and should arrive at New York Monday morning. This announcement was made by the White Star line.

The order to hold the Olympic was received after she had been given clearance papers by the customs officials and all preparations had been made for sailing. Approximately 500 persons had engaged passage upon her.

The Olympic passengers were transferred to the Adriatic after the suspension of the Olympic's sailing was announced. The Adriatic sailed at noon. The Minnehaha sailed at the same time.

Two hundred and thirty first cabin passengers from the Cunarder Mauritania which put into Halifax after a

TRIBUTE TO MEMORY OF MRS. WILSON

Mayor Asks That Duluthians Observe Monday in Fitting Manner.

As a last tribute of respect to the memory of Mrs. Woodrow Wilson, wife of the president, the offices of the city will close at noon Monday.

Mayor W. I. Prince today issued a proclamation calling upon the people of Duluth to observe Monday honoring the memory of Mrs. Wilson. The regular council meeting has been postponed until 2 o'clock Tuesday afternoon.

The mayor's proclamation follows: "To the People of Duluth: The bereavement of our great president is the bereavement of the whole nation, and we give him our deepest sympathy."

She who shared as wife the life and work and honor of Woodrow Wilson, died on the sixth of August, and will receive the last rites of this world's honor on Monday, the tenth day of August.

Therefore, out of honor to the departed, and out of sympathy to him who survives her, it is proclaimed: "That Monday, the tenth of August, 1914, be observed by the people of the city of Duluth as a day devoted to honoring the memory of Mrs. Woodrow Wilson."

"The offices of all the departments of the city government will be closed after the hour of noon on that day."

Nathan works through unchangeable laws. There is no short cut to a perfect result. This applies to ventilation as to anything else. There are fakers who advertise impossibilities; there are fools who fall for it. We are all so prone to hope or try to get something for nothing that we are only too often the victims of the unscrupulous. It is always a case of "Money, wife and power follow." It is a case of ventilation. There is only one way to effectively ventilate and that is by mechanically forcing in the fresh air and drawing out the foul air so as to use a complete and thorough distribution. This can only be done by a system of floors, ducts and register openings. Nothing else can fill the bill. No "cheap jobs" deliver any proper service.

TIRES

Nowhere else in the world are there such expert tire makers as in the Firestone Organization—and they concentrate on tires.

This army of trained Firestone specialists, making thousands of tires a day, has reduced production cost while it increases tire efficiency.

It also brings the price to you as low as the average

There are "cheap" tires at "cheap" prices to catch inexperienced buyers.

There are ordinary tires priced high to give the impression of quality.

Then there are Firestone Tires—leaders of the world in service by actual tests. Yet they are produced at a reasonable cost and sold at a reasonable price. Tremendous output and scientific management are the reasons.

ENGLISH HALF-TIMBERED DESIGN No. 1

We present to our readers this week the first design of the series of three English Half-Timbered Houses. The exterior of this house is constructed of brick, with panels of stucco above—the roof is covered with Neponset shingles. The interior is well arranged, and the plans can be seen at the Architect's office. The house would cost about \$15,000 if built in Duluth.

SOCIAL CALENDAR FOR THE COMING WEEK

SUNDAY—Picnic given by the young women of the Hebrew literary club at Fairmount park at 1 p. m.

TUESDAY—Wedding of Miss Beatie Seeley and John D. Mackey at the Sacred Heart cathedral at 8 o'clock.

WEDNESDAY—Afternoon bridge and dinner-dance at the Country club.

THURSDAY—Business meeting of the Priscilla club at the home of Mrs. E. L. Kimball, 119 Anoka street, at 2:30 p. m.

FRIDAY—Short program of water sports at the main house of the boat club in the afternoon. Dancing at the main house of the boat club in the evening.

Preparations for college day have been going on during the week at the gatherings of the men and women of the different colleges and universities that will take part in the parade and stunts this afternoon. The University of Minnesota women and the members of the College of Agriculture have been busy planning their stunts. The Oberlin men and women met at the Commercial club at noon Monday. The University of Pennsylvania men met Wednesday evening, and the University of Michigan men held a smoker and supper at the Elks club last evening to make arrangements for the parade.

The presence of visitors in the city was the occasion of several small affairs during the week. Tuesday evening Mrs. T. D. Merrill entertained at dinner in compliment to Mrs. J. D. Farrow, chairman of the hospital committee, and Mrs. E. L. Farrow, chairman of the hospital committee, and Mrs. E. L. Farrow, chairman of the hospital committee.

Two luncheons were given at the Boat club Tuesday. Mrs. E. L. Farrow, chairman of the hospital committee, and Mrs. E. L. Farrow, chairman of the hospital committee, and Mrs. E. L. Farrow, chairman of the hospital committee.

The Thursday dinner-dance at the Boat club was given under the direction of all departments of the club. The dinner was to have been given under the direction of the dining division, but on account of the crew's having gone to Philadelphia the dinner under their supervision was postponed until Aug. 26.

The August meeting of the Woman's council, held yesterday on Mrs. J. L. Washburn's lawn at Hunter's Park, was preceded by a picnic luncheon at Mrs. J. L. Washburn's home at Hunter's Park.

At the meeting that was also held on the lawn reports were given by Mrs. A. A. Kerr, chairman of the committee on amusements, Mrs. E. L. Farrow, chairman of the hospital committee, and Mrs. E. L. Farrow, chairman of the hospital committee.

The usual Wednesday bridge and dinner-dance will be held at the Country club this evening. Saturday afternoon this week a short program of water sports will be given at the main house of the boat club.

Woman seldom Proposes, But Often Brings Proposals About.

That women are usurping all of men's privileges is heard too often now to excite comment. However, when someone is specific as to the privilege, it makes a difference.

Many dissenters will be heard. To say that women are fast usurping the privilege long granted to men of proposing marriage is bound to meet with opposition. Facts do not bear out the declaration. Most women are asked in marriage today, though the form may vary considerably from what used to be considered proper.

A man desiring information on the subject interviewed many women and men, and found, or so he had the temerity to state, that nearly 75 per cent of the proposals were made by women.

Of that marriage resulted without verbal petition from either. The latter fact I do not say, but the former seems to me highly improbable.

Now and then a woman may actually propose marriage, but not often, and there is nothing to warrant the assumption on anyone's part that there is an increase in woman's appropriation of the privilege. Nothing but custom stands in the way of woman's asking for marriage, however, and perhaps the time will come when she may do so. Sometimes I think she would often make a better selection if the choosing lay more directly in her power. Still, it must be remembered that while she does not as a usual thing do the actual proposing, she has considerable influence in shaping man's mind to that end, particularly if she is interested, and, of course, she often is.

It has been said with a good deal of truth that when a woman makes up her mind to marry a man he might as well submit gracefully. But while some women may choose their mate without any sign that the proposition is agreeable to him, most women must have some indication, at least, that their affection will be welcome, before laying siege to a man's heart.

If the several ways in which the twentieth-century proposal is made could be jotted down it would make interesting reading. But whatever the way, it need not be less beautiful or sincere.

SOCIAL CALENDAR FOR THE COMING WEEK

SUNDAY—Picnic given by the young women of the Hebrew Literary club at Fairmount park at 1 p. m.

TUESDAY—Wedding of Miss Bessie Seely and John D. Mackey at the Sacred Heart cathedral at 8 o'clock.

WEDNESDAY—Afternoon bridge and dinner-dance at the Country club.

THURSDAY—Business meeting of the Priscilla club at the home of Mrs. E. L. Kimball, 119 Anoka street, at 2:30 p. m.

FRIDAY—Short program of water sports at the main house of the boat club in the afternoon. Dancing at the main house of the boat club in the evening.

Preparations for college day have been going on during the week at the gatherings of the men and women of the different colleges and universities that will take part in the parade and sports this afternoon. The University of Minnesota women and the members of the Collegiate Alumnae had meetings to plan their stunts. The Oberlin men and women met at the Commercial club at noon Monday; the University of Pennsylvania men met Wednesday evening; and the University of Michigan men held a smoker and supper at the Ellis club last evening to make arrangements for the parties they would take in college day.

The wives of the Duluth members of the dental association and the visiting women at the dental convention enjoyed luncheon at the Spaulding hotel yesterday and a river trip to Fond du Lac in the afternoon. The luncheon was preceded by a reception.

The presence of visitors in the city was the occasion of several small affairs during the week. Tuesday evening Mrs. T. D. Merrill entertained at dinner in compliment to Mrs. J. D. Ireland's guests, Miss Eliza Clements of Bay City, Mich., and Miss Marian Cutler of New York.

Miss Merrill entertained at luncheon Wednesday, her guests being young girls and matrons. Mrs. Page Morris entertained at luncheon Wednesday in compliment to her daughter, Mrs. Robbins D. Anderson of Honolulu.

Two luncheons were given at the Boat club Tuesday. Mrs. E. L. Ireland's guests, Miss Eliza Clements of Bay City, Mich., and Miss Marian Cutler of New York.

One of the social events of the week was the wedding of Miss Harriet Stryker and Fayette Wright Sprague of Sauk Center, Minn., which took place Monday afternoon at the home of the bride's parents, Mr. and Mrs. J. D. Stryker.

Two dancing parties were given at the Country club this week. Monday evening Miss Margaret Rice entertained about 100 guests and last evening Miss Gertrude Hagar and Gordon Hagar entertained seventy guests.

The Thursday dinner-dance at the Boat club was given under the direction of all departments of the club. The dinner was to have been given under the direction of the rowing division, but on account of the rain having come to Philadelphia the dinner under their supervision was postponed until Aug. 20.

The August meeting of the Woman's council, held yesterday at Mrs. L. Washburn's lawn at Hunter's Park was preceded by a picnic luncheon. Mrs. Harrie Rogers of Superior and Mrs. George R. Dean of Chicago were at the picnic.

Mrs. George Ruple entertained at tea yesterday in compliment to Mrs. Robbins D. Anderson of Honolulu. Mrs. H. P. Carrow of Detroit and Mrs. George Gilbert Ruple of Minneapolis.

The young women of the Hebrew Literary club will hold a picnic at Fairview park tomorrow at 1 o'clock. Miss Bessie Seely and John D. Mackey will be married at the Sacred Heart cathedral Tuesday morning at 8 o'clock. The ceremony will be followed by a breakfast at the home of the bride's parents, Mr. and Mrs. D. R. Seely of 120 South Fourth avenue east.

The usual Wednesday bridge and dinner-dance will be held at the Country club and the regular Saturday dance at the Boat club. Every Saturday afternoon this month a short program of water sports will be given at the main house of the boat club.

PROTECT YOUR COMPLEXION

Every woman who spends the summer at the seashore, in the mountains or at some fashionable watering place should take with her a few bottles of

GOURAUD'S ORIENTAL CREAM

to improve and beautify her complexion and protect her skin from the burning sun, bleaching winds, and damp night air.

The surest guarantee of its perfection is the fact that it has been in actual use for nearly three-quarters of a century.

It cannot be surpassed for the relief of tan, pimples, freckles, and all the blemishes of the complexion. Druggists and Department Stores.

PRESIDENT OF THE NEW WOMAN'S COUNCIL OF SUPERIOR

MRS. HARRIE ROGERS.

The meeting of the Woman's council, held yesterday at Mrs. L. Washburn's lawn at Hunter's Park was preceded by a picnic luncheon at Mrs. J. D. Washburn's home at Hunter's Park.

At the meeting that was also held on the lawn reports were given by Mrs. A. A. Kerr, chairman of the committee on amusements, Mrs. F. L. Parrows, chairman of the hospital committee, and short talks were made by Mrs. H. W. Matter of the educational committee and by Mrs. J. D. Davis of the board of education. In the evening the chair was occupied by Mrs. Washburn.

Mrs. Kerr explained the Smith-Hughes bill for Federal censorship of interstate motion pictures. Mrs. Kerr pointed out that the bill would not create a new department as has been charged but that it only creates a new department of the bureau of education.

Need of Hospital. Mrs. Harrows gave reasons for establishing a city and county hospital, telling how the county is paying for the care of county patients and for charity money that could be spent on a county hospital for the care of the sick.

Mrs. Harrows pointed out the economic advantages of making persons well and self-supporting. She thinks there is truth in the statement that it is unsafe to become unconscious on the streets of Duluth, as one is likely to find himself in the poorhouse when he recovers to consciousness.

Mrs. Harrie Rogers, president of the Woman's council of Superior, told of that organization, which was founded the middle of April on the plan of the Duluth council. One of the first things undertaken by the new council was a clean-up campaign. Mrs. Rogers told printed in several languages and given to housekeepers personally by members of the council. It was hoped that some women would be offended at

an attempt to tell them how to run their homes, but the results of the undertaking were satisfactory. Mrs. Rogers said, "We did not offer prizes for the flies themselves, but we offered our cooperation to organizations already at work."

The committee that was now doing the most of anything is the one on food inspection. Mrs. Rogers said, explaining how dealers in foodstuffs were notified of the women's undertaking and were given lists of points regarding utensils, flies, ventilation and other points in connection with a well-conducted business. Members of the committee visited shops and graded them on twenty points. The merchants who were graded 75 or more were put on a white list.

Mrs. Rogers mentioned as other work taken up by the Woman's council of Superior the action of the garbage nuisance, the question of municipal lodging house and cooperation of council members with the police women.

Juvenile Work. Mrs. Dean, who is secretary of the Juvenile Protective League of Chicago, described the work done by that organization in improving picture shows and dance halls in Chicago and in bettering neighborhood conditions of children and the active part taken in regard to the protection of young persons in that city. An account of the work of the Juvenile Protective league was published in The Herald of July 1.

Mrs. Matter told of the interest taken by women in the school board election last month, telling that the vote polled this year was the highest for years.

Mrs. T. J. Davis, a member of the board of education, told of the new school that has been planned for New Duluth. In connection with the school there will be an auditorium, gymnasium and library for the use of the public.

Mrs. Matter proposed a vote of thanks to Mrs. Washburn, whose hospitality contributed so largely to the success of the day.

After the dinner, those present were: Messrs. and Mesdames—William C. Mitchell, Richard M. Funck, Mrs. Dunn, Mrs. Porter, Mrs. Susselman, Dorothy Jones of Minneapolis, Margaret O'Brien of Grand Haven, Mich., William H. Hoyt, David Drummond, R. H. Middlecoff, Robert Jaques, G. A. Finlayson, Misses—Emma and Lilly Hedman of 612 North Fifty-ninth avenue west entertained their friends Tuesday in celebration of their birthdays. The guests were: Misses—Lorraine Johnson, Mabel Anderson, Dorothy Johnson, Gladys Lee, Lillian Jorgensen, Elizabeth Walston, Florence Jorgensen, Helen Johnson, Ruby Erickson, Jane McDonnell.

Mrs. Paul Schultz of 519 West Second street entertained Tuesday evening at a utility shower in compliment to Miss

Maud McNabb, whose wedding to Robert Burke will take place Aug. 19.

Mrs. H. Kossett, who catered the Moonlight club at her home at Kenwood Park. The rooms were decorated with sweet peas, nasturtiums and carnations. Music and games were the entertainment of the evening. Covers were laid for fourteen. Miss Ruth Brasso will be the hostess for the next meeting of the club.

NEW BOOKS IN THE LIBRARY

Some Works That Will Be of Timely Interest to Duluth Readers.

"The Last Shot," one of the books recently added to the public library, is especially appropriate for these days, when every country in Europe is fighting every other country on the continent. This novel is the work of Frederick Palmer, author and correspondent, who has seen war in many parts of the world.

In a small section of a European frontier in the present time. The characters, although known by fictitious names, are taken from life, and their sayings and deeds are those of men whom the author studied during times of stress and danger. The contesting sides in the struggle portrayed are known as the Grays and the Browns. "If there is no particular hero," Palmer says, "then I can only say in confidence behind the scenes that I have found no one man, however heroic in the martial imagination of his country, to be a particular hero in fact."

Frederick Palmer was a correspondent during the Greek war, Macedonian insurrection, Turkish revolution, Russo-Japanese war and the Balkan war. He was a correspondent in Alaska and the Philippines, returned around the world and has been in many of the most important expeditions for the relief of famine in 1900.

After such a wealth of experience, it is no wonder he had the ability to write a composite war tale. "The story grew out of my experience of the last wars," he said. "I have been under the rade of arms without bearing arms, and the hardships and humors of the march with only an observer's incentive. Whether watching a small force of white regulars disciplining a primitive people, or the complex tactics of a huge army against huge army, whether watching war in the large or in the small, I have found that the same human qualities in the white heat of conflict working out the same illusions, heroisms, tragedies and comedies."

"My aim is to express not only war as fought today by soldiers of today under the flag of arms of today, but also the effects of war in the life of modern civilization, the modern organization and methods of a group of men and women."

free in its realism from the wild improbabilities of some latter-day novelists.

Palmer is the author of "Over the Pass," "The Vagabond," "The Ways of the Service," "In the Klondike," "Danbury Road" and other books.

"Clark's Field," by Robert Herrick, is the story of the fortunes of the Clark family, possessors of a piece of land known as Clark's field that for years could not be sold because it lacked a clear title, owing to the disappearance of one branch of the family.

When the great granddaughter of the original owner of the field was a listless, altogether unpromising young girl, the only known living member of the family, the field had risen to a great value through the growth of the city. The trust company in charge of the property sent Adele to a fashionable school to fit her for the position she was to fill as an heiress. Nothing having been heard of the other branch of the family, after years of speculation, she married an aspiring artist or less than half of her original five millions, she discovered in her cousins, a workman on her magnificent California home.

According to law she was not compelled to give anything to the numerous members of the family, but she felt that she owed her part to the plan worked out by her and her sister. Her cousin showed the listless child had developed into more than she promised.

"The Return of the Prodigal," by May Sinclair, author of "The Divine Fire," is a collection of eight short stories, the title being derived from the first story in the volume.

Other books of fiction that have been added to the library recently are "Daddy's Daughters," a sequel to "Daddy," by E. F. Benson; "The Price of Love," by Arnold Bennett; "Archie of the Water," by Sidney, and "Full Swing," by Frank Danby, author of "Rise in Water" and "Baccarat."

WOULD PUT ALL JOBS UNDER POSTMASTER.

Washington, Aug. 8.—A provision which would sweep from the civil service system all assistants to postmasters, clerks and other employees of postoffices throughout the country and put them under the control of the postmaster general, was put into the Moon railway pay bill on a preliminary vote in the house yesterday. A final vote will be taken today, when opponents of the provision say it will be decisively defeated on a roll call.

MOORHEAD MAN WON COMMERCIAL CLUB CUP

The Commercial club has been notified that the trophy offered at the North Dakota State fair for the best record of dairy cattle exhibited was won by E. C. Schroeder of Moorhead, Minn. The fair was held at Fargo, July 20 to 25. The trophy offered by the Duluth club was a beautiful one and was the subject of keen competition.

"LIVE SIMPLY" IS APPEAL OF WOMEN.

New York, Aug. 9.—The National Housewives' league today sent to all its members throughout the United States an appeal urging them to live as simply as possible while the war in Europe is in progress. "Extravagant living at this time," the appeal asserts, "will inflame passions and cause great suffering among the poor."

A NON-PARTISAN PRESIDENT.

Says the Cleveland Plain Dealer: "The work of the Wilson administration comes nearer being non-partisan than that of any other in recent years. In part, it is this fact that handicaps opponents of the president in the fight they would like to make on him. It is inconceivable that a Republican congress and president would undertake to repeal the present banking and currency act. Even the tariff, in Republican hands, would not be likely to be put back on the Payne-Adams basis. The repeal of the canal tolls exemption was accomplished upon other than a partisan basis. Mr. Wilson's nomination of Messrs. Warburg and Jones partook of this same spirit of non-partisanship. Few people know whether these bankers are Republicans or Democrats, still fewer care which they are."

Paradoxical though it seems, President Wilson is not only the leader of his party in a stricter sense than almost any other president in a generation, but he is also the nearest to a non-partisan president the country has had in a number of generations. And there is no inconsistency. The president seeks to perform the duties of his office for his country's good and the good of all its people. He uses his party for that purpose; and the reason he is his party's leader and uses his party for the common good is that he deems a party to be a MEANS and not an END. A party has value, to him and to ninety-nine per cent of his fellow-countrymen, only as it is capable of performing a service to its country. For the party for its own sake he has no use whatever; and neither has any other patriotic citizen.

Though it seems paradoxical that a president who is distinctly the leader of his party should be strikingly non-partisan in his public service, it is not paradoxical at all; for it is only thus that a party can be of value and that a president can achieve what he wishes to achieve for his country.

A party is worthless except as it serves its country. Party for its own sake leads to the machine, to corruption, to degradation and contempt.

A president is helpless without a party at his back; for despite the wide spread of non-partisanship, this is still a government by parties.

But a president who is his party's leader, who aims high for his country's good, and is able to impress his party into the public service as Wilson has impressed the Democratic party, is capable of the highest public service; and that is the secret of President Wilson's non-partisanship, his party leadership and his success.

Even that great peace advocate, Andy Carnegie, finds an excuse for England going to war with Germany.

HISTORY REPEATS ITSELF.

"August, a political campaign, and business conditions tempered by hesitancy—it is a summer of only mild content and much unrest."

A mildly conservative Republican beginning a criticism of the Wilson administration for "bringing on hard times?"

No. It is a quotation from the World's Work of August, 1910, four years ago. "This description," says the World's Work of the current issue, "was written of conditions under a high tariff and a Republican administration. Perhaps it fits to some extent the summer of 1914 under a lower tariff and a Democratic administration. The point is that the 'prosperity' and 'calamity' argument in politics is chiefly bunkum."

Buncombe it is, of the worst stripe. And those who use it show an insulting estimate of the popular intelligence—just such an estimate as might be expected from people who

imagined that they could forever get away with what the Republican party was engaged in doing when its fate overtook it.

The World's Work, with great common sense, adds this: "The long-established custom of making the party in power responsible for everything that happens, whether it had anything to do with it or not, has led Mr. Roosevelt to howl calamity and Mr. Wilson to assert prosperity. This summer we haven't either. We are having a fairly slow summer in business with prospects for a better fall."

It is safe to say that the Krupps are not objecting to the war.

DULUTH'S GREAT OARSMEN.

Hurrah for the Duluth oarsmen at the international regatta, and hurrah for Coach Ten Eyck of the Duluth Boat club!

On the first day of the regatta, Duluth crews made practically a clean sweep of the races in which they were entered. Of course everyone in Duluth thought they would win, but naturally the "wish was father to the thought," and although great confidence was felt, it was known they were pitted against the greatest amateur crews from the country and they might meet misfortune. But they nobly showed that the confidence reposed in them was not misplaced, and in the opening day's event they were the winners of the intermediate eight-oared race, the senior international four-oared race and the intermediate doubles. In the intermediate singles, the Duluth man came in third, but as he had just rowed a hard race in the doubles it was not expected that he would do much better.

It was a splendid beginning and duplicated Duluth's victories at Boston last year. The senior eight-oared race is to be rowed this afternoon. Both the Duluth eights will start, and The Herald expects to see them finish first and second.

Who says that the Kaiser was not prepared for war? He has sixty-seven uniforms.

THE FAKE RECALL AMENDMENT.

The Herald believes in the principle of the recall. It regards it as an indispensable implement of democracy. It is a necessary accompaniment of the short ballot, to which state and local governments are tending rapidly. The tendency is to centralize responsibility, and thus to make the voter's task easier and the voter's influence more effective. In the centralizing responsibility power also is centralized; and that is susceptible to dangerous uses unless it is safeguarded by giving the people power to discharge the public servant who proves unfaithful to his trust.

But The Herald does not believe in the form of the recall proposed in Minnesota by the constitutional amendment to be voted upon this fall. In fact, it believes, as any clear-sighted observer must believe, that the forces of reaction pulled the wool over the eyes of the forces of progress when they contrived so fantastic and impossible a scheme.

The fatal defect in this amendment is that in providing for the recall of ELECTION officers, it also provides for the recall of APPOINTIVE officers.

If adopted, this scheme would scatter responsibility beyond hope of locating it; and it would make a monstrous joke of the whole idea of the recall.

It would make government more confused and less efficient, when the aim should be to make government simpler and more efficient.

Farm, Stock and Home, an agricultural publication of Minneapolis which since the days of S. M. Owen, its founder, has always taken advanced stand on all constructively progressive proposals, sees this proposal as The Herald sees it, and urges the defeat of the recall amendment for the same reasons. Says Farm, Stock and Home:

"The proposed recall amendment to the Minnesota Constitution, to be voted on this fall, should be killed. Valuable as the recall is in principle, the form and scope of the recall proposed for Minnesota makes the amendment vicious.

"Tagged onto an otherwise desirable measure is the provision that the recall shall apply to appointive as well as to elective officers. This absolutely decentralizes authority. The appointee owes his place to the man who appointed him, and his tenure of office to the good graces of the electorate. He gets his job from one, and his hope of reward from the other. He is hired by his superior officer, but he must look to the people for his orders. A better way to get politics into the state's business could not have been devised.

"But this recall measure into the constitution, and all the well-laid plans of the Efficiency commission for a well-knit and businesslike executive, answerable directly to the people for its own deeds and those of its subordinates, will be made worthless.

"How would the reader like to hire a man under conditions which made

it possible for that man to stay on the job just as long as the neighborhood at large was satisfied with him? Does one for a moment believe that such an arrangement would work out all right?"

"Kill this amendment! It is bound to work harm!"

A Chicago man took poison because his wife refused to kiss him goodnight when he started for his day's work. Another illustration of the trifles that make up the world's troubles.

THE KAISER'S PROCLAMATION.

A remarkable document is the proclamation issued yesterday by Emperor William to the German people. It is a stirring address, calculated to arouse the patriotic sentiment of the people and rally them to the defense of the Fatherland.

The existence of the German empire is at stake, says the Kaiser, who concludes with these emphatic sentences: "We shall resist to the last breath of man and horse and we shall fight out the struggle even against a world of enemies."

"Never has Germany been subdued when she was united."

"Forward with God, Who will be with us as He was with our ancestors."

It will be a mighty contest. Undoubtedly the Kaiser has a great and well-trained army to carry out his commands, but he will meet even larger armies. The German army is a great fighting machine, and the Kaiser's faith in its power may be fully justified. It may be recalled that in Frederick the Great's time Germany waged war against Russia, Austria and France all at the same time and held her own, until England came to her aid and settled the struggle. She has Austria on her side now, but England is against her. There has also been a great change in warfare since the days of Frederick the Great.

THE COST OF WORKINGMEN'S COMPENSATION LAWS.

The laundymen of New York, in adding a cent a bundle to the price of laundry work to meet the expense of the workingmen's compensation act of that state, say:

"We are firm believers in the workingmen's compensation act; but it undoubtedly increases the cost of production. All increases in the cost of production, whether due to shorter hours, higher wages, higher cost of raw materials or workingmen's compensation, must be borne by the consumer."

Doubtless that is true, especially where competition has been eliminated to such an extent that all the operators in a given industry can agree unanimously to an increase in charges. Our idea would have been that the old system of compensating injured workmen—if it could be called a system—cost more than the new. There were personal injury lawyers to pay and heavy court costs to meet, and these heavy taxes have been eliminated.

The new system ought to get more to the injured workman, and still reduce the net burden upon industry. But the consumer paid the charges of the old plan, and if the new plan costs more the consumer should pay the increase gladly, for it is made in the name of justice and humanity.

Only the consumer wants to be sure it really does cost more, and that increases in charges are not simply results of another new scheme to increase profits.

It is strange that Governor "Bill" Johnson has not called a special session of the California legislature to pass a law stopping the European war.

THE ARMY WORM.

There is another invasion and another war in progress this summer, only it is the lawns and shrubs and gardens that are attacked, and it is a worm—the army worm—that is doing the mischief.

All through the East lawns and gardens have been laid waste. The plague is lately reported as far west as Detroit. It may not get to Duluth—let's hope not—but if it does it will be well to know something about it.

The army worm is about an inch and a half in length, is light brown in color with perhaps a tinge of green. It has short feelers about the head and perhaps a dozen pairs of legs. Along each side appear two silky green stripes. It has a prodigious appetite.

When it invades a garden it leaves nothing. For instance, Detroit reports that a householder went visiting the other day, leaving behind him a flower garden in full bloom, a vegetable garden full of prosperous plants and a fine lawn. When he returned there was nothing left but desolation. The army worm takes everything in its path that is green.

The army worm is the larva of a night moth, a relative of the moth whose larva is the more familiar cutworm. It is always with us, being kept down by a parasite, a tiny fly. Once in a great while something happens to this fly, and it does not breed

in quantities great enough to keep the army worm tribe within due bounds. Then there is the army worm plague, such as much of the East is having and such as Duluth may have.

If it is not checked, it will wipe out every lawn and garden. The question, then, is how to check it. Most of the methods are preventive. One is to surround the home grounds with a low rampart of rock salt. Another is to plow a deep furrow, with the steep side next the grounds. It is said that the worms cannot climb this hill, and pile up in the ditch where they can be crushed.

This remedy, discovered by a woman in the East, is said to be the most effective:

Take two pounds of arsenate of lead and two quarts of water, and make it into a paste. Then put the paste in a barrel of water and stir it until it is all dissolved. Add a small quantity of lye, and the mixture, sprayed upon afflicted plants and lawns, will destroy a legion of worms.

Arsenate of lead is a sovereign remedy for many eating insects, and it is not surprising to find that it fits the army worm menace also.

Perhaps the invasion will not reach Duluth. It is to be hoped that it will not. If it does, the remedy should be remembered and used, or Duluth will lose its lawns and gardens.

The men who heard naval battles off the New England coast during the Spanish-American war must have moved to the eastern coast of Old England.

THEY SAID IT WOULDN'T BUT IT DID.

When the new tariff law was pending those who fought it said, among other things, that it was folly to cut the duties on sugar, because the country couldn't get along without the revenue and the consumers would never get a penny's benefit from the reduction of the tariff tax.

They proved both these things, too, to their own satisfaction.

It's a good deal like Woodrow Wilson and the initiative and referendum. "I used to teach my classes," he said, "that the initiative and referendum wouldn't work, and I used to prove it. I could prove it now, too; but the trouble is that they DO WORK."

And though the standpatters could prove that reducing sugar duties would cripple the government and not benefit the consumer, the only trouble is that it hasn't crippled the government at all, and that the first twenty-five per cent reduction in the sugar duty is saving the consumers of this country this year NEARLY FIFTY MILLIONS OF DOLLARS.

Here is what the Federal Sugar Refining company of Philadelphia says about it in a circular just issued:

Three months' operation under the tariff of silk to give a disincentive to the twenty-five per cent reduction of the duty on sugar. Since the new rates went into effect, refined sugar prices have averaged 3.19 cents per pound, as compared with an average price for refined sugar of 3.49 cents per pound. The average in-bond price of refined sugar for the same period has been four cents per pound.

Since the new rates went into effect, refined sugar prices have averaged 3.19 cents per pound, as compared with an average price for refined sugar of 3.49 cents per pound. The average in-bond price of refined sugar for the same period has been four cents per pound.

The average price of refined sugar in other years, when raw sugar was selling in bond at 2.9 cents per pound, as compared with 3.19 cents per pound in contrast with 3.819 cents per pound during the last three months. It is, therefore, clear that a saving of 581 cent per pound is being effected by the reduced duty, which, figured on the amount of sugar consumed in the United States last year, namely \$284,811,360 pounds, would be equal to \$48,714.08.

If there is so much gain with a twenty-five per cent reduction, bear in mind that there are to be three more reductions, and that the fourth will leave no tariff tax at all.

Some one has proposed government ownership of baseball. Sure; put the players under civil service rules and make admission to the games free.

WHEN YOU LOSE THE OTHER ARM.

A novel point has been raised under the New York workmen's compensation act, and the compensation commission of that state is now considering it.

Jacob Schwab, who lost his left arm years ago, was employed in a lumber mill at Tupper Lake, N. Y. In fixing a machine he lost his other arm. A claim has been made in his behalf for compensation as a totally disabled man, which of course he is. This would mean that the employer would have to give him two-thirds of his average weekly wages for the remainder of his life. If he were allowed compensation only for the loss of his right arm, he would get two-thirds of his wages for 244 weeks.

The employer contends that he is not liable for the man's total disability, but only for the loss of his right arm. The commission must decide the point, and much hinges upon it. If the commission should hold the employer liable for total disability, naturally one-armed men seeking em-

ployment in New York hereafter will have a hard time of it. There is no question about the man's total disability. A man with no arms is going to have hard sledding, and of course is not capable of labor. Yet if his case prevails, it may mean that no other one-armed man can ever find a job in New York.

The incident is particularly interesting because it proves again the wisdom and provision that went into the making of Minnesota's excellent—though not perfect—workmen's compensation act.

Section 15 of the Minnesota act, which is as follows, prevents this ticklish issue ever being raised here:

Section 15. INJURY INCREASED DISABILITY.—If an employee receives an injury, which of itself would only cause permanent partial disability, but which combined with the employee's previous disability, the employee shall only be liable for the permanent partial disability caused by the subsequent injury.

The American farmer with a bumper crop can regard the war with equanimity. "It is an ill wind that blows nobody good."

ECHOES OF HARMONY.

We note in a number of newspapers which supported Mr. Lee during the late primary unpleasantness that the Republicans of Minnesota have buried the hatchet.

It is repeated so often, indeed, that it almost sounds as though some of those who say it are trying to make themselves believe it. But it is very evident indeed that the Republicans of Minnesota have not even thought of burying the hammer.

The war will not lower the high cost of living.

The Vampire.

A fool there was, and he made his prayer (Even as you and I)

To a rag and a bone and a hank of hair (We called her the woman who did not know)

But the fool he called her his lady fair (Even as you and I)

Oh, the years we waste and the tears we waste, And the work of our head and hand

Belong to the woman who did not know (And now we know that she never could know)

A fool there was, and his goods he spent (Even as you and I)

Honor and faith and a sure intent (And it wasn't the least what the lady meant)

But a fool must follow his natural bent (Even as you and I)

Oh, the toll we lost, and the spoil we lost, And the excellent thing we planned,

Belong to the woman who didn't know why (And now we know that she never knew why)

The fool was stripped to his foolish hide (Even as you and I)

Which she might have seen when she threw him aside— (But it isn't on record that she tried)

So some of him lived, but the most of him died (Even as you and I)

And it isn't the shame, and it isn't the blame That stings like a white-hot brand,

It's coming to know that she never knew why (Seeing at last she could never know why)

And never could understand. —Rudyard Kipling.

A Woman's Answer. A fool there was, and she lowered her pride (Even as you and I)

To a bunch of conceit in a masculine hide— (We saw the faults that could not be denied)

But the fool saw only his manly side. (Even as you and I)

Oh, the love she laid on her own heart's grave With the care of her head and hand,

Belongs to the man that did not know (And now she knows that he never could know)

A fool there was, and her best she gave (Even as you and I)

Of noble thoughts, of gay and grave, (And she was accepted as due to the grave)

But the fool would never her folly save (Even as you and I)

Oh, the stabs she hid, which the Lord forbid Had ever been really planned,

She took from the man who didn't know why (And now she knows he never knew why)

And did not understand. The fool was loved while the game was new

(Even as you and I) And when it was played, she took her cue

(Flourishing along as most of us do) Trying to keep his faith from view

(Even as you and I) And it isn't the ache of the heart, or its break

That stings like a white-hot brand— It's the learning to know that she raised a god

And bent her head to kiss the rod For the one who could not understand. —Felicia Blake.

Cheap White Suits and Silk Stockings

From the New York Journal of Commerce.

Why complain about the high cost of living when you can buy a suit of clothes, partly wool, for \$4.50, and a pair of silk hose for 25 cents? These are actual facts and their existence just at this time make an interesting situation in two important parts of the textile industry.

So-called Palmbeach, or sometimes Panama, suits for hot weather wear are now being advertised in the large department stores of New York for \$4.50. This is a sale price, the regular cost being \$8 to \$10. Artificial silk hosiery for both men and women can be bought the year round at the regular price of 25 cents a pair, and no doubt in some of the cut-rate shops are sold at much less.

The beach clothes, as they are known in the woolen industry, have proved to be the sensation this season in that tariff-disturbed trade. The manufacturers in larger numbers are putting out great quantities of this cloth, made of wool and cotton or mohair and cotton. Some of the clothing manufacturers, it is said, cannot get enough of it right now. One such manufacturer here in New York is reported to be turning out 1,000 suits a day and then could sell more.

Now then are seasonable garments, the male part of our population, which has always been notoriously conservative about departures from their established ideas of dress, having finally awakened to the fact that this is a hot climate for several months of the year and clothes that will be lighter than they have been. The Palmbeach suits, it is more than likely, therefore, are here to stay.

The question then arises if American manufacturers of woollens can manipulate so successfully in producing a cloth that gives universal satisfaction for summer wear, what may happen when one of them starts to work on an article at a low price for general year-round wear? The high cost of wool at present, with the probability that it will not be much lower for many years to come, is the incentive for just this kind of branching out in new fields.

Then consider the situation in hosiery. This country is silk mad. The piece goods manufacturers have been having everything their own way for several years with the strong backing of fashion. Enjoying a high protection than any other branch of textiles under the new tariff act, they have had, in addition, all of the style support on their side. The expansion, therefore, of the industry in this country since Jan. 1 has been marvelous. Silks are worn at the tango and in the afternoon, are worn on the streets and, of course, are the leading fabric for evening wear.

What more natural than that hosiery should also be of silk to give a finishing touch to the silk gown with a silk skirt. But pure silk hosiery, it was found, would have to sell for \$1 a pair. This necessarily barred it from the masses. Poorer grades of pure silk yarns, it was found could be used and thus bring the retail cost down to 50 cents a pair and even a little cheaper, but they did not catch the trade of the masses and the great purchasing power of the country. Along came artificial silk made of wool fiber, that could be bought by the hosiery manufacturer at \$1.70 per pound or thereabouts, against the \$4 or more per pound, that real Japanese silk would cost him today.

Just a Moment

Daily Strength and Cheer.

Compiled by John G. Quinlan, the Sunshine Man. Justice is a constant and perpetual will to render to every one that which is his own.—Fustian.

What is due to the weak and defenseless? Protection. What is due to the ignorant? Enlightenment. What is due to the misdeed? Endeavor to enter into the thoughts and feelings. What is due to those that are down? Efforts to lift them up. What is due to the rich and great? An answer does not, I imagine, rise so readily to the lips. Shall we say, honor, flattery, gushing admiration, seditious anxiety, or the thought of their way any hindrance that would restrain them from doing what they like with their own money and their own lives, but down to the twentieth generation after them. Are these due to the rich and great? Pause if you please before you pronounce definitely. But you could hardly help including amongst their dues such as these— that the arrogance to which their position tempts them should not be fostered, that officiously in their way that it should be urged upon them by importunate reminders that the true glory of a man is not in having or enjoying, but in serving, and that they should be rigorous to themselves that the community does not exist for their sake, but they exist for the community. Since these are the dues that are right to withhold from those that have wealth and rank amongst us.—F. Llewellyn Davies (condensed).

People are perpetually squabbling about what will be best to do, or easiest to do, or advisable to do, or profitable to do; but they never, so far as I hear them talk, ask what is just to do. And it is the duty of heaven that you shall not be able to judge what is wise or easy, unless you are first resolved to judge what is just, and to do it.—Ruskin.

ANECDOTES OF THE HOUR BY FAMOUS MEN
Hearst's International Library com-
p. 36c.

This is a collection of over 150 humorous short stories told, or supposed to have been told, by prominent men. From the way we were told, and it has been said, the great desire of the average American citizen is to be an after-dinner speaker, this little book of anecdotes should be in the home of every Toastmaster especially will want it in his library for while it is true that many of the stories are not new, they are heard before there is an advantage in having such a large collection for ready reference. The book is well suited to every occasion and the stories are of the type that are of interest to the chief engineer of the speakers' program.

The author of this book—who is also the author of several other popular travel books of travel—takes a trip through Europe, and tells about it in this hand-illustrated book. Moreover, he tells about interestingly and well. The first third of the book deals with his motor ramblings in France and Germany, and the second third deals with a motor journey from England to John o' Groats in England. The last section of the many plates are in color.

STATE GOLF TOURNAMENT LOOMS LARGE ON THE SPORT PROGRAM

Star Players of Minnesota Clubs Will Meet on Northland Links for Championship Trophies; The Doyle-Couture Fight; Gossip of the Sporting Glare.

BY BRUCE.

THE state golf tournament that will open on the links of the Northland Country club next Monday, promises to be one of the most successful in the long list of tournaments held under the auspices of the Minnesota State Golf association. While held under the auspices of the state association, the burden of labor and multifarious details in connection with the arrangement for the tourney has fallen on the shoulders of the committee of the Northland club.

Headed by George H. Crosby, the state tournament committee has labored diligently for the last month to complete every detail in connection with the week of play. That the efforts of George H. Crosby, F. E. House and R. S. Patrick have been fruitful is shown by the large list of events scheduled for the tourney.

Headed by Dr. M. B. Cullum, the members of the entertainment committee have also accomplished much in completing all of the details of the entertainment of the visitors during the coming week. The auxiliary women's committee will work in conjunction with Dr. Cullum's committee in the entertainment of the wives of the out of town players.

The standard of former years. The flight that will enter for the coveted title, which has not wandered from the tenacious possession of Harry Legg during the last six years, will consist of the cream of the golfing talent of the state. Each club in the state has selected its very strongest team and against the array of outside talent the Northland club is prepared to send one of the best teams that has ever represented the local club in any one of the state tourneys.

Starting with the professional and amateur foursome of early Monday, and closing with the final round for the state championship, that will be played off on Saturday afternoon, the week of play is replete with interesting events. The four flights will keep every player who enters the tournament busily engaged. The tourney will not be one for the engagement of the stars alone, for the tournament committee has wisely seen that even the most mediocre player will have a chance to

The Approaching Engagement.

WHILE the black clouds of war float across the turbulent horizon of Europe and cause the wrath of fillets to fade on the august head of the goddess of peace, war less sanguinary than the conflict of the huddled countries, shunts into belicose view on the local stage.

Jack Boyle, the New York boy, and Freddy Couture, the Milwaukee boy, will hook up in a ten-round encounter on the evening of Aug. 17, and on the same occasion Johnny Salvatore and Kid Billings will tango another ten.

Doyle went in and shaded Couture in the previous meeting. The scrap was one of the best ever pulled at the head of the lake. It was filled with fighting from the opening going to the final clang of the bell. It shaded the main performance of the evening, according to the consensus of opinions of the fans.

The New York boxer made the mistake of underrating Couture. His condition was not what it might have been. Doyle gives this as no excuse, as he shaded his rival; it is simply stated as the basis for the belief of Doyle that he will win decisively in the coming bout.

As for Salvatore and Billings, there are two staunch and opposing opinions.

Mike McNulty, the pilot of Salvatore, declares that Salvatore was lacking in real condition upon his previous meeting with Billings. Mike declares that the Dutchman of St. Paul will win by the knockout route in the coming fight.

We have direct reference to Tom Jones and the society of peace. Tom Jones declares the present war on the grounds that it will prevent a meeting between Jess Willard and Jack Johnson, and the society of peace has gone on record against the war as a general and prodigious example of barbarous brutality.

For once in the strenuous and venturesome career of Tom Jones he will find himself arrayed with those holding for peace and the gentler acts of life.

What Willie Thinks.

EDDIE CAINE pens a few brief lines to this column in direct regard to the recent and yet talked of fight between Willie Ritchie and Freddy Welsh.

"I saw Willie Ritchie after he arrived here from Duluth," writes Edward. "He told me that he thought he was winning all the way through and that some of the Englishmen congratulated him as he went to his corner after the fight."

At this juncture we cut in with the suggestion that some of the English-

be no more state titles to contend for. This will work no hardship on Duluth.

Sounds Like Curley.

Some of the press stuff of this war sounds as if it was written by Jack Curley.

Taking No Chances.

Abe Attell is coming from London to New York in a state room that is filled with rare and costly first editions. The man who owns the books couldn't get away and so sent Attell in his place. He knew Attell wouldn't open the cases in order to read the books.

Maybe That Is Why.

An athletic authority says that the European war will probably result in the calling off of the Olympic games scheduled for Berlin in 1916. After reviewing the showing of the German team in the last Olympiad we are wondering if that is why Germany started the trouble.

BRITISH TENNIS MEN ELIMINATED

Australians Will Meet Americans for Davis Cup Honors.

Boston, Mass., Aug. 8.—Desire to see the play of the reserve members of the Australasian Davis cup lawn tennis team was the principal drawing card at the Longwood tennis club today. As the victories of Brooks and Wilding over the British players in both singles and doubles had given the Australasian majority of points in the series and the right to challenge the American team for the cup, today's matches had no bearing on the outcome of the international event.

Association Standings.

Kansas City, Mo., Aug. 8.—J. J. Armstrong, state champion, and John S. Ganon, Kansas City champion, will face each other Monday in the finals for the Missouri Valley tennis championship. In the semi-finals yesterday, Armstrong defeated Roland Hoer, St. Louis, present Missouri Valley champion, 2-6, 6-3, 8-6, 6-3, 6-3.

MINIKAHDA HAS STRONG GOLF TEAM ENTERED

Minneapolis Club Is Expected to Make Strong Bid for the State Association Team Prize; State Champion Legg in Good Form.

The Minnikahda club of Minneapolis will have one of the strongest golf teams in the history of state tourney play. H. G. Legg, C. T. Jaffray, I. D. Fish, L. W. Carpenter and C. P. Jaffray or George F. Piper, Jr., will make up the team that will compete against Dr. M. B. Cullum, Bob Raley, Elmer Whyte, R. T. Goodell and R. S. Patrick of the Northland team.

As the Minnikahda club team looks like the strongest of the visiting teams and as the Northland quint also appears one of the strongest teams entered for the state association trophy, the contest is expected to prove one of the distinctive events of the week.

Another strong contender for the match play against bogey will be the team of the Town and Country club of St. Paul.

Dudley Hodge, Jimmy Thompson, Drake Lightner, Harold Bend and possibly Frank Johnson will play with the Apostles and the combination is a strong and well rounded one.

Harry Legg arrived yesterday and during the afternoon played over the course. The state champion made the course in 71, which is considered very good form for the first time over the links.

D. Fish of Minnikahda, Jimmy Thompson of the Town and Country, Dr. Cullum of Interlachen, L. W. Carpenter of the Interlachen and Geo. F. Piper, Jr., of Minnikahda, are some of the stars here. It is expected that the majority of the players will arrive today, and will spend the remainder of the time before the start of play in becoming more familiar with the Northland links.

Arrangements have been completed whereby the Kitchi Gammi club, the Commercial club and the Duluth Boat club will be thrown open to the visiting golfers as well as the Northland club. This hospitality, which is the part of the Duluth clubs assure ample accommodations for the host of visiting golf players.

In addition to the throwing open of all the Duluth clubs to the entertainment of the visitors, plans have been completed for automobile rides and other forms of entertainment for the out-of-town players and their wives and friends.

The form shown by State Champion Harry Legg in the practice round of yesterday has removed all doubts as to the condition of the title holder.

On links that are considered by some of the experts as too fast for the game, the champion went over the course in 74, he having two out of bounds. This brand of playing on a comparatively unknown course and one that is rated rather fast for the most effective play, serves to set the seal of approval on the playing of Legg by his most ardent followers.

Today and tomorrow will see the arrival of all of the visiting stars. It is expected that there will be a large number of practice rounds played over the Northland links tomorrow by the visiting players.

It was stated today that some of the players from the Twin City clubs would make the trip to Duluth by motor.

Local Boats to Compete in White Bear Regatta.

The Sphinx in class A, the Joyetta in class B, and the Hoozit in class C, will represent the sailing division of the Duluth Boat club at the inland Lake Yacht association regatta that will be held on the White Bear lake course, starting on Aug. 17.

It is expected that the local boats have a very good chance to win. Following are the boats and the crews that will sail them:

Class A—The Sphinx, 38 foot, H. H. Spink, skipper; E. A. Pierce, main sheet; Cecil Du Rose, jib, and J. D. McGee and George Wagner, light sails and utility.

Class B—32 foot, Joyetta, (formerly X. Y. Z.), O. J. Branstad, skipper, main sheet (not filed); Stanley McCrea, jib, and Warren Janar, utility.

Class C—20 foot catboats, Hoozit, Cecil Du Rose, skipper, and Allen Wagner, main sheet.

Win Tennis Doubles.

Burlington, Iowa, Aug. 8.—Vernon of Prairie Du Chien, Wis., and Jay of Keokuk, Iowa, lobbed their way to victory in the finals in the doubles of the Tri-State tennis tourney yesterday, defeating Smith and Ginn of Fayette, Mo., 7-5, 4-6, 6-4, 4-6 and 6-4.

RED SOX WIN FINAL GAME FROM WINONA.

Winona, Minn., Aug. 8.—The champions were beaten in the final game of the series here yesterday by the score of 3 to 2. Rhoades was a puzzle to the home team in the pinches. Meyers pitched steady ball for the locals, but allowed the visitors to bunch hits in two rounds.

THREE TAME RACES.

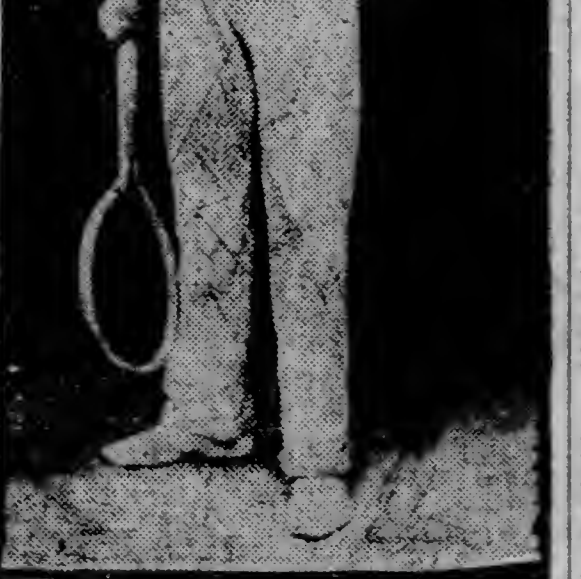

Final Grand Circuit Day of Grand Rapids Lacks Excitement.

Grand Rapids, Mich., Aug. 8.—Three races on yesterday's grand circuit program furnished little excitement, all being won by straight heats. The 210 foot and the 247 foot were easy pickings for Lady Grattan, and Guy Nellie, respectively.

Peter Stevens had to step lively in the 208 pace, but he never was in danger of being beaten.

The meet closed here yesterday, the racing shifting next week to Kalamazoo.

CALLED THE WORLD'S GREATEST TENNIS STAR

A. F. WILDING.

Anthony F. Wilding is generally looked upon as the greatest tennis player in the world. It is up to him to reach second and only one to proceed to third.

The score: R. H. E. Cleveland 0 0 0 0 0 0 0-0 6 2 Philadelphia 2 0 0 1 0 0 1-4 6 1 Batteries—Mitchell and O'Neill; Bender and Schuk.

TEN EYCK'S CREWS WIN BIG RACES AT NATIONAL

Senior Four, Intermediate Eight and Double Go to Duluth; Argonauts Give Zenith City Crews Their Only Hard Contest.

Philadelphia, Pa., Aug. 8.—(Special to The Herald)—The crews of the Duluth Boat club yesterday carried off the honors in the first day's racing of the forty-second annual regatta of the National Association of Amateur Oarsmen. The Duluth crews won the senior four, the intermediate eight, the intermediate doubles, and took third place in the intermediate singles.

The double of the University Barge club of this city gave the Duluthians the hardest race in the doubles. The Westerners took this race by three lengths in 8:12-5 with the barge club double in second place.

In the intermediate eight event the crew of the Duluth club outlasted the other crews and won from the Argonauts by four lengths in 6:47-3.

The Duluthians were off ahead in this contest and were never caught. The westerners led at the first quarter, increased the lead at the half mile, and won as they pleased.

In the senior four events the Argonauts were the favorites. The Western four held a slight lead. The Duluth crew was a quarter of a length ahead. The Argonauts were off ahead in this contest and were never caught.

DAVIS CUP STANDS FOR THE DEVELOPMENT OF GAME OF TENNIS

Interest in Game Has Grown Out of Various Contests for the Emblem That Stands for the World's Championship---England Leads All Nations in Number of Wins.

Philadelphia, Aug. 8.—The history of the Davis cup, the grail of the lawn tennis world, the trophy which America is defending against the attacks of the world's best players next month, is a romance of sport. It stands for the rise and growth of lawn tennis into an international sport, fulfilling to the limit the idea and desire of its donor, the man who had done the most for American tennis, Dwight D. Davis.

This cup has now become the blue ribbon trophy of the courts, and now holds the same place in the game that the American cup does in yachting. It is the trophy that draws contestants from the far islands of Australasia, from England, Germany, France, Australia, Canada, South Africa, Belgium and other points.

Since the inauguration of the Davis cup matches in 1900 there has been an annual struggle for the trophy, with the exception of two years, 1901 and 1910, in the latter year Australia having won the trophy by virtue of its victory last summer in England, has captured the honor since 1900.

In 1901, 1902, 1903 and 1904, England, the only other country to have won the trophy, has captured it. In 1905, 1906, 1907 and 1908, Australia, the only other country to have won the trophy, has captured it.

In 1909, 1910, 1911 and 1912, Australia, the only other country to have won the trophy, has captured it. In 1913, 1914, 1915 and 1916, Australia, the only other country to have won the trophy, has captured it.

NEWS OF THE NORTHWEST

BANK FUNDS
PLENTY

Grand Forks Concerns Not
Affected By Financial
Stringency.

No Certificates Issued;
Plenty of Money for
Crop Moving.

Grand Forks, N. D., Aug. 8.—(Special to The Herald.)—Local banks have not been embarrassed by the financial stringency created by the European situation, according to A. I. Hunter, vice president of the First National bank, who in behalf of the Grand Forks clearing house association, declares that the local banking body has not found it necessary to go on a certificate basis to handle its business.

Since the European crisis, Mr. Hunter says local bank deposits have actually shown an increase, and the volume of currency and credit will be sufficient to handle the crops in the large territory tributary to Grand Forks.

"No certificates issued," he says, "this gives promise that the volume of currency and credit will be sufficient to handle the crops in the large territory tributary to Grand Forks."

"While some banks have been temporarily obliged to limit currency payments and issue clearing house certificates, the banks in this city, as in 1907, have handled the situation with their own ample resources, causing no interruption of business or inconvenience to their patrons."

"Business interests of the state are most concerned in facilities for marketing the crop now being harvested. Little apprehension is now felt about this line as the British government offers to protect shipments of grain against the risks of war, and the grain movements will not doubt proceed in the usual way and at satisfactory prices. The Northwest, with its large production of food stuffs, stands in an enviable position in the business world."

NERVOUS MEN

Men That Suffer From Nervousness
Restored to Normal Health
and Strength.

Every normal and healthy man has a natural and abundant endowment of potential energy, and electro-magnetic Nerve Force. This force is drawn from the blood and stored in the cellular substance of the brain and the different Nerve Ganglia, for use in the performance of the involuntary function and voluntary functions of the Nerves.

In health these reservoirs of Vital Power are so abundant that the whole physical and mental being is filled and thrilled with the triumphant consciousness of power, of vitality. Such men possess personal magnetism, and unconsciously inspire those who come into social or business relations with them.

It is different with the man that suffers from ailments caused by weak, impoverished Nerves. The man that is "up in the air" from the least disturbance. Such men have little mastery or self-control, they "feel weak" and "run down," are "nervous" and have "lost ambition." If you suffer from frequent headaches, loss of sleep and have spells of despondency, it probably means that your Nerves are starving for lack of energy, such as you derive from correct treatment with Organo-Therapy and Electro-Therapy. In the opinion and experience of the Progressive Medical Doctors there is nothing else that will equally restore suffering men so quickly to health and happiness.

We have made diseases of men our life study, and we have been eminently successful. The effect of the treatment is to cure those diseases and to restore men to the full enjoyment of nature's best gifts to the normal physical and mental conditions that characterize health.

Our offices are open from 9 a. m. to 8 p. m., at No. 1, Superior street. All consultations are free.

SERVIANS GATHER AT FUNERAL SERVICE

War Has Brought Local Residents Much More Closely Together.

One of the largest funeral processions ever seen in West Duluth followed the body of Sime Nenavich from M. J. Filistrat's undertaking rooms to the Oneto cemetery this morning. Nenavich was killed when he fell through a post on one of the Misabe ore docks Thursday.

Nenavich was a member of Serbian union, No. 1, of Chicago, and members of the organization in West Duluth turned out in a body to attend the funeral. Nenavich was a native of Serbia, and his family had been in the United States for many years. He was a well-known and popular man in the community, and his death was a great loss to the Serbian community in West Duluth.

"THIRTEEN" WAS UNLUCKY AFTER ALL

John Meyers, 445 North Fifty-ninth avenue west, is confined to his home with a broken ankle.

Mr. Meyers recently won an automobile in a raffle. He won it on the ticket number 13. He had always believed 13 to be an unlucky number, and when he won the car he changed his mind.

He took the car out for a spin on the boulevard that skirts the rim of West Duluth, and the machine skidded over the embankment and the broken ankle resulted.

He has gone back to his original opinion about the number 13.

POLAND AND THE EUROPEAN WAR

Persecuted Country Is "Between the Devil and the Deep Sea," Says Polish-American.

(By Rev. S. A. Ickek.)

There are some 25,000,000 of Poles in Europe and nearly 4,000,000 in America who are anxiously following the European struggle.

The Poles in Europe are in the position of the man who found himself between "the devil and the deep sea."

No matter how the fortunes of war shall turn on the eastern frontier between Russia and the Triple Alliance, the battles will always be fought on the Polish territories. If Germany succeeds in invading Russia, which is not improbable, the field of battle will be on the vast plains of Poland, and in the neighborhood of the great manufacturing center, the city of Warsaw.

If Russia hurries back the invading Teutons the province of Posen will be the scene of the conflict. In either case it will be Polish cities and Polish villages that will be bombarded and destroyed. It will be Poles fighting against Poles.

The sympathies of the Poles in this country, as well as in Europe, to a great extent will be with the French and Russians, and the persons who control Poles have to settle with Prussia, King Frederick the Great was the one who suggested the partition of Poland to Catherine of Russia.

In 1830 30,000 Prussian troops

Superior

Population Increases.

The population of Superior was noticeably increased last month when the births exceeded the deaths by thirty. There were sixty-two births and thirty-two deaths during July. The report on contagious diseases showed the city to be in good condition.

Oratorical Contest.

An oratorical contest, open to the general public, will be conducted by the W. C. T. U. of the five Northern Wisconsin counties in Superior next month. All speakers must talk on temperance topics. Medals of given the three best speakers. The meeting will occupy two days.

Prisoners Transferred.

Thirty prisoners were transferred yesterday from the old Douglas county workhouse at Rockmount to the new institution at South Range. Plans are being made for a housewarming at which the county officials will be present and to which all citizens are invited. The prisoners are not much interested in the housewarming.

Talk on Explosive Law.

Pointers on shipping and handling explosives will be given Superior merchants at a meeting to be held in the Commercial club Monday night. H. P. Estes, inspector of the bureau for the safe transportation of explosives, will talk on the safest methods of shipment. These affected by the Federal explosive law are dentists, druggists, hardware men, automobile men, gro-

Moose Teams Will Clash.

The newly organized ball team of the West Duluth lodge of the Loyal Order of Moose will play the Proctor lodge ball team at Athletic park tomorrow. The West Duluth lodge has some of the best semi-professional players in the city on its list, and the Proctor team has already showed good class, a fast game is expected. The West Duluth team will appear in new uniforms of white and red. The team will go from West Duluth in a trolley.

Dies in New Mexico.

News has reached West Duluth of the death of Harry Needham in Albuquerque, N. M. He died July 17. Mr. Needham was a well-known and popular man in the community, and his death was a great loss to the Serbian community in West Duluth.

West Duluth Briefs.

Fred Harris, superintendent of the Zenith Furnace company, returned this afternoon from a trip down the lake. Mr. Harris and his family left for the East two weeks ago.

Miss Bridget Martin, 5007 West Sixth street, has gone to visit relatives in Wisconsin.

Ernest Axford of St. Paul is visiting his brother, William Axford, 636 North Fifty-seventh avenue west.

The Zenith Furnace baseball team will play at Lake Nebagamon today, Sunday. Ernie Anderson will play with the Zeniths.

Mr. and Mrs. E. W. Lynch of Minneapolis are coming to Duluth the first of the week to take a trip down the lake. They have just been married. Mr. Lynch formerly lived in West Duluth.

Bids for the Harriet Beecher Stowe building in West Duluth have been asked for by the school board. The building will cost in the neighborhood of \$50,000.

The Citizen's State bank is open for all banking business from 8 to 3 p. m. Sunday evening.

Frank La Valley of Jamestown, N. D., has returned to his home after a visit with relatives in West Duluth.

Miss Barbara Friedman of Brainerd is visiting at the home of Mrs. P. H. Gilley, 322 North Fifty-fifth avenue west.

German Charge d'Affairs in America Makes Statement.

New York, Aug. 8.—Prior to Germany's attack upon Liege, Sir Edward Grey tried to impose upon Germany conditions which Great Britain could have obtained only after a successful war. The German charge d'affairs in London, Count von Bernstorff, the ambassador, has made a statement to the effect that the German government has no intention of making any concessions to the British government.

ALMOST HOTTEST DAY OF SUMMER

For the Second Time This Year It Is Not "Cool in Duluth."

The slogan, "It's cool in Duluth," was forgotten today, for it was almost the hottest day of the season. Only one other day was hotter. That was July 25, when the thermometer registered 87 deg. at the United States weather bureau on the hill, where the temperature is about 5 deg. lower than at the clock on the courthouse grounds. The mercury registered 86 on the hill today and 91 at the clock.

But the mercury was not the only weather factor today, as the tale told by perspiring pedestrians revealed. The air was muggy, and a thin veil of clouds hung low, making the atmosphere close. Some pedestrians laid aside their coats and put on perspiration as they walked up the hills.

Local shavers are forecasted for tonight and tomorrow with that cool, bracing breeze that makes the Zenith City the most delightful in the country.

FLOODED STREAMS RETARD GERMANS.

London, Aug. 8.—A news dispatch from Brussels states that heavy rains are swelling the Meuse and its tributaries and so retarding the German advance.

President Poincare of France has telegraphed King Albert complimenting him on the bravery displayed by the Belgian troops in the battles with the Germans at Liege.

WILL TRY TO HURRY NEWS

British Censors Are to Be Helped By Newspaper Men.

Publication of False News Is Denounced in Commons.

London, Aug. 8.—2:35 p. m.—Francis Dyke Acland, parliamentary under-secretary for foreign affairs, today in the house of commons proposed to consider a suggestion proposing the exchange of Germans in England for British subjects in Germany.

U. P. O'Connor then took up the cudgel on behalf of American newspapers by asking Reginald McKenna, the home secretary, to increase the staff of censors, who now were overworked, and give them the assistance of trained newspaper men so that dispatches would not be unduly delayed.

Mr. McKenna promised to see what could be done in the matter. He agreed that journalistic common sense would be a help in the work of the censorship bureau, and that news matter should not be delayed for lack of it.

Denounce Fake News.

Heated criticism was voiced in the house of commons today in regard to a great naval battle off the coast of Holland.

"It was absolutely false," said Reginald McKenna, the home secretary, and he expressed the hope that the house would join him in the strongest condemnation of the publication of such a grossly untrue statement.

"I do not say it was wilfully done in this case, but it might be wilfully done in other cases," he said.

"I do not say it was wilfully done in this case, but it might be wilfully done in other cases," he said.

They Are Cheered By the People as They Come Ashore.

London, Aug. 8.—1:13 p. m.—A telegram from Rome to the Central News point semaphored the news that the Italian report the German cruisers Goeben and Breslau making for the Adriatic. A request to the Austrian government for aid was refused. It was stated that there had been no declaration of war between Austria-Hungary and Great Britain.

EMPOWERS ENGLAND TO SEIZE ALL FOOD

Runciman's Bill Passes All Stages in Parliament.

London, Aug. 8.—2:35 p. m.—Walter Runciman, secretary of agriculture, introduced a bill in the house of commons today giving the government power to seize all food stuffs. The bill passed through all its stages.

Mr. Runciman said his reason for introducing the bill was what he termed the "need of a private act of parliament to give the government power to seize all food stuffs. The bill passed through all its stages.

CHINA APPROVES MOVE FOR PEACE.

Washington, Aug. 8.—China, through her legation here, has approved President Wilson's action in extending good offices to the Chinese revolutionaries.

LOFTUS TESTIFIES IN EQUITY CASE.

Fargo, N. D., Aug. 8.—(Special to The Herald).—The cross examination of George S. Loftus of Minneapolis occupied all of the forenoon at the hearing here of the Equity Co-operative exchange case. Many of the transactions by Loftus for the exchange were gone into in detail. Loftus was reprimanded by the court for introducing extraneous matter into his testimony. A large audience is attending the hearing.

GERMANS HOLD CITY OF LIEGE, BUT FORTS ARE NOT TAKEN AND GERMAN ADVANCE IS CHECKED

FRENCH SEND ARABS TO INVADE GERMANY

French and German Armies Are Face to Face in Neighborhood of Neu Breisach.

Official Report Says France Has Lost Heavily in Her Invasion.

Paris, Aug. 10.—1:47 p. m.—Detachments of the famous Turcos, or native troops, from the French colony of Algeria penetrated upper Alsace today.

The Turcos, who penetrated Alsace today, are Arabs recruited in Algeria, where they are almost constantly in active service in the southern provinces against the roving tribes of Arab horsemen who continually harass the French troops. Half their officers are Frenchmen and the other half rise from the ranks of the natives. They are remarkable sharpshooters, and showed great bravery in the Crimean war as well as in the Franco-Prussian war of 1870-71.

Attack on Muelhausen.—The Paris correspondent of the Standard describes in detail the French attack on Muelhausen. Simultaneously with the advance from Belfort other forces went forward from Belle, crossing the frontier in an easterly direction. Another force proceeded to Huningen, opposite Basel, Switzerland, executing a wide turning movement against Muelhausen. All the attacks were preceded by aeroplane scouting and were aided by cavalry and artillery.

Both Armies Reinforced.—Official communication says that the German troops in Alsace received reinforcements and that the French also are being strengthened.

A battle began Saturday evening on the ridges of the Vosges mountains. Aeroplanes took part in the fighting. Then, on Sunday morning, when the fighting was resumed they took a position dominating Sainte Marie-Aux-Mines.

The French losses in the taking of Sainte Marie are not specifically given in the original report, which confines

GERMANY'S REGULARS ON RUSSIAN BORDER

HAS ENLISTED WITH THE FRENCH AIR CORPS

MLLE. MARVINGT.

St. Petersburg, via London, Aug. 10.—2 p. m.—The regular troops of the German army, which hitherto had been scattered in small detachments along the frontier, are now concentrating near the Russian border in brigades composed of two or three regiments each, all in readiness to take the field.

The positions in the border villages have been occupied by units of cavalry and infantry of the German army reserve.

No serious encounters have occurred yet on the frontier, but frequently skirmishes between outposts are reported, while German military aeroplanes fly daily in the direction of Kovno, capital of the Russian province of the same name, which has an outlet on the Baltic.

Border Villages Are Occupied by Cavalry and Infantry of the Reserve.

Frequent Skirmishes Occur, and the German Aerial Service Is Busy.

St. Petersburg, via London, Aug. 10.—2 p. m.—The regular troops of the German army, which hitherto had been scattered in small detachments along the frontier, are now concentrating near the Russian border in brigades composed of two or three regiments each, all in readiness to take the field.

AUSTRIANS OCCUPY ANDREJEW IN POLAND

Also Take the Customs Station at Radzivilov.

St. Petersburg, Aug. 10.—Via London.—The town of Andrejew, Russian Poland, and the customs station at Radzivilov, in the province of Volhynia, near the Austrian frontier, have been occupied by the Austrians. The Austrians were repulsed at Lenzivolt. According to news reaching here, the German warships Goeben and Breslau have passed Greece, apparently going towards the Dardanelles.

BATTLESHIP MAINE STAYS AT GIBRALTAR

May Be Used to Distribute Gold Carried by Cruisers.

Washington, Aug. 10.—The battleship Maine, carrying midshipmen, is being held at Gibraltar for possible rescue work among Americans in Europe. The armored cruiser Tennessee, with its cargo of gold, is due in Northern European waters by next Saturday, and the cruiser North Carolina probably will arrive about the same time. The Maine may be used in distributing gold to the refugees.

BELGIUM URGES THE SHIPMENT OF WHEAT

Says Credit Is Unimpaired and Payments Are Assured.

New York, Aug. 10.—The Belgian consul today gave out the following cablegram received from the Belgian minister of war at Brussels: "Let American exporters of wheat know that Belgian credit remains unimpaired, and that England has advised that all boats with wheat come direct to Antwerp without stop, all payments being assured as in time of peace."

NATION PAYS LAST TRIBUTE

Funeral Services at the White House Marked By Simplicity.

President and Daughters Follow Mrs. Wilson's Body to Train.

Washington, Aug. 10.—Funeral services for Mrs. Woodrow Wilson were held in the East room of the White House at 2 o'clock this afternoon, after which her body was taken to a special train for Rome, Ga., for burial beside those of her father and mother. Prayers were said and a simple brief funeral service was conducted in the presence of a small company to which the committees of congress and the cabinet were the only ones admitted besides the family. Mrs. Wilson's body lay in the room in which she died until an hour before the services, and then it was taken down to the East room, where flowers from many persons in all walks of life were banded almost to the high ceiling. There was a quiet gathering outside the White House gates.

Prayer By Dr. Beach.—The Rev. J. H. Taylor, whose church the president attended, opened the services with Scriptural readings and then the Rev. Sylvester Beach of Princeton, N. J., began prayers. There was no music. Dr. Beach said the following prayer: "This day, O Lord, we bless Thee for all those who have died in the Lord and who now rest from their labor, having received the end of their faith, even to the salvation of their souls. "Especially we call to remembrance Thy loving kindness and tender mercies to this Thy servant. For all Thy goodness which we have not merited in the joys of this earthly life and for Thy guiding hand along the way of her helpfulness, we give Thee thanks and praise. Especially we bless Thee for Thy grace that kindled in her heart the love for Thy dear name."

COAL LADEN LINER CAUGHT

Kronprinz Wilhelm Is Made Prize By the Cruiser Essex.

Brazil Charters Ships to Carry on Trade With U. S.

New York, Aug. 10.—From two sources today came a report to New York that the North German Lloyd liner Kronprinz Wilhelm had been captured by the British cruiser Essex and taken to Bermuda as a prize.

The liner Narragansett reported hearing a wireless message to this effect, and the manager of the Royal Mail steam packet, whose ships run to Bermuda, said he had heard a similar report.

The report was given some credence here in view of the announcement by the Canadian government, made at Ottawa last night, that the Essex had captured the Bermuda station that she was bringing in a prize. The name of the captured vessel was not disclosed in the government's announcement.

FRANCO-BELGIAN ATTACK PLANNED

No Excesses Permitted in City By the Captors—Several Airships Destroyed During Battle.

SAYS BELGIANS WILL ABANDON LIEGE FORTS

New York, Aug. 10.—Pierre Mali, Belgian consul at New York, said this afternoon that according to his advices from Belgium, only two of the forts at Liege remained standing today against the German invasion. These two, he said, would be abandoned and the Belgian soldiers would retreat in good order. They would proceed to Namur and join 100,000 French troops. Namur is strongly fortified, and the consul predicted a great battle there.

NORTH SEA CLOSED TO BRITISH BOATS

London, Aug. 10.—3:45 p. m.—The North Sea was again closed to the fishing fleets today. The harbor master at Scarborough received a message from the admiralty instructing him to tell the masters of fishing vessels not to go out until further notice.

Brussels, Aug. 10.—Via London, 3:50 a. m.—It was admitted here late last night that the town of Liege had been occupied by the Germans.

"GERMANS RETREATING."

Brussels, via Paris, Aug. 10.—6:15 a. m.—The Belgian general staff today says the situation in regard to the Germans has modified little since Saturday. However, the German forces are said to be going backwards before the advance of the French troops, a considerable effective force of which has got into contact with the German advance guard. It is reported that the entire territory to the south of the Meuse has been cleared of soldiers.

The French and Belgian armies will take the offensive simultaneously in conformity with a concerted plan of campaign.

SUMMARY OF EVENTS IN THE EUROPEAN WAR

Official reports from France give no definite details of the strength of the French turning movement in Alsace near the Swiss frontier, where Gen. Joffre is believed to be in command. Austrian troops have been hurried there to the aid of the Germans and an important battle is believed to be imminent.

Indications are that another forward movement of the main French force is in preparation near Metz, as official reports from Paris say the German troops have inundated the Seille valley between Metz and Nancy to hinder the French advance but the quantity of water is understood to be insufficient to prevent the French forward movement.

Aside from the flanking movement through Belgium by which the French assume the German army was trying to get to the rear of the great French fortresses on the frontier, indications were today that a strong German advance is to be made on France by way of Luxembourg.

A German reconnoitering patrol penetrated forty-six miles into French territory.

The London Daily Telegraph's Brussels correspondent says that Germany is mobilizing 1,000,000 of the Landsturm or final reserve.

Numerous skirmishes are recorded along the Franco-German front, none, however, very serious.

The French troops are reported in Paris to have seized a German aeroplane factory at Muelhausen.

German troops occupy the town of Liege, but none of the surrounding forts, which were still holding out today, according to Belgian reports.

A lull in the fighting was announced from Brussels, which city expects that the next clash will occur when the allied forces have completed plans to take the offensive against the German troops.

Brussels reports the German cavalry retiring before the French advance.

The German cruisers Goeben and Breslau have evaded their British and French pursuers and arrived in the Adriatic. An Austrian fleet was reported proceeding from Pola to succor them.

Paris reports the Austrian troops to have fallen back before the Serbians on the Bosnian frontier.

Montenegro's artillery bombarded the Austrian fortifications at the port of Cattaro yesterday.

An Austrian cruiser bombarded Antivari, Montenegro.

Ships reaching New York today report hearing wireless messages that the North German Lloyd steamer Kronprinz Wilhelm had been captured by the British cruiser Essex in the North Atlantic.

NO CHECK ON LAKE VESSELS

May Even Carry Contraband of War, Says Uncle Sam.

Neutrality Orders Are Received By Collector of This Port.

Merchant vessels may carry any cargo whatever, even contraband of war, and obtain clearance from the Duluth port, according to an order received Saturday evening by Harris Bennett, collector of customs in the Duluth-Superior port. The order came in the form of a message of nearly 500 words in length and was given out by Mr. Bennett before he left on his vacation.

Result of Protest. The instructions in the form of neutrality orders came as a result of protests entered by the British and German governments. The one time collectors are instructed to act is when a merchant vessel attempts to alter her status as one and there is reason to believe that she intends to become an auxiliary cruiser or armed vessel by placing guns or changing her appearance. In this case the collector must telegraph Washington before taking any final action.

The instructions received by Collector of Customs Bennett follow: "You will permit foreign bound vessels to clear only after they have filed with you their full and final manifests. You will notify all merchant vessels in your district that they will be subject to inspection and examination of documents, ships and cargo and by United States authorities before clearing papers are given and will be subject to further examinations by United States authorities after clearance and

while such vessel remains within the territorial waters of the United States. Such vessels shall stop and lie to for examination when signalled by a United States vessel.

"Any foreign bound vessel whose character as a merchant vessel is established to your satisfaction is entitled to clearance (subject to the requirements of paragraph 1) no matter what the character of her cargo, or what her destination.

Contraband of War. "You will refuse clearance to merchant vessels, whether of the United States or other neutral power or whether of the belligerent power, solely on the ground that the cargo contains contraband of war.

"When a vessel of a belligerent power, which has arrived as a merchant vessel, alters or attempts to alter her status as a merchant vessel, or there is reason to believe she intends to alter such status so as to become an auxiliary cruiser or armed vessel in any degree, you will immediately notify the department by wire, giving all particulars."

"By any of the following acts will constitute such a change of status: "A. Placing in position or otherwise changing the position of guns which were on board the vessel at the time of her arrival.

"B. So changing the appearance, color, rig of equipment of a vessel as to make her suitable for some purpose of war.

"C. The taking on board of guns, arms or ammunition under circumstances which in any way indicate the intent of the vessel for some purpose of war, or in aid of a military expedition.

"Should any vessel depart, or attempt to depart from your district without a regular clearance, you will notify the department and the commander of the nearest naval vessel or revenue cutter."

"You will report by wire to the department and to the commander of the nearest naval vessel or naval station the arrivals and departures of all war vessels of foreign nations."

"In case of doubt, wire the department for instructions."

WAR MAY DECREASE CHRISTMAS SEWING

Shipment of Thread to Duluth Is Example of How War Affects America.

One way in which Duluth is directly affected by the European war is shown by a letter received today by the George A. Gray company.

The letter was from Mulhouse in Alsace and told of the shipment of 299 boxes of "D. M. C." thread, which is largely used in fancy goods.

"We don't know whether the goods got through or not," said W. P. Brinkman, of the local firm. "It didn't matter to us, but it did matter to many Duluth women who give up their Christmas fancy work. Most of this thread comes from Alsace, and especially this one city that was captured by the French. The importers have already raised their prices 20 per cent for what stock there is in this country. This is just one example of what may be expected on all kinds of imports for which we depend on the countries affected by the war."

PRESTON COMPLETED HIS ORIGINAL CONTRACT

James W. Preston, who Saturday informed Commissioner Murchison that he would not superintend the paving of West Superior street between Twelfth and Fifteenth avenues, this morning that he is fulfilling his agreement with the city.

He pointed out that the council resolution under which he was employed specified that he would have charge of the work between Fifteenth and Thirtieth avenues. He said that he would finish that part of the job but would not take charge of the improvement of the three blocks which Commissioner Murchison had expected would be started today.

His principal reason for not continuing appears to be that the city will not agree to raise the percentage of the payroll. In three months the amount to over \$1,600. Mr. Preston states, and not \$1,800 as previously reported. This is at the rate of more than \$50 a month. Mr. Preston states that from this amount should be deducted about \$220 which he has paid for tools.

Commissioner Murchison said that another man will soon be in charge of the improvement of the remaining three blocks and that the work will be delayed but a short time. The new foreman will be hired on a straight salary and not on a percentage basis.

DOMESTIC MONEY ORDERS INCREASE

Gain for Month Was 733; International Orders Fall Off.

There were 733 more domestic money orders issued last month than during the same month in July, 1913, while the number of international money orders fell below that of last year, according to the monthly report of the money order department submitted to Postmaster McEwen Saturday by Miss Ella R. Stringer, clerk in charge.

During the last month 5,551 domestic money orders were issued, while 5,768 were paid out. The former amounted to \$53,798.02 and the latter totaled \$52,154.67. In July, 1913, 4,818 domestic money orders were issued, valued at \$44,940.44, while the 7,292 paid out, amounted to \$70,299.38.

In the same period 713 international money orders, amounting to \$18,135.61, were issued, while forty-one were paid out, totaling \$1,998.04. During the same time last year 751 orders, valued at \$20,411.35, were issued, while fifty-five were paid out. The latter amounted to \$3,887.43.

In fees the local office received \$814.25 during July of this year and \$685.15 last year.

HIGH PRAISE FOR OARSMEN

Congressman Miller Lauds Duluth Boys at Federal Capital.

Says Duluthians Occupy Premier Sport Position in America.

From The Herald Washington Bureau. Washington, D. C., Aug. 10.—With the greatest of victories to their credit ever won in an international regatta, members of the Duluth Boat club are in Washington today, the guests of the Representative Clarence B. Miller, their fellow clubman.

"I was never so proud of my membership in this club as I am today," said Mr. Miller. "Not only has this amateur club won a greater series of victories than any ever won by any Western club, but it has won more glory for the West and has taken the premier place in the history of boating sport in North America."

The Schuykill river near Philadelphia was the scene of these triumphs, the event being held by the National Association of Amateur Oarsmen. The Duluth men captured five out of the six events in which they entered, losing only the intermediate single. Their time in the eight-oared race was the fastest ever made on the Schuykill river. They have beaten a crack crew of Canada and the United States, comprising about 100 entries in all.

Will Administer Estate. Robert R. Knox of Carmanagay, Alta., Can., today petitioned the probate court for letters of administration on the estate of his wife, Euphemia Knox, who died at their home in Canada, Feb. 2, 1913, aged 54. The estate in this county consists of an interest in real property worth \$50. The estate will be divided among the members of the immediate family, consisting of a husband, three sons and two daughters.

Many Women Prisoners. A new record has been established at the county jail in the number of women prisoners incarcerated there. According to Joseph Allen, jailer, no less than twenty-six are now languishing there, most of them serving sentences of from sixty to ninety days on various charges.

Hearing for Young Men. Abel Delson and Charles Brown, who were to have been examined in police court this morning on charges preferred against them by two young girls, will be given their hearing at 2 o'clock tomorrow afternoon. Harry P. White, assistant county attorney, will appear for the state.

Wood Ignites and Causes Fire. Wood piled against the range in the home of Iver Vanderfort, 1124 East Ninth street, ignited Saturday afternoon and fire damaged the kitchen to the extent of about \$50. The fire department had little difficulty in extinguishing the flames.

County Offices Closed. Out of respect to the memory of the

late Mrs. Woodrow Wilson, wife of President Wilson, whose funeral was held today, all county offices were closed this morning.

The police investigating murder call last night at Twenty-sixth avenue west and Superior street found Wasyi Baran with a black eye and a deep cut in his left ear. Baran claimed that he had been shot at while running away and that the bullet whizzed past his ear. Police Surgeon Murphy dressed Baran's wounds and he was later allowed to go to his home. The police were unable to find his assailant.

May Recover From Burns. Charles Brown, 14-year-old son of Mr. and Mrs. Oliver Brown, 517 Eighth avenue east, who was burned by old fireworks last Tuesday evening, is still in a critical condition at St. Mary's hospital. Dr. C. W. Taylor is attending the injured boy and reports that he is slightly improved today.

Double Wedding. A double wedding took place in probate court this morning, when Miss Clara M. Olson, daughter of Mr. and Mrs. T. Olson, and his sister, Miss Louise M. Olson, and William West were united in wedlock with the exception of Mr. Olson, who is a resident of the Duluth-Superior port, and the double bride party live in Bayfield, Wis. Judge S. W. Gilpin read the wedding ceremony.

State Exam for Chauffeurs. A state examination for chauffeurs will be held in the assembly room at police headquarters on Thursday morning, August 14, at 10 o'clock. Those who wish to be licensed must appear in person. Joseph Malory will conduct the examination.

Two for Ocean Service. Respond to Federal Call for the Merchant Marine.

Only two satisfactory responses to the inquiry for licensed navigators and engineers of the Great Lakes for service in an ocean merchant marine, were made at Duluth up to this noon. Special Deputy Collector of Customs N. A. Linderberg, to whom the applications were made, has forwarded the two names to Washington for final action; but until decision is made there, he is not at liberty to give out the names of the men. Both are marine engineers and both would like positions with the proposed new merchant marine with a chance for foreign service. No licensed officers of the forward part of the ships have shown any desire to change from fresh to salt water.

Loose Memory With Fall. Devil's Lake, N. D., Aug. 10.—(Special to The Herald.)—The complete loss of his memory was sustained by Sanford Hagon of this city, as the result of a runaway Saturday, who was thrown from his riding horse to the pavement, and received a terrific blow on the head, being unconscious several hours. When revived he appeared to have completely lost his memory.

SETTLE THEIR DIFFERENCES Widows of Common Husband Split Estate and Cease Fight.

Proceeds of Wrongful Death Settlement of John Dwyer Divided.

Differences which precipitated a legal fight between two widows for the estate of a common husband and brought to light a story of the dual existence of John Dwyer, mill hand, who was killed in an accident at the Alger-Smith mill on Rice's point, Dec. 17, 1912, have been settled out of court, the widows having agreed as to a division of the estate.

Joseph E. Benoit, as administrator of the Dwyer estate, collected \$1,200 from the Alger-Smith company on a wrongful death claim. When he attempted to turn the money over to Mrs. Mary Ann Hart Dwyer, whom he supposed was Dwyer's lawful heir, Mrs. Emma Dwyer, who also asserted the claim of being a widow, interceded and the case was taken into court.

Mrs. Mary Ann Hart Dwyer, aged 24, became the wife of Dwyer on Nov. 22, 1911, and is the mother of two small children. She is now residing at Grand Marais, Mich. Mrs. Emma Dwyer, aged 67, mother of Hart Dwyer, who was lawfully married with Dwyer, the testimony developed, deserted his common law wife about seven years ago and a year before his death married the younger woman.

After the testimony in the case had been taken, attorneys agreed to stipulate for a settlement. Although the order has not as yet been filed, it is understood that the younger woman and her two children received about \$438 and the common law wife contented herself by taking \$700. The remainder was expended for court costs and other incidentals.

COPPER STOCKS SELLING PRIVATELY Brokers are still entirely in the dark as to when trading stocks will be resumed on either Wall Street or at Boston.

Operators are generally bullish in reference to the ultimate course of mining stocks, feeling that an export trade will be opened up in copper metal as soon as transportation facilities have been arranged. In the meantime cash transactions are reported in the leading securities at quotations well above the final figures set during the last session of the market.

Paine, Webber & Co., had the following from Liverpool today: "Differences of the Cotton association decided today that as financial conditions have improved, cotton may be sold with usual ten days allowed for payment, but if any buyer is overdue with an order payment he must provide a bank guarantee for the new business."

HOLD WITNESS FOR PERJURY

Attorney Takes Prompt Action Against Man on Parole.

Is Arrested Following Testimony in "Blind-Pig" Case.

Denial of the fact that he was paroled in district court last fall after he had pleaded guilty to desertion while testifying in a "blind-pig" case in police court this morning caused the arrest of Charles H. Wingrove, 45 years old, on a charge of perjury. He will be arraigned before Judge Cutting this afternoon.

Wingrove was called as a witness in the case of the state against Teresa Marotte, bookkeeper for Carlson Bros., wholesale liquor dealers, 116 West First street, who was charged with having sold a bottle of whisky to Ernest Hyppia on July 27, last. The young woman pleaded not guilty at the time of her arrest and her trial was set for this morning.

During his testimony City Prosecutor Curran asked Wingrove if he was the same man accused of desertion while testifying in a "blind-pig" case in police court this morning.

Wingrove answered that he was the same man and that he was not deserting her and their 4-year-old child last summer. Wingrove answered these questions in the negative and immediately after he had sat down, Harry Faber White, assistant county attorney, who was sitting next to him, called him to the stand and told the court of his arrest.

According to White, Wingrove was arrested last September on the complaint of his wife, who was living at 7 Twelfth avenue west, accusing him of deserting her and their 4-year-old child. Wingrove pleaded guilty in district court on Oct. 1 and was sentenced on parole under Col. F. E. Resche, Judge Cutting's clerk.

Marotte, who was tried for selling liquor without a license.

MAY SETTLE DIFFERENCES

The Injunction Suits Against Range Villages May Be Dropped.

Hearing Is Postponed While Attorneys Hold Long Conference.

Although an attempt to compromise the fight which mining interests are waging against the village of Buhl and Mountain Iron to prevent alleged extravagance on the part of the village officials in the matter of tax levies and the expenditure of funds for public improvements was not successful this morning after a long conference between the interested attorneys, it is understood that a settlement of the differences between the mining companies and the village of Buhl may be reached out of court.

An order directing the officials of Mountain Iron and Buhl to show cause why a temporary injunction prohibiting the village council from taking any steps towards making their levies or ordering any new improvements until after the trial of the issues on their merits was returnable before Judge Cant at 11 o'clock this morning. The order was issued by the court.

marine CHAOS IN LAKE TRADE

Vessel Interests Puzzled as to Proper Course in Exports.

May Be Stopped on Neutrality Grounds—Freights Unpaid.

Confusion is the best description of the lake freight situation these days. One rumor had it yesterday at lower lake ports that the United States government would soon stop the exportation of coal and grain to Canada, as it might be charged the United States was actively supporting a belligerent nation. This rumor probably gained ground through an inquiry from a Canadian company as to whether it would be safe to send American boats to points on the eastern part of the St. Lawrence river.

After some of the rounds this story had many forms and was told as fact. One version of the story was that the United States government would not allow Canadian boats to enter the trade.

A second rumor, which seemed to be more likely true, had it that England and Canadian ships at Montreal have been seized by the United States government and will be loaded with grain and other goods for the United States.

Such a course would be in line with the policy of the United States government, as England is in sore need of food.

During July 10,000,000 bushels of grain were shipped from Montreal to Chicago for export. July contracts amounted to 18,000,000 bushels, of which 7,000,000 bushels have left Chicago. Should the British undertake to transport grain from Montreal to Chicago, it would greatly relieve the congestion which is threatening vessels at Port Colborne and Georgian Bay.

Of the grain shipped during the last two weeks from Montreal, very little of it has been paid for. Many of the shippers have all their money invested in grain that has been shipped or is being brought into Chicago, and which they cannot obtain the usual ready means of obtaining cash. It is this condition that has brought about unpaid water bills.

Vessels that are loading in Chicago are being seized by the United States government and will be loaded with grain and other goods for the United States.

MONEY IS EASING UP

Substantial Supply of Currency Coming; Normal Basis By Week End.

Duluth Soon to Be Rid of Cashiers' Check Payments.

That Duluth will be "off" the cashiers' checks basis within a very few days was the announcement made this afternoon by David Williams, president of the Duluth Clearing House association and vice president of the First National bank.

"The situation in finances," said Mr. Williams today, "is clearing at a most gratifying rate. Within a day or two we will receive a substantial supply of currency and then the restrictions that have been placed on the giving out of currency will be removed in large part. Of course the financial atmosphere has not been cleared to the extent where we can assure immediate resumption of unlimited currency payments as in ordinary times, but the output will be much more liberal than it has been."

Mr. Williams was in communication with Chicago financial centers this morning and was assured that Duluth banks will receive a substantial supply of currency. This will likely arrive tomorrow by express and then, as he says, a more liberal attitude can be assumed.

It is believed that by the end of the week finances will have resumed a normal basis and that cashiers' checks will not be issued except for the ultra-large sums that some people will need and where they will not be cramped in their operations by the use of such checks.

The pay envelopes next Saturday will not be supplied with only part currency, but entirely so, and even larger payments will be made with greenbacks instead of the worthy but not entirely welcome white checks, decorated with red ink.

PROGRAM FOR STATE FAIR

Exhibits and Amusements to Be Best in State's History.

That the Minnesota State fair for this coming fall promises to eclipse all other fairs ever held in this state, both in exhibits and amusements, is the optimistic forecast of C. P. Craig, Duluth member of the board of managers, who has just returned from a meeting of the board in St. Paul.

Practically all arrangements are now made, Mr. Craig says, for the big fair and the number of special features arranged for will make the affair go down in the history of the state as one of the most comprehensive and meritorious of its kind ever given.

Mr. Craig says that the board of managers was fortunate in procuring for the amusement and the famous aviator Beachey, who is considered the most wonderful mid-air acrobat in the world. His looping the loop with an

airplane is said to be a thrilling and hair-raising deed in daring and skill. Another feature that will prove of great interest to Northern Minnesotans is the arrangement for a cranberry exhibit. Cranberry culture is one of Mr. Craig's hobbies and it has been through his influence that the exhibit has been provided for. The display will be in the form of a cranberry farm, showing the nature of production as well as the fine quality of the fruit. Thousands of acres of Minnesota land, Mr. Craig says, can be used for cranberry production.

FRENCH AND ITALIAN YOUTHS SHOT DOWN

Student Returning From Germany Makes the Charge.

Paris, Aug. 10.—245 a. m.—How five young Frenchmen were shot and killed in Germany is graphically described in an affidavit of Jean Demombynes, a returned student, who declares further that two Italians travelling in the same train met the same fate.

The first Frenchman to be killed had shouted, "Long live France!" at Lorrach, a town of Baden, where he was awaiting a train. According to the affidavit he was immediately arrested, placed against the wall of the station and shot.

Three other French youths who were among the small crowd detained at Lorrach by the Germans protested at the killing and were told to shut their mouths. They were then led to the place where the first Frenchman was shot, a group of officers fired at them and they fell. Women in the vicinity wept, the affidavit recites, knowing what had happened.

Another Frenchman who shouted "assassin" was likewise shot, the affidavit says, while the two Italians were killed on the road between Waldshut and Basel. One of them was killed in an argument over the closing of a train window and the other because he objected to a German sitting on him.

BOY KILLED BY WAGON

While riding on his tricycle with his brother, Lawrence, 3 years old, Bernard Nasey, 6 years old, was run over by a heavy wagon at the corner of avenue west and Superior street about 2 o'clock this afternoon. The boy died on the way to St. Mary's hospital. Lawrence, the younger brother, was unhurt.

Bernard is the son of Mr. and Mrs. Barney Nasey, 1501 West Superior.

"MURDER" CALL MYSTIFIES POLICE

Shortly before noon today the police were confronted with a mystery that had the appearance of a real murder. But an investigation later by detectives disclosed the fact that no one was killed.

About 11:30 o'clock Mrs. Martin of 501 West Sixth street telephoned headquarters that while she and another woman were along the boulevard at Fifth avenue west they came across a bundle. They opened it and found a bottle of chloroform and a man's shirt wrapped in a Minneapolis newspaper, dated Sunday, Aug. 9.

Detectives Toewe and Bradley were immediately detailed to make an investigation and they reported later this afternoon that there was no trace of a murder or suicide in that vicinity.

RUSH TO ENLIST TO FIGHT FOR THE FATHERLAND

CROWD AT THE GERMAN CONSULATE IN NEW YORK.

Great crowds from all parts of the country besiege the German consul general's office in New York. They are registering for return to their country to join the army to which they have been called as a part of the first reserve. The problem of the consul general is to provide transportation for them.

ADDITIONAL SPORTS

DULUTH PAIR PLAYING WELL

Patrick and Clarkson Are Tied With Mudge and Turpie.

State Golf Tourney Opens With First Half of Foursome.

R. S. Patrick and Richard Clarkson of the Northland club turned in a 72 score for the first half of the 36-hole amateur professional best ball foursome match of this morning. Dudley Mudge and Turpie of the White Bear club also turned in a 72 score. As these pairs were the only ones with so low a score, Duluth and White Bear are leading at the end of the first half of the foursome.

Bob Taylor, the professional of the Minikahda club, is ill and could not appear to play with Sub Champion Harry Legg. Master Cady Mose substituted for the veteran professional and Legg and the youngster turned in a score of 75.

Legg was somewhat off his game in the fore part of the day and missed several shots that were ordinary circumstances the shot would have counted. Opposed to the rather indifferent playing of Legg was the top form of Patrick and Clarkson. The Duluth pair would have turned in a score of 68 had they not been half of the match. Both players rimmed the hole upon several occasions where under ordinary circumstances the shot would have counted.

Labatt and Donahue turned in the highest score of the first half, 78, and this pair will have to do some clever playing in the second half to stand any show in the final count.

A high wind blew across the links in the early part of the day, but it cleared away a matter of great difficulty. Aside from the presence of the strong wind, the links for the Voisard club were in perfect condition for play. The rain of yesterday night, which was needed to wet the grounds in a very perfect condition for the tourney.

A large gallery was out to watch the amateur professional foursome, which gave some of the spectators their first glimpse at some of the stars as they were lined up for the start events of the week's program.

The play of State Champion Harry Legg was watched by an interested gallery, as was that of Patrick and Mudge. It is expected that the play later in the day will bring out a very large gallery.

BROKERS EASILY DEFEAT BUYERS

Trim Wholesalers at Baseball and Then Give Them "Feed."

The merchandise brokers demonstrated to the wholesale grocery buyers their knowledge of the national pastime in a game at Desmond park Saturday afternoon resulting in a score of 22 to 6 in favor of the brokers.

Out of the entire list of buyers they failed to produce a battery that could withstand the heavy hitting brokers who easily found their numerous pickers for two and three-batters, with several home runs to complete the assortment.

The feature of the game for the buyers was the professional like ap-

AMERICANS' AUTOS SEIZED BY THE SWISS

Geneva, Switzerland, Aug. 9.—(Delayed in transmission)—American and British consular officers estimate that about 5,000 Americans and 10,000 English were held up in Switzerland, owing to the outbreak of war.

The Swiss government for the last few days has prevented automobiles from leaving the country, as it intends to use them if necessary for military purposes. A number of American cars are among those held.

Swiss banks have begun to discount American checks, but charge 20 per cent. The American banking agencies here also have again begun to take travelers' checks.

FRANCE WILL GIVE NO LISTS OF DEAD

Paris, Aug. 10, 1 p. m.—In order to prevent the German army staff obtaining an inkling of the movements of the French troops, the French government has forbidden the publication of casualty lists.

A special office is to be opened in the center of Paris, where inquiries made by the families of the soldiers will be answered; but the only information that will be given is that the name of the soldier does or does not appear in the lists of killed and wounded. The names are to be carefully verified before hand in order to prevent mistakes.

AMERICANS' AUTOS SEIZED BY THE SWISS

Geneva, Switzerland, Aug. 9.—(Delayed in transmission)—American and British consular officers estimate that about 5,000 Americans and 10,000 English were held up in Switzerland, owing to the outbreak of war.

The Swiss government for the last few days has prevented automobiles from leaving the country, as it intends to use them if necessary for military purposes. A number of American cars are among those held.

Swiss banks have begun to discount American checks, but charge 20 per cent. The American banking agencies here also have again begun to take travelers' checks.

FRANCE WILL GIVE NO LISTS OF DEAD

Paris, Aug. 10, 1 p. m.—In order to prevent the German army staff obtaining an inkling of the movements of the French troops, the French government has forbidden the publication of casualty lists.

A special office is to be opened in the center of Paris, where inquiries made by the families of the soldiers will be answered; but the only information that will be given is that the name of the soldier does or does not appear in the lists of killed and wounded. The names are to be carefully verified before hand in order to prevent mistakes.

Germany Arrested. Halifax, N. S., Aug. 10.—Two Germans were taken prisoners today at Curing, near here, on the charge of being spies.

Town "Germanized." Brussels, Aug. 10.—The newspaper Le Soir says that the Belgian town of Verviers, fourteen miles east of Liege, has been Germanized. A German burgomaster replaced the Belgian official who was arrested.

Drowns in Dead River. Marquette, Mich., Aug. 10.—Stuart Byrne, Jr., aged 19, drowned in the Dead river. His father is postmaster here.

GERMAN CRUISER IS OFF PORTO RICO

New York, Aug. 10.—A dispatch from San Juan, Porto Rico, last night, said the German cruiser Karlsruhe had arrived there Sunday morning.

taken on enough coal to permit her steaming to Hamburg and would leave this morning.

The Karlsruhe is believed to be one of the German cruisers which have been harrying French and British vessels leaving New York for European ports. If she was short of coal and did not get further supplies from the Kronprinz Wilhelm, she would be forced into some neutral port for fuel. This may account for her presence in San Juan. She will be permitted to remain no longer than twenty-four hours. She expects to encounter French or English cruisers off Porto Rico when she leaves San Juan.

Sailed Without Lights. San Juan, Aug. 10.—The German

cruiser Karlsruhe took on board 900 tons of coal here yesterday and sailed at 8:30 in the evening for unknown destination. As she left the harbor she put on full speed and all her lights were extinguished.

Her captain reported that he was in an engagement last Friday night off the Bahamas, when the Karlsruhe was pursued by four English and French cruisers. When he first sighted the lights the captain thought it was a schooner until a shot was fired. He said he thought one of the cruisers was disabled, as the pursuit was abandoned and the other war vessels appeared to be assisting her.

The German steamer Odenwald and the British steamer Salybia, both bound for European ports from the West Indies with freight and passengers, have sought refuge in San Juan harbor.

When Will the Goods Shipped to Us from Mulhouse, Alsace, on July 25th, Reach the Store

Last week we received shipping advices from Dollfus, Mieg & Cie, Mulhouse (Mulhausen), Alsace, of shipment on July 25 of our D. M. C. threads for the Christmas needle work.

You may see a copy of the shipper's declaration in one of our windows.

As Mulhouse (Mulhausen) is the scene of action in the present war the question which concerns you and us—Did our goods get safely off to America? How soon will we get this shipment?

Leave your guess at the Art Department, Third Floor.

Why Not Embroider Some of These Ready-Made Pillow Cases on Sale at 48c pair

You'll find them at the Art Department, Third Floor.

The regular price of these was 65c the pair, and you see the saving of 17c is worth while.

They are well made, neatly hemmed Pillow Cases—stamped in very attractive designs.

Mr. A. G. Anderson, the Lucky Bidder for the Sidewalk-tested Whittall Anglo Persian Rug

His address is 318 Third avenue west.

His bid for \$30.00 was but slightly higher than two other bids, while there were a great number of bids between \$25.00 and \$29.00.

This shows conclusively what people think of Whittall Anglo-Persian Rugs, probably no other make would stand such a test.

The sidewalk tested rug over which 184,557 people had walked during the ten days it lay on our sidewalk could scarcely be told from a brand new rug of the same pattern after it had been cleaned.

Those of you who were disappointed in not getting this rug are invited to come in tomorrow and see the new fall patterns in Whittall Anglo Persian Rugs.

The colorings and designs are extremely beautiful, they combine the richness and service of Oriental rugs at a fraction of their cost.

THE OPEN COURT

Readers of The Herald are invited to make free use of this column to express their views on any subject of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 300 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer, though these need not be published. A signed letter is always more effective, however.

The Herald is indebted to R. E. Sackett of Escanaba for a copy of the poem "Myself and Me," asked for by an Open Court correspondent.—The Editor.

AN OLD POEM.

To the Editor of The Herald:
I enjoy the Open Court very much and the poems you have printed in that column. Am sending an old poem for you to have printed, hoping it will be read by all Herald readers.

J. M. KINGSTON.
Eagle Harbor, Mich. Aug. 8.

BE CAREFUL WHAT YOU SAY.
"In speaking of a person's faults, Pray don't forget your own; Remember, those with home of glass Should seldom throw a stone. I've had nothing else to do But talk of those sometimes like 'Tis better we commence at home And from that point begin."

"We have no right to judge a man Until he's fairly tried; Should we not like his company We know the world is wide. Some may have faults—and who has not? The old as well as young— Perhaps we may, for ought we know, Have fifty to their one."

"I'll tell you of a better plan, And find it works full well, To try my own defects to cure, Before of others' faults I speak. And though I sometimes hope to be No more than some I know, My own shortcomings bid me let The faults of others go."

"Then let us, when we commence To slander friend or foe, Think of the harm one word would do To those we little know. Remember, curses sometimes like Our chickens, 'roost at home'; Don't speak of others' faults until We have none of our own."

SAYS MONEY WILL

BE FORTHCOMING.

To the Editor of The Herald:
In the "Open Court" column of last evening appeared an article from the

pen of William H. Farrell, 6033 Raleigh street, Duluth, in which some of Walter Gamble's misrepresentations of Seventh Day Adventists, as recorded in his own book, are passed on to others. Mr. Gamble never found any of the long-looked-for Bible verses and his whole theory was later repudiated by the leading men of his own denomination as a most monumental blunder. He later settled on a claim in Canada.

If William H. Farrell or any other man can find one Bible verse containing the expression "immortal man" or "immortal soul," I will write out a check on the American Exchange bank for \$100 and give it to that party publicly any night at the Bible chautauqua tent, located on West Second street, near the Y. M. C. A.

The Bible does plainly say "mortal man," Job iv, 17, "mortal body," Rom. vi, 12, and "mortal flesh," 2 Cor. iv, 11, as well as to declare that "God only hath immortality," 1 Tim. vi, 16, but where is the long-looked-for verse in which the Lord would say that the devil told the truth in Eden when he said, in direct contradiction to God's word, "Ye shall not surely die?" Don't try to slip in under the canvas, Brother Farrell, but come "deliver the goods." Give us Book, chapter and verse at the tent any evening and we will receive your money. Then the \$100 for a verse can begin. Very respectfully,

RUSSIANS REPULSED BY GERMAN TROOPS.

Berlin, Aug. 10, via London.—Two Russian companies of infantry with machine guns attacked German territory three miles from Tilsit in Eastern Prussia, Sunday. The Russians were compelled to retreat.

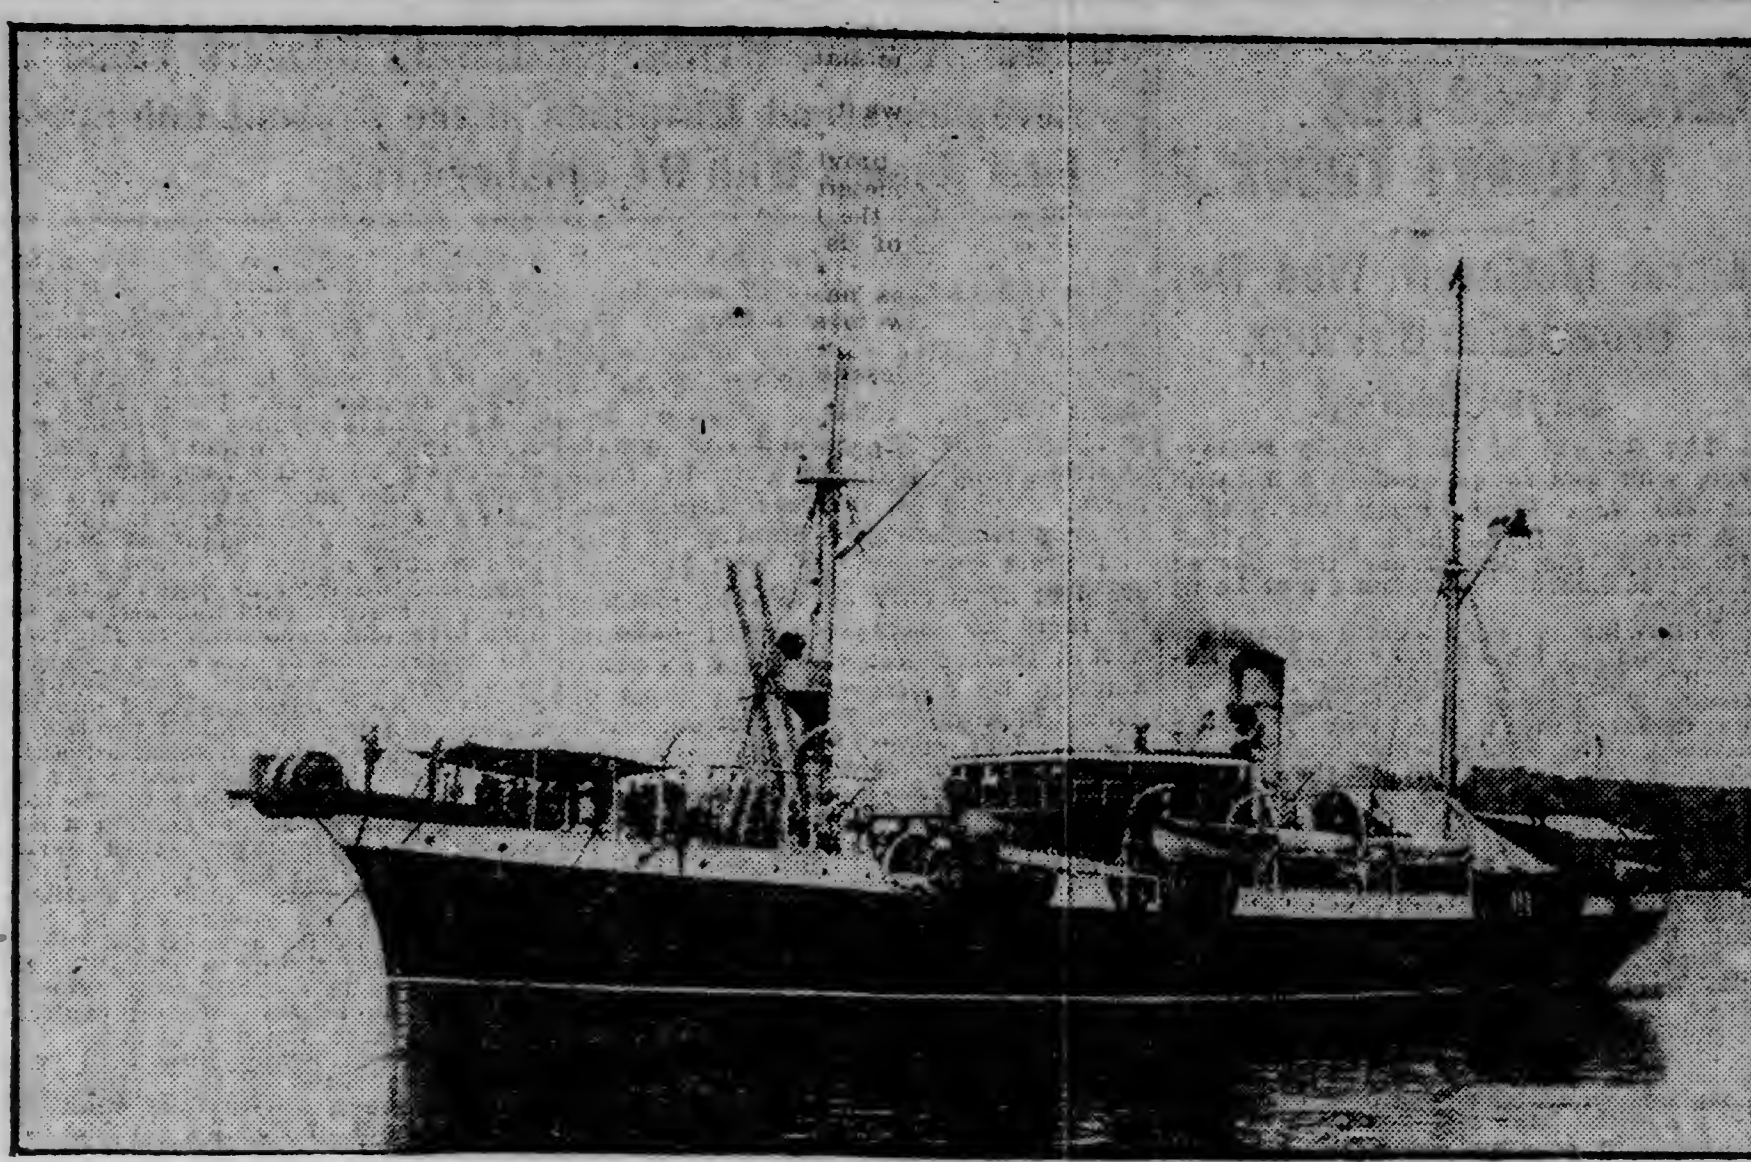

AMERICANS COMING HOME ON FINLAND.

London, Aug. 10.—The Red Star line steamer Finland sailed from Dover at 10:30 Sunday afternoon for New York. The Finland has aboard a large number of Americans who are returning home.

RUSSIAN TROOPS ON AUSTRIAN LAND.

St. Petersburg, via London, Aug. 10.—Russian troops have advanced through the valley of the River Styr, which rises in Austrian Galicia and flows into Russia, and have entered Austrian territory, driving the Austrian advance posts before them.

RAN DARK AND AT FULL SPEED FOR PORT

THE MACKAY-BENNETT.

Halifax, N. S., Aug. 10.—The Russian steamer Dwinsk, from Libau, with passengers, arrived off the harbor late last night and anchored. The British cable steamer Mackay-Bennett arrived from Queenstown. Neither sighted any German cruiser. The Mackay-Bennett, after learning that war had been declared, extinguished most of her lights and came at full speed for this port.

The Mackay-Bennett was the morgue ship that brought in the bodies of victims of the Titanic disaster.

OLYMPIC ON SEA AT LAST

Sails Without Passengers or Cargo—Is Given Clearance.

Rich Fleet of Merchantmen Leaves Montreal for Europe.

New York, Aug. 10.—Loaded to her carrying capacity with provisions and coal, the White Star liner Olympic suddenly left her pier here Sunday and sailed for Liverpool. She had been announced to sail Saturday with passengers and cargo but at the last moment here orders were canceled by the British admiralty and her passengers were transferred to the Olympic of the same line on which they sailed. Clearance papers were issued to the Olympic Friday and she was permitted to leave the harbor with the British cruiser Drake Tuesday, but no war vessels had been sighted. Being an American vessel she was in no danger of capture.

Something of an air of mystery surrounded the sailing of the French steamer Venezia of the Fabre line, whose destination ordinarily is Marseilles. According to an official of the line, however, she cleared this time for Montreal and went out in ballast.

Rich Fleet Has Sailed.
Montreal, Aug. 10.—The fleet of liners sailed for last week steamed away late Saturday. The Allan liner Scandinavian left for Glasgow; the Manxman, Tyrone, Letitia, Alania and Monmouth cleared for British Isles ports. None of the vessels got very far, however, for the whole fleet anchored Sunday at Sorel or Three Rivers and waited until the British fleet again from that point. The official reason given for holding up the ships was fog over the river.

All the ships carried a full complement of passengers and enormous cargoes.

GERMAN CRUISER IS AT PORTO RICO.

San Juan, P. R., Aug. 10.—The Karlsruhe (German cruiser) arrived here yesterday morning, supposedly from Hatteras. She carried a full complement, including coal. The French and English consuls protested to Governor Arthur Yaguez that the cruiser had no right to take coal.

The captain of the cruiser claimed the right under the proclamation of President Wilson, to take enough coal to enable his ship to make the nearest home port, which is Hamburg. The governor declined to interfere, and the cruiser is now coaling and will leave within twenty-four hours.

SERIOUS CLASH OF FRENCH AND GERMANS.

Paris, Aug. 10.—1:05 a. m.—A statement issued by the war department late last night says that numerous skirmishes are taking place along the entire front of the French army. One clash with the Germans was violent and the losses on both sides were serious.

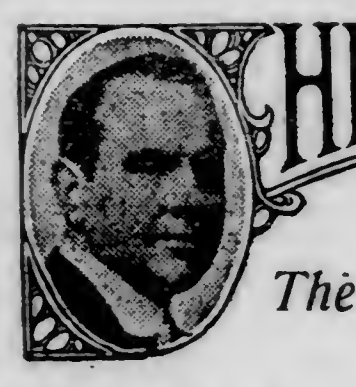

Saw War Vessel.
The New York, which was built many years ago and is considerably less speedy than the modern ocean liners, sailed from Cherbourg and Southampton Aug. 1, when only Austria and Serbia were at war.

Capt. Roberts said the steamer communicated by wireless with the British cruiser Drake Tuesday, but no war vessels had been sighted.

HEALTH TALKS
William Brady, M.D.
The Specialist and the Plain Doctor

WHAT does an ordinary family physician know about the treatment of the ear? asks one of our correspondents. "Is it not his duty to refer such a case to a specialist?"

The ordinary family doctor is a very variable quantity in different communities and in different times. Until recent years—say the past fifteen or twenty years—most of our countrymen, and even our countrywomen, graduated from medical schools with little or no training in the various specialties. There are still men in family practice who are not only unable to examine the nose, throat, ear or eye—having no special ability and no equipment for the purpose—but they are incompetent to even diagnose suppuration in the ear, polyps in the nose or a cinder in the cornea of the eye. Yet they may be successful in other lines.

The Younger Generation.
But your modern family doctor, the younger generation of medical practitioners, doesn't leave college to enter practice in a hurry. He spends a year or two as an intern or house physician in a hospital, where he works with and for the doctors on the staff, many of whom are specialists. This new order of family physicians are fully competent and usually well equipped to treat the ordinary diseases of eye, ear, nose, throat and other special organs. Indeed, the progressive family doctor is often more successful in the management of the common eye, nose, ear or throat troubles than is his neighbor, the specialist. The specialist's proper field is not the treatment of all derangements of organs which interest him in his specialty, but the treatment of difficult or unusual complications in cases referred to him by the family doctor.

In many instances ailments of special organs are only local manifestations of health which must have attention which the specialist, for want of experience in general practice, is unable to give. If each and every derangement of the eye, ear, nose, throat, nerves, heart, etc., were referred to a specialist there would be no need of family doctors at all. This would be all right enough if patients were able to answer their own questions pertaining to health. If your question is of general interest it will be answered through this column; if not it will be answered personally if stamped, addressed envelope is enclosed. Dr. Brady will not prescribe for individual cases or make diagnosis. Address all letters to Dr. William Brady, care of The Herald.

to decide for themselves whether a headache, let us say, comes from eye strain, disease of a sinus in the head, kidney insufficiency, anemia, nerve exhaustion or fatigue.

The mere fact that a man calls himself a specialist or limits his practice to specialties is no evidence of his expert ability. It must be remembered that the law requires the same qualifications in a general practitioner, a family doctor, which requires in the surgeon or the specialist. In the individual choice of a doctor you have to use your own good judgment.

Questions and Answers.
C. S. writes: Girl of sixteen has had sore throat for a week or two. She has sore throat a good deal and her tonsils are enlarged. (1) Would it be better to have them removed? (2) How much blood is lost in the operation? (3) Would it cure the swollen glands? (4) Should I wait till they disappear as she grows older?

REPLY.
(1) No. (2) Too little to consider. (3) It would if the tonsils alone are the cause. There may be decayed teeth or a family doctor, which is the girl's health might be ruined by the diseased tonsils.

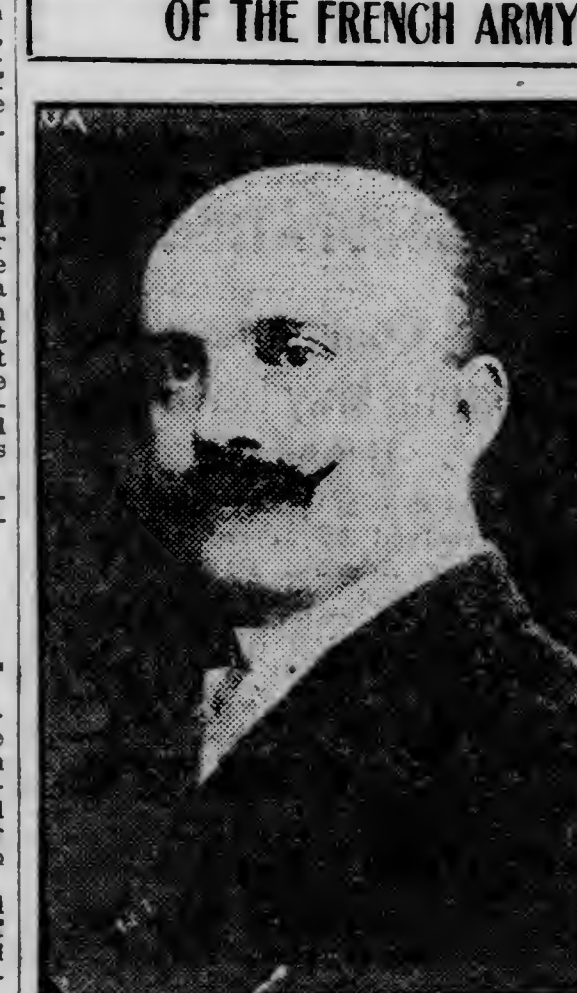

B. T. B. asks: Will you kindly repeat the formula given in one of your recent articles on the cure of the scalp? I think it contained sulphur and salicylic acid.

REPLY.
I do not now recall the formula. But a common application is benzoinated lard containing about 30 grains each of powdered sulphur and salicylic acid to the ounce. Whether this does good, I don't know. The massage employed in rubbing the ointment into the scalp may be the thing that helps the dandruff.

R. R. asks: Is it possible for a man who is taking good treatment from a reputable doctor and living right, to get well from specific urethritis and gonorrhea?

REPLY.
Yes. But he should wait until a year after every symptom has disappeared and his doctor pronounces him cured.

JOSEPH CAILLAUX.
Paris, Aug. 10.—Joseph Caillaux, former premier, has joined the French army and has been attached to the treasury department as inspector of finance.

GERMAN CIVILIANS MAKE RICH CAPTURE

Empress and Daughter Are Helping Feed the Soldiers.

Berlin, via London, Aug. 10.—Three motor cars carrying large sums of money were captured by the German people and troops while trying Sunday to cross the Russian frontier.

The empress and the princess of the imperial family are personally participating in supplying food for the German reservists passing through Berlin. They are enthusiastically cheered by the troops.

Join the German Army.
Among those who have entered the German barracks at Döberitz are a superior Russian official and the Russian public prosecutor who took part in the trial of Mendel Beilis when he was charged at Kiev with "ritual murder."

Herman Wendell, the Socialist member of the imperial parliament, who recently, during a speech in the house, shouted "Vive La France," has volunteered for service in the German army.

TELLS OF BRAVERY OF GERMAN TROOPS

Correspondent Who Was at Liege Reports on Fighting.

London, Aug. 10, 2:10 a. m.—The Daily Telegraph's Rotterdam correspondent in a dispatch filed Sunday says:

"How deadly was the task the German undertook in rebuilding the bridges over the River Meuse, is shown by the Rotterdam Courant's correspondent at Maastricht. A pontoon bridge, built by the Germans, he says, was shot away so that further troops could not cross it."

The Twenty-fifth and Nineteenth German regiments, which supported the bridge builders, were mowed down by the quick firing guns. A wounded Belgian was asked how the Germans had fared, and replied in one word, "annihilated."

Another correspondent, who visited the battle grounds at Vise and Liege, writes:

"Not far from the little Dutch frontier village of Mersch I passed the remains of a big German camp. Dead soldiers, civilians and horses, and wagons, cars, automobiles and bicycles lay in confusion. Germans and Belgians lay side by side—dead. There was fighting man to man. Houses had been sacked because the soldiers wished to avenge themselves on civilians who fired upon them from windows."

the Essex, which he judged was only ten miles away. The steamer for twenty-four hours drove through the protecting fog, which did not lift until she entered neutral waters.

length. The Argonauts beat out the Arundels for second place in a pretty sprint.

Duluth made the best showing of any club in the history of the national association races here. The Detroit Board of Commerce cup, the Detroit challenge cup, the Fox trophy, the Saratoga cup and the Woodville cups were won or successfully defended by the Ten Eyck crews. In addition to these trophies the individual members of the visiting crews won a large number of gold and silver medals.

At the last minute Ten Eyck scratched the intermediate eight entry for the senior eight race. It has not as yet been decided where the national regatta of 1915 will be held. Duluth's bid has been formally filed with the secretary of the association and will be acted upon with the bids of other clubs of the association at the September meeting, which will be held in New York city.

The summary of events:

Senior eight—Won by Duluth Boat club; second, Argonaut, Rowing club; third, New York A. C. Time 6:27.2-5.

Intermediate four-oared shells—Won by Duluth Boat club; second, Argonaut Rowing club; third, Arundel Boat club, Baltimore. Time not announced.

Senior four-oared shells—Won by University Barge club, Philadelphia; second, Potomac Boat club, Washington; third, Western Rowing club, St. Louis. Time, 7:12. Only three starters.

Quarter mile final—Won by Riverhead B. Butler, Toronto Rowing club; second, Robert Dibble, Don Rowing club; third, R. H. Pearce, Nonpareil. Time, 1:21.5.

Championship singles—First, Dibble; second, John B. Kelly; third, Everhard B. Butler. Time, 7:48.

Senior quadruple scull shells—Won by Riverside Boat club, Cambridge, Mass.; second, New York A. C.; third, Philadelphia Barge club. Time 6:41.5.

Inter-city octuple scull shell—Won by New York by the team from Philadelphia. Time, 6:28.3-5. Only two starters.

Senior single scull shells—First, John B. Kelly; second, Thos. J. Rooney, Ravenswood Boat club, Long Island City; third, David Rosan, Nuttall Rowing club, Buffalo. Hoover did not start. Time, 9:11.

Championship semi-single scull shells—Won by Robert Dibble, Don Rowing club, Toronto; second, John B.

Kelly; Vesper Boat club, Philadelphia; third, Everhard B. Butler, Toronto Rowing club. Time, 7:48.

YOST STARTS HIS TEAM OUT EARLY

was played in the semi-finals as well as the finals. Miss Marjorie Curtis of Minneapolis and Miss Drake eliminated Miss Davis and Miss Florence Shields, St. Paul, in straight sets, 2-2, 6-2. In the finals Mrs. James Gardiner and Miss Roberta Johnson, both of Duluth, won from Miss Curtis and Miss Drake in decisive fashion, 6-0, 6-2. This was a surprise match, as the latter were expected to win. The steady drives as well as strong net play of Mrs. Gardiner, together with good back court play by Miss Ritchie, were too much for the opponents.

Visiting players who have been regularly attending state tournaments for years were unanimous in saying that this was as successful a state tournament as has ever been staged in Minnesota. There were 170 entries from seventy players. It was the first state tournament since the Twin Cities, and Southern Minnesota entered at least forty players who had never before attended the meet. The Tatopah club of Faribault handled the play in faultless style and showed the visitors every courtesy. Summaries:

State single championship—Final, Pege Albert, St. Paul, five hits and four runs, defeated Stellwagen, Minneapolis, 6-1, 4-1. Albright won the challenge round from Joe Armstrong, St. Paul, by default.

FOUR PICNICS ON THURSDAY

Outings for Thousands to Mark High Tide of Festivities.

Masons, Scots, Grocers and Butchers Ready for Big Events.

Thursday will mark the high tide of the picnic season in Duluth for this year. Four picnics and a water trip are scheduled among the festivities of that day, and several thousands of people will participate in the merry-making. The organizations under whose directions these festivities will be given are the Keystone chapter, butchers, Clan Skene, the grocers, the lodge, No. 70, which will give an outing on a few species of fish to be unusually abundant at that time.

Outing at Fond du Lac. Clan Skene will have its annual outing at Fond du Lac and the program promises to eclipse anything of the kind ever held by the Scots before. An interesting program of twenty-four contests has been arranged in addition to the regular list of contests a few species of fish to be unusually abundant at that time.

One of these is a wheelbarrow race between Attorney E. W. MacPherson and John G. Ross, of the municipality. An attempt is being made also to secure players for a five-inning baseball game. George Clark, Jr., and A. G. Macaulay will arrange the make-up of the teams. The fat fellows will compete for prizes and this event is expected to prove very exciting. NEWS OF THE NORTHWEST

MANY VISIT THIEF RIVER

Annual Pennington County Fair Was Very Fine Show.

Display of Livestock Was of Unusually High Order.

Thief River Falls, Minn., Aug. 10.—(Special to The Herald.)—The officers of the Pennington county fair just held here are being congratulated over the success of the event which eclipsed anything before attempted and reflected credit upon the farmers and stockmen of Pennington county. The attendance, especially during the closing days, was large, Red Lake Falls, Crookston and other points sending large delegations. The flying machine stunts of Jimmy Ward proved big show features.

I was specially impressed with the stock exhibit," said a fair visitor. "Pennington county is getting some dairy and beef cattle and some horses, hogs and sheep that shows enterprise on the part of the farmers of that section. They are getting good blood, and the silos and good farm buildings in that county speak more eloquently than anything else could as to the progressiveness of the farmers."

Farm Products Fine.—The corn, clover and alfalfa exhibits were fine and so were the grains and vegetables. The first three named are great crops and the acreage is substantially increased this year over previous years.

The crowds were specially pleased with the entertainment provided. The race cards were good each day, the carnival attractions were excellent and Jimmy Ward in his flying machine made wonderful flights.

The big success of the fair this year puts the exhibition at Thief River Falls in a new class and another year there will be a still larger attendance from Crookston, Warren, Red Lake Falls and other towns outside Pennington county.

IS HIS OWN SURGEON.

North Dakotan, Bitten By Rattler, Cuts and Sucks Wound.

Dickinson, N. D., Aug. 10.—(Special to The Herald.)—Slashing the location of the rattlesnake bite on his thumb with a razor till it bled freely, following the application of his lips to the

wound to draw out the poison, probably saved the life of Henry Schwabke. He was riding over the prairie northwest of Dickinson when he saw a large rattler. He located a stone near the serpent and dismounted to get it. In the meantime the snake had moved nearer the stone and when Schwabke stooped to get the rock the snake bit him on the thumb. He killed the rattler and rode rapidly to a settler's claim and secured a razor with which he cut the flesh around the wound. His arm was badly swollen and he was ill for a few hours but will recover.

BISMARCK GREETED HANNA.

North Dakota Capital Welcomes Executive Home From Norway.

Bismarck, N. D., Aug. 10.—The people of Bismarck with many from Mandan and other adjacent points joined Saturday evening in a royal welcome to Governor Hanna on his return from Norway, where with other North Dakotans he earlier to present the state's status of Abraham Lincoln.

It was a stirring scene that met the governor when he stepped from the train. A large number of people, including many from Mandan and other places, were gathered about the station, and in the streets adjoining the station, where with other North Dakotans he earlier to present the state's status of Abraham Lincoln.

An auto was waiting for him, with the committee in three machines, and Company A drawn up on opposite sides of the street, fell in behind the machines as they moved away. The crowd followed the governor's car, and the procession moved up Fourth street, with dozens of roman candles and other fireworks, which were lit at intervals all along the street, burning with a bright red flame.

Gen. Williams welcomed the governor and the latter responded.

TRACITION ENGINE KILLS SLEEPING BOY.

Hebron, N. D., Aug. 10.—(Special to The Herald.)—James Entel, aged 2 years, was run down and killed by a traction engine while sleeping in a hay field near his home. The boy's body was horribly mangled. He lay directly in the path of the machine.

MOTHER KILLS OWN SON.

Michigan Woman Visiting in North Dakota Shoots Offspring.

Bismarck, N. D., Aug. 10.—Clayton P. Varnum, a boy of 16 years, was shot and killed Saturday when a shotgun in the hands of his mother, Mrs. Rose Varnum, was accidentally dis-

charged struck the boy in the forehead and killed him instantly. The boy was the only child. The father and mother and the boy all from Michigan, were visiting at the home of George N. Varnum, three miles south-west of Menoken.

The body was brought at once to Bismarck, by Otto Dorman, and was taken to the Webb Undertaking parlors. The father and mother left for Michigan Sunday with the body.

LIGHTNING STRIPS SHEETS OFF PAIR.

Menomonee, Wis., Aug. 10.—In an early morning storm a bedstead in the house of Otto Sunfure was struck by lightning which tore the sheet from the bed without injuring either of the two occupants. The barn and granary on the farm of Herman Casper were struck and burned.

SUN-CRAZED MAN IN HOLD-UP STUNT.

Dickinson, N. D., Aug. 10.—(Special to The Herald.)—Pending an investigation as to his sanity, Fred Nolte is in custody. He is a farmer near Fayette and is supposed to have entered from a suitcase. He came to town for two automatic revolvers. Proceeding at once to the First National bank, he shoved the guns within a foot of the face of Cashier Johnson and demanded the checks. After some difficulty he secured the checks and fled. Evidence in the removal suit probably will be completed tomorrow.

CHAFEE'S ESTATE ALL TO FAMILY.

Carrington, N. D., Aug. 10.—(Special to The Herald.)—All but \$5,000 of the \$200,000 estate of F. N. Chaffee, who died recently in a Minneapolis hospital, is left to his relatives by the terms of his will, filed in probate court here. His wife received \$20,000 in cash, and his three children each \$10,000. Three brothers and a sister receive \$1,000 each, and the remainder of the estate is divided among the widow and the three children.

RESERVATION LANDS WILL BE OPENED.

Ryder, N. D., Aug. 10.—(Special to The Herald.)—The announcement made that the reserve coal lands on the Berthold reservation will be opened for settlement in time to permit purchasers to commence work next spring, has been given the go-ahead. The lands were opened this fall, otherwise the event may not occur before March. The bill provides for the appointment of an appraiser to estimate within twenty days after July 23, as the appraisal of the lands formerly opened on the reservation was regarded as too high. The reservation lands on the coal lands will be less, though they are regarded as more valuable than much of the land already opened.

KILLED TRYING TO KILL JACK RABBIT.

Hettinger, N. D., Aug. 10.—(Special to The Herald.)—A 12-year-old boy, Jack, was shot and killed while trying to kill a rabbit with a revolver. L. South, a hunter, was summoned to complete the dispatching of the animal, which was struggling on the ground. He struck it over the head with the butt of his revolver. The weapon was accidentally discharged, the bullet going through his abdomen. Death resulted a few hours later.

BAGLEY LIGHTING PLANT.

Contract Awarded to Build One, Ready By Oct. 15.

Bagley, Minn., Aug. 10.—The water and light commission has awarded contracts for new lighting and equipment for the lighting plant to take the place of the one burned several months ago.

The contract for the building was awarded to Hans A. Melbye, his bid of \$1,188.40 being the lowest by nearly \$400.

The Northwestern Electric Equipment company of St. Paul was awarded the contract for the equipment at \$4,425.

The plant is to be completed and in running order by Oct. 15, 1914. Secretary Stenwick says the commission has \$5,000 insurance money on hand and that collections and sale of wood will make it possible to pay the entire cost of the new plant \$5,613.80 in cash.

INCREASE SCOPE OF CLOUET SCHOOLS.

Cloquet, Minn., Aug. 10.—(Special to The Herald.)—The high school has been authorized to increase its scope by the addition of a two years college course, starting with the fall term, which begins in September, provided a sufficient number enroll for the course. Supt. Olsen states that there must be at least six enrollments to assure the course.

This course will be identical with the first two years of the college of science, literature and arts of the University of Minnesota, and any one who is a graduate of an accredited high school may enter. When this two years' course is completed, students may then go to the state university and complete the course in two years.

WED AT ALBERT LEA.

Cloquet Principal and Former Cloquet Teacher Married.

Cloquet, Minn., Aug. 10.—(Special to The Herald.)—The marriage of Howard Eugene Wilkins, principal of the Cloquet high school, to Miss Clara Abigail Clausen, for a number of years at the head of the domestic

science department of the city schools, was solemnized at the home of the bride's sister, Mrs. Walter Hoggard, at Albert Lea, Minn., Rev. Charles W. Ramsdew, pastor of the First Methodist church of this city, officiating.

About seventy guests were present, among them being Mrs. Carl Lot of this city, and Misses Jones and Halgrin, both of whom were teachers in the local schools last year.

The bride and Mrs. Wilkins left after the ceremony for Chicago and expect to be in the city in a few days.

The bride is well known here. Mr. Wilkins was principal of the high school last year and will again fill that position when school reopens. His bride has taught here for several terms and is very well known and popular.

LAWYER STRIKES WITNESS.

Exciting Incident During Proceedings Against Minot Judge.

Minot, N. D., Aug. 10.—(Special to The Herald.)—When Grant Youmans, a witness in the suit seeking to remove County Judge William Murray from office, handed Attorney L. J. Faida a certain note that the counsel had requested earlier in the day, the barrister dealt Youmans a blow in the face with his fist.

An instant uproar was created, and for a moment conditions in court appeared threatening. Before the judge finally quieting the crowd.

Youmans had been on the stand several hours, and had proved an obstinate witness on cross-examination at the hands of Judge Faida.

Evidence in the removal suit probably will be completed tomorrow.

START THRESHING AROUND MCINTOSH.

McIntosh, Minn., Aug. 10.—(Special to The Herald.)—The grain harvest is well underway in this locality and the yield is reported to be excellent. Four threshing rigs will start this week in this locality. The Marquis wheat stands up the best of any of the wheat sown in this section this year.

Bathe Your Blood Along With Skin

Unightly Skin Troubles Will Soon Disappear

Along with a tub bath use S. S. S. for the blood. It bathes your blood, washes out impurities, gets deposits out of joints and muscles, converts impurities into a substance easily expelled. The skin responds quickly. All sore spots, dry, a firm, dry scale or scab forms, new skin grows beneath, the scale falls off and you are rid of eczema, psoriasis, acne, netter, boils, carbuncles, pimples or any other skin affliction. S. S. S. has a wonderful action in the network of fine blood vessels in the skin and if you would understand this better write to The Swiss Soap Co., 12 Swift Bldg., for a valuable book "What the Mirror Tells."

It will tell you how the skin is but a fine network of blood vessels and why S. S. S. has such a wonderful influence. Get a bottle of S. S. S. today of any drug store or mail order house. THOUSAND AMERICAN REFUGEES FROM WAR ZONE IN NEW YORK

Kroonland Brings Most of Them and Cedric the Rest.

Some Have Left Baggage in Europe in Hurry to Leave.

Italian and French Vessels Also Arrive in Port.

New York, Aug. 11.—The Red Star liner Kroonland, flying the American flag and bearing 170 first-class passengers, mostly Americans, from Europe, came into port today almost simultaneously with the White Star liner Cedric (English) from Halifax. The Kroonland was immune from capture, but the Cedric steamed cautiously, with only running lights burning.

The Cedric, put into Halifax last week, interrupted her voyage from England to New York for fear of capture by German war vessels. The Kroonland left Antwerp on Aug. 1 before general hostilities in Europe had been declared. About 140 of her passengers were booked to sail by the steamers Imperator and La Provence. On learning that these steamers would not sail on account of the threatened war conditions, these tourists immediately started for Antwerp.

Those that took the afternoon train from Paris, succeeded in reaching Antwerp with their baggage, while those that took the evening train were forced to leave their belongings behind. Many walked a considerable distance to Antwerp, so great was their anxiety to leave the country.

The Cedric left for New York today, carrying 138 first-class and 355 second-class passengers and 265 in the steerage. The British cruiser Essex, escorted her into Halifax harbor and escorted her out again when she left three days ago.

Save No Germans.
The Calmar, a United Fruit company (British) arrived in port today from Colon, Costa Rica and Jamaica. Officers of the ship reported they had not seen a ship flying the German flag in Southern waters.

Kohn at Boston.
The German steamer Kohn arrived here from Bremen today. The German government today, through the later part of her voyage, according to her commander, Capt. Kohn.

SEIZE FORTUNE IN FUNDS OF RUSSIANS

German Government Has Taken Over Money in Banks.

London, Aug. 11.—11:15 a. m.—A Central News dispatch from Berlin, dated Monday, says the Russian funds seized by the German government in Berlin banks are said to total \$25,000,000.

A special commission appointed by the government in Germany reports that the country has a sufficient stock of food to last for one year. Emperor William has given \$100,000 to the German Red Cross society, and a similar sum for the relief of the families of soldiers killed or wounded in the fighting.

GERMAN PRISONERS GO THROUGH RUSSIA

Six Carloads Are Reported to Have Passed Vilna.

St. Petersburg, via London, 11:15 a. m., Aug. 11.—A telegram received here today from Vilna says six carloads of German prisoners passed through that city this morning on their way to the interior of Russia. Four wounded German officers were taken to the Vilna hospital.

WALTER RUNCIMAN.

London, Aug. 11.—Right Hon. Walter Runciman has taken the place of John Burns in the British cabinet. He was president of the board of education from 1908 to 1911 and of the board of agriculture since 1911. He has been a member of parliament for many years. Already he has proposed plans for government seizure of all foodstuffs in the United Kingdom.

NEWS BUREAU SIFTS RUMORS

Finally Issues Statement on Progress of the War.

Naval Affairs Not Mentioned—Germans' Courage Is Praised.

London, Aug. 11.—12:55 p.m.—The new admiralty and war office information bureau established by the British government started work this morning. Its first announcement was as follows: "About two German cavalry divisions are in the neighborhood of Tongres, to the north of Liege. Three German army corps still are opposite Liege, and other German troops are reported to be encroaching along the line of the River Aisne."

Germans Short of Food.
"German cavalry patrols have been reported near Marchienne and Arlon. Several individual soldiers belonging to German patrols have been captured. It is believed, either of levying war contributions or seizing the treasury. It is argued that they are reckoned on not meeting any Belgian resistance."

Germans Repulsed by Belgian Troops.
"The British consul general at Shanghai, China, reports that no British vessels have been pursued or molested."

Are Said to Have Lost 800 Men Within Half Mile.

Brussels, Aug. 11.—Via London, 8:50 a. m.—The Germans made a desperate attack on Fort Siering, south of Liege, Sunday night, and were repulsed with heavy loss. It is estimated that 800 Germans were killed within an area of half a square mile. A bridge which the Germans were to cross was shattered by the fire of the fort, which had an exact range. The Germans attempted the assault with great courage. Some of their dead were found directly in front of the barb wire fencing that surrounds the fort.

LUSITANIA HAS REACHED FASTNET

Has Only About 300 Miles to Go to Liverpool.

New York, Aug. 11.—The Cunarder Lusitania, which left here at 1 o'clock last Wednesday morning for a dash across the Atlantic, reached Fastnet, approximately 300 miles from Liverpool, between 8 and 10 o'clock this morning. Cunard line officials announced that they had received cable advices from Liverpool to this effect: "The Lusitania should reach Liverpool tonight."

FRENCH AND GERMAN FORCES CLASHED IN BELGIAN LUXEMBURG

Fighting at Liege Goes on, With Terrible Bloodshed.

German Occupation of the City Is Declared Valueless.

Brussels, via Paris and London, 11:35 a. m., Aug. 11.—An official statement issued today says that at Houffalize, Belgian Luxembourg, a French patrol attacked a squadron of German cavalry today, sabred them and took several prisoners.

With the exception of slight encounters between reconnoitering parties quiet prevailed today in Belgium. It was reported that the German troops appeared to be reorganizing in front of Liege, preparatory to beginning a fresh forward movement. Their advance guards are on the banks of the River Ourthe.

Terrible Bloodshed.
London, Aug. 11.—4:45 a. m.—Dispatches to the Times from The Hague and to the Telegraph from Brussels, sent under yesterday's date, agree that the struggle for possession of the forts at Liege was going on continuously and giving rise to terrible scenes of bloodshed and of heroism.

At noon, the dispatches say, the Germans were making fierce efforts to silence the forts nearest the city proper and the defenders were gallantly holding out against almost constant bombardment.

A news dispatch from Brussels says that it is officially announced there that the Germans' loss in Belgium in the recent fighting was 2,000 dead, 20,000 wounded and 5,000 prisoners. Among the spies captured in Belgium were four German officers wearing Belgian uniforms. One spy was disguised as a woman, another as a (Continued on page 4, first column.)

GERMANS AWAY OFF ALLEGED SCHEDULE

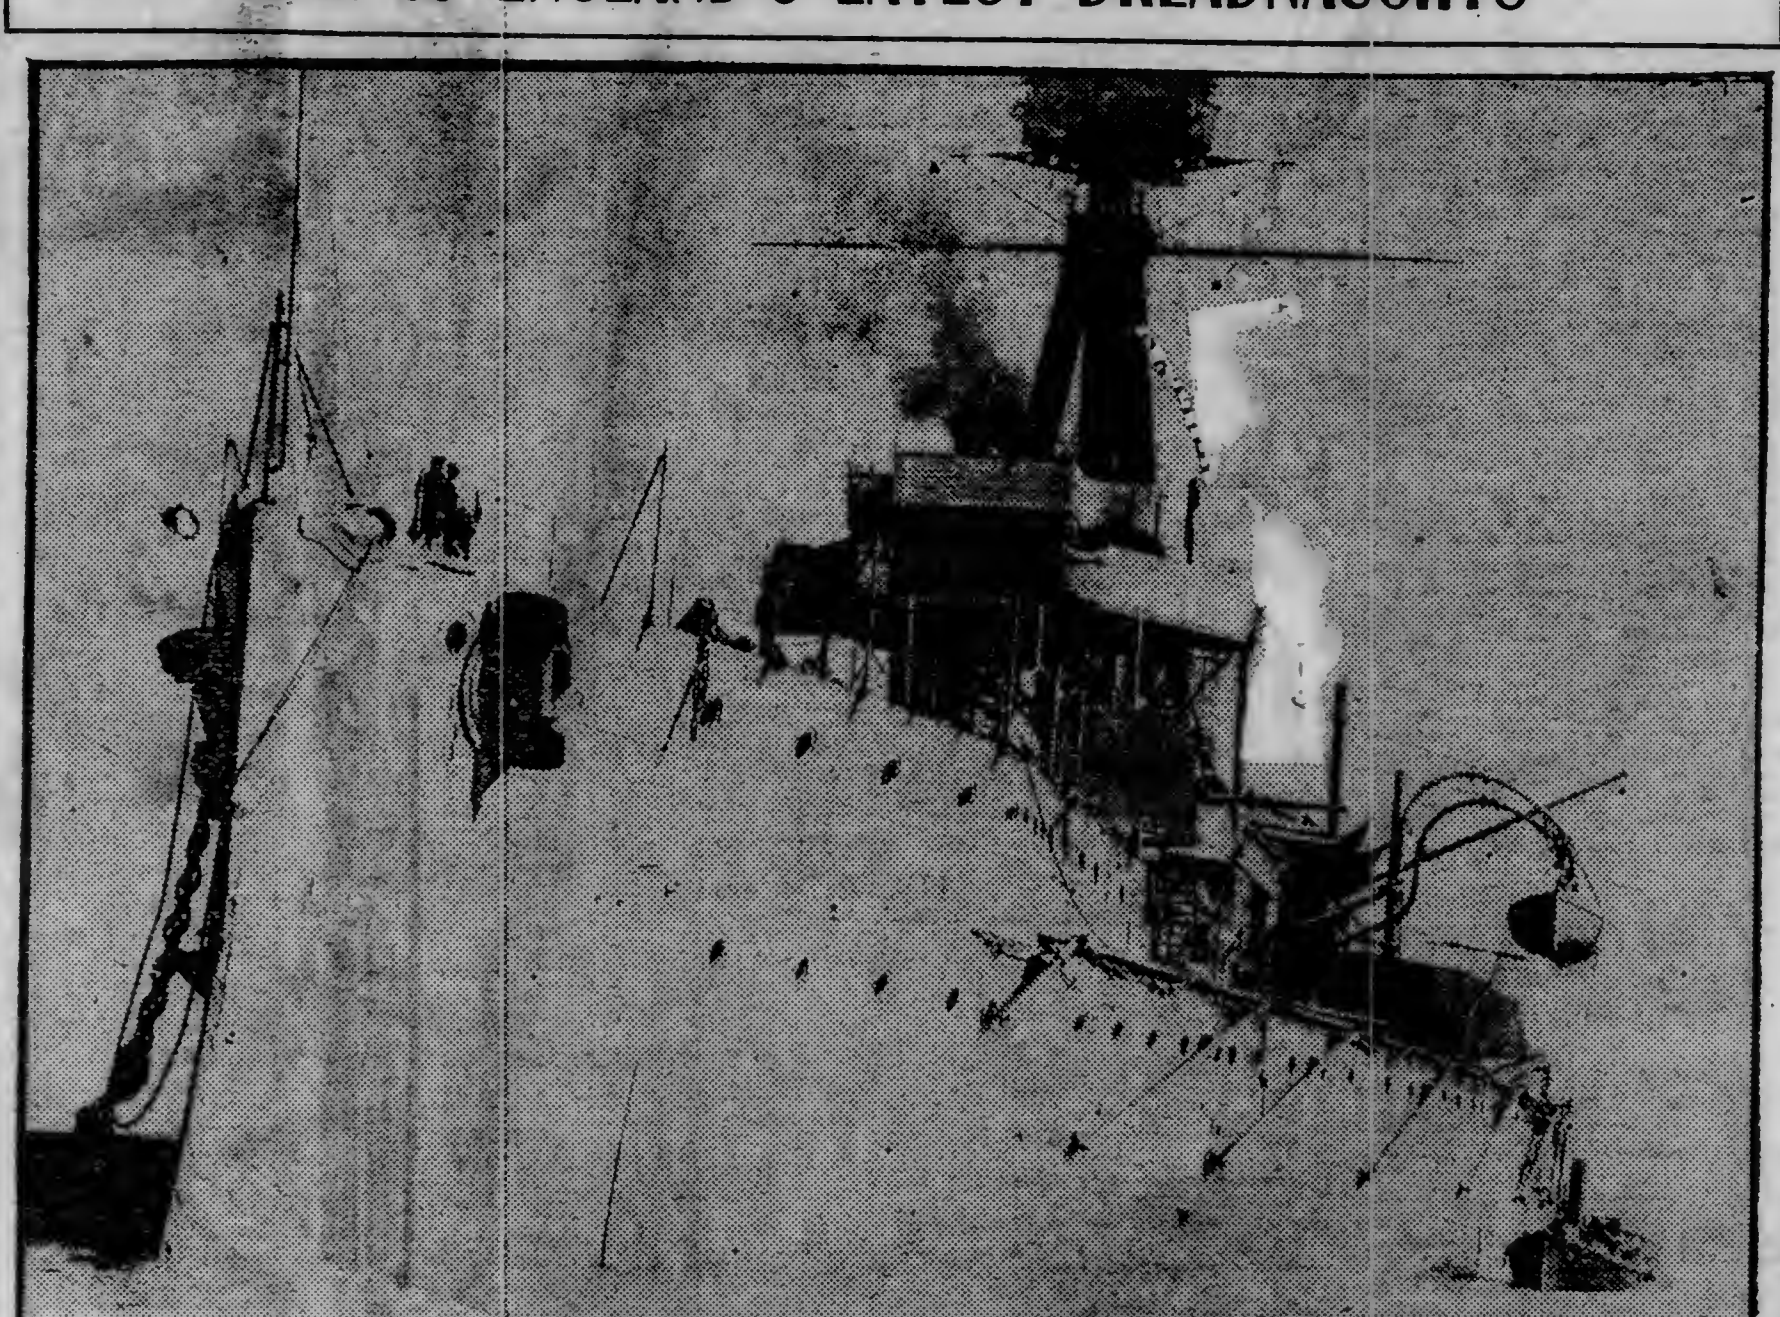

Belgians Claim Invaders Are Overdue at Brussels and Lille.

Brussels, via Paris and London, 11:05 a. m., Aug. 11.—One of the spies arrested by the Belgians in Ostend had in his possession plans indicating the Belgians' plans for the German army on the march to Paris. According to these, Brussels was to be reached Aug. 3, and Lille, France, Aug. 5.

Military authorities here assert German cavalry divisions were told off to make a raid on Brussels with the object, it is believed, either of levying war contributions or seizing the treasury. It is argued that they are reckoned on not meeting any Belgian resistance.

Red Cross Ready for Naval Battle.
London, Aug. 11.—A dispatch to the Daily News from Rotterdam says that the Holland-American steamship line has placed its large premises in the Hook of Holland at the disposal of the Dutch Red Cross, with a special view to needs in the event of a naval battle in the North sea.

GERMANS REPORTED FIGHTING POORLY

Even the Officers Are Suffering From Hunger, It Is Said.

London, Aug. 11.—4:45 a. m.—A dispatch to the Times from Charleroi, Belgium, describes the fighting of the Germans as altogether lacking in spirit. Even the officers are suffering from hunger, according to the correspondent, who adds that two German officers of high rank, captured on the French frontier, said they had had nothing to eat for three days.

RED CROSS READY FOR NAVAL BATTLE.

London, Aug. 11.—A dispatch to the Daily News from Rotterdam says that the Holland-American steamship line has placed its large premises in the Hook of Holland at the disposal of the Dutch Red Cross, with a special view to needs in the event of a naval battle in the North sea.

GERMANS DRIVE FRENCH OUT OF MUELHAUSEN, BUT ADVANCE IS STOPPED BY THE INVADERS

PARIS LAUDS THE CONDUCT OF HER ARMY

France Still Claims the Control of Northern Alsace.

Compel Retreat of German Cavalry Near Spincourt, in Meuse.

Aviators Are Constantly at Work Along the Frontier.

Paris, Aug. 11.—Via London, 10:15 a. m.—A large force of Germans on Sunday night attacked the French advance guard which had pushed forward on Cernay and Muelhausen.

Before this attack, the commander of the French troops had quit Muelhausen and disposed of his troops in the rear of the town. He quickly placed his forces in a fighting line and stopped the advance of the Germans, who, according to French reports were superior in numbers.

The actions of the French are declared to have been brilliant and it is claimed they remain masters of northern Alsace.

Halted By Cannon.
Attacks on Logevillers and Hablinsville were attempted by the Germans, but failed because the French were supported by cannon from Villers. It is officially announced that the French troops around Spincourt, in the Department of Meuse, are not paying the German cavalry to retreat, although the latter were supported by artillery.

Aviators at Work.
French aviators are constantly flying over the zone where the German troops are disposed without paying the earlier in the region of Gerolstein, in the rear of Metz and Thionville.

WRECKAGE OF BRITISH WAR VESSEL ON PACIFIC COAST

Doors, Windows, Shutters and Planking Washed Ashore.

May Be From Gunboats Algerian.

San Francisco, Cal., Aug. 11.—More wreckage from a British vessel, which today is established to have been a man-of-war, was cast up by the early flood tide in the neighborhood of the south shore life saving station. Two white wooden cabin doors were found bearing on bright brass plates, one the legend "Navigating Officer," and the other "Gunner."

German Warship Sighted.
A German warship with three masts and two military masts was sighted sixteen miles outside the Golden Gate at 10 a. m. today. Taken in connection with finding of floats from a British warship, has significance today, her presence has significance. The description would not agree with either the Lepidus or the Thetis and therefore gave no light on the vessel's identity.

Not the Rainbow.
Ottawa, Ont., Aug. 11.—The wreckage cast up by the tide at San Francisco is not part of the "Rainbow," of which we are certain," declared the naval office today.

England Has Over 500,000 Men Armed.
"Should View Situation With Comparative Equanimity," Says Times.

London, Aug. 11.—According to today's Times, England is now well on with her mobilization and has between 500,000 and 600,000 men under arms, not counting the national reserve. "We should, therefore, view the situation with comparative equanimity," says the Times, "and not be turned from any resolve by the threat of an assault by the German navy."

SHIPS SECURED FOR CANADIAN TROOPS.

Montreal, Can., Aug. 11.—The British admiralty has canceled all trans-Atlantic sailings of the Allan line steamers Albatross, Victorian and Corsican, and will use the vessels to transport supplies and troops, presumably from Canada to Europe, according to announcement made by the line today.

PARIS LAUDS THE CONDUCT OF HER ARMY

NO PROSPECT OF SOO DEPOT YET

West Duluth Club Will Again
Seek Action Under
Franchise.

The much-discussed Soo line depot question will again be threshed out at the meeting of the West Duluth Commercial club Friday evening. According to members of the club the railroad is as far away from building the station for West Duluth today as it was three years ago.

The company has secured a site for the proposed station east of the foot of Ramsey street. Part of this has been graded and last fall it was in-

timated that the station would be ready to do business this spring and that the trains would be operated over the route.

Since the work of grading was stopped no step has been taken to have a station erected. This is taken by West Duluthians as an indication that the company is trying to put off the work as long as possible and hopes to have the subject ultimately dropped.

"We propose to have the company live up to the franchise it secured from the city if it is necessary to go to the courts with it," said a member of the club this morning. "This delay is entirely unwarranted and the city officials should not tolerate it any longer."

GETCHELL ROAD BEING IMPROVED.

Graveling of the Getchell road between its crossing over Keene's creek and the Morris-Thomson road is about completed. A force of men working under the direction of County Commissioner Charles Kauppi has been busy during the last two months doing the work.

The roadway is fast getting into shape for good travel and many of the farmers coming into West Duluth take this highway to the western end of the city. The fill required at the ends of Keene's creek bridge is also being made.

FEW PATRONIZE THE WEST DULUTH MARKET.

Lack of interest in the public market at Ramsey street and Fifty-sixth avenue west is arousing some of the West Duluth business men. Two farmers arrived there this morning with loads of produce and it was

nearly noon before one of them had sold all of his stock, while the other still had much left.

It is believed that the reason of the small patronage is that many of the people living in this end of the city forget that farmers are bringing in their vegetables. It is proposed to acquaint local people with the fact that the farmers are coming to West Duluth on Tuesdays, Thursdays and Saturdays and bring them out in force on these market days.

The city will be asked to provide a sign which will be hung over Ramsey street near this point, calling attention to the market place and also giving the days on which the farmers will be at the market. Such a sign was provided last year but as yet has not been replaced.

McNULTY FUNERAL ON THURSDAY.

The funeral of Mrs. Bridget McNulty, 41 years old, wife of Bernard McNulty, 651 1/2 Main street, who died yesterday at St. Mary's hospital, will be held Thursday morning at 10 o'clock from the St. James' Catholic church. Interment will be in Calvary cemetery.

Mrs. McNulty was a member of Division No. 2, Daughters of Erin. Members of this society will turn out in a body to attend the funeral. She leaves, besides her husband, seven children.

Olson Funeral.

Funeral services for Mrs. Julia Olson, 66 years old, who died Sunday at St. Luke's hospital, will be held tomorrow afternoon at 2 o'clock from the home of her son, Ole Berg, 103 South Sixtieth avenue west. Interment will be at Onondaga cemetery.

West Duluth Briefs.

Mrs. H. L. Liberty, 420 North Fifty-eighth avenue west, has as her guests her mother, Mrs. P. Peterson, and her brother, Ralph Peterson of Joliet, Ill., and her sister, Mrs. H. Hartman of Chicago.

Miss Donna Albertson of Minneapolis is spending a few days visiting at the home of her parents, Mr. and Mrs. A. Albertson, 418 North Forty-second avenue west.

Mr. and Mrs. Thomas Sorenson and

family, 604 North Fifty-ninth avenue west, expect to move this week to Detroit, Mich. They have been residents of West Duluth for more than twenty years.

Mrs. S. A. Jacobson of Moose Lake, who has been at the Duluth hospital for several weeks, left for her home yesterday.

The Woodmen of the World have planned to hold their annual picnic this year at Fairmont park. A program of sports is being arranged.

John Dignus, 27 North Sixty-sixth avenue west, last yesterday for a two months' visit on the West coast.

The West Duluth and Pochontas council of the Royal Leagues will meet this evening at the West Duluth Commercial club. Plans will be made for social sessions to be held next fall and winter.

Watch report: Hurst West Duluth.

Car for Suburb Police.

The new Ford automobile for the West Duluth police station will probably be delivered there this afternoon or tomorrow, according to Safety Commissioner W. A. Ticken. The West Duluth station has been without a car for some time. The car will be used for patrol and other police purposes.

"DIDN'T KNOW 'T WAS LOADED"

John Erickson, Aged 11, Is
Shot in Arm By Play-
mate.

John Erickson, Jr., 11 years old, son of Mr. and Mrs. John Erickson, 606 Garfield avenue, was the victim this morning of a gun that he and his companions "didn't know was loaded."

The bullet went through the boy's left arm below the elbow.

John and his playmates, Tony Matel, 10 years old, and Theodore Johnson, 9 years old, were playing together about 9 o'clock, at Theodore's home, 601 1/2 Garfield avenue, when Tony found a 22-caliber gun that belonged to Ernest Johnson. He aimed it at John, but the gun was not loaded.

A few minutes later Tony returned with a 22-caliber gun and again aimed at John. The boys all laughed, but John feared the firearm pointed at him and he moved away. Just as he did so, Tony fired and the bullet went through the former's left arm. The bullet missed the bone and caused but a slight wound. Had John not moved away just as the gun was fired, he would probably have been shot through the heart.

Neighbors notified police headquarters, and the injured boy was brought to the station, where his wound was dressed by Police Surgeon Murphy. The boy's playmate, Ernest Johnson, Bayfield, Wis., where they are attending the funeral of Mrs. Erickson's mother this afternoon, they are expected home this evening.

Tony lives at 616 Garfield avenue.

NOT AUTHORIZED TO COLLECT MONEY

Stranger Is Seeking Contributions for Two Local Charities.

Residents of the East end report that a man, dressed in a uniform, has been going about from house to house collecting for various local charities, among them the Children's home and St. James' orphanage.

He claims to represent various institutions in Duluth and asks for contributions. There is no representative of these charities in this city sent out to collect contributions. Residents are requested to report the man to the police.

WITHHOLDS HIS WIFE'S FINERY

Silk stockings, high-heeled shoes and dainty bits of lingerie too numerous to mention but all dear to the heart of femininity are the prize for which Anne E. Marendich and her husband, Matt Marendich, now at loggerheads in a divorce suit, are fighting.

Although Matt, she claims, has no earthly use for her personal wearing apparel, he is withholding it from her and has refused to surrender it in district court today she secured an order from Judge Cass requiring her spouse to appear in court Wednesday, Aug. 13, and show cause why he should not be compelled to hand over his wife's wardrobe.

The order also directs Marendich to show cause, if any he has, why he should not be restrained from interfering with or molesting his wife during the pendency of their divorce action and why he should not be obliged to pay her temporary alimony, suit money and attorney's fees.

Mrs. Marendich, in an affidavit filed with the court today, represents that she fears that unless her husband is restrained by order of the court he will do her bodily harm. She is suing for divorce on the grounds of cruelty.

EXPECT 200 RETAILERS. Campaign for Co-operation to Be Launched at Meeting.

Retail dealers of Duluth are planning to have at least 200 representatives at the meeting of the Commercial club at 7 o'clock tonight when plans for closer co-operation will be made and definite work started. All of the important retail firms expect to be represented and the Commercial club will also be represented. Several important committees will probably be appointed to put the campaign in motion.

WILL SPEAK TO SALVATION ARMY.

Col. and Mrs. Stephen Marshall, the former being provincial officer for the Salvation Army in Minneapolis, will be in Duluth Thursday, and give a lecture at 8 p. m. at a local army hall on the work done at the international congress recently held in London, England. Col. Marshall returned from England a few days ago and is now in Minneapolis.

MORE WHEELAGE TAXES THAN LAST YEAR.

The high record for the number of wheelage tax licenses issued in Duluth has been broken. Up to noon today Lindsay Pilkey of the treasurer's office, who has charge of this branch of the work, had issued 2,142 tags, or six more than last year, which was the previous high mark. The officials expect that many more will be taken out in a short time.

The wheelage tax brings the city a revenue of about \$16,000 a year and is intended to be used solely for street maintenance. The police department is to see that all are supplied with the wheelage tax. Several delinquents have been arrested and fined.

EXPECT 200 RETAILERS. Campaign for Co-operation to Be Launched at Meeting.

Retail dealers of Duluth are planning to have at least 200 representatives at the meeting of the Commercial club at 7 o'clock tonight when plans for closer co-operation will be made and definite work started. All of the important retail firms expect to be represented and the Commercial club will also be represented. Several important committees will probably be appointed to put the campaign in motion.

WILL SPEAK TO SALVATION ARMY.

Col. and Mrs. Stephen Marshall, the former being provincial officer for the Salvation Army in Minneapolis, will be in Duluth Thursday, and give a lecture at 8 p. m. at a local army hall on the work done at the international congress recently held in London, England. Col. Marshall returned from England a few days ago and is now in Minneapolis.

MORE WHEELAGE TAXES THAN LAST YEAR.

The high record for the number of wheelage tax licenses issued in Duluth has been broken. Up to noon today Lindsay Pilkey of the treasurer's office, who has charge of this branch of the work, had issued 2,142 tags, or six more than last year, which was the previous high mark. The officials expect that many more will be taken out in a short time.

A Single Application Banishes Every Hair

(The Modern Beauty.)

Here is how any woman can easily and quickly remove objectionable hairy growths without possible injury to the skin: Make a paste with some powdered delatone and water, apply to hairy surface and after 3 or 4 minutes rub off, wash the skin and the hairs are gone. This is a painless, inexpensive method and is especially where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine delatone. Advertisement.

NO PROSPECT OF SOO DEPOT YET

West Duluth Club Will Again
Seek Action Under
Franchise.

The much-discussed Soo line depot question will again be threshed out at the meeting of the West Duluth Commercial club Friday evening. According to members of the club the railroad is as far away from building the station for West Duluth today as it was three years ago.

It is estimated that the station would be ready to do business this spring and that the train would be operated over the route.

Since the work of grading was stopped no stop has been taken to have a station erected. This is taken by West Duluthians as an indication that the company is trying to put off the work as long as possible and hopes to have the subject ultimately dropped.

"We propose to have the company live up to the franchise it secured from the city if it is necessary to go to the courts with it," said a member of the club this morning. "This delay is entirely unwarranted and the city officials should not tolerate it any longer."

GETCHELL ROAD BEING IMPROVED.

Graveling of the Getchell road between its crossing over Keene's creek and the Morris-Thomson road is about completed. A force of men working under the direction of County Commissioner Charles Kauppi has been busy during the last two months doing the work.

The roadway is fast getting into shape for good travel and many of the farmers coming into West Duluth take this highway to the western end of the city. The fill required at the ends of Keene's creek bridge is also being made.

FEW PATRONIZE THE WEST DULUTH MARKET.

Lack of interest in the public market at Ramsey street and Fifty-sixth avenue west is arousing some of the West Duluth business men. Two farmers arrived there this morning with loads of produce and it was

nearly noon before one of them had sold all of his stock, while the other still had much left.

It is believed that the reason of the small patronage is that many of the people living in this end of the city forget that farmers are bringing in their vegetables. It is supposed to be a local people with the fact that the farmers are coming to West Duluth on Tuesdays, Thursdays and Saturdays and bring them out in force on these market days.

The city will be asked to provide a sign which will be hung over Ramsey street near this point, calling attention to the market place and also giving the days on which the farmers will be at the market. Such a sign was provided last year but as yet has not been replaced.

McNULTY FUNERAL ON THURSDAY.

The funeral of Mrs. Bridget McNulty, 41 years old, wife of Bernard McNulty, 5611 Main street, who died yesterday at St. Mary's hospital, will be held Thursday morning at 10 o'clock from the St. James' Catholic church. Interment will be in Calvary cemetery.

Mrs. McNulty was a member of Division No. 2, Daughters of Erin. Members of this society will turn out in a body to attend the funeral. She leaves, besides her husband, seven children.

Olson Funeral.

Funeral services for Mrs. Julia Olson, 66 years old, who died Sunday at St. Luke's hospital, will be held tomorrow afternoon at 2 o'clock from the home of her son, Olof, 103 South Sixtieth avenue west. Interment will be at Oneta cemetery.

West Duluth Briefs.

Mrs. H. L. Liberty, 420 North Fifty-eighth avenue west, has as her guests her mother, Mrs. P. Peterson, and her brother, Ralph Peterson of Joliet, Ill., and her sister, Mrs. H. Hartman of Chicago.

Miss Dena Albertson of Minneapolis is spending a few days visiting at the home of her parents, Mr. and Mrs. A. Albertson, 418 North Forty-second avenue west.

Mr. and Mrs. Thomas Sorenson and

family, 608 North Fifty-ninth avenue west, expect to move this week to Detroit, Mich. They have been residents of West Duluth for more than twenty years.

Mrs. S. A. Jacobson of Moose Lake, who has been at the Duluth hospital for several weeks, left for her home yesterday.

The Woodmen of the World have planned to hold their annual picnic this year at Fairmont park. A program of sports is being arranged.

John Dignity, 27 North Sixty-sixth avenue west, left yesterday for a two months' visit on the West coast.

The West Duluth and Poonchintan councils of the Royal League will meet this evening at the West Duluth Commercial club. Plans will be made for social sessions to be held next fall and winter.

Watch repairing, Hurst, West Duluth.

Car for Suburb Police.

The new Ford automobile for the West Duluth police station will probably be delivered there this afternoon.

Commissioner W. A. Hickman, Safety Commissioner W. A. Hickman, West Duluth, will be in the car with more than a month. The car will be used for patrol and other police purposes.

"DIDN'T KNOW 'T WAS LOADED"

John Erickson, Aged 11, Is
Shot in Arm By Play-
mate.

Fears Gun and Jerks Away,
Perhaps Averting Fatal
Injury.

John Erickson, Jr., 11 years old, son of Mr. and Mrs. John Erickson, 606 Garfield avenue, was the victim this morning of a gun that he and his companions "didn't know was loaded."

The bullet went through the boy's left arm below the elbow.

John and his playmates, Tony Matel, 10 years old, and Theodore Johnson, 9 years old, were playing together about 9 o'clock, at Theodore's home, 601 1/2 Garfield avenue, when Tony found a .22-caliber gun that belonged to Ernest Johnson. He aimed it at John, but the gun was not loaded.

A few minutes later Tony returned with a .22-caliber gun and again aimed it at John. The boy, who was not afraid, jerked the gun away from him and he moved away. Just as he did so, Tony fired and the bullet went through the former's left arm. The bullet missed the bone and caused but a slight wound. Had John not moved away just as the gun was fired, he would probably have been shot through the heart.

Neighbors notified police headquarters, and the injured boy was brought to the station, where his wound was dressed by police surgeon Murphy.

The boy's parents left yesterday, Bayfield, Wis., where they are attending the funeral of Mrs. Erickson's mother this afternoon. They are expected home this evening.

Tony lived at 616 Garfield avenue.

NOT AUTHORIZED TO COLLECT MONEY

Stranger Is Seeking Contributions for Two Local Charities.

Residents of the East end report that a man, dressed in a uniform, has been going about from house to house collecting for various local charities, among them the Children's home and St. James' orphanage.

He claims to represent various institutions in Duluth and asks for contributions. There is no representative of these charities in the city sent out to collect contributions and residents are requested to report the man to the police.

WITHHOLDS HIS WIFE'S FINERY

Silk stockings, high-heeled shoes and dainty bits of lingerie too numerous to mention but all dear to the heart of femininity are the prize for which Anne E. Marendich and her husband, Matt Marendich, now at loggerheads in a divorce suit, are fighting.

Although Matt, she claims, has no earthly use for her personal wearing apparel, he is withholding it from her and has refused to surrender it. In district court today she secured an order from Judge Grant requiring her spouse to appear in court Wednesday, Aug. 19, and show cause why he should not be compelled to hand over his wife's wardrobe.

The order also directs Marendich to show cause, if any he has, why he should not be restrained from interfering with or molesting his wife during the pendency of their divorce action and why he should not be obliged to pay her temporary alimony, suit money and attorney's fees.

Mrs. Marendich, in an affidavit filed with the court today, represents that she fears that unless her husband is restrained by an order of the court he will do her bodily harm. She is suing

CHIPPEWAS ARE IN CONFERENCE

Meeting at Bemidji to Discuss Various Tribal Matters.

Bemidji, Minn., Aug. 11.—(Special to The Herald.)—About 200 Chippewa Indians are meeting in the city hall here this afternoon for their second annual conference with Ed Rodgers, former Minnesota football star, now county attorney of Cass county, presiding as president. Various tribal

matters will be considered. The Chippewas met here in July but adjourned until today so that congress might appropriate money to pay the expense of the delegates, the majority of whom come from Red Lake, Leech Lake and White Earth. The conference is expected to continue for three days, and the Indians will formulate their requests to the government in a set of resolutions which have been prepared. Among the delegates are four Indians who served as United States soldiers in the Civil war.

Seek Minnesota Farmer.

\$660,000,000 TRADE FOR U. S.

South American Opportunity Is Shown By Coal Men.

Effort to Instruct Americans on the Situation Is Made.

Chicago, Aug. 11.—Dealers from the eastern and southern coal fields who have approximately \$66,000,000 tons of coal ready for shipment to South America as soon as transportation is available, have recommended the organization of a board of commerce to instruct business men of the needs, finances and transportation questions of the South American trade, according to an announcement by the Black Diamond, the organ of the trade.
Inquiries have been made, it was announced, of the Chamber of Commerce of the United States, of W. C. Redfield, secretary of the department of commerce and of John Barrett, director of the Pan-American union and promises were made that the coal trade would co-operate with other lines to accomplish as much as possible with the small tonnage available.
According to an announcement from Mr. Barrett, the ten nations—Argentina, Bolivia, Brazil, Chile, Peru, Uruguay, Ecuador, Paraguay, Colombia and Venezuela—import from the European nations now at war, more than \$660,000,000 annually and export to the same countries goods to the value of \$68,000,000.

THOUSANDS DISAPPOINTED BY FAILURE OF AUTOMOBILE OWNERS TO DECORATE CARS

WINNER OF FIRST PRIZE.

WINNER OF SECOND PRIZE.

Several thousand Duluthians and many out-of-town visitors were disappointed in the automobile parade on Superior street last evening, when but a corporal's guard of decorated cars appeared. It was expected that from 150 to 200 automobiles would be in the line of march.

Just why Duluth automobile owners failed to enter their decorated cars is not known, except to quote one of the members of the general committee in charge, that they were indifferent. This member said this morning that 500 letters were sent out to owners of automobiles requesting them to enter decorated cars.

Superior street was crowded with people who came out to see the parade, there having been large delegations from nearby towns, but they were doomed to disappointment. After waiting for some time the parade finally started, the Third regiment band in the lead. The few cars that were entered were beautifully decorated and reflected no little credit on their owners. These were roundly cheered as they passed the crowd, which appreciated what it saw, at any rate.

The automobile parade last evening marked the last of the Lark-o-the-Lake entertainment for this year. Including the parade, three celebrations were given by the Duluth merchants, but it is unfortunate that the last should prove a disappointment. The first two, the Venetian fete at the Boat club and the fireworks display at Twelfth avenue east were great successes. Fully 10,000 persons witnessed the two entertainments, while probably as many more were out on the streets in the downtown district and the West end last evening.

What there was of the parade was good. There is no doubt about that. The Third regiment band scored a hit, at least, by returning to Third avenue west after the parade and playing a program of selections for nearly two hours. The crowds filled the sidewalks and the various motion picture houses. These were all packed throughout the evening, even the smaller houses reporting a record business.

Prize Winners.
First prize for pleasure cars went to Miss Mollie Beese in the Columbia "Brown-Eyed Susan." Miss Stella Seligman sat in the car, dressed as a "Brown-Eyed Susan." Miss Beese was the recipient of \$50, while the second prize of \$30 went to the Franklin car, decorated as a monster butterfly. Mrs. A. Patrick won the third prize of \$20 with her car, which was decorated and completely covered with white and red paper flowers. Honorable mention was given to Miss Mollie Harris and J. A. Kreitzer, who also had beautifully decorated cars in the parade.

In the motor truck division the first prize of \$50 went to the French & Bassett company, which had its auto decorated and a child's crib on top fitted out like an automobile. A small boy in pajamas was seated in the crib. The second prize went to the Peyton Paper company's car, which was covered in white, with blue trimmings and surmounted by a white swan. The third prize went to the Kelly Furniture company. Prizes amounting to \$200 were given away by the judges, who were A. K. Souler, Anton Aftien and W. H. Nichols. The Glass Block store and the George A. Gray store each had two delivery wagons beautifully decorated, and which were given honorable mention by the judges.

COST OF LIVING SOARS AS A RESULT OF THE WAR

Pork Loins Nearly Ten Cents Higher Than Week Ago.

Flour Up \$1 a Barrel—Potatoes and Eggs Stationary.

Living costs in this country are soaring as a result of the European war. Everything in the way of food-stuffs has increased in price during the last few days. As compared with two weeks ago, the price of flour is up \$1 a barrel, and oatmeal and other cereals have advanced about 15 per cent.

Meats furnish evidence of perhaps the greatest relative scarcity, and in the opinion of the trade the limit has not been reached yet.

Pork loins are today being quoted wholesale in Duluth at from 21 to 25 cents a pound as compared with 16 and 18 cents a week ago, and beef and other meats are also soaring, though not in the same proportion.

"The present condition of the meat market has been brought about by a combination of conditions," said the local manager of a Chicago packing house today. "The advance is attributable to the scarcity of livestock at all packing points. At Chicago on Monday, for example, cattle were only 12,000 head, whereas under normal conditions, arrivals for that day should run at about double that number. As it is now, pork loins are selling as high as turkeys in Duluth. There appears to be no relief in sight yet, and if the war goes on, it is hard to say where prices may be pushed up to."

Michigan street dealers point out that eggs are now the cheapest food product there is, a dozen of eggs costing only 15 cents.

Robertson filed notice of contest.

FINAL RITES PERFORMED

Mrs. Wilson Buried Beside
Father and Mother in
Georgia.

Services at the Church and
Grave Conducted in
Privacy.

Rome, Ga., Aug. 11.—Simplicity marked the funeral of Mrs. Woodrow Wilson here today. In deference to the wishes of the president, the exercises were brief. There was a 45-minute service at the First Presbyterian church, where Mrs. Wilson's father, Rev. Dr. Edward S. Axson, was pastor for seventeen years, and even shorter ceremony at Myrtle Hill cemetery.

Rome, the girlhood home of Mrs. Wilson, today was in somber attire on the arrival of the funeral train from Washington. Buildings in the business district and many of the residences were draped in black. Traffic was closed early on the streets through which the procession passed from the railway station to the church, and from the church to the cemetery. Special policemen and National Guardsmen patrolled the quiet streets.

Simple Service at Church.
Because of the limited capacity of the church, only members of the family and close friends were invited to be present. On arrival of the funeral train at 2:30 p. m. the casket was placed in a waiting room and the funeral party went at once to the church, where a simple service was held. Two of the daughters who were Mrs. Wilson's favorites as a girl were sung. Rev. Sylvester Beach of Princeton, N. J., and the local pastor, Rev. Dr. G. U. Snyder, conducted the ceremonies.

From the church the funeral procession went direct to Myrtle Hill cemetery. At either side of the streets through which the cortege passed school girls stood, holding laurel branches. As at the church, the services at the grave also were conducted in the strictest privacy.

Six Cousins as Pallbearers.
The body was borne by the side of those of Mrs. Wilson's father and mother. Six first cousins of Mrs. Wilson acted as active pallbearers. They are: Edward T. Brown, Atlanta, Ga.; Robert Hoyt, Wade Hoyt and Nathan Hoyt, Rome, Ga.; B. Palmer Axson, Savannah, Ga.; and Randolph Axson, Atlanta, Ga.

Immediately after the services at the grave the presidential party expected to return to its special train and depart for Washington at 6 p. m.

Many Pay Homage.
Greenville, S. C., Aug. 11.—The special train bearing the body of Mrs. Woodrow Wilson, the president and other relatives sped toward Rome, Ga., today past groups after groups of people who stood with heads bowed beside the railroad tracks to pay homage to the last journey of "the first lady of the land."

People along the route remained up through the night to watch the funeral train pass. In the morning, men, women and children gazed sorrowfully at the car where President Wilson kept vigil beside his dead.

At Culpeper, Va., a folded Confederate flag, with a note of sympathy from the Culpeper chapter of the United Daughters of the Confederacy, was placed on the train. At many other places flowers were presented by groups of little children. James Woodrow Wilson, the president's son, boarded the train at Spartanburg, S. C., where an unusually large crowd was at the railway station. The president was deeply touched by the respectful silence of the people who met the train all along the line.

states that public nervousness in that country has been allayed since the publication of Great Britain's attitude respecting the neutrality of The Netherlands.

"It is stated that the Germans lost 8,000 killed before Liege, but this is unconfirmed."

Liege Forts Unconquered.
"A report states that the principal Liege forts still are holding out, although some of the smaller forts have been captured by the Germans. The bombardment of the fortifications by the Germans is proceeding without interruption. The German forces apparently have been silenced, but when German infantrymen advanced to attack it a hail of bullets was poured into them so suddenly and effectively that they retired with heavy loss."

"The German attacks who are constantly being reinforced, displayed great courage."

"It is stated that 120,000 men of the German army are engaged in the attack of Liege. Rumors from the city describe the conditions as terrible. Many houses have been damaged or burned."

Said to Be Advancing.
"The Austro-Hungarian advance from Cracow in Austrian Galicia toward Kielce, in Russian Poland, is reported to be in progress. At the same time the Russian troops are said to be advancing from Rovno up the valley of the Strv toward Lemberg, the Galician capital."

"The Bulgarian government has demanded a credit of \$10,000,000 for mobilization expenses, in addition to a previous credit of \$30,000,000 for armaments."

Remember that wrinkles and bagginess of cheek or chin are due to the muscular tissue losing its strength and shrinking. The skin is then too large in area to fit such tissue smoothly. It wrinkles or sags.

To remedy this condition, there's nothing so effective, so quick-acting, as a simple and harmless ointment easily made at home. Get an ounce of powdered salicylate of your druggist's, and half pint which hasel, mix the two and bathe your face in the liquid. This at once softens the skin and softens the underlying tissue—what, of course, smoothes out the lines and draws in the sagging skin. It also stimulates circulation, brings out freshness and smoothness to a tired face.

GETTING GOLD ABOARD FOR THE AMERICANS IN EUROPE

U. S. CRUISER TENNESSEE AT THE PIER IN NEW YORK.

HOW THE WAR NEWS IS DELAYED

New York, Aug. 11.—Advices to the Associated Press from London state that an increasingly rigid censorship is being imposed on all matter from Brussels. This increases the delay in such dispatches as are allowed to come through. The French Cable company, which, except those with terminals in the British Isles, is the only direct line to Europe now in operation, has given notice that the congestion on its lines is such that all messages are subject to a minimum delay of several hours. In an effort to avoid this delay direct dispatches of the Associated Press from Paris are being routed through London but the delay is also very great. Dispatches which left Paris early yesterday are being received with a delay of from fifteen to seventeen more hours, and other Paris dispatches have suffered even greater delay in transmission.

lory performance was excellent, but expressed surprise at the infantry fighting in close order. Battalion after battalion was thrown into the fight in solid formation, but the estimate of 25,000 losses was an exaggeration.

Most of the captured Germans were from 18 to 24 years of age. Their gray uniforms were stripped of insignia and their helmets were covered with gray cloth.

The civilians of the town, says the correspondent, showed the greatest courage under bombardment and in the face of alarms brought in by red flags. The German shells did a little damage to the city in the angle between the Rivers Ourth and Meuse. The factories and coal mines were in operation throughout the fighting.

Explains Situation.
The Standard's military correspondent, explaining the situation at Liege, says:

"The withdrawal of the Belgian mobile defense left open all the spaces between the forts, whereupon it became easy for the invaders to get into town by taking advantage of the woods and hilly ground."

"It is unlikely that any considerable portion of the German army has been able to turn into the city. A few hundred men would be sufficient to keep the civil population under control, and it would be an act of madness for the German commander to pass his entire force into what might prove a trap without a fight."

"The fact that the forts have not been captured may be explained in two ways, namely: It may be that their guns cannot be trained inward toward the town, which is more likely, that the Belgians are unwilling to risk the destruction of their fine city for the sake of turning out the enemy, whose occupation matters little from the point of view of the Belgians."

Liege is quite useless to the Germans so long as the forts hold out."

slightest attention to the bursting shells of the enemy.

The official communication says the work of fortifying Luxembourg and the city of Liege has been completed by the Germans.

**SUMMARY OF EVENTS
IN THE ZONE OF WAR.**

In and around Liege the situation was unchanged today. The Germans held the town itself, but the forts still were fighting stoutly. The German main army in the north was reported to be in progress. At the same time the Russian troops are said to be advancing from Rovno up the valley of the Strv toward Lemberg, the Galician capital.

Aviators are at work constantly on

There is absolutely no direct communication with Germany or Austria by any routing. A few censored dispatches are coming through via London and these are received by transmission out of England. The Associated Press has been making every effort to communicate with Germany through the wireless companies operated from New York. On Sunday a message was sent to the Berlin bureau of the Associated Press, and the wireless company said that it had been received in Germany, but since then only fragmentary signals have been exchanged over that system.

Inability to secure wireless communication with Germany since the cutting of the direct German cable at the outbreak of the war, and the increasing rigor of the London censorship, still further obscures what has actually transpired within the military zone.

Rigorous.**

Paris, Aug. 11.—Via London, Aug. 11, 6:20 a. m.—Martial law is being more rigorously enforced in this city daily. The authorities are particularly anxious to prevent the escape of important news, and frequently take the precaution of tapping telephone wires, call in which can now be made only in French.

It is explained that this insistence upon the use of a language familiar to the police has been made necessary by the desire to prevent English and Americans, whose knowledge of French is limited, from being able to communicate with the authorities.

The American ambassador, Myron T. Herrick, was cut off today when attempting to converse with friends. The diplomat was more amused than annoyed.

WEATHER NEWS.**

New York, Aug. 11.—Through the failure of British and German vessels to report weather conditions at sea because of the fear that their locations would be found out by wireless by hostilities, the weather bureau is unable to give notice of West Indian hurricanes now probably forming. Owners of ships sailing to South America and West Indian ports and officials in the local forecast office complained today that the situation was extremely serious. As a result of the failure of the German ships to report, the radio telegraph bulletin issued daily for the benefit of the merchant marine is practically useless.

**MORE WORK FOR
U. S. EMBASSY.**

Paris, Aug. 11, via London, 11:16 a. m.—The United States will look after the interests of the French in Austria, Hungary and of the Austrians and Hungarians in France during the interruption of relations between the two countries.

Count Sigismund Secken de Temerin, Austro-Hungarian ambassador to France, was conducted to the railroad station by General William Martin, a high official "connected with the French military office," who had been provided for the ambassador and he departed for the Italian frontier.

**KING ALBERT BACK
FROM VISIT TO ARMY.**

Brussels, via London, Aug. 11.—12 noon.—King Albert arrived here during the night from the general headquarters of the Belgian army at Louvain, to the northwest of Liege. His majesty passed several hours in conference with the Belgian minister of war, after which a cabinet council was held.

It is reported here that all the civilian hostages held by the Germans in the town of Liege have been released on giving their parole to remain at the disposal of the German military authorities.

**ONLY FRENCH PRESS
CAN BE REPRESENTED.**

Paris, via London, 10:40 a. m., Aug. 11.—Detailed instructions were issued by the French minister of war today concerning newspaper correspondents accompanying the French armies in the field. Only representatives of the French press who are of French nationality and not subject to military duty and correspondents of the newspapers published in allied countries will be allowed to follow the operations of the armies in the field.

**GERMANS OCCUPY
ABANDONED TOWN.**

London, Aug. 11.—9:05 a. m.—The Paris correspondent of the Exchange Telegraph company says that a dispatch from Maastricht, The Netherlands, announces that the Germans occupy Tongres, a town ten miles north of Liege. A place had been abandoned by the Belgians.

German engineers are engaged in constructing a second bridge across the river.

**MORE RESERVISTS

WHOLE NORTH SEA IS ABOUT TO BE MINED

England Says German Action There Will Be Imitated.

Washington, Aug. 11.—Great Britain, pointing out the danger to neutral shipping by mines in the North sea by Germany, has indicated a purpose to plant mines in the same waters. Colville Barclay, charge of the British embassy, today presented to Secretary Bryan the following memorandum:

"The Germans are planting contact mines indiscriminately about the North sea in the open sea, without regard for consequences to merchantmen. Two days ago four large merchant ships were observed to pass within a mile of the mine field which sank H. M. S. Amphion."

Perilous in Last Degree.
"The waters of the North sea must therefore be regarded as perilous in the last degree to merchant shipping of all nations."

"In view of the methods adopted by Germany, the British admiralty must hold themselves fully at liberty to adopt similar measures in self-defense, which must inevitably increase the dangers to navigation in the North sea. But before doing so they think it right to issue this warning, in order that merchant ships under neutral flags trading with North sea ports should be aware of the danger of entering the area of such exceptional danger."

PAYS \$400 FOR FAKE TICKET TO AMERICA.

London, Aug. 11.—A bogus steamship ticket now has appeared on the scene. One victim paid \$400 for a counterfeit ticket.

The various committees formed for the relief of Americans having found that they were being victimized today established a common headquarters where a more thorough investigation can be had, with the object of eliminating imposters.

A society of college women has been formed by Mrs. Walter H. Page, Mrs. David Starr Jordan, Miss Herbert C. Hoover and Mrs. Shepperd for the purpose of watching over the interests of stranded American school children.

JULY WORK AT THE FARM

Fifty-Eight Prisoners Received During the Last Month.

Work and Wages for Discharged Men Will Be Discussed.

Fifty-eight men were received at the city and county work farm during the month of July, according to the monthly report of Fred Ward, superintendent, submitted to the joint board of county and city work farm commissioners at its August meeting at the courthouse this afternoon. The report also shows that the total number of misdemeanants received at the institution up to Aug. 1 was 333. The work farm has been receiving prisoners since Jan. 8.

During the month only one man escaped, which brings the total number of escaped men up to twenty-six. A "We finished our sawing and are now installing the planer and matcher," the report states, "preparatory to making flooring, siding, ship lap, etc. We have cut what hay there was on the farm and have about twenty-five tons. We have also cut hay for our neighbors on shares. The men worked well this month and the discipline has been good."

At the meeting this afternoon, it is expected that the question of furnishing employment for short periods to men who are discharged from the farm after serving their sentences will be taken up for consideration. Under such an arrangement, men who were released would be afforded an opportunity to earn a few dollars before returning to the city to find employment.

GROCCERS EXPECT 3,000 AT PICNIC

Annual Outing Will Be Held at Lincoln Park Thursday.

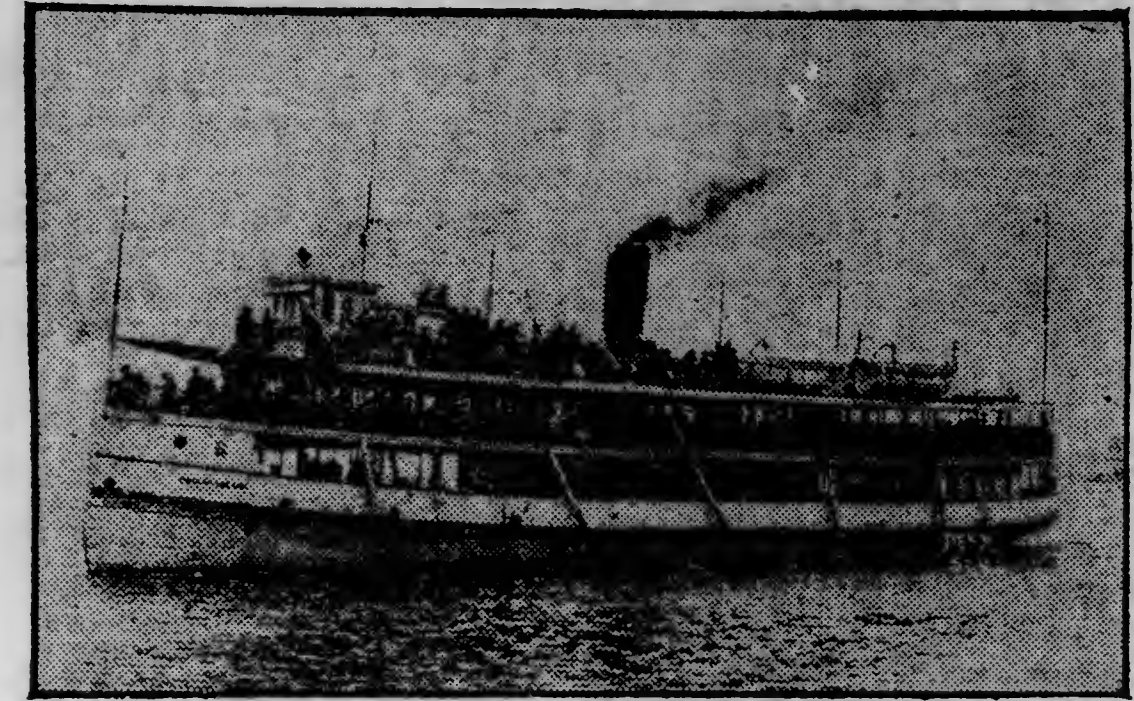

No less than 3,000 people are expected to attend the annual picnic of the Duluth Retail Grocers association Thursday afternoon at Lincoln park. The grocers will keep their stores closed all day and are sending out notices to their customers to do their Thursday shopping on Wednesday.

The Third Regiment band has been secured by the grocers to furnish a concert for the picnicers during the afternoon and music for dancing in the pavilion in the evening. There will also be a program of athletic events in the afternoon.

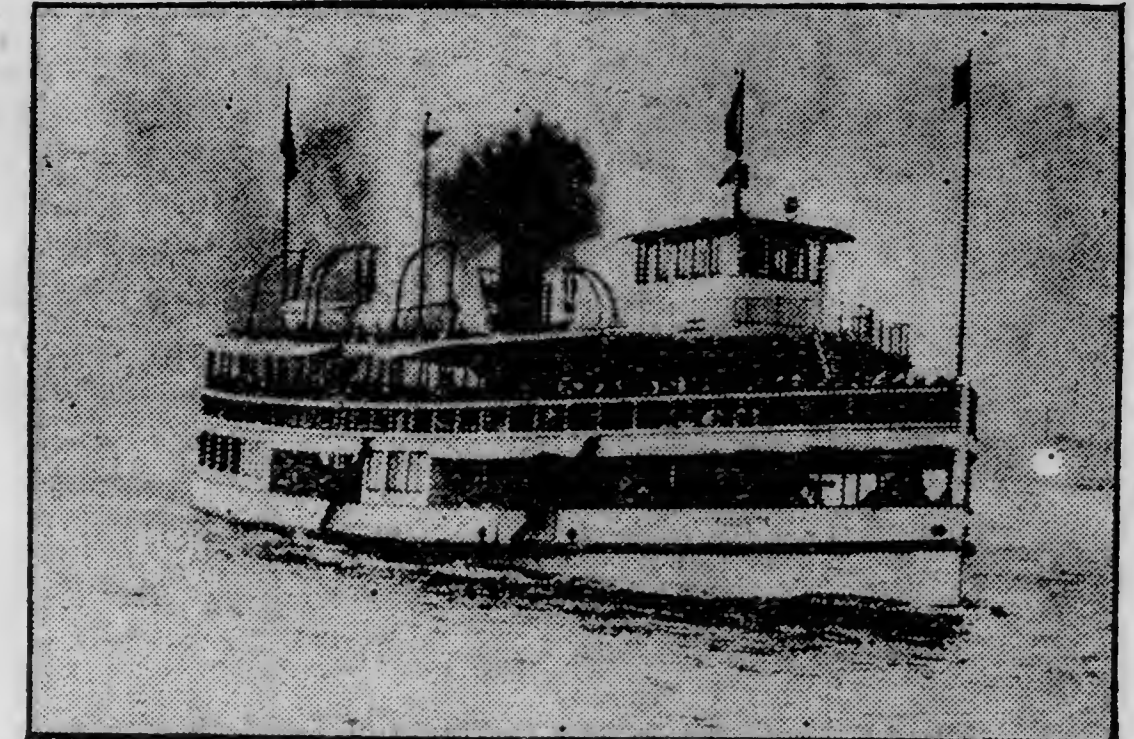

The afternoon program of athletic events is expected to interest many. A complete list of the athletic events for the afternoon follows: Ball game, grocers vs. commission men; married ladies' race, fifty yards; boys' shoe race, boys under 15; 100-yard dash for grocers only; 100-yard dash, free for all men; tug of war, grocers vs. wholesalers and commission men; 100-yard dash, girls under 14; special event (not announced) for wives of members of the board of directors; 50-yard dash, girls under 18; 50-yard dash, young ladies in bobble skirt; married ladies' race backward; ball throwing contest for ladies; bread making contest; committee men's race; tug of war, ladies; fat men's race; tug of war, grocers' clerks; walking race, grocers' wives; laughing contest, city salesmen; singing contest, girls under 10; ladies' pin contest; ladies' clothes pin contest; cracker-eating contest, boys under 14; the largest (numerically) grocers' family, the oldest married couple, the best looking grocer and the homeliest grocer will be awarded prizes. The judges for the afternoon's program will consist of the following: A. M. McEwen, F. X. Gravel, Edward Strange, R. E. Burbridge, J. O. Johnson, David Olson, H. C. Wahl and W. B. Henderson.

The committee in charge of the general arrangements for the big picnic consists of George H. Schulenburg, E. W. Olson, John Logan, M. R. Bush and George Peterson.

Company C, M. N. G., Will Shoot at State Tournament.

The rifle team of Company C, Third regiment, Minnesota National Guard, will compete in the state rifle tournament, which will be held for ten days at Lake City beginning Aug. 26. The team will consist of seven riflemen under the command of Capt. W. O. Flodin. The winner of the state championship will receive a handsome gold medal and many other trophies have been offered for the other events.

Larger Switchboard.
Brainerd, Minn., Aug. 11.—(Special to The Herald.)—The Northwestern Telephone Exchange company is alterations to its switchboard and two new sections are being added, giving a third more facilities. The improvement has been made necessary by the increased business of the exchange.

MANY MEN IN DAKOTAS

Harvest Hands From the Southwest Flock to Fields.

Commercial Clubs of Northwest Co-Operate With Labor Agents.

The labor situation in the Dakotas this year is unusual, and the call for migratory harvest hands is said to be at low ebb. A great army of men has come in from Oklahoma, Kansas, and other southwestern states since the winter wheat harvest and filled all the openings for help.

G. S. Richards, proprietor of the National Employment agency, has just written letters to various commercial clubs in the Northwest asking what the labor conditions are, and replies already received do not show any great demand for more men at present. Most reports, however, are to the effect that a big crop is being harvested. In a few places early heavy rains and recent hot weather have done considerable damage.

Wages in the Dakotas will be lowest in years, owing to the fact that so many men have gone to the harvest fields. About \$2 to \$2.50 a day is about the highest paid for common labor. Engineers for threshing rigs are drawing from \$6 to \$8 a day, and other skilled threshing helpers are getting fairly big wages.

Mr. Richards expects to hear reports from practically all the towns of the Northwest giving both crop and labor conditions. The commercial clubs are co-operating, making it possible to get a good supply of men on the ground as soon as new work opens.

NO UNDERGROUND WIRING THIS YEAR

City Council Goes Over Vermilion Road in Automobile.

The wire companies will not be asked to put their wires underground on Vermilion road this year, although the road is being paved from Fifth street to Ontario street.

The members of the city council went over the road this morning in one of the city's automobiles. The road is being paved from Fifth street to Ontario street. The council stated that most of the property abutting the improvement is unimproved and without trees, and that until the ground is settled it will be unreasonable to ask the wires to be placed in conduits. They also declared that many settled streets have overhead wires which should be removed before they are taken from unimproved highways.

The commissioners found that most of the grading on Vermilion road has been done and that the laying of concrete will be started in a short time. The general opinion was that the contractors would have no time to lose if they are to finish the job in good season.

Several other places where small improvements are desired or where minor complaints have been made were visited. The trip consumed most of the forenoon.

CANADA SOON WILL HAVE 22,000 READY

Employers Will Keep Enlisted Men on the Payroll.

Ottawa, Ont., Aug. 11.—Within a week Col. Samuel Hughes, minister of militia, hopes to have most of the 22,000 men who will make up the Canadian contingent which will go to the war on the way to Valcartier, Que., the mobilizing center.

Three regiments are already on the way. They are the Royal Canadian horse artillery, the Royal Canadian dragons, and the Strathcona horse. It has not yet been decided whether these units will go to the seat of war. Recruiting will close for the overseas contingent Wednesday night, and from the list of names sent into the militia department the 22,000 men required will be picked without delay and will be rushed to the mobilizing center.

King George has notified the government here that he will be pleased to accept a full division of 22,000 men.

TRAVEL STOPS BY WAY OF TRIBUTE

Missabe Road Suspends Service Honoring Memory of Mrs. Wilson.

Every train on the D., M. & N. railroad stopped for five minutes yesterday afternoon as a last tribute of respect to the memory of Mrs. Woodrow Wilson, whose funeral took place yesterday.

An impromptu memorial service took place on the passenger train en route to Duluth from Hibbing. As the train pulled into Alborn at 3 o'clock the conductor announced that it would remain there for five minutes as a mark of respect to the memory of Mrs. Wilson. A minister arose with bared head and spoke briefly and impressively, concluding with a prayer for the bereaved president might be given strength to bear his sorrow and grief. As he seated himself some of the started to sing "Nearer My God to Thee," and the words were taken up by the others present.

The public and many private offices were closed during the afternoon and day.

Names Paving Foreman.

Frank Sellers will finish work on Superior Street.

Frank Sellers has been appointed foreman to finish the paving of West Superior street between Twelfth and Fifteenth avenues. He succeeds James W. Preston, who had charge of the improvement of the street between Fifteenth and Thirtieth avenues.

Mr. Sellers had charge of the concrete work under Mr. Preston, and Commissioner Murchison is confident that he is competent to handle the entire job. He will be paid \$175 a month instead of a percentage.

GOING HOME TO FIGHT FOR LA BELLE FRANCE

RESERVISTS ON LA LORRAINE.

More than a thousand reservists sailed on La Lorraine to join the French army. They went out of New York harbor in a holiday spirit, cheering and singing the Marseillaise.

DEPARTURE OF LA LORRAINE.

La Lorraine of the French line departed for Havre, Aug. 5, with reservists. The ship was to have sailed at 10 a. m. but she was delayed awaiting final orders until noon. She had been warned of German war ships lurking outside Sandy Hook which might make a prize of her.

FRANCE AND AUSTRIA ARE IN STATE OF WAR

Paris Charges Participation in War By Austrian Troops.

Paris, Aug. 11.—Via London.—It was officially announced last night that France had broken off diplomatic relations with Austria-Hungary. The French ambassador at Vienna left the Austrian capital and the Austro-Hungarian ambassador at Paris asked for his passports.

In announcing the breaking off of relations with Austria, the French foreign office made the following statement:

"Contrary to assurances given by Austria to the French minister of foreign affairs that no Austrian troops were taking part in the Franco-German war, the French government has ascertained beyond any possible doubt that certain Austrian troops are at present in Germany, outside the Austrian frontier. These troops, which have set free certain German troops, are destined to be employed in fighting the French, ought indubitably, de facto and de jure, to be considered as acting against France. In these circumstances the French ambassador was ordered to leave Vienna.

"The Austrian ambassador at Paris, on being informed of France's decision, asked for his passports."

25,000 AMERICANS STILL IN GERMANY

Means to Help Those in Want Is Being Sought.

Copenhagen, Aug. 11.—Via London, 12:50 a. m.—It is announced from Berlin that 25,000 Americans whose journeys were interrupted by the war are within the German frontier. Many are without resources, but are being assisted so far as available means permit.

On the suggestion of a number of representatives of industry, finance, science and art in the German capital, a meeting was held at the ministry of the interior for a discussion of how the interest which the United States is displaying in the protection of German nationals in the countries of their enemies could be recompensed by hospitality and solicitude for the welfare of Americans who are quitting Germany in an embarrassed condition on account of the war. It was unanimously resolved, upon the motion of Mayor Wermuth, to hold a meeting at the town hall on Tuesday evening, when all Americans now in American Ambassador James W. Gerard has promised to attend.

GUARD AMERICAN PORTS FROM CHOLERA.

New York, Aug. 11.—Cable advices from Vienna, stating that cholera had developed among the Serbian and Austrian troops, have resulted in precautions being taken at this port to prevent the disease from gaining a foothold in this country. Dr. Joseph O'Connell, health officer here, today announced that special inspection would be made of passengers from Mediterranean ports and from France and England.

The inspection work will be under the direction of Dr. Oscar Teague, head of the new bacteriological laboratory at Quarantine.

Belgium Seizes Austrian Boats.

Antwerp, via London, Aug. 11.—The Austrian steamers Zora and Praxatius were seized yesterday in the port here.

ENGLAND RELEASES HOSPITAL STEAMER.

Seattle, Wash., Aug. 11.—The British steamship Proteus, which was commandeered by the British government upon her arrival from Liverpool and taken to Victoria to be fitted out as a hospital ship, was released yesterday. The British authorities explained that she would not be needed at this time. The Proteus will resume her regular run between Seattle and Liverpool, via the Orient.

BRITONS SCARED BY U. S. DESTROYERS?

Newport, R. I., Aug. 11.—A possible explanation of some of the reports that the Cunarder Lusitania, which left New York for Liverpool Aug. 5, was pursued by foreign warships off the American coast, is given by members of the crew of the United States destroyer Walke. The Walke, with other vessels of the destroyer flotilla, was engaged in maneuvers off Montauk Point, when the Walke suddenly came upon the big steamer in the dark. According to the members of the destroyer's crew, the big liner immediately developed a wonderful burst of speed and vanished.

Libt Tourists in Glasgow. Glasgow, Aug. 11.—American and Canadian tourists numbering over 1,000, who are stranded here owing to a suspension of the sailing of steamers from Glasgow, held a meeting last night at which John M. McCann, an American, presided. A committee was named to register the names of the refugees and render them financial assistance when needed.

CANADIAN PORTS ORDERED CLOSED

Halifax, N. S., Aug. 11.—The port of Halifax has been temporarily closed. Naval officials announced today no ships in port will be allowed to sail until the order has been countermanded. Any British ships arriving off the harbor will be conveyed inland after the regular examination, but once in port they will not be allowed to leave. One vessel was given clearance to use an aeroplanes in the work. The aeroplanes were also a member of the club, went to Russia to photograph an eclipse of the sun, intending to use an aeroplanes in the work. He was last heard from at Libau, June 16.

The aeroplanes club also made its request to Mr. Bryan that he try to effect the release of Mr. and Mrs. Archer M. Huntington, who is also a member of the aeroplanes club, arrested recently at Nuremberg, Bavaria, as spies. Mr. Huntington, who is also a member of the aeroplanes club, was collecting aeronautical maps for the organization, and it is believed the arrest of Mr. and Mrs. Huntington was due to this fact.

QUEBEC SHIP IS SUNK; MANNER NOT TOLD

Quebec, Aug. 11.—The port of Quebec is now closed under orders of the Federal authorities. No ship will be allowed to leave. The following ships that left Saturday or Sunday are held at Father Point: Dolandson liner Letitia; Allan liner Scillon; Canadian Pacific steamship Thyra; Cunard liner Alouette and the Dryad of the Head line.

DUTCH SHIP IS SUNK; MANNER NOT TOLD

London, Aug. 11.—The Dutch steamer Alcor, of 2,005 tons, has been sunk and her crew landed at Helsingfors. She was bound from Rotterdam for Cronstadt, Russia. There is nothing to show whether she struck a mine or was hit by a shell. One hundred and twenty Germans among the crew of the Red Star line steamer Lapin, anchored in the Solent, were taken off the vessel yesterday afternoon by a government tug and transferred to Portsmouth. Fifty Belgians among the crew also left the steamer, and are returning to Belgium. A French torpedo boat escorted into Portsmouth yesterday, an Amsterdam liner which the warship had picked up at the entrance to the English channel.

BELGIUM WILL TAKE GRAIN RISKS.

Montreal, Aug. 11.—An official cable has been received from the Belgian minister of foreign affairs by Clarence I. De Sol, Belgian consul in Montreal, requesting him to inform Canadian grain exporters that the Belgian government has decided to cover all risks of war on wheat or any other grain shipped to Belgian ports.

SEVEN GERMANS HELD AS HOSTAGES.

Paris, via London, Aug. 11.—It is reported from Belfort that in view of the execution of French subjects by Germans, seven prominent residents of the German town of Montreux Vieux, just over the frontier, have been taken by the French as hostages.

AMERICANS WELL CARED FOR IN LONDON.

London, Aug. 11.—The action of American bankers in shipping gold to England has brought down the exchange rate on American paper to nearly normal. The distress of Americans stranded in London has been so far relieved that the American consuls here are now directing its energies and the resources it has in hand to rescuing stranded compatriots on the continent. The committee is now making arrangements with the continental railways to provide distressed Americans with transportation to coast ports. Theodore Heizer, a New York banker, is preparing to go to the continent in an endeavor to persuade bankers there that it is safe for them to cash American paper. Thus far Walter Hines Page, the

FEAR PROF. TODD HAS HAD MISHAP.

New York, Aug. 11.—The Aero club of America has requested Secretary Bryan to use his office to learn the whereabouts of Prof. David Todd of Amherst college, who is somewhere in Russia on a scientific mission. Prof. Todd, who is a member of the aeronautical map committee of the Aero club, went to Russia to photograph an eclipse of the sun, intending to use an aeroplanes in the work. He was last heard from at Libau, June 16. The Aero club also made its request to Mr. Bryan that he try to effect the release of Mr. and Mrs. Archer M. WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nervous was stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."

LEGG AND FISH HAVE LOW SCORE IN FOUR-BALL MATCH

Minikahda Stars Probable Winners of the Second Event of Tourney.

Play Very Consistent Golf—Cullum Is Off His Game.

With play incomplete up to a late hour this afternoon, it looks as if Harry Legg and I. D. Fish of the Minikahda club are the winners of the Minnesota Golf association four-ball 18-hole match. Legg and Fish turned in a score of 72, which for the course is considered very fair golf.

While the score of Jimmy Thompson and Dudley Mudge of the Town and Country club of St. Paul was expected to be a low one, the Minikahda pair look like the winners of the event.

Dr. Cullum and R. S. Patrick of the Northland club turned in a score of 75, Dr. Cullum being clear off his game. G. F. Piper, Jr., and Lawrence Carpenter of the Minikahda club were among the low scores with a card of 74, while Judge Page Morris and A. W. Hartman were among the high scores with a card of 80.

Legg and Fish played very consistent golf over the entire course. The pair never went above five strokes and scored 35 coming in.

RUSSIAN INVADERS CLAIM TO BE VICTORS

Austrians in Galicia Were Put to Saber, Is Report.

St. Petersburg, via London, Aug. 11, 3:05 p. m.—The Russian general staff announces that the Russian troops today dislodged a large body of Austrian troops from the entrenched village of Zalutcha, in Austrian Galicia, to the southwest of Lvov, in the Russian province of Volhynia. The Russians sabred a section of the Fifteenth Austrian Infantry, while the Thirtieth Austrian lancers and the Thirty-third Austrian lancers fled in disorder.

The Austrian troops, who previously had occupied Radziviloff, hastily evacuated the place after the Russian success on Austrian territory.

No other serious engagements have been reported from the Austro-Russian frontier.

WOMEN DEFEND CITY AGAINST GERMANS

Use Boiling Water When Their Ammunition Has Given Out.

Paris, via London, 3:50 p. m., Aug. 11.—According to a special newspaper dispatch, the women workers in the Belgian national arms factory at Herstal, just outside of Liege, defended the village against the German attack.

The men were away serving in the army, and the women, according to the correspondent, swore that the German troops should not take the factory. They armed themselves with revolvers and other weapons, with which they repulsed several charges of the German Uhlans.

When their ammunition was exhausted the women barricaded themselves in the houses, from which they poured boiling water on the German soldiers in the streets. The correspondent says 2,000 Germans were disabled by wounds or killed.

Children and old men shared in the defense of Herstal, and on Friday the Belgian colors still floated from the factory building.

METHODIST LEADER TO VISIT ORIENT.

New York, Aug. 11.—Dr. Frank Mason North, one of the corresponding secretaries of the board of foreign missions of the Methodist Episcopal church, has left New York city for San Francisco, from which port he is booked to sail for Asia by the steamer Shinyo Maru Aug. 15. The major purpose of this visit, made under instruction from the board of foreign missions, is to study the material basis

and facilities of missions in the Far East. National ambitions and racial conflicts today challenge all missionary forces to still greater enterprise. Movements toward union in educational, medical and evangelistic work, are creating new and commanding problems for all foreign mission boards, and to none are they more significant than to that of the Methodist Episcopal church which is at work in practically all of the world's strategic centers.

Drink-Crazed Cedar Yard Employee Tries to Kill His Wife.

Fires Five Shots at Her, None Taking Effect, Then Flees.

Baudette, Minn., Aug. 11.—(Special to The Herald.)—Shortly before 11 o'clock last evening, Peter Dahl, crazed with drink, entered his home and fired five shots at his wife, two of which grazed her body.

Mrs. Dahl was able to ward him off by blows and reached a neighbor's home before he could kill her.

Three small children were witnesses to the deed.

Dahl is 35 years old, while his wife is 31. He works in the cedar yard at Spooner and had just drawn his wages. It is thought that he had boarded the evening passenger train and escaped. Searching parties have gone out to the woods to seek him.

BOY IS KILLED BY WATER WAGON.

Lansford, N. D., Aug. 11.—Clarence Thorsen, aged 13, was killed under the wheels of a water wagon, driven by his father, when he lost his balance, falling directly in the path of the wheels. Before his father could bring the wagon to a stop, the boy had been run down, and the horses taking flight, ran away.

The little fellow was alone in the shop when the fire broke out, and had been penned in one corner by the flames before his father arrived. In making the rescue, Mr. Davidson was seriously burned about the hands and face. The boy also was badly scorched.

INDUSTRIAL COURT SCHEME ADVOCATED

University Professor Testifying Before Federal Commission Favors Idea.

Seattle, Wash., Aug. 11.—Industrial courts to be composed solely of laymen, were proposed to the Federal industrial relations commission at its hearing here yesterday, by Dr. J. Allen Smith, head of the department of economics and social science at the University of Washington.

"The proposed plan of obtaining an industrial court for the settlement of difficulties between employers and employees might work out all right if the court were composed only of laymen," Dr. Smith said, "but it would have to be entirely apart from lawyers and judges. They are not in sympathy with the rights of the laborer, owing to their

laws generally do not recognize the rights of the employee and the employer should be given more interest in the property which he builds up, Dr. Smith declared.

Earl Constantine, secretary of the Employers' Association of Washington, said that organization stood primarily for the open shop.

His main principle is that a man has the right to sell his brain and his hand without the expression of a third party," he declared.

Constantine insisted that there was no bickering in the association, and he said he believed the dominant cause of social unrest was the leadership in la-

bor unions, "and especially the leadership that dictates the labor press."

Major M. C. Gill, in testifying before the commission made his initial declaration in favor of woman suffrage. Votes of women, the major had testified a few minutes previously, did much toward the recall three years ago. He also added that at one time he was opposed to suffrage.

"Are you favorable to it now?" Commissioner O'Connell asked.

"I am," responded the major, smiling. "The major then declared he believed the votes of women had resulted in cleaning politics here."

Under no circumstances, he said, would he designate special police to act during labor troubles unless the chief of police requested them. Then he would select the police himself, the major added. He also would disarm either union or non-union men who threatened trouble during strikes.

The major insisted several times that the labor problems of the Northwest were different from those of the East. "Back East you have capitalists who can't recognize that there is anyone who is ignorant," he declared. "For this reason," he continued, "I could not attempt to outline a general plan for settling labor difficulties in all parts of the country."

W. Olson, state commissioner of labor, followed Mayor Gill on the stand.

BEAVER DAM RIVER.

Appear to Be Beating Engineers to North Dakota Job.

Mandan, N. D., Aug. 11.—(Special to The Herald.)—Whether beaver are better engineers than the state engineers is a question that may be solved here this year. Damming paper mills is a job at which the state engineers are not particularly successful. Recently just below an old footbridge the beaver have begun a dam. They cut one tree on one side and another on the other. These were felled in the manner as to make the foundation of a dam and the beaver have chosen a spot which has long been considered to be the only one at which a dam could be constructed.

SOLD MINOR LIQUOR.

Is Charge Against Iron Hub Man Held to Grand Jury.

Brainerd, Minn., Aug. 11.—(Special to The Herald.)—Deputy Sheriff Claus A. Theorin arrested James Anderson of Iron Hub, on the charge of selling liquor to a minor. He waived examination and was bound to the grand jury in bonds of \$200. Other arrests have been made on the Cuyuna range.

MANY RESERVISTS MAY GO HOME.

Dickinson, N. D., Aug. 11.—(Special to The Herald.)—There may be a movement of German reservists from this district as a result of the European war. The German population of the state is large, and many of the state's largest and most important manufacturing concerns are in this district at about 3,000.

AFFECTS PAPER MAKING.

War Prevents Importing Certain Ingredients Used in Industry.

Ladyanville, Wis., Aug. 11.—(Special to The Herald.)—The paper mill reports that on account of the European war a stop has been put to shipments of English clay, a product necessary for the manufacture of paper, of which the local plant uses about five cars per month. More serious than that is the fact that color which is mostly made in Germany has stopped and color manufacturers are agreed in stating that if the war continues six months that color will be impossible to secure at any price. If this becomes a reality all paper, such as newspaper, book and magazine paper will have a yellow tint to it, the natural color of the wood.

COMPANIES WIN CASES.

Western Union and Reading Not Driven From Wisconsin.

Madison, Wis., Aug. 11.—Two suits brought to effect the revocation of Wisconsin charters to the Western Union Telegraph company and the Philadelphia & Reading iron company were won by the companies in a decision announced yesterday by Federal Judge A. L. Sanborn, F. A. Golder and each company removed a case from a state to a federal court decision. The suits were brought by the Wisconsin Industrial Commission, which holds that such transfer was not cause for revoking the licenses.

AUTO TAKES FIRE; MACHINE WRECK.

Park Rapids, Minn., Aug. 11.—(Special to The Herald.)—As Lee Smith was motoring four miles south of town Saturday night his auto took fire and was completely destroyed. His machine was working badly and lost power, and thinking the trouble

was in the carburetor, he got out and adjusted the feed and drained the gasolene out of the carburetors, letting it drop into the drip pan. He started up the machine again, but going a few rods he discovered the whole bottom was on fire, forcing the occupants out. The machine burst into flames and burned completely. Nothing but the new one and had been run but a short time. The machine was insured.

It is rumored that the water had gotten out of the cooler and the machine had become overheated and the gasolene in the drip pan became ignited and caused the fire.

THRESHING RETURNS LESS THAN EXPECTED

First North Dakota Reports Indicate Wheat Yield Disappointing.

Grand Forks, N. D., Aug. 11.—(Special to The Herald.)—Early reports from the threshing bear out the recent assertions that the state's wheat crop will be far from expectations. Reports from widely separated districts indicate that the wheat yields are averaging from 10 to 12 bushels an acre, instead of 16 to 22, as had been expected.

The intense heat of the latter part of July, together with some rust, has turned a prospective good yield into a disappointing one, according to the reports now available.

Barnes, Pierce, Morton, Rolette, Grand Forks, and Hettinger counties and several other points have made reports of threshing operations up to the present time, and in no instance has the yield been over sixteen bushels, while in most instances it has been about 8 to 12 bushels. Accompanying the reports are comments to the effect that the crop is not so good as in previous years.

Threshers complain that heads are not filled out, and the grain is in many instances, a small, showing the effect of the intense heat.

ATTEMPT COSTS LIFE.

Bachelor Living Near Avon Tries to Drink Jug of Liquor.

St. Cloud, Minn., Aug. 11.—An attempt to empty a gallon jug of whiskey cost the life of Anton Hecker, a 70-year-old resident of Avon, who died at a farm two miles southwest of Avon for a long period of years. Passersby saw Hecker lying intoxicated in his pasture a mile from his cabin. He remained there all day and the next morning when he was picked up and carried to his cabin. In the cabin was found a whiskey bottle and apparently as it had been left when the farmer left the house and he died shortly after reaching the house.

Hecker lived alone on his farm for years. He was 70 years old and had been ill for some time. He was a native of Sweden and had been in the United States since 1845. He was a member of the Lutheran church and had been a resident of the community since 1845.

WISCONSIN BRIEFS

Milwaukee—Thomas H. Burke, 51 years old, 925 Walnut street, dropped dead Sunday afternoon. Heart failure is given as the cause. He has been suffering from the trouble for some time.

Grand Rapids—In the case of the R. Connor lumber company against the Soo railroad, judgment was entered against the Soo road for \$400. The Connor company began suit against the railroad for the difference between the insurance and loss sustained by the property at Auburndale, said to have been caused by a spark from the locomotive.

Antigo—The board of review has upheld its work and the personal property will show a marked drop in the assessment totals. It is expected to be from \$100,000 to \$125,000 less than last year.

Madison—Thursday, Aug. 13, will be declared a municipal holiday on account of the annual picnic of the Wisconsin Industrial Commission, set aside for the purpose of holding that day at the picnic grounds on the bay shore.

Portage—Robert B. Wentworth, aged 37 years, veteran Wisconsin newspaperman and one of the best known

business men in the state, died Aug. 8. Mr. Wentworth came to Wisconsin in 1847. He served in the Wisconsin legislature in the state as assemblyman from Dodge county. He was founder of the Dodge County Gazette, started at Juneau, the first newspaper in Dodge county, and was first secretary of the Wisconsin Press association.

Washburn—The ice supply of Washburn gave out a week ago. Ice is being shipped in from nearby points for the use by the merchants, the private consumers having some difficulty in getting it.

Wausau—The water works plant buildings were destroyed by fire. The boilers are not of communion and the old pumps are in use. The city's water is blowing. A high wind was blowing. Repairs to the pumps will take several weeks. The loss is \$8,000, insured.

PENINSULA BRIEFS

Marquette—Albert J. Trethewey, injured when, to avoid a direct collision with a South Shore train, he drove his motorcycle into a cattle car at the foot of the hill near the Town and Country club, Saturday evening, were such that at no time was any hope held out for his recovery. He suffered two fractures of the skull and compound fractures of an arm and a leg.

Neenah—News has been received here of the marriage, on Aug. 6, of Miss Agnes Henrietta Donovan, a well known Neenah girl, to Dr. Ralph Pagano, a Chicago physician.

Calumet—William E. Smith of Milwaukee has been named as a candidate for state senator, opposing George Williams of Red Jacket, which has been announced that he has withdrawn from the race. Mr. Smith is judge of probate in Keweenaw county. As he would not be able to hold the two offices at the same time, he has decided not to run for the senatorial place.

Crystal Falls—The work of laying out a new retaining wall and pushing by a force of workmen under the new city hall building, which has the contract to do the work.

Hubbell—Curfew rings every night at 8 o'clock. One John Pop, at the head of the police department, has announced that there will be a revival of the village curfew ordinance.

Calumet—Police Chief Hall of Green Bay, Wis., came to Calumet on charge of John Klemmer, wanted in Green Bay on a charge of drunkenness. Linder—Ralph J. Bargar, a mining engineer from the City of Mexico, arrived here for the purpose of inspecting the mines, mills and smelters. He brought letters of introduction from various mining engineers and was shown over the Calumet and company's works at Lake Linden.

Calumet—After being closed for a number of years, the Calumet and company's works at Lake Linden have resumed. William B. Deegan, the former manager of Lake Linden, and the Scott, Hancock, is now proprietor.

Lenmon, S. D.—H. P. Benjamin, county auditor of Perkins county, died at his home here, aged 64 years. He was an early settler of Perkins county, coming to the territory forty years ago. He was a member of the territorial legislature and the first legislature of the state of South Dakota.

ON THE IRON RANGES

BUHL TAX CASE SETTLED; ATTORNEYS CONFERRING ON MOUNTAIN IRON CASE

Agreement May Soon Be Reached in Latter Also.

Village of Buhl Is Restricted to \$65,000 Tax Levy.

Although no agreement had been reached up to 2 o'clock this afternoon as to the terms of settlements in the tax levy injunction suit in which the village of Mountain Iron is involved, attorneys for the Pitt Iron Mining company and counsel for the village each expressed hopes that an early compromise might be effected. The case of the Consumers Ore company against the village of Buhl, a similar injunction suit, was settled out of court last yesterday afternoon and it was hoped today that an amicable understanding as to the Mountain Iron tax levy might be reached without delay.

James P. Boyle of Eveleth, who with B. C. Pickering of Virginia, appears as one of the attorneys for the Mountain Iron Mining company, stated this afternoon that no settlement had been reached although representatives of the interested mining companies and the officials of the village had been in conference all morning. Some disagreement, he said, had arisen between the mining company men and the village officials as to the amount of the village's outstanding indebtedness which would necessarily have to be met by a tax levy this year.

Need Superintendent. In order to get on a working basis for a settlement, an attempt was made to reach Prof. J. F. Muench, superintendent of schools at Mountain Iron, by telephone and secure his consent at the conference here this afternoon. He could not be reached, however, in time to attend the conference.

Chairman of a finance committee organized by the village council some time ago and is said to be posted on the figures which are being made out for a settlement. The morning conference, according to Mr. Boyle, re-

solved itself down to a matter of book-keeping, both sides being unable to agree as to what the correct figures were.

Attorneys for the mining company expressed themselves as being desirous of obtaining a settlement at the close of court this relieving them of the task of proving the charges of gross overvaluation and prohibiting the Buhl case and it is believed that a compromise can be reached as to the terms of an injunction order to be filed in the Mountain Iron case.

Restricts Levy. Pursuant to a stipulation entered into shortly before 7 o'clock last evening, the village of Mountain Iron is enjoined from levying a tax in excess of \$65,000 for the year 1915, which is the amount of the village's outstanding indebtedness as of June 1, 1915, and is also enjoined from levying a tax in excess of \$65,000 for the year 1916, which is the amount of the village's outstanding indebtedness as of June 1, 1916, and is also enjoined from levying a tax in excess of \$65,000 for the year 1917, which is the amount of the village's outstanding indebtedness as of June 1, 1917.

With reference to the paving operations, it has been stipulated that the village of Buhl, over and above the portion to be borne by the Mesaba Electric Railway company, be levied and assessed against abutting or specially benefited property as a special assessment. It was also agreed that the taxes for the water plant, if levied, should not be assessed in 1914. The stipulation entered into provided that the village might issue bonds not to exceed \$50,000 to take care of the water plant. It also provided that if for any reason the bond issue failed, the village officials might issue village orders to the extent of \$50,000 to finance the project.

With respect to the tax levy itself, the injunction restrains the village from levying a tax in excess of \$65,000 this year and prohibits it from issuing warrants or orders for the collection of such tax.

Not to be Paid. The injunction also provides that the village shall not be fully paid out of the revenue thus provided and still leave \$11,000 to take care of the bonds and interest falling due in June, 1915, and \$10,000 additional for general expenses after June 1, 1915, or outstanding obligations to be considered as existing obligations.

Last year the village of Buhl levied \$124,000.

Matt, utilized the bars and cot of his cell for musical purposes and produced a cymbal effect to which the kypsey in the woman's ward, in the hospital, joined.

Matt put up a valiant battle when arrested for drunkenness but was overpowered and locked up. He groaned and howled in the jail windows and created a general disturbance.

Other prisoners, who were in the cell, were tried from a troubled sleep to find the demon of his dreams in reality.

John Maki of Fayal, arrested for disorderly conduct, paid a fine of \$15 and costs. John Maki, who was not a resident of the city, was being taken to a trip to Sturgeon Lake preparatory to sending Mr. Maki there for a conference and started for the city.

Before it left the city the City hall \$75 had been raised.

The list was then circulated around town and at the time of the list was fixed by Municipal Judge Moylan for a solitary one-step. "I don't want a reputation as a censor of the new dance," the judge stated, "but the main business street of the city can hardly be used for dancing."

Peter Kvasness Loses His Life Bathing in Lake Vermilion.

Tower, Minn., Aug. 21.—(Special to The Herald.)—Peter Kvasness, single, of Hibbing, drowned in Lake Vermilion yesterday afternoon at Mahesh's point. Kvasness and Nels Lee of Hibbing were diving from a row boat when Kvasness struck his head on a rock, became unconscious, and drowned. Mr. Lee tried to find him but without success. Kvasness was a party of young people left here Monday morning for a camping trip and had been there for a few hours when the accident occurred. The body was found at a late hour Monday night. Kvasness belonged to the Sons of Norway at Hibbing and was employed in the Oliver shops.

ORE SHIPPING LIGHT.

Not as Many Boats Cleared From Two Harbors as Usual.

Two Harbors, Minn., Aug. 11.—(Special to The Herald.)—The ore business on the Iron Range railroad during the last week has been rather slow. Only a few boats were cleared from the harbors, and it is expected that the business will remain slow for some time. The reason for this is the fact that the weather has been unfavorable for shipping, and the demand for ore has been low.

WOUNDED LIST IS ENORMOUS

Chicago Man Tells What He Saw Behind Belgian Lines.

Says German Prisoners Appeared in Good Condition.

London, Aug. 11, 2:10 p. m.—John Clarkson of Chicago, a railroad contractor who left Antwerp on Sunday afternoon and reached here by way of Ostend, says the number of the Belgian wounded is enormous. All the hospitals at Brussels, Bruges and other cities, he says, are full, and the wounded are being treated in the best of conditions.

Mr. Clarkson said he saw a long train full of wounded soldiers unloaded at Brussels. The wounded men were carried through ranks of soldiers who presented arms as they passed, while crowds of people looked on in silence.

Saw German Prisoners. When the German prisoners were brought to Antwerp from the front a large crowd gathered to see their arrival, but no attempt was made to molest them. The German soldiers, according to Mr. Clarkson, appeared to be in good condition. The men looked dejected, but their officers were a proud and defiant air.

The banks at Antwerp, Mr. Clarkson said, were paying only 10 per cent of their deposits, and refused to honor American paper. Very few Americans were left there. The prices of food were fixed by the military authorities, and any storekeeper caught overcharging was arrested.

Saw War Vessels. While crossing the channel the steamer on which Mr. Clarkson traveled hugged the French coast until near Dunkirk, where she shot across to Dover. Mr. Clarkson said he saw three large battleships and four submarines while he was making the voyage, but there were no signs of French or English troops in that part of Belgium through which he crossed.

ARRAGNED FOR PERJURY

Charles H. Wingrove Is Granted Hearing By Judge Cutting.

Charles H. Wingrove, 45 years old, who was arrested on a charge of perjury while testifying in a "under the case in police court yesterday morning, was arraigned before Judge Cutting this morning.

Wingrove asked for a hearing and the court set the examination for 2 o'clock next Tuesday. In default of \$200 bail he has been remanded to the county jail, where he will await his examination on Tuesday.

It was during the trial against Teresa Marotta, accused of having sold liquor without a license, that Wingrove, testifying for the defense, denied that he was a partner in the business, and that he was ever convicted of a felony. A few minutes later Harry Faber White, trial assistant county attorney, testified that Wingrove was arrested last fall for deserting his military service, and that he pleaded guilty in district court on Oct. 1. He was later placed under arrest by Capt. Pickett.

Miss Marotta was found not guilty of the charge against her there being no evidence to show she had sold liquor.

ABSORBS RANGE POWER COMPANY

Great Northern Company Controls Electric Business on Mesaba.

The Great Northern Power company has taken over the St. Louis Power company's plant and business on the Mesaba range, and is therefore supplying power and light to practically all of the towns in that part of the country. The takeover was completed some time ago, according to W. N. Ryerson, general manager of the Great Northern company, and took effect Aug. 1.

The company is furnishing power and light to Virginia, Hibbing, Gilbert, Chisholm and other points on the range, and is furnishing power for the Mesaba Electric range, which operates between a number of points on two ranges. Hibbing will also be furnished with light and power by the Great Northern company, and it is likely that still further extensions will be made to other range towns in the very near future.

The deal has been talked about for about a year but nothing definite was done until recently.

WOMAN ALSO IN CUSTODY

Accused of Trifling With Uncle Sam's Immigration Laws.

Her companion arrested a week ago yesterday on a charge of bringing a woman into this country for immoral purposes and now being held by the immigration authorities pending word from Washington, Mrs. Anna Benyug was taken into custody yesterday.

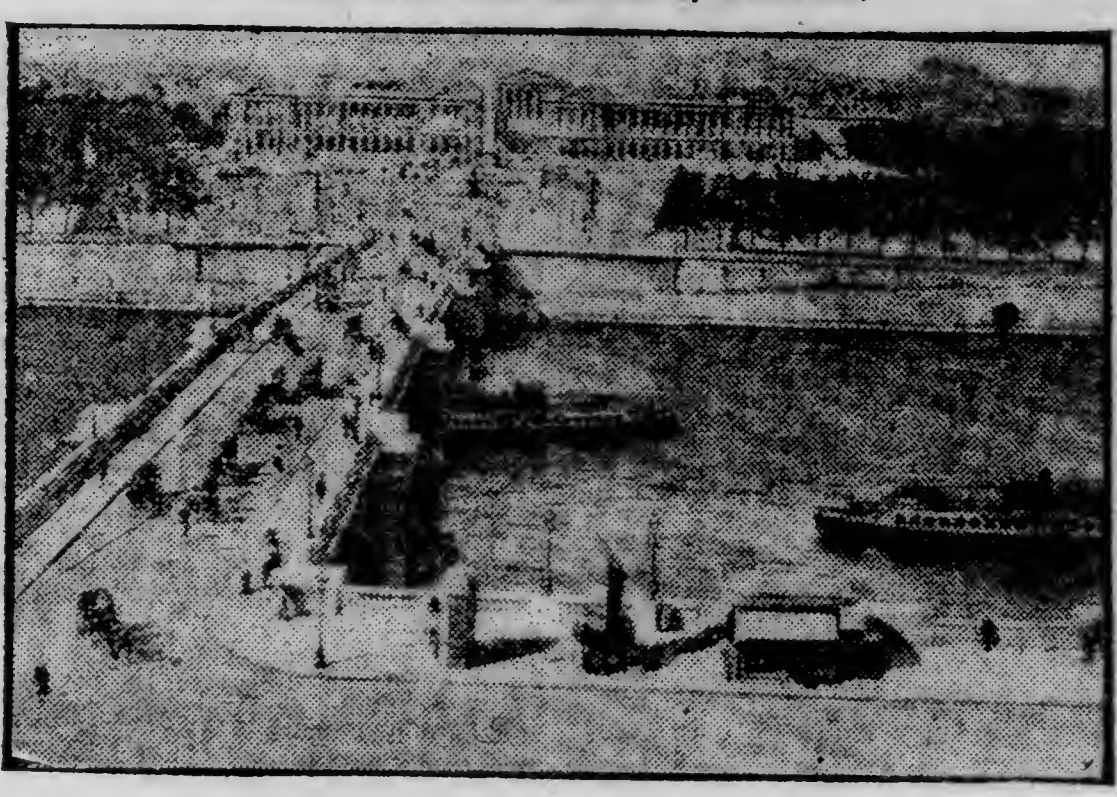

On Sunday, Aug. 2, Mrs. Benyug and her two children, one 8 years old and the other 2, came from Duluth on the steamer America to Port Arthur. At the dock she told the immigration inspector that she came to live with her husband, but when the officer asked her name, her husband was not there to meet her. She immediately began an investigation and with a woman in custody was living with a woman in Superior.

Mrs. Kuculynne had followed her husband all the way from Austria, and in Duluth on a charge of bringing a woman into this country for immoral purposes and with a woman in custody was living with a woman in Superior.

VIEWS IN CAPITALS OF WARRING POWERS

THE WILHELMSPLATZ, BERLIN.

PLACE DE LA CONCORDE, PARIS.

WHITEHALL, LONDON.

The above pictures show the representative centers of the warring nations of England, France and Germany. The lower one shows Whitehall in London with the war office to the left, and the clock tower of the parliament building in the background. The middle one represents the Place de la Concorde in Paris. The view is taken from the chamber des deputes (house of commons), to the left are the Champs Elysees, with the palace of the president. The upper picture shows the Wilhelmplatz in Berlin, near which the representative buildings of the empire are located.

then compelled to return to Port Arthur last Wednesday morning with her two children. Kuculynne was taken to the county jail, where he is now being held on the double charge. He faces a maximum penalty of five years in the Federal prison, or a fine of \$5,000, or both, if convicted.

Yesterday, with the aid of the Superior police, the immigration officials caused the arrest of Mrs. Benyug, whom they charge with having come here unlawfully and with swearing falsely when she and Kuculynne came to Duluth from Port Arthur about a year ago. Mrs. Benyug has a husband living in Canada. She is being held by the Superior police until word is received from the Washington authorities.

MADE HIS WIFE WORK FOR HIM

Lucy Jerkovic Found Only Slavery in Land of Free.

No particular joy was in store for Lucy Jerkovic four years ago when she crossed the ocean to the Land of the Free, according to a divorce action filed today in district court. She came here as the child-wife of one Mike Jerkovic of Hibbing, whom she had married at Bosnia, Austria, in 1906, when she was a girl of 14. Jerkovic has a band living in Canada. She is being held by the Superior police until word is received from the Washington authorities.

Immediately upon her arrival, she was domestic and put her to work, compelling her to turn over all of her earnings to him while he spent his time and her money in idleness and dissipation.

Not a cent, she says, has Jerkovic contributed to her support. On May 15, 1913, she says, he abandoned her while they were living at Hibbing and his present whereabouts are to her unknown. She asks for a divorce on the grounds of desertion.

POOR LIGHTING CAUSE OF INJURY

Two Miners Bring \$5,000 Damage Suits Against Mining Companies.

Poor lighting in mine shafts and drifts is given as the cause of injuries in the case of two miners who each filed \$5,000-damage suits in district court today against the Oliver Iron Mining company and Mr. A. Hanna & Co.

John Swenson, employed in a drift of the Hanna mine near Mountain Iron, Minn., was injured Sept. 10, 1913, when he was placed in which he was working was insufficiently lighted, and he struck the head of a wooden screw a glancing blow that it flew into his face and impaired the sight of his left eye.

Matt Hill, employed by the Hanna company, while working in a drift of the Hanna mine near Mountain Iron, Minn., was injured Sept. 10, 1913, when he was placed in which he was working was insufficiently lighted, and he struck the head of a wooden screw a glancing blow that it flew into his face and impaired the sight of his left eye.

Charles Line, attorney for the two litigants, today secured orders from

SUPERIOR

ALLEGED DROWNING PUZZLES POLICE.

Superior police are dragging Towler today in the hope of finding the body of a man whom Howard Connell says he saw sinking there at midnight. Connell is a watchman on the steamer Corns and was on his way from uptown to his boat.

According to reports given by Connell, who told police he saw the body immediately after witnessing the drowning, he heard some one running away from the place as he approached the dock. The man sunk from sight a short distance from the Clow & Nicholson dock.

The police are as yet unable to account for the disappearance of the body. They are wondering whether the drowning was an accident, a suicide or a murder.

MAY TAKE OVER THE STATE BUREAU.

The state free employment bureau at Superior may be taken over by the Federal government. Charles B. Barnes of Washington, D. C., chairman of the United States Board of Industrial Relations, left yesterday after spending several days in the city investigating the labor situation and is credited with the statement that the free employment bureau may be brought under the jurisdiction of the department of commerce and labor. He complimented the local officials on the method of handling the work of the local bureau.

Advertising Helps the Merchant!

Idle clerks cut the profits of every mercantile establishment. The days when trade is slow, the mornings when customers are few, eat up the profits made on busy days.

ADVERTISING, the great force for the creation of new business, is the merchant's panacea for dull business. Shrewd merchants use the power of advertising to distribute their volume of business over the six business days.

Price inducements, special displays, adequately advertised, turn the trend of trade to the days and hours when sales are empty.

But this desirable result is not achieved without the use of a strong advertising medium—one in which the readers repose confidence.

So Duluth merchants place their advertising in The Herald, the newspaper that is carried into practically every home in Duluth.

Advertising Helps the Reader!

Of course, the merchant buys advertising primarily for the purpose of increasing his business. He spends his good hard-earned dollars in order to bring YOU into his store.

On the other hand, by watching his advertising news, you are enabled to cut down the high cost of living without the expenditure of an extra penny. In other words, the merchant is helping you, at his expense.

HARVESTER TRUST IS HELD MONOPOLY AND ORDERED DISSOLVED

Directed to Submit Plan for
Dissolution Within
Ninety Days.

Decision Filed By Judges
Smith and Hook at
St. Paul.

Judge Sanborn Dissents
From Opinion of the
Other Judges.

St. Paul, Minn., Aug. 12.—(Special to
The Herald.)—The International Har-
vester company today was declared to
be a monopoly in restraint of inter-
state and foreign trade, and was or-
dered dissolved by a majority decision
in the United States district court.

Unless the \$140,000,000 corporation
submit a plan for the dissolution of
the combination into at least three in-
dependent concerns within ninety days,
in case of appeal within ninety
days of the issuance of an appeal man-
date from the United States supreme
court, the decision announces that the
court will entertain an application for
the appointment of a receiver for all
the properties of the corporation.

The decision of the court was given
by Circuit Judge Walter I. Smith of
Iowa, with which Judge William C.
Hook of Kansas agreed, and from
which Judge Walter H. Sanborn of
Minnesota dissented.

Always in Violation.
The majority opinion held that the
International Harvester company was
from its organization in 1902 in viola-
tion of the Sherman law. The original
corporation, formed of five concerns
violated the first section of the Sher-
man act by restraining competition
among themselves. The combined or-
ganization also tended to monopolize
trade in contravention of the second
section of this law.

The decision declares that while the
International Harvester company and
its selling organization, the interna-
tional harvester corporation of America,
control from 80 to 85 per cent of the
trade in agricultural implements
manufactured by them, their treatment

WAR IS AFFECTING THE LABOR MARKET

Real Problem Is Being
Faced in Eastern
Cities.

New York, Aug. 12.—The falling off
in success from abroad for the year
up to last week, as compared with
the same week a year ago, was 300,
000, which, according to steamship
agents and contractors, means a great
reducing of the supply for the
labor market. Should the war con-
tinue any longer, the labor market
will be seriously affected by the war,
which will work hardships on that
class of laboring men in Europe who
are most needed here for subways and
other construction work.

Cannot Buy Passage.
These men are bound to suffer, it is
said, because the war will close indus-
try, and without wages the peasants
cannot save the money necessary to
pay their passage to the United States.
Of the immigration to this country
last year, more than a third came over
in the steerage. The immigrants rep-
resented all nationalities, the greater
number coming from those ports in
France, England and Germany. Bel-
gium and Holland were practically
closed to commerce. The port of
Rotterdam, a last report, was
open, but the difficulty in reaching
that city from other parts of Europe
is such that the immigration from
there will be inconsiderable.

PEOPLE SCARE PRICES DOWN

Pork, Beef and Mutton All
Take Slump in
Chicago.

Increase in Prices Will
Bring Three-Fold In-
vestigation.

Chicago, Aug. 12.—It was admitted
at the stock yards today that con-
sumers' agitation against high prices
had something to do today with a fall
of 40 to 50 cents per hundred weight
in the value of hogs as compared with
quotations twenty-four hours before.
In some extreme cases the drop since
Monday has been as much as a dollar.
Threats of a general boycott against
all kinds of pork had the effect of
cutting off the demand from butchers.
At the same time the receipts of hogs
were greatly enlarged. The ar-
rivals today alone amounted to 40,
000 as against 30,000 during the whole
of last week, when the supply was the
lowest in a quarter of a century.
Likelihood of widespread abstention
from beef and mutton as well as
pork was also taken notice of at the

FORAKER OUT OF OHIO RACE

Harding Is Named for Gov-
ernor on Republican
Ticket.

Hogan, Democrat, for Sen-
ator and Cox Is Re-
nominated.

Columbus, Ohio, Aug. 12.—Former
Senator Joseph B. Foraker this morn-
ing conceded his defeat for the Repub-
lican nomination for United States
senator. He telegraphed his congrat-
ulations to his successful competitor,
Warren G. Harding of Marion.
Incomplete returns this morning
gave Foraker a majority over Hard-
ing of about 3,000 votes, but this in-
cluded the tremendous vote polled by
Foraker in his home city, Cincinnati,
and included only a part of the big
vote of Cuyahoga county, where Hard-
ing had a strong lead.
Harding's managers asserted that
with the full vote of Cleveland and
Cuyahoga in, and the Harding lead
maintained in other counties from
which they had semi-official returns,
Foraker would be defeated by several
thousand votes.
Timothy S. Hogan, present attorney
general, received as many votes as
were cast for both John J. Lentz and
John L. Zimmerman for the Demo-
cratic nomination for senator.
Congressman Frank B. Willis of
Hardin county has defeated former
State Senator David Tod of Youngs-
town for the Republican nomination
for governor. Cox won the Democratic
renomination, defeating Congressman
John J. Whitcomb of Canton by an
overwhelming vote.

LIGHTNING KILLS THREE IN NEW YORK

Severe Electrical and Rain
Storm Sweeps Over
the City.

New York, Aug. 12.—An electric
storm, accompanied by a strong wind
and brief but heavy downpour of rain,
swept suddenly over the city and vicin-
ity late yesterday. Three persons were
killed and twenty injured. Lightning
struck in several places, and the shor-
ing of a new subway caved in upon
fifteen laborers.
The steamship Scottish Prince of the
Princess line, which left her pier bound
for Brazil, ran ashore on Governor's
island while avoiding collision with a
ferryboat in the harbor but was floated
undamaged ten minutes later and con-
tinued on her course.
A bolt of lightning descended near
Charles Helgert, so frightening him
that he dropped dead of apoplexy.
Lightning struck a motor launch
containing William L. Anderson and
Frederick Plumber, killing Anderson
and severely burning the woman.
In Yonkers a bolt fell among a com-
pany of moving picture actors, killing
Charles Fisher and stunning four com-
panions.

BERNHARDT SAYS THE WAR IS HOLY.

Paris, Aug. 12.—Sarah Bernhardt
today that the struggle in which
France is now engaged is a holy war.
"It is the holiest war man ever has
been engaged in," said the actress.
"The French soldiers are not dying for
the flag, but for mankind, for the end
of all war, for universal peace."
When Mme. Bernhardt heard that the
tri-color was floating once again over
Alsace, she faintly said:
"I am sorry I cannot fight the bar-
barians who have too long been the
plague of the world."

U. S. EMBASSIES CAN CHARTER SHIPS FOR AMERICAN TOURISTS

BIG SHIPS TO QUIT MEXICO

Washington Hears Change

Begun.

Villa Is Busy With Smug-
glers in the
North.

Washington, Aug. 12.—All the big
ships of the Atlantic fleet will be with-
drawn from Vera Cruz and brought
north by Sept. 1.

Secretary Daniels announced today it
was his intention to leave in Mexican
waters only small craft capable of pa-
trol duty, or which might necessarily
be ordered across the gulf to Domini-
can or Haitian waters.

It is the plan to have Rear Admiral
Fletcher take command of the fleet at
Hampton Roads about Sept. 1 in suc-
cession to Rear Admiral Badger, who
then retires. At the navy department
it was said the movement of the ships
had no connection with the European
situation, although some of them
might be used in safeguarding neu-
trality.

Transfer in Progress.
The peaceful transfer of the reins of
government at Mexico City from the
Carbajal administration to the Consti-
tutionalists actually began yesterday,
according to advices to the state de-
partment from Consul Stillman, now

SHIPPING BILL BACK BEFORE THE HOUSE

Cummins Amendment May
Be Dropped in Con-
ference.

Washington, Aug. 12.—The bill au-
thorizing the president in his discre-
tion to admit to American registry for-
eign-built ships less than five years
old was before the house again today
for its action. The measure was sent
over from the senate, where it had
been agreed to without a roll call. It
was materially amended, however, as
it passed the house recently.

One of the principal amendments
adopted by the senate, which aroused
considerable opposition, was that of-
fered by Senator Cummins to require
American ownership of a majority of
the stock of a corporation seeking to
register vessels under its flag.

The Danish and Swedish steamers,
it is reported, owned running a line
of German torpedo boat destroyers which
was reported to have been sunk by the
explosion of one of her boilers off
South Geider on Aug. 5, really was
destroyed by a mine laid by a German
warship.

cities.

ALL DEPENDS ON THE POINT OF VIEW.

No American Vessels Will Be Sent Across the Atlantic.

Potsdam and Ansonia Both
Arrive in New York
Harbor.

Three Italian Vessels at
Disposal of the
Refugees.

Washington, Aug. 12.—Authority
was today given American embassies
and legations throughout Europe to
charter ships in which to bring home
Americans.

Secretary Garrison, as chairman of
the relief committee composed of the
secretaries of state, war, navy and
treasury, sent out instructions to each
embassy and legation to make inquiry
as to available ships, and if Americans
can be concentrated at open ports im-
mediately, to charter neutral ships.

The diplomatic officers were told not
to pay higher rates than those usually
charged by the liners for a similar
service.

All thought of sending vessels over
from the United States to bring back
the Americans has been abandoned. It
is felt that the moving of the refugees
may be greatly expedited by the char-
ter of neutral vessels wherever they
are available.

Refugees Arrive.
New York, Aug. 12.—The Dutch
steamer Potsdam from Boulogne, one
day overdue, reached New York this
morning with more than 800 passen-
gers, many of them American refugees
from Europe who left so hurriedly that
they were unable to bring their bag-
gage.

Because of the crowded conditions,
the ship's officers were unable to give
the correct classifications of those on
board, but there were said to be 228

SUMMARY OF EVENTS IN THE EUROPEAN WAR

A Dutch dispatch says a terrific cannonade was heard this morning
from the direction of Tongres, north of Liege. It was reported yester-
day that two divisions of German cavalry with artillery had arrived
there.

Belgium today was again the scene of outpost fighting between
Belgians, French and Germans.

The German commander at Liege denies the loss of 20,000 in his
effort to take the forts there. He says they will be taken without the
loss of a man as soon as German heavy artillery arrives. He asserts
that "the Belgian force is numerically superior to ours." He intimates
that the assaults were stopped by the emperor's orders to avoid need-
less sacrifice of life.

On the subject of Liege, the French foreign minister declares all
the surrounding forts intact and that only a small force of Germans
entered the town itself, under cover of darkness. It had been pointed
out previously that the defect of the Liege forts was the inability to
see one fort from the next, although the fire of their guns crossed.

A Brussels dispatch says the bulk of the German army is leaving
Liege and advancing toward the French frontier, through the heart of
Belgium.

The French foreign minister described the French position in Al-
sace as good, as the troops occupy the crests and passes of the Vosges
mountains.

Military experts studying the positions of the opposing armies may,
it is pointed out, possibly have been confused as to the German en-
trenchments said to have been erected on the River Aisne, which they
conclude to be the river of that name well inside the French border.
There is also a small stream called the Aisne running into the Ouse
at Boman, below Liege, and this may be the one mentioned, as it would
thus form an extension of the defensive works thrown up by the Ger-
mans after they encountered Belgian opposition at Liege.

Belgium expects an attempt by Germany to cross Dutch territory,
and has requested Holland to state her intentions regarding the resist-
ance to a breach of her neutrality.

Sveaborg, the great Russian fortress in Finland, awaits a bom-
bardment or a battle, as the commander has ordered all civilians to
leave there and also Helsinki.

Paris reports Montenegrin troops occupying Tarabosch, overlook-
ing Scutari, Albania, where severe fighting between Montenegrins and
Turks occurred during the Balkan war.

Considerable sums of English gold are to be deposited in Ottawa,
Canada, to facilitate payments without running the risk of shipping

Amsterdam, via London, Aug.
12—2:30 p. m.—A dispatch from
Maastricht to the Telegraaf says
a terrific artillery firing was heard
throughout the morning coming
from the direction of Tongres,
to the north of Liege. The concu-
sion was felt in Maastricht.

Explained by French.
London, Aug. 12.—The military po-
sition at Liege, Belgium, also along
the Franco-German frontier, where
the opposing outposts are in touch
and in Alsace where several engage-
ments between the French invading
force and the German defenders
recently were fought, is explained in a
dispatch from the French foreign min-
ister, received here this morning. He
says:

"Rumors regarding the loss of the
forts of Liege by the Belgian troops
are entirely false. Only a small force
of German soldiers entered the town
under cover of the darkness. All
the surrounding forts, twelve in number,
are intact."

"Small unimportant engagements
have occurred along the whole line
where the French and German armies
are facing each other from Belfort
to the Swiss frontier. In this en-
counter the French cavalry has al-
ready been victorious."

SEES WINNER IN HAMMOND

Member of New York Industrial Commission on Visit Here.

Thinks Congressman Will Be One of State's Best Governors.

That Congressman Winfield Scott Hammond will be an easy winner in the gubernatorial election next November and will be one of the best governors Minnesota has ever had, is the forecast of Charles C. Flaesch of New York, member of the New York industrial commission, who with his wife and son, is making a lake tour and passing a few days in Duluth. Mr. Flaesch was for many years prominent at the national capital at Washington and says that Mr. Hammond stands high among the leaders there, being considered a man of high character and great ability.

Mr. Flaesch is a Sulzer appointee but is a strong advocate of Governor Glynn and predicts his election next fall by a large majority.

The New York commissioner discussed many matters at the Spalding today, but his hobby is the industrial commission. He says Minnesota will probably have a commission soon, and puts the New York body on record as a co-worker to bring about mutual interest for the best interests of the public. Because of the interest in the commission in Minnesota, Mr. Flaesch gave a brief outline of the work of the New York commission.

"In 1913 the New York legislature passed a law and created the industrial commission, which was to have charge of the 48,000 factories of the state. Under the law the commission enacts rules and regulations governing all factories and also applies in part to mercantile establishments. The commission consists of the commissioner of labor, who is the ex-officio chairman and four associates. The present chairman is James Lynch, for many years president of the International Typographical union.

"The commission deals with fire hazards, dangerous machinery, foundries, sanitation, comfort, dangerous trades, mines, tunnels and quarries, and also has general charge under a new law, compelling one day of rest in every seven."

During the forenoon today Mr.

ST. JAMES MEN ARE LOYAL TO HAMMOND

Are Giving Wide Publicity to His Candidacy for Governor.

The people of St. James and Watonwan county are not only loyal to the candidacy of Congressman Hammond for governor of this state, but they are greatly interested and are doing everything possible for his election. This is evidenced by a plan adopted by the business firms of St. James to give Mr. Hammond's candidacy as wide publicity as possible.

On the back of the envelopes sent out by St. James business firms are printed the following words:

W. S. HAMMOND
For Governor.
Regardless of Politics.
His Home City, County and
District Are For Him.

The plan adopted by these business men will not only give a wide publicity to Mr. Hammond's candidacy for governor, but it will show to those outside that his home city, county and district are solidly for him.

WHERE THE GERMAN FLEET HAS PLACE OF REFUGE

WARSHIPS AT DANZIG.

Danzig is a naval station of Germany on the gulf of Danzig. It is fortified. Many of the German war ships now lie in the harbor of Danzig under protection of the guns of the fortress. It is the theory of some students of foreign affairs that Germany, while menacing Russian ships from the naval stations on or near the Baltic, will not come out to fight the British navy, which far exceeds the German in strength.

INTEREST IN HUNTING

Sportsmen Turn Attention From Fishing to Shooting Game.

Small and Large Game Reported Most Plentiful in Years.

With the fishing season commencing to wane, sportsmen are beginning to direct their thoughts towards small and big game hunting of the fall.

At the present time the prospects are excellent. Partridge and prairie chickens are plentiful, deer are numerous and the moose have not decreased.

For several years past the statement has been reiterated that fall hunting indications have been the best ever. Those familiar with the woods declare that this is not mere optimism or the verbal expression of the wishes of those who hunt. They assert that the hunting in Northern Minnesota has been steadily improving for some seasons past and that the present fall will see it better than it was last fall.

Game Best in Years.
This is particularly true of birds and deer. Men who have been on the hunting grounds this summer state that the birds are in large coveys and that there are many coveys. They also add that the birds are well-grown and will be in fine condition when the season opens. Many deer have also been seen. They have been more than holding their own. One reason for this has been the absence of snow during the greater part of the season, which has been against successful hunting and in favor of the deer.

The prospects for this fall have not been so good for years past, said Game Warden Thomas J. Storey today. "The woods are full of deer and I have seen large coveys of birds." The warden has recently made several trips into the game fields and has been intimately associated with the outdoors for the last twenty years or more.

Planning Hunting Trips.
Even though the season is still many weeks ahead several parties have already begun to lay plans for their hunting trips. They are making inquiries as to the best hunting grounds, stopping places and transportation facilities. Many parties seek the same hunting grounds year after year but others go to different places every season. As in past years many deer will undoubtedly be killed within a short distance of the city. Many hunters make a mistake in going too far from the city to hunt, believing that the farther they go the better will be the hunting, but such is not the case except perhaps where moose are to be hunted. When the hunting season begins they start to herd up in the

JOY-RIDING IN

CITY AUTOMOBILES

Complaints Made That the

Cars Are Not Always

Used for Public Business.

Several complaints have been made that some of the city's automobiles are used for other than city business. The objectors state that this should be strictly tabooed. The machines do not belong to the officials but were purchased from the public treasury. They claim that the public should not be called upon to bear the expense of joy rides or junkies into the country or for entertaining personal friends at driving the new runabout which was recently put into service.

The health department is turning out a great number of chauffeurs, for nearly every employe attached to the city hall office is getting his turn at driving the new runabout which was recently put into service. The machines are giving a great help in conducting the outside work of the office. It is used to investigate sanitary complaints, to make visits to contagious disease patients and to remove to the hospitals those who are not too ill to sit up.

Thus far the new drivers have been getting along without serious difficulty. Two of them have each had a minor accident but very little damage was done to the runabout. One inspector started to climb a telephone pole but he changed his mind in time to save the car from anything worse than a bent fender. Last night another did not make a turn quickly enough and touched the rear of a wagon, breaking the glass in one of the headlights. In the latter instance the car was not being used for public business. A city official used the car and one of the inspectors as chauffeur to attend a lodge meeting at Arnold.

BRAZIL WILL ISSUE SOME PAPER MONEY

Congress Approves Emission of \$160,000,000 Worth.

Rio Janeiro, Brazil, Aug. 12.—Both chambers of the Brazilian congress today approved the emission of 300,000 contos (approximately \$160,000,000 nominal) of paper of this sum 200,000 contos is destined for the payment of treasury creditors and is convertible, 10 per cent of the proceeds of the customs duties being allotted for the purpose. The remaining 100,000 contos is intended to aid the banks which will pay 6 per cent interest on them and are called upon to repurchase them before Dec. 31, 1915.

EXPECT TO RELIEVE SHIPPING TIE-UP

Special Committee Has Hopes for Restoring Transportation.

New York, Aug. 12.—At a special meeting tomorrow at the New York chamber of commerce a special committee appointed to consider means for

opening up export trade will make its report. The committee has held conferences with merchants and bankers, by many of whom it has been contended that the risk of shipment to European ports is not so great as has been supposed. It was generally believed by the committee members and others that the shipping situation would be relieved in a few days.

At the pier of the Hamburg-American and the North German-Lloyd lines in Hoboken, N. J., where several liners of each company are tied up as a result of the war, there is a general suspension of work. It is estimated that 5,000 longshoremen are out of employment and 200 teamsters and about 1,000 freight handlers have been discharged by the large transfer companies. Business in the shipping district of this city is also at a standstill. The port commissioner of Hoboken estimated today that of the 5,000 men employed on the piers while they are in full operation, 3,000 live in that city. This means, he said, that about 12,000 persons would have to be provided for by the city unless the shipping situation is speedily relieved.

NO EXTRADITION DURING WAR TIME.

New York, Aug. 12.—Three New York detectives who went to Europe to bring back prisoners of war, must return without their prisoners. Word to this effect has been cabled to two of the officers in Paris by the state department in Washington. It was explained that extradition is suspended during war time.

Detectives Michael C. Summers and Michael Collins are in Paris. They went for J. B. Klinger and Antonio Bonner, who are wanted here on indictments charging theft of jewelry on memoranda. The Paris police will be asked to keep the prisoners until the war is over.

The third detective, Otto Mattola, was sent to London to extradite Joseph Cohen, who was arrested there on a grand larceny charge. Mattola will be ordered to return alone.

TO CHECK OWN PETITIONS

City Will Discontinue the Services of Abstract Company.

Will Save Considerable Expense; July Bill Was \$171.80.

The city will discontinue having an abstract company check petitions which are presented for improvements or other matters for which petitions are presented, on the suggestion of Finance Commissioner Fred J. Voss.

The work will hereafter be done in the office of City Assessor J. Allyn Scott, and will effect a material saving, as the abstract company charges 10 cents for checking each name on the petitions. The bill for July, approved at the meeting yesterday afternoon, was \$171.80, but that was above the average.

The finance commissioner pointed out that the assessor has a man in the office of the register of deeds a considerable part of the time. This is done to keep his records up to date, in order that they may show the true owners of all the property in the city all the time. Other sources of information are utilized by the assessor, and the finance commissioner said that his lists are as accurate, if not more so, than those of the abstract company. The other members of the commission agreed that Commissioner Voss' plan should be adopted after City Attorney Clapp gave the opinion that no legal objections exist.

The charter requires that petitions for street improvements, for instance, shall be signed by 25 per cent of the property owners owning 25 per cent of the property. In the past the abstract company has checked these lists to see that the sufficiency of the petition might be ascertained. The change means that this will now be done by the assessor without any extra cost to the city.

TWO ARE HELD AS RESORT KEEPERS

Must Face Grand Jury— Abatement Law May Be Invoked.

Oscar W. Carlson, proprietor of the Velvire hotel at 1029 West Michigan street, and Annie Carney, who keeps a rooming house at 113 Second avenue east, were this morning bound over to the September grand jury on a charge of keeping houses of ill fame, while Ida Simmons and Anna Brown, who were among the eight women arrested in raids on three houses last Friday evening, were yesterday afternoon found guilty of being visitors to such houses and were each fined \$100 or sixty days in the county jail.

Annie Carney waived examination, when her hearing was called for this morning and the court bound her over to the grand jury on a charge of keeping a house of ill fame, and placed her bail at \$1,000. Carlson's hearing was then held, Harry Faber White, third assistant city attorney, representing the prosecution, while John H. Norton, the former county attorney, represented the defense. John H. Norton said that he was in the Velvire on two occasions and that women testified against him. Carlson's bail was also fixed at \$1,000. Should they be found guilty in district court, the state abatement law recently passed by the state legislature may be invoked.

Yesterday afternoon Anna Brown and Ida Simmons, who were arrested in the Curry house, were both found guilty and fined \$100 or sixty days. On motion of their attorney John H. Norton, the court granted a stay of thirty days.

This afternoon Anna Poes and Edna Drake, who were arrested at the Velvire hotel, will be tried on a charge of visiting a house of ill fame. The latter has been out on \$500 bail.

On Friday morning Dorothy Gray, who was arrested at 14 First avenue west on a charge of keeping a house of ill fame, will be examined before Judge Cutting, while Bernice King and Violet Ellsworth, who were also taken in the raid, will be tried on a charge of visiting a house. They both pleaded not guilty last Saturday morning. Bernice King is out on \$500 bail. Of the four men arrested in the Gray house, one was released, while the other three forfeited their bail the following morning.

EXPLAINS THEFT OF \$30

Ashland Police Chief Tells Troyer of Student's Loss.

Confession of Prisoner in Wisconsin City Clears Up Mystery.

The disappearance of \$30 from the pocket of W. A. Carrievau, a student at Michigan university, while in Superior two weeks ago, was explained this morning by Chief of Police William T. Blair of Ashland, who caused the theft of the money to be explained. Blair is on his vacation this week and is spending it with his brother, S. A. Blair of Lakeside. This morning he visited with Chief Troyer and told of the incident.

On Wednesday evening, July 29, Carrievau and Bennett, the latter being from Indiana university, were on their way to a restaurant in Superior. The two young men were selling books during their summer vacation to earn tuition money and had been in the city for several days. Just before reaching the restaurant, a man stepped up to them and asked Carrievau for the price of a meal. Carrievau offered to buy the meal, but refused to give the man any money.

To this the stranger agreed and just as the trio reached the restaurant, the man excused himself for a moment and disappeared. He never returned. And when returning to their hotel, Carrievau missed his \$30, all the money he had in his possession. He immediately suspected the stranger and reported the matter to the Superior police and to the Duluth authorities the following morning.

After spending several more days in Superior, both Carrievau and Bennett went to Ashland, where the latter happened to flash a \$20 bill at a hotel. A friend noticed the money and reported it to Carrievau, who immediately had Bennett placed under surveillance. Chief Blair watched Bennett and later placed him under arrest. Bennett confessed and when he returned the money to Carrievau, the latter refused to prosecute and the chief gave Bennett his liberty.

BRIEF MESSAGE CAUSED AN UPROAR

One Word, "Tomorrow," Terrified Waiters in Chinese Restaurant.

There was an anxious proprietor at the Tuxedo cafe for a short time last evening, when what appeared to be a threatening message was left on the showcase by a man who had been refused a quarter.

About 6:30 o'clock last evening, when the restaurant was well filled with diners, a man came in and asked Albert Q. Lee, proprietor, for a quarter. This the latter refused, and after waiting a short time, the man wrote the word "Tomorrow" on a piece of paper and walked out of the place. Lee read it, showed it to several of the Chinese waiters, and soon the room was in an uproar.

The Celestials feared the warning meant that the man was coming back the next day to get revenge.

Finally one of the patrons asked what the commotion was about and, upon learning that the man had left the message, he suggested that the police be notified. Sergeant Youngberg, who answered the call, found Charles P. Downs just outside of the cafe. Lee recognized the latter and Downs was arrested on a charge of begging. In police court this morning Downs pleaded not guilty and his trial was set for this afternoon.

CHOLERA CURE IS REPORTED FOUND.

the report of cholera among the Serbian and Austrian troops, announcement was made yesterday to a medical institution that the salts of thorium have proved to be an effective cure. The preparation will be put at the disposal of the Red Cross.

OFFICIALS VIEW RAVINE SEWER

Extra Cost Will Be Met By Public Spirited Citizen.

Mayor Prince and Commissioners Murchison and Hicken this morning viewed the sewer which is being carried over the ravine at Twenty-second avenue east and Fifth street. The gulch is now spanned by a narrow steel bridge, which has no sidewalk, and the sewer is being run over the space to the side where the sidewalk would probably be built.

Some of the residents pointed out that the box of the sewer will be unsightly and plans have been prepared by the city to have the sewer running a sidewalk over the top of it.

This would necessitate an additional cost of \$250, which could not be assessed, and because of shortage of funds the city could not bear the expense. It was stated at the city hall this morning that the cost would be borne by a public-spirited citizen who is interested in that part of the city.

RESIDENTS WANT FIRE PROTECTION

Better Hydrants for Kenilworth Make Apparatus Unnecessary.

No fire apparatus will be placed in Kenilworth park but better hydrant facilities will be provided. Several residents of that district have asked Safety Commissioner Hicken to place equipment in their suburb, stating that its rapid development warrants the additional protection.

Commissioner Hicken and Chief Randall visited Kenilworth this morning. They pointed out that when the paving of Vermilion road is completed, the combination motor machine at No. 4

hall will be able to make the run in a very short time and that with hydrant improvements and changes that part of the city will receive good fire protection. The explanation proved satisfactory to those interviewed by the officials.

DULUTHIANS WITH LONDON COMMITTEE

The number of Duluthians known to be registered with the American committee in London is steadily increasing. Word was received today by The Herald from its Washington correspondent that the names of Mrs. A. Ringard and Ruth Ringard and W. H. Schilling of this city are listed with the committee. Other residents of Minnesota who are registered with the committee are Mr. and Mrs. H. G. Segton and S. H. Somers of Winona.

The following night letter, sent by our Mr. J. M. Gidding, of J. M. Gidding & Co., 564 Fifth Avenue, is self-explanatory. Every reader of newspapers knows the condition now existing in the European markets, and all importations are at a premium at the present time.

We have been very fortunate to have our Duluth buyer right on the ground when the European crisis came. It has meant wonderful opportunities for us as importations were limited, and prices immediately began to advance, consequently we have been able to take advantage of many opportunities whereas buyers who were not on the spot will suffer great inconvenience and will be handicapped both in the offering of styles and in procuring fine imported materials. In fact our entire organization always on the ground, were able to anticipate our needs and our own representatives having returned on the last sailing of the Vaterland with our entire foreign purchase puts us in an enviable position to secure things which will soon be unobtainable and our Duluth patrons will benefit greatly, as the very newest things are being rushed on as fast as express can bring them. Our Mr. Gidding has been very much alert to the situation, and the entire Gidding organization has put forth wonderful effort and forethought in anticipating the needs of the Gidding clientel.

RETAILERS GET TOGETHER

Old Scores Settled and Harmony Banquet Is Success.

Public Questions Discussed By Representatives of Leading Firms.

Co-operation of Duluth retail men and the Duluth Commercial club was given the greatest impetus in years last night when representatives of practically all the important firms of the city gathered around the banquet table at the Commercial club, smoothed out their differences and suggested new work for the future. Old grievances that had been considered for several years blazed out in the heat of discussion, but at the close, peace and harmony reigned supreme and the spirit of co-operation had taken possession of every one present.

Business for All. The meeting brought surprises to all present. Matters that had made certain members "hot under the collar" for a long time were brought to light, and the opinion of the whole body given. R. B. Knox, chairman of the public affairs committee, who acted as chairman of the meeting, called upon men from all factions and the widest possible interpretation was obtained on all matters upon which there was a difference of opinion. Mr. Knox's good humor went a good way in clarifying the charged atmosphere at times and at many a critical moment a heated discussion was cooled by a smile or a laugh.

The First Bomb. Bernard Silberstein threw the first bomb just after all had languished into a peaceful train of thought brought on by the savory dinner and the pleasant odor of the cigars. Mr. Silberstein criticized the action of the Commercial club in accepting a large sum of money from a mail order house two years ago to be devoted to the upbuilding of the agricultural interests. E. S. Kelly supported Mr. Silberstein, declaring that the money had been given without any condition, and that the Commercial club had accepted the money, declaring that it had been accepted in the form of a

public benefaction and that neither the Commercial club nor the mail order house had advertised the fact as to where the money came from. A vote was taken to get an opinion of the club's action, and only a small number declared the club had erred. Many, however, were non-committal.

Favors Bridge Approach. Another grievance was aired by M. Gasser, who declared that the club should have advocated the building of a bridge over the bridge near the steel plant, in order that a new artery of trade might be opened through Duluth, and diverted from Superior. Secretary Eva disagreed with Mr. Gasser. He said it was more important to have a pavement to New Duluth and the steel plant at present, and that there was great opposition to the building of the approach by a majority of the people of Duluth. Discussion developed that there had been a wide difference of opinion as to the respective attitudes of the club and retail men.

Peterson Talks Harmony. George M. Peterson, secretary of the Retail Merchants' association, gave a harmony talk that brought forth very favorable comment. He pointed out the great advantages that might accrue to the retail men through co-operation, and he advised against criticism and accusation of all matters of general interest. At the close of his talk he obtained a rising vote of thanks from the merchants to the club for the dinner and also for the get-together privilege offered.

W. B. Brinkman declared that he thought the cause for misunderstanding standing rested with the merchants themselves, and urged harmonious action, in all matters.

Discuss Public Markets. George H. Schulenberg, president of the Minnesota Retail Grocers' association, fairly bristled with argument when he discussed the public market situation. He said St. Paul had but one market and that the people of the city fairly crowded the market place. He deplored the fact that Duluth had several markets. In speaking of the alleged opposition of the retail grocers to a public market he caused much laughter and great applause. He declared that he was only 43 years old but was grayer than his father, and all signs of age he handled vegetables, said the grocer began work with the rise of the sun and was never through at night, and all on account of vegetables. No one tried to answer Mr. Schulenberg on the vegetable situation.

Eva Defends Market. Secretary Eva defended the public market, saying that the farmers wanted it and that the club was doing everything it could to build up the farming interests about Duluth. C. B. Nunan, one of the promoters of the market, advocated the wiping out of sectional lines in the city, which would make the city appear like a number of "small towns," and urged mutual action for the good of all.

Frank Gravel, chairman of the trade extension committee, said that the retailers should organize to combat mail order houses, and that the Commercial club is the best medium for such activity.

"Screamer" Sale Signs. Max Oreckovsky, a clothing merchant, asked the club to use its influence against the "screamer" bargain sale, fire sale, and closing out sale signs used by many merchants. This method of advertising, he said, gave the stores an unsightly appearance and gave the public a bad impression.

A. C. Pearson urged that the streets of new additions be designated by numbers instead of names and declared that many streets and avenues in the city at present have the same name. Bentley P. Neff spoke of the achievements of the Commercial club and its influence in the city. Mr. Neff's talk differed considerably from many of the others, in that he had no grievance. He said in part:

"Duluth's emancipation has been accomplished during the last two years, and it has come about as a direct result of the splendid preparation of this commercial body to meet the emergency."

It was just as necessary that a carefully devised plan be laid out and intelligent and systematic work accomplished as it was necessary for James Ten Dyck, Jr., to put our cars through months and months of rigorous practice in order that they might make the wonderful showing they did last week at Philadelphia. We always had good men on our boat crew, but as one of them wrote me the other day, "the only thing he ever saw in a race was the tail end of the boat pulling in ahead." Now this reminds me pretty much of Duluth's condition before the organization of the Duluth Commercial club.

"We had good men but we lacked organization and co-operation. What we needed was a coach; what we needed was someone to show us how. Gentlemen, this has been done in a big way. Precedents and policies, shackles and habits have been smashed right and left. By the very force of our convictions we have shown the powers that be that Duluth was entitled to certain rights and we obtained them. We have secured a lot and there is a lot more to follow."

Farms Make the City. "Every merchant is enough of a farmer to know the absolute necessity of a good farming community adjacent to a city to insure the growth and permanence of any community. A few years ago people laughed when anything was said about farming around Duluth. Well can I remember when the campaign was started by the secretary of this organization and how many of us were inclined to belittle his efforts, but it did not take long for him to get many interested, and starting in a small way the idea developed until today you can hear the tinkle of the cow bell and the merry laughter of the farmers' children in every section of adjacent territory. Who can estimate the value of this work to you and me? If every cow placed upon a farm is worth \$100 in trade to city merchants, then the development of our agricultural country has increased our trade by hundreds of thousands of dollars."

"And so I could go on all the evening telling you of what this club has accomplished for city planning, parks, playgrounds, harbors and waterways, public health legislation and trade extension."

Convention and Summer Resort. "Perhaps I should emphasize what the club has done toward making Duluth a convention and a summer resort city, and in doing so great credit should be given the splendid publicity this club is giving Duluth all over the country. Hundreds of thousands of pamphlets are spread broadcast, advertising is placed in railroad folders, an information bureau is maintained at the corner of Fifth avenue and Superior street and in a thousand and one ways the fame and glory of our beautiful city is brought to the attention of the people throughout the country and is impressed upon our own minds as well."

"Gentlemen, does this pay? Go back in retrospect to what Duluth was fifteen years ago and look at what you see today. Then a struggling child, today a mighty giant. Then a back-track town, today the leading city in the highways of commerce, commanding the admiration and respect of even the cities who fought our progress most."

BREAKS DRY LAW TO GET INTO JAIL. Grand Forks, N. D., Aug. 12.—(Special to The Herald.)—Harry Smith, aged 42, was arrested by officers of the North Dakota prohibition law that the church had taken in jail, according to his story to county officials, after his arrest yesterday at Larimore.

Smith is in a physical condition, according to the report of the examining physician and the prosecuting officials, probably will recommend to Judge C. M. Cooley that the man be sent to the county farm for the poor instead of to jail.

Believe Accused Is Tool. Grand Forks, N. D., Aug. 12.—(Special to The Herald.)—Local officials

believe that Charles Johnson, whom they have in custody charged with passing a worthless check, is the agent for an organization of check artists. Johnson was yesterday given a short jail sentence pending further inquiry.

PUZZLE—FIND SIMON CLARK ON THURSDAY

So far as the picnic question is concerned Simon Clark, proprietor of the Duluth Marine Supply company, finds himself in a rather unusual situation. Mr. Clark, first of all, is one of the best known Scots in the city. Clan Stewart, No. 50, O. S. C., of which he is a member, has a picnic and outing at Fond du Lac tomorrow and he is expected to attend.

Mr. Clark has been in the grocery and meat business for several years and is well known to the trade. Incidentally the grocers will hold their annual frolic at Lincoln park and the butchers and meat men will make merry at Lester park. Mr. Clark has been invited to both.

But this is not all. Mr. Clark is also a member of the Masonic fraternity and well known to the trade. Incidentally the grocers will hold their annual frolic at Lincoln park and the butchers and meat men will make merry at Lester park. Mr. Clark has been invited to both.

Many Expected AT GROCERS' PICNIC

Lincoln park will be the scene of revelry tomorrow. Grocers of the city and their families will be there in force to enjoy their annual picnic. Full arrangements for the affair have been made and members of the Grocers' association expect the crowd to begin to gather early in the forenoon for the outing.

The committee has induced every grocer in the city to close his store all day tomorrow, and to stock its larder for tomorrow before the stores close this evening.

An interesting program of sports and athletic events with special prizes has been arranged. Among the features of the program will be the football game between the grocers and the wholesalers or the largest family on the ground.

During the day the crowds will in addition to being entertained by music given by the Third regiment band.

Daylight fireworks and dancing in the pavilion during the afternoon and evening will also be enjoyed.

The following are the members of the committee in charge: George H. Schulenberg, chairman; George M. Peterson, secretary; S. O. Olson, John Larson, M. B. Bush. The judges for the various events will be F. K. Gravel, A. Burrows, Edward Strange, R. E. Burbridge, J. G. Johnson, David Olson and W. B. Henderson.

Banner-Manseyn. Miss Trele Elsie Banner and Daniel Albert Manseyn were married at 8 o'clock last evening at the parsonage of the St. Peter's Episcopal church, 113 North W. B. Harman, rector of the church, read the service. The couple were attended by Miss Booth and Tybelle Balgaard. Mr. and Mrs. Manseyn will reside in the West end following

a short wedding trip to the Twin Cities and Chicago.

BERLIN PAPER TELLS OF WAR

Lokal Anzeiger Recounts German Victory at Muelhausen.

Writer Calls It "The Weissenburg of 1914."

Berlin, via Copenhagen to London, Aug. 12.—12:30.—The Lokal Anzeiger, in an article dealing with one German victory at Muelhausen, Alsace, says: "The silence of the western frontier following the brief but swift entry of small forces of French into Altkirch has been broken by the news of our first battle at Muelhausen, the Weissenburg of 1914. But this fight was much more important than was that of Weissenburg in 1870 (when the Germans won their first important battle of the Franco-Prussian war), considering the number of combatants engaged."

"We understand the French had three divisions of about 55,000 men. Two divisions belonged to the Seventh army corps and also contained a portion of the Denzau corps, whose members are among the elite of the French army. We do not know the extent of the artillery and cavalry engaged, but we believe that the French in Muelhausen have now a new idea of the value of Krupp guns."

"Naturally the French would have fortified the position at Muelhausen with earthworks, but an army like the German army, which takes fortresses by assault, would find themselves little troubled by such obstacles."

BRYAN PROTESTS BARRING ALIENS

Says Action By England Would Hinder Americans' Return.

Washington, Aug. 12.—Reports that Great Britain has forbidden the landing of all foreigners on her shores caused Secretary Bryan last night to cable Ambassador Page instructions to investigate and, if he finds the reports true, to lodge an urgent protest with the British foreign office.

Dispatches from consular representatives at Christiania, Norway, and Havre, France, said it was understood at those places that Great Britain was excluding all non-British subjects, regardless of their nationality.

Secretary Bryan in his cablegram to Ambassador Page emphasized the opinion that nationals of friendly powers should not be denied permission to land in England, particularly at this time. Such a prohibition would seriously complicate the plans of the Washington government for the relief of Americans stranded abroad on account of the European war.

ACCUSE GERMANS OF BURNING VILLAGES

Belgians Tell of Destruction of Railway Lines.

Brussels, Aug. 12.—Via London, 1:55 a. m.—The newspapers here announced that a German aeroplane flying over Namur was brought down by the forts and that the two officers, uninjured by the fall, were taken prisoners.

Six thousand German troops, it is said, seized London, west of Liege, and stopped a train from Brussels. They permitted the passengers to go, but destroyed the station, removed the rails and drove out railway employees. The passengers were compelled to return on foot to Fillemonet.

DEMANDS \$8,000 TO CARRY AMERICANS

Geneva, Aug. 12, 1:25 a. m.—The steamer Mailfala is ready to leave for New York with Americans but her commander demands \$8,000 in advance because of the war risk. This the consul is not able to pay without authorization from Washington.

ITALY CANCELS HER FRISCO EXHIBITS.

Rome, via Paris, Aug. 12, 1:25 p. m.—Italy has canceled her participation in the Panama-Pacific exposition at San Francisco in 1915 on account of the gravity of the situation.

KILLED LEARNING TO DRIVE AUTO.

Kulm, N. D., Aug. 12.—(Special to The Herald.)—The neck of W. L. Gray was broken when an auto he was learning to drive turned turtle. He had been out with Carl Johnson and on the return concluded to try to drive the machine. On a down grade he endeavored to put on brakes, but instead increased the speed, causing the car to overturn. Johnson was rendered unconscious and after awhile crawled out to find his companion dead with his neck broken.

BACK TO LIVESTOCK.

Section Around Taylor, N. D., to Return to That Industry.

Taylor, N. D., Aug. 12.—(Special to The Herald.)—What was once a great cattle country and later transformed into a grain growing section will again be changed to dairying and livestock, if the plans of the people of this section succeed. A mass meeting was held here, addressed by State Dairy Commissioner Elliot and prominent local people, at which it was decided to put in a cooperative creamery. The plan is to definitely insure prosperity of farming.

North Dakota Girl Killed. Charleston, N. D., Aug. 12.—(Special to The Herald.)—While endeavoring to rescue a loaded shot gun her sister was handling her across the bed, Anna Grove, a 16-year-old girl, and almost one side of her head blown off and was instantly killed. The girls were cleaning house and the loaded gun was leaning against the wall in their way.

The Remaining Days of August, Along With the Introduction of New Fall Merchandise, Will Record Value Giving of Extraordinary Importance to Housewives of Duluth and Vicinity

Inspired by a most promising fall season for Duluth and the Northwest country, we have made extraordinary preparations to meet the demands of Northwestern people. Within a few days we will be confronted with the task of housing and displaying immense stocks purchased for this annual period of heavy buying. Some of these new lines are all ready in stock. Present stocks will be reduced to a minimum during the month of August—price concessions affording savings of the most substantial character will prevail.

New Fall Silks and Dress Goods Now Ready

We announce the initial showing and sale of authoritative fall styles in Silks and Dress Goods. Months of careful preparation has resulted in our assembling the largest assortment of correct silks and dress goods ever shown by the Glass Block Store. A visit to these departments will be both pleasurable and profitable.

Stunning New Fall Suits—

In this early showing of the smartest autumn styles many unique and pleasing tendencies are disclosed. Suit seekers will find a delightfully wide variety in styles. The long Redingote styles are largely in vogue. We are showing, however, some very smart looking suits made with shorter coats usually accompanied with long tunic skirts. Some of the recent arrivals are made with the long tunic skirt, but are constructed in such a manner as to give the effect of the long coat suit. A notable feature of the suit coat is the tendency toward the semi-fitted effect. The long tunic skirts are being shown in most of the models. When the long suit coat is cut away considerable in front many of the suits have a pannier skirt, with panel front and cluster plaits at the side gores. Among the new materials are Gabardines, Serges, High Luster Broadcloths, etc. Soft dark tones prevail in color, including Labrador blue, Deauville green, Castorret, Tete-d-negre, navy blue and black. Set-in sleeves are most favored and many collars are in military effect. An excellent assortment awaits your inspection here at—

\$16.75 and up to \$39.50

EDITORIAL

THE COUNTRY IS SAFE.

This country as compared with what is going on abroad gives us good reason to be satisfied with our lot.

With our abundant harvest in adjacent territories (which is bound to have a splendid effect upon the business of this community) things are going to run along much the same as usual and almost everything will keep up its old-time daily round.

This is no time, nor do conditions warrant anyone being pessimistic. The fundamental conditions of this country are absolutely sound, and while the whole world around us may be in strife, the United States is keeping itself well in hand, and is amply prepared for any emergency.

Our local conditions are such that this store is very busy buying the best kind of merchandise to sell to an appreciative public, who, with good reason, have the utmost confidence in present conditions and the Glass Block Store.

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their views about the topics of general interest, but discussion of sectarian religious differences are barred. Letters must not exceed 300 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer though these need not be published. A signed letter is always more effective, however.)

"PASSING THE BUCK."

To the Editor of The Herald:

The greatest weakness we have as a city is the habit of "passing the buck" to use a slang expression. It was never better illustrated than in the parade Monday evening. Nobody is to blame for the miserable showing. The committee made every effort to get owners to decorate their cars. They offered cash prizes of \$500 and sent out 500 letters to owners. It was also well advertised by the papers. Each auto owner simply "passed the buck," or in other words, shifted the responsibility to the other side of the street. The result is that there are some fifty or seventy-five men in Duluth who are called upon to do about all the public work of the community, and they are simply worked to death, for all of them have their private interests to look after. The rest sit back and criticize, and many of them are only too ready to join in it. It is a failure. It is a pernicious habit, and is fatal to the success of an individual or a community. Let's quit "passing the buck."

EXPOSITION
ON SEPT. 21

Executive Committee Makes Plans—Will Follow State Fair.

Crane Elected Chairman—Filiatrault Refuses to Serve Third Term.

The third annual industrial exposition and agricultural show will be held at the curling rink during the week of Sept. 21. The tentative plans for it were made at the Commercial club last evening, and the executive officers were named.

The meeting was attended by about twenty-five representatives from the various commercial clubs, improvement organizations and civic clubs in the city, who were called to the meeting by E. J. Filiatrault, chairman of the exposition for the last two years. Mr. Filiatrault refused the office a third time, pleading that his business would not permit his giving much time to the exposition this year.

J. B. Crane was elected chairman to succeed him. G. H. Hale was named vice chairman, and Roger M. Weaver was chosen secretary of the general committee, which will have direct charge of the entire show. Mr. Crane announced this morning that he will name the various sub-committees some time today and that preparations for the show will begin at once.

Will Follow State Fair.

The show this year will follow the state fair, so that the St. Louis county

J. B. CRANE.

agricultural exhibit at Hamline may be used in the local exposition. There will also be included the prize cattle to be shown by local breeders at the state fair.

The industrial exposition will be located on the second floor of the curling rink, where all the Duluth manufacturers will exhibit their articles, showing also the manufacturing process in many instances. On the first floor the agricultural exhibits will be shown. These include farm products and garden truck, prize cattle and poultry. The show will continue throughout the week, coming to a close on Saturday evening, Sept. 26. On Thursday evening, Sept. 24, the annual "home-products" dinner will be held at the club. This dinner includes only home-made products and home-grown vegetables and fruit. It will be served by Duluth women.

The various committees will meet at the Commercial club every noon from now until after the exposition.

BIG PAVING CONTRACT

D. H. Clough Will Improve Road to the Steel Plant.

Net Gas Bills Will Be Submitted in the Future.

No opposition to the paving of two miles of the New Duluth road developed at the council meeting yesterday afternoon, and the contract was awarded to D. H. Clough & Co., on their bid of \$14,250.

The improvement calls for an 18-foot concrete roadway on Zimmerman avenue from Ninety-third avenue west to Commonwealth avenue and on Commonwealth avenue to the line of the Spirit Lake Transfer company.

Because the lowest bid received, that of the Clough company was \$2,000 higher than the engineer's estimate of \$12,250, Commissioner Doderick Murphree, head of the works division, thought that some of the property owners might object to it. He announced that if any one had any protests to offer they would have to do so at yesterday's meeting. But no one appeared, and the contract was unanimously approved.

Contractor Clough will lose no time in getting the work under way. The city officers want the work finished as soon as possible and he will push it to completion as rapidly as possible. The road will fill a need which has been seriously felt, as spring it was nearly impassable for the large volume of traffic traveling over it.

No More Discontinuing Gas Bills was passed by unanimous vote. The price of gas will not be increased but only net bills will be presented. Instead of collecting a penalty for non-payment of gas bills the water and light department will shut off the service as is done with water. Finance Commissioner Voss said he would approve of the plan as it would cause more of a hardship upon those least able to afford it than the system here before in effect. Commissioner Merritt said that if the plan was approved he would go back to the former method and the finance commissioner withdrew his opposition.

A sanitary sewer was ordered in Allemande avenue from a point 600 feet north of Anoka street to Isanti street, with a branch in Anoka street between Allemande and Minneapolis avenues. The contract for constructing a sanitary sewer in Tacony street between Fifty-ninth and Sixty-first alleys west of Superior street was awarded to their bid of \$1,685.30. Of seventh alley east was ordered. The estimated cost of travel is \$1,174.65. The estimated cost of concrete, \$1,558.74. The Patrick factory on Fifth avenue was ordered. The estimated cost is \$87,000.

Seven Extensions. The council approved seven contracts for the extension of water and gas mains. The aggregate of the low bids approximates \$10,000. This represents the cost of laying the mains as the pipe is furnished by the water and light department. Water and gas extensions were ordered in Dodge street from Superior street to a point 100 feet east of Forty-ninth avenue.

A petition was presented for the paving of Twentieth avenue west from Michigan street to Piedmont avenue. A petition was filed asking the improvement of Second alley between Twenty-fourth and Twenty-fifth avenues east. It was accompanied by a request that the wires in that block be placed underground.

The communication from the Guardians of Liberty protesting against allowing gambling and carnivals and bazaars was referred to Safety Commissioner Hicken.

P. O. Peterson presented a claim of \$28.50 for damage alleged to have been done to his automobile when it was bumped by a city gravel wagon at Nineteenth avenue west and Superior street.

Sher was granted a license to auction his stock of clothing, jewelry and tobacco.

GERMAN FINANCES IN GOOD CONDITION.

Berlin, Aug. 11, via London, Aug. 12, 4:05 P. M.—The London Times-Magazine Zeitung declares that Germany has successfully conquered the financial difficulty which followed her mobilization.

The Reichsbank, the newspaper adds, came up to expectations, and all the great banking institutions in Berlin and the provinces followed in the public interest no moratorium is necessary. The people's savings of 30,000,000,000 marks (about \$7,500,000,000) will be taken first. All loans are unfounded. The financial situation will interfere with the harvest.

The Herald Sporting Gossip Is Reliable

WHITE SOX STAR SOLD

George Cunningham Goes to Detroit for a Fancy Price.

George Cunningham, one of the best young pitchers that has been developed in any league this season, was yesterday sold to the Detroit team of the American league. The price, while not made public, is reported to be \$100,000.

As was stated in The Herald, several big league clubs were after the services of the Sturgeon Lake youngster. Cleveland made a definite bid for Cunningham some time ago. Pittsburgh later kicked in with a bid and asked that the deal for the delivery of the pitcher be closed at an early date. Detroit, was the last club to get into the deal, but the desire of the owners of the Detroit club to acquire the

By the terms of the agreement secured by President Blume, Cunningham was not compelled to report before the close of the season to the American league. This will give the Dooks the aid of the excellent pitching of the kid in the last stages of the dash for the pennant. President Blume insisted that his club be allowed to retain Cunningham during the remainder of the season, because of the closeness of the race between Duluth and the Chicago White Sox.

Cunningham is looked upon as one of the most promising pitchers in the

clared that the boy had much to learn about the fine art of pitching, all of the scouts were nevertheless agreed upon the statement that the Sturgeon Lake youth had everything that goes into making a diamond in the rough.

GREAT BANKRUPT SALE OF THE ALBENBERG STOCK BANKRUPT

WE HAVE BOUGHT the entire Bankrupt stock of the Albenberg Company from the trustees in Bankruptcy at 34c on the dollar and we are now offering this entire stock to the Public of Duluth and vicinity at a great sacrifice. Never before in the history of Mercantile Business have goods been offered to the public at such sacrifices as we are now offering this stock. We must dispose of this big stock within 15 days, positively no longer time, as the building has been leased for a period of years and we must vacate the building within 15 days and during this time every stitch of this merchandise must go; no matter what price it brings, we must get rid of it. This is positively an opportunity of a lifetime to buy clean, up-to-date merchandise at one-quarter the actual value. It is a well known fact to the public of Duluth that the Albenberg Company carried the very highest grade of merchandise in quality as well as in style and while this is a misfortune to the Albenberg Company it is a gain for you, and you surely don't want to miss this great bargain event, as an opportunity like this don't come but once in a century and now it is up to you to take advantage of this great opportunity. We are sorry that space won't allow us to mention prices on all the merchandise as the stock is too great; but we are quoting a few prices so as to give the public an idea of the great sacrifices.

ROYAL LEAGUE PLANS OUTING

Two Councils Will Alternate
in Entertainments
Next Winter.

Plans for the annual family outing to be held on Sunday, Aug. 30, on the lake shore at Lester Park, and committees to have charge of social events for members during the fall, winter and spring, 1914-15, were announced last night at the meeting of West Duluth council, No. 255, and Pochontas council, No. 215, Royal League. The members of the two lodges will begin their social season with the outing. An invitation will be extended to members of the Zenith and Ruth councils to join with them in this affair. It is probable that a baseball game between the members of the West Duluth and Zenith councils may be arranged during the afternoon. The Pochontas and West Duluth councils will alternate in entertaining at the meetings to be held next fall and winter. The first of these will

take place on Sept. 8, at which the women's organization will entertain. The committee in charge for that date consists of Mrs. T. F. Olsen, chairman; Mrs. J. Campbell, Mrs. Susan E. Winton and Miss Margaret Dolg. The other dates and committees are as follows:

BUTCHERS' PICNIC.

Will Close Shops Thursday for All-Day Outing.
The retail butchers of Duluth will hold their annual picnic tomorrow at Fairmont park. Plans have been made for an all-day outing, and every shop in the city will be closed during the day to give the clerks and proprietors an opportunity to enjoy the day. A program of sports of various kinds has been planned. The committee in charge consists of John Grochowski, J. P. Schneider, Frank Peterson, Charles Lindahl, L. Bernhardt and Fred Anderson.

MEETS SUDDEN DEATH.

Mrs. Bertha Brannan Succumbs to Heart Failure.
Mrs. Bertha Brannan, 34 years old, wife of Delbert Brannan, a conductor on the D. M. & N. railroad, residing at Proctor, died suddenly last evening of heart trouble. An autopsy was held this morning by the coroner at Richter's undertaking rooms.

daughter besides her husband. She is also survived by her father, Daniel Sonnenberg of Rochester, a brother, Herman, of Seattle, and three sisters, Mrs. August Anderson, Mrs. Mark Larson and Mrs. Clyde Fritchard, all of Rochester, Minn.
The body will be taken tonight over the Northern Pacific railroad to Rochester, where funeral services will be held Friday.

MAKE PLANS FOR ANNUAL BANQUET

Swedish-Temperance Folk
Arrange an Interesting Program.
At a meeting of the Swedish-Finnish Temperance society of West Duluth, held last night, plans were completed for holding its annual banquet next Sunday evening at Dormedy hall, Central avenue and Ramsey street. The program will include addresses and music.
Among the speakers will be William Holm, treasurer of the grand lodge, who represented the local order at the annual national convention. Visitors from San Francisco and Paris are also expected to be present to give addresses on the temperance question. It will begin at 7:30 p. m. The committee in charge consists of Miss Jennie Anderson, Miss Ida Johnson, Miss Lena Holm, Charles P. Engel, C. J. Frost, Fred Brannan and Victor Johnson.

Notified of Death.

Friends and relatives of J. M. Greenwood of Kansas City were informed

this morning of his death at his home last week. Mr. Greenwood was superintendent of schools at Kansas City for forty years. He was 75 years old and one of the pioneer residents of Missouri.
The funeral service for Mrs. Bridget McNulty, 41 years old, wife of Bernard McNulty, 651 1/2 Main street, will be held tomorrow morning at 9 o'clock from the St. James Catholic church. Burial will be made in Calvary cemetery.

PROF. YOUNG WILL SPEAK HERE SUNDAY.

Prof. J. S. Young of the University of Minnesota will speak Sunday morning at the Asbury Methodist church, Sixteenth avenue west and Raleigh street. Professor Young will talk on "Social Function of the Church."
Prof. Young and Mrs. Young will arrive the latter part of the week. They

will be guests of Rev. and Mrs. W. H. Farrell, 6009 Raleigh street.

West Duluth Briefs.

The Irving Tiger Athletic association entertained last evening at its first of a series of dancing parties at Dormedy hall. Seventy-five couples attended the affair.
John Julian returned this morning from a week's fishing trip to Lake Vermilion. Mr. Julian reports fishing very good at the resort. Battle Creek, Mich., who has been visiting relatives in West Duluth for the last week, left for his home last evening.
Mr. and Mrs. Charles Potter of St. Cloud are spending a few days visiting relatives in this end of the city.

HEARING CONTINUED.

Edelson and Fisher Before Police Court on Serious Charge.
After hearing considerable testimony in the cases of Abe Edelson and Morris Fisher, who were arrested last week on charges preferred against them by a young girl, Judge Cutting continued the examination until 2 o'clock tomorrow afternoon.
The court calendar is filled today and the continuance had to be set for tomorrow. Charles Rose, who was arrested on a similar charge last week,

was bound over to the grand jury yesterday afternoon.

BONE FROM SKULL.

Operation on Injured Berlin, N. D., Woman May Save Life.
Berlin, N. D., Aug. 12.—(Special to The Herald).—Miss Helen Koch injured in a runaway here several months ago, survived the removal of a piece of dead bone from the skull, for which she underwent an operation at her home at Hainesville, Minn. Miss Koch was thrown on her head. For several days she was unconscious and it was expected that she would die, but partially recovered and it is expected that the operation will restore her to normal health.

BOYS DEMAND THE FIRING OF ALIENS.

East Liverpool, Ohio, Aug. 12.—Demanding the discharge of all foreigners in the city shops, 600 boys employed as mold-runners and "batters-up" went on strike, closing down thirty-six potteries and throwing 5,000 workmen out of employment. The manufacturers told the boys they would hire only Americans, English and Irish, if competent men could be obtained, but this was not satisfactory to the strikers.

DANCING SCHOOL NOW IS HOSPITAL.

Paris, Aug. 12.—Isadora Duncan, the barefoot dancer, has installed 100 beds at her dancing school at Bellevue, near Paris, for the use of the government, and she will also receive children of needy persons at her shelter and in her private residence in Paris.

ADDITIONAL SPORTS

PATRICK LEADS FIELD IN THE QUALIFYING ROUND

Northland Player Turns in a Card of 70 for the First Half.

Has Lead of Five Strokes Over His Nearest Opponent.

R. S. Patrick, star golfer of the Northland club and one of the cracks of the state lists, covered the first half of the qualification round for the state championship in 70 today, his nearest competitor being young George Piper, Jr., of the Minikahda club, the Minneapolis turning in a score of 75.

Walter Croze, of the Northland club, was third lowest with a score of 78. Six at his first hole, and after making three for his first two holes coming home, owing to a higher level.

Patrick's game was consistent and steady all the way through. As the bogey of the course is 77, the quality of his play was of the highest. The low mark of the forenoon's play can be imagined. Patrick went out in 36 and came home in 34, making a beautiful shot on the very last hole. It looks as certain as anything can look in golf that the Northland star will win the trophy for low score in the qualification round are very bright.

Young Piper played a strong and even game all the way through the first round. Coming home the youngster made all of his holes but the seventh in four strokes.

The excellent game of Walter Croze was a source of satisfaction to the Northland following. When Croze is at the top of his game he is considered one of the stars of the club and it is believed that he will be among the low scores.

One of the largest galleries of the week was out today and it is expected that the crowd of the play of the second half will bring out the largest crowd of spectators of the tourney.

Following are the scores:

URGE LIGHTING OF SUPERIOR STREET

The Duluth Building Owners' and Managers' association held a meeting at the Commercial club during the noon hour today, and passed bills according from the national convention of the association held here recently. The matter of lighting the streets was also brought up, and the darkening of the city during the night was discussed. The lights are permitted to stay dark there because the property owners out that way refused to any longer pay for the lighting of the streets and Commercial club. The association will take some steps toward getting the city to pay for such lighting, and the city government take care of such matters. If the city can't afford to pay for such lighting of streets, it should make arrangements to be able to. There is not a small town where the streets are not lighted better than Superior street. The West end has established a white way and the business men there are paying for the lighting of the streets, or so until they will tire of it. The city should do this and not ask anybody else for it is civic duty.

AUSTRIAN CITIES SEIZED BY ALLIES

Nish, Serbia, Aug. 12.—The Serbian and Montenegrin armies, which had selected a junction on the border of Herzegovina, now are operating together. Serbian artillery is engaged in the bombardment of Gorazde, on the Drina, twenty-nine miles south of Sarajevo, the Bosnian capital. Serbian troops already have taken the junction of the Drina and the Sava. Some unimportant places on the Serbian frontier at different points in the Rivers Save and Danube.

NEITHER RAINBOW NOR THE ALGERINE

San Francisco, Cal., Aug. 12.—Although it has been ascertained positively that the wreckage of a British warship which washed ashore here yesterday and the night before was not from the Canadian Rainbow sloop Algerine, nothing definite as to the identity of the lost vessel had been learned early today. It was thought that it might be the Shearwater, a schooner of war, reported to have been in these waters in company with the Algerine, but no certainty of such fate for the Shearwater was established.

The British sloop of war Algerine was spoken off Cape Mendocino at 5 p. m. yesterday by the American coast-guard cutter, which arrived here from Portland today. The Algerine was cleared for action and not a sailor's head showed above the water.

RAINBOW WAS SIGHTED

Seattle, Wash., Aug. 12.—The steamer Nome City has arrived from San Francisco and reports sighting of the Flattery two vessels believed to be the submarines purchased by Canada from Chile just before England declared war on Germany. The submarines were accompanied by a tug.

The Canadian cruiser Rainbow, which left San Francisco Saturday, was reported off Cape Henry last night. The British steamer Colusa, which was ordered laid up here last week, went to Tacoma today to load for the west coast of South America.

GERMAN RETIREMENT IS MORE MARKED

Brussels, Aug. 12, via London, 4:15 p. m.—It was officially announced here today that the German retirement reported yesterday is becoming more marked. No other news from the front has been made public.

The significance of this statement can only be guessed at. It may mean that an engagement is in progress, or it may refer only to the general covering movements that have been in course of execution for several days in Belgium.

WESTERN ATLANTIC "SAFE FOR BRITISH"

New York, Aug. 12.—The Western Atlantic ocean is clear for shipping in the area as far south as Trinidad, according to announcement made by Admiral Sir Christopher Cradock of the British cruiser Suffolk, through the British consulate here today. The Suffolk is now not far from New York city.

The consul went on to say that there were five British warships in the Western Atlantic, and that their patrol was so effective that all British shipping had been assured there was little danger from German craft.

HUNTINGTONS SAFE IN NUREMBERG HOTEL

Washington, Aug. 12.—Mr. and Mrs. Archer M. Huntington are "safe and well" in the Grand hotel at Nuremberg, according to a consular dispatch today, which makes no mention of their having been arrested or released.

BARTHOLOMT BLAMES ENGLAND FOR WAR

Washington, Aug. 12.—Resolutions appealing to the American press to adopt a fair and just attitude toward the cause of Germany in the European war were adopted at a mass meeting of German-Americans here last night. Representative Misouri, in an address, charged England with being not only responsible for the present conflict, but also for the hostile attitude of the American press toward Germany.

SUPERIOR

GERMANS DISAPPROVE WAR DISPATCHES

Superior citizens expressed their disapproval of war news being published in local papers at a mass meeting held at the Terminal hall last night. They declared the dispatches being sent across the Atlantic were unreliable and could not be depended upon. A subscription list was started at the meeting and considerable money raised, which is to be used in taking care of wounded on the battlefields. No determined effort will be made to secure additional pledges until after another meeting to be held on Aug. 25. A committee was appointed to protest against the gross dispatches being published about the war which throw discredit on Germany.

APPEAL FROM LOW FARE ORDER

The Duluth Street Railway company has taken an appeal to the supreme court from the order of the Wisconsin railroad commission to sell six fares for a quarter on its lines in Superior. The appeal was granted after a hearing before Circuit Judge Stevens at Madison yesterday. On agreement with the attorney general the railroad is required to file an additional bond of \$10,000 making a total of \$25,000 that it will carry out the order if ultimately sustained by the higher court. The company contends that the railroad commission has no right to amend its franchise provision which fixes the rate of fare at 5 cents. The case will be placed on the August calendar and will be argued before Jan. 1.

SCOUT MASTER AND TWO SCOUTS DROWN

Toledo, Ohio, Aug. 12.—James B. Ecker, 26 years old, Boy Scout master; Glenwood Albert, 17 years old, and John Graves, 16 years old, Boy Scouts, were drowned in Lake Erie thirteen miles from Toledo last night. Fifty went swimming when camp was pitched for the night.

Ecker and Albert were drowned rescuing a small boy.

AUSTRIAN QUILTS ITALY FOR HEALTH.

Vienna, via London, Aug. 12.—The Austro-Hungarian ambassador to Italy, Kajetan Marek de Kapos-Merc, has resigned his post on the ground of ill-health. Baron de Kapos-Merc, a departmental chief at the Austro-Hungarian foreign office, has been appointed to succeed him temporarily.

Paris, Aug. 12.—10 p. m.—Tommaso Tittoni, Italian ambassador to France, issued and had posted at the Italian embassy and in the Italian quarters of Paris today a signed notice stating that "Italy has proclaimed and will maintain the strictest neutrality. Therefore there is no need for Italians to be alarmed. They may continue to reside in France in full security."

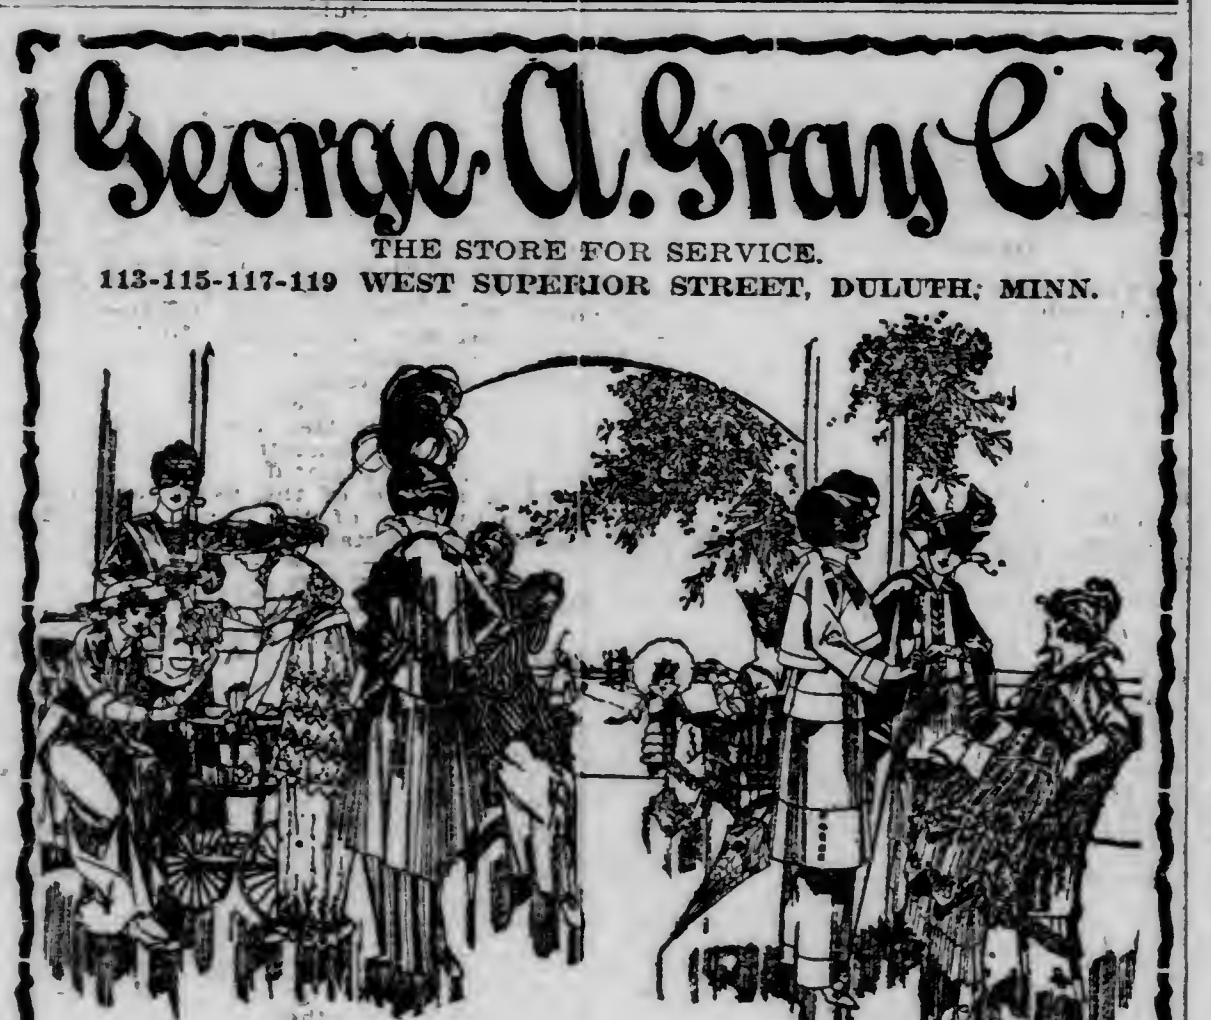

POWER BOAT BURNS; FIVE PEOPLE SAVED.

Sheboygan, Wis., Aug. 12.—The Marguerite, a 50-foot power boat owned by the Fullers of Evanston, Ill., was destroyed by fire (on miles off Port Washington today). Three men and two women escaped in a small life boat. The party was picked up by the tug Torrent, which took them to Port Washington and towed the burning launch. The Marguerite is a total loss, being burned to the water's edge. The loss is about \$30,000.

AMERICAN ARRESTED AS SPY IS RELEASED.

Halifax, N. S., Aug. 12.—John L. Ferguson, an American citizen, arrested at Mahone Bay, N. S., yesterday, suspected of being a spy, has been released. It was shown that Ferguson was employed in making maps of Nova Scotia for the government. Ferguson built from Spokane, Wash., and is a Dartmouth college undergraduate.

Talk Over Peace Treaties. Washington, Aug. 12.—Secretary Bryan's twenty peace treaties, which President Wilson has urged for immediate ratification, were taken up by the senate today in executive session.

ENGLAND DECLARES WAR UPON AUSTRIA

UNITED STATES WILL RAISE \$100,000,000 BY INTERNAL TAXES

Plan Decided Upon By McAdoo, Simmons and Underwood.

Nature of Tax Not Determined Except to Bar Tariff Raise.

Senate and House Leaders Will Confer as to Means.

Washington, Aug. 13.—Ways and means to supplement falling customs receipts by other taxes during the European war were discussed today by Secretary McAdoo and Chairman Simmons of the senate finance committee and Chairman Underwood of the house ways and means committee. There was considerable talk of the feasibility of a stamp tax on checks and documents much the same as during the Spanish war, and of an increased tax on beer and tobacco.

By Internal Revenue.

It was determined to draft a bill to raise \$100,000,000 by additional internal revenue. Senator Simmons and Representative Underwood will confer on the plan again and the ways and means committee will take up the task of framing the bill as soon as possible.

"Several plans have been seriously considered," said Senator Simmons, but they will not be disclosed until a decision is reached. It is certain, however, that there will be no addition to customs duties. Any deficit must be met by internal revenues."

CONFIRMS REPORT OF LEDA'S CAPTURE

Steamer Bermudian Also Reports Cruisers Off New York.

New York, Aug. 13.—Confirmation of the report that the German tank steamer Leda had been captured by a British cruiser, was brought here today by the steamer Bermudian from Bermuda. Officers of the Bermudian said that when they left Bermuda the Leda was the only prize then in port. The Bermudian also reported that two French cruisers, the Conde and the Descartes, were at Bermuda.

Outside this harbor, the Bermudian sighted the British cruiser Essex, and the Suffolk was heard of by wireless.

FRANCE IS AFTER MAMMOTH LOAN

Washington, Aug. 13.—J. P. Morgan & Co. have inquired of the state department what the United States government's attitude would be toward a French war loan of several hundred millions to be floated in this country. It is understood that certain financial houses have approached the government with a view to ascertaining its attitude toward an unnamed amount.

OFFERS HER HOME TO ENGLAND AS HOSPITAL

FANNY WARD.

New York, Aug. 13.—Fanny Ward, the actress who arrived here last week, has telegraphed to London offering the use of her beautiful home as a hospital for wounded British soldiers and sailors.

RESERVISTS BEING RETURNED TO HOMES

France, Belgium and Germany Decline to Pay Their Passage.

New York, Aug. 13.—The indefinite postponement yesterday of the sailing of the French liner Rochambeau, the posting of notices in the French consulate that hereafter reservists anxious to join their colors should make application by mail, and the fact that the German consulate is sending over only those reservists who can pay their passage, appeared to indicate today that the warring powers are not over anxious for assistance from their reservists in this country.

It also became known today that the German consulate is sending back to various cities all reservists who have come here without funds. Two hundred Germans have obtained passage on the Italian liner Caserta, which leaves tomorrow. They paid for their own passage.

Had Priests on Board. The halting of the Rochambeau came on orders from the home office of the French line in Paris, two hours before she was scheduled to leave this port with 1,500 passengers, 75 per cent of whom were reservists, including 22 priests from Western cities. It was stated definitely at the French consulate that there was grave suspicion that German warships were lying in wait for the Rochambeau along the route she was to have taken and far out at sea.

The Belgian bureau announced last night that Belgium did not want any more reservists, principally because of the risk in getting them over and the length of time that it would take to provide fresh men for the field.

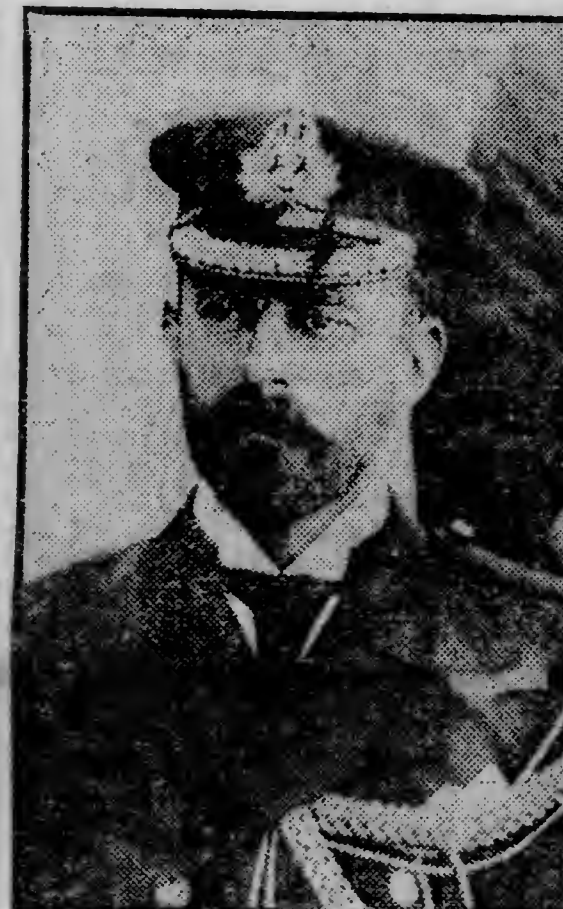

DANISH NEUTRALITY MUST BE PRESERVED

Otherwise Distress of Warring Peoples Will Be Increased.

Copenhagen, Aug. 12.—Via London, Aug. 13.—Political circles consider that the neutrality of Denmark must be maintained at all costs. Otherwise the economic distress which already is acute will be accentuated. Large quantities of goods are being exported to the combatants. Germany has removed her tariff restrictions, but requires that the shipments be in large quantities. The export of Danish goods to England commenced last night, the government insuring them on war risks.

BRITISH TEACH THE JAPANESE MANNERS

Send Cannon Shot Through Ship That Ignores Orders.

Shanghai, Aug. 13.—The Japanese steamer Shikoku Maru was seriously damaged today and one of her crew killed by a cannon shot fired from the British fort at Hongkong while the vessel was entering the harbor. The Shikoku Maru paid no heed to the harbor regulations. Two warning shots were fired over her bows, but she did not stop and a third shell then struck her amidships. A government tug afterward assisted the steamer to her berth.

SCENE OF MANY THRILLING AND ANXIOUS MOMENTS

ROYAL PALACE AT BRUSSELS, BELGIUM.

Cites Acts Toward France as Cause of the Move.

U. S. Officials in London Help the Austrians.

London, Aug. 13.—It is officially announced that a state of war has existed between Great Britain and Austria-Hungary since midnight.

As soon as the declaration of war by England on Austria-Hungary became publicly known a large number of Austrian and Hungarian residents in London who were liable to be called up for military service applied to Robert P. Skinner, the American consul-general, for enrollment. The clerks of the consulate general at once began stamping the men's military books and this will be regarded by the Austrian authorities as evidence that the holders were ready to perform their duty.

WORK FOR AMERICANS. In accordance with previous instructions received from Secretary of State Bryan, Consul General Skinner has notified the American consuls throughout the British Isles to take over the Austrian consulates.

Ambassador Walter Hines Page was ready to assume charge of the Austro-Hungarian embassy.

GERMANS ARRESTED IN SWEDISH CAPITAL

Two of Kaiser's Warships Seen Off Landsort Island.

Stockholm, via London, Aug. 13, 9:05 a. m.—A party of Germans suspected of espionage were arrested yesterday. Two German warships were observed off Landsort, an island in the Baltic, yesterday and today. Gotland reports that German war vessels are seen frequently cruising in that vicinity. Advice from Finland indicates that the Russian fleet is still in control of the Gulf of Finland.

"GERMAN SOIL NOW CLEARED OF FRENCH"

Over 2,000 French Officers and Soldiers Are Declared to Be Captives.

Paris Says French "Have Not Retired, But Victoriously Resisted Whole Army Corps."

Berlin, Aug. 13.—By direct wireless from Nauen, Germany, to the Goldschmidt Wireless company's station at Tuckerton, N. J.—The German troops took 120 French officers and 1,110 French soldiers prisoners in the fighting at Meulhausen, Alsace. They also captured four French cannons.

Another 1,000 French officers and men were taken prisoners by the Germans in the fight near Longwy.

German soil is now entirely cleared of French troops.

DENIED FROM PARIS. London, Aug. 13, 12:15 p. m.—A dispatch from the French foreign minister issued by the French embassy here today reiterates that the French troops behind Meulhausen, Alsace, "have not retired, but have victoriously resisted an entire German army corps." The minister adds: "The Belgian army and the forces around Liege are intact and are prepared to resist all attacks."

There has been no important change in Lorraine, and there is no truth in the report that the Sixteenth regiment of French infantry was taken prisoner by the Germans at Briey in the department of Meurthe-et-Moselle."

At the end of his communication the French minister says: "France is gratified by the attitude of America."

BELGIANS DRIVE GERMANS BACK

First Real Battle of the War Will Be Known as the Battle of Haelen.

GERMANS DEAD AND WOUNDED ARE 2,000

Brussels, Aug. 13, via London, 6:05 p. m.—According to Lesoir, the German casualties during yesterday's fighting in the vicinity of Haelen totaled about 2,000, equally divided between killed and wounded. The Belgian casualties are not precisely known but are declared to comprise only a few dead and many wounded.

Paris, Aug. 13, 10:17 a. m.—An official communication published here today says: "A division of Belgian cavalry, supported by a brigade of infantry and by artillery, engaged and defeated near the Fortress of Diest, eighteen miles northeast of Louvain, a division of German cavalry, also supported by infantry and by artillery."

"The fighting was extremely fierce and resulted in the Germans being thrown back toward Hasselt and St. Trond."

"BATTLE OF HAELEN."

Brussels, via London, Aug. 13, 11:45 a. m.—The fighting yesterday between the Belgian and German armies in the vicinity of Diest lasted the entire day and constituted the first considerable battle of the war. It will be known as the Battle of Haelen. Shells were still falling at half past seven in the evening on the roads around Diest.

The battle centered around Haelen, in the Belgian province of Limburg, extending to Diest in the north of the province of

"SEAS SAFE TO ALL BRITISH"

Official Press Bureau Makes Announcement at London.

All Places Except North Sea Are Declared to Be Open.

London, Aug. 13.—The war of the nations of Europe today became further regularized with the formal declaration of war on Austria-Hungary by Great Britain.

The strength of the British fleet in the Mediterranean, as that no apprehension exists here as to the safety of trade routes through that sea now that it seems certain that the German cruiser Goeben and Breslau are out of action.

Seas Safe to English.
The official press bureau here, describing today the disposition of British cruisers in the Atlantic and elsewhere, expressly urges traders of all nations doing business with Great Britain to send their cargoes confidently and boldly to sea in British or neutral ships in all directions except the North sea, where, owing to mines and the probability of naval operations, no guarantee can yet be given, although, as announced yesterday, passenger services are again running.

Great Battle Begun.
The struggle for the possession of the Belgian forts surrounding Liege has commenced, and reports are coming in indicating the possible beginning of a great battle on Belgian soil.

The bulk of the German forces is be-

lieved to be concentrated on the frontier between Liege and the Duchy of Luxembourg. This leads to the conclusion that Germany's frontier facing Russia can be only lightly guarded.

From Rejected Sources.
It must be remembered in considering all the published reports of military operations that these dispatches emanate almost exclusively from the side of the allied French and Belgian armies.

Nothing whatever comes from the German and Austrian side relating to military movements or dispositions, and only occasionally a brief item describing the result of past engagements is made public from those quarters.

Declaration Published.
Paris, Aug. 13.—1:20 p. m.—The official declaration of war by France on Austria-Hungary was made public here today.

NO NAVAL ACTION LIKELY ON PACIFIC

Canadian and British War Vessels Are at Vancouver.

San Francisco, Cal., Aug. 13.—There has been no naval action on the Pacific coast, and it is believed none is likely for the present. The arrival today at Victoria of the British sloop of war Shearwater, in company of the cruiser Rainbow, clears up the naval situation on this coast.

It is now positive that the flotsam cast up outside the Golden Gate in the last three days was woodwork jettisoned by the Rainbow when she cleared for action after leaving this port before dawn last Saturday and when she believed herself in danger of going in to action with the German cruisers Leipzig and Nürnberg, which are still in these waters.

British at Vancouver.
Vancouver, B. C., Aug. 13.—The Canadian cruiser Rainbow reached Victoria at 6 a. m. today conveying the British man-of-war Shearwater. The Algerine is expected in later today.

AMERICAN RED CROSS APPEALS FOR FUNDS

Washington, Aug. 13.—President Wilson, in his capacity as head of the American Red Cross, appealed today to the American people to contribute money for the relief of sick and wounded soldiers of the warring European nations. The appeal was as follows:

"To the people of the United States: The present war in Europe is certain to impose upon the Red Cross the heaviest burden of the world. The American Red Cross is earnestly desirous of assisting its sister societies in their endeavors to alleviate distress and suffering among the combatants. Therefore, appeals for funds to be expended impartially for the relief of the sick and wounded soldiers of the nations at war."

"Contributions for this purpose may be sent to the American Red Cross, Washington, D. C., or to local treasurers of the society in other cities."

"I cordially hope that humanity and liberality of the people of the United States, so often manifested in the past, will cause them to respond promptly and generously to this appeal."

"WOODROW WILSON,
President of American Red Cross."

"Following a terrible battle at Muelhausen, the hospital facilities proved absolutely inadequate to care for the most incredible number of wounded. Not only are all the hospitals filled but schools, churches and hotels are occupied to their capacity. Even then special trains to convey the wounded to Muelhausen and St. Ludwig and other towns."

"The latest estimates place the German losses at from 8,000 to 10,000."

MISSOURI PRINTER IS SLAIN NEAR BEMIDJI

George St. Clair Victim of Mysterious Murder in Beltrami County.

Bemidji, Minn., Aug. 13.—(Special to The Herald).—By means of a laundry mark on an undergarment, the young man, usually known as George St. Clair, a printer of Hubville, Mo. He came to Bemidji seeking employment and was well recommended. How he came to be across Lake Bemidji at the scene of the tragedy is unknown, as he has been no motive of the murder, which was committed by strangling and by wounds inflicted with a pen knife. The coroner and sheriff are conducting an investigation.

RED CROSS WORK COVERS BIG FIELD.

Washington, Aug. 13.—The Red Cross announced today that its services were available as a medium for the transmission of aid to the war Cross societies of the countries involved in the war to all the natives of such countries now resident in the United States, and to all Austro-Hungarians, Belgians, British, French, German, Russian and Serbian associations in the United States.

The Red Cross will carry large quantities of hospital supplies to aid the foreign societies, and donors may designate the country for which their contributions are to go.

The central office issued a notice today pointing out that it is unlawful to make use of the Red Cross emblem for commercial purposes.

MAILS NOT BEING USED

Foreign Postoffice Business Falls Off 25 to 75 Per Cent.

Money Order Business Is at a Very Low Ebb.

All lines of foreign business handled by the Duluth postoffice have fallen off from 25 to 75 per cent since the outbreak of the European war. The tying up of ships of countries actually engaged in the war and the scarcity of American ships available for transporting mail have greatly delayed mails, and the uncertainty felt by the public as to the safety of mail for foreign lands has greatly curtailed all classes of mail. Postmaster William E. McEwen, however, believes that conditions will adjust themselves soon, and that the mails will assume normal proportions.

Postmaster McEwen with a Herald representative today went through all departments of the postoffice where a few cashiers' checks are still being received for stamps, and the postmaster expects that nothing but currency will be offered for postage in a few days, as the banks are now using very few cashiers' checks.

"If the war continues for any great length of time," said Mr. McEwen today, "the United States will make provision for handling foreign mail adequately, and secure a sufficient number of steamers for mail purposes to take the place of the foreign vessels that formerly carried the mails. The United States is now to withdraw the vessels at Vera Cruz, and these will help fill in the gap."

Mr. McEwen expressed surprise that the public is not sending more letters abroad, as postage is the only thing at stake. Quite a number of letters from abroad were received today several days late.

CONFEREES WORKING ON TRADE BOARD BILL.

Washington, Aug. 13.—After a week's delay the house and senate conferees on the Federal trade commission bill met yesterday for a brief session. They will meet daily hereafter until they can reach an agreement. The section of the bill relating to unfair competition is the principal point of disagreement.

Today the senate, after repealing postponements, planned to begin consideration of the Clayton bill, second of the anti-trust measures on the legislative program.

RUSSIAN DOWAGER ILL IN SWITZERLAND.

Berne, Switzerland, via Paris, Aug. 13.—Dowager Empress Maria Feodorovna of Russia has arrived here seriously ill, and it is said will undergo a surgical operation. The dowager empress, who is the sister of Queen Mother Alexandra, was stopped in Berlin on Aug. 2 on her way back to St. Petersburg. Eventually she was permitted to go to Stockholm. She has decided to remain in Switzerland during the war.

Oklahoma City, Okla., Aug. 13.—Complete official returns from all the seventy-seven counties in the state in the recent primary gave R. L. Williams a plurality of 1,790 votes as Democratic candidate for governor.

J. A. Robertson, his nearest rival, has conceded the nomination of Williams.

THEATERS ARE BREAKING LAW

Ten Days' Notice to Owners to Comply With Building Ordinance.

Some Guilty in Minor Degree—Others Grossly Negligent.

Proprietors of moving picture theaters in Duluth cannot continue to jeopardize the safety of their patrons. Commissioner William A. Hicken, head of the safety division, today sent instructions to Chief of Police C. H. Troyer to give ten days' notice in which to comply with the requirements of the building ordinance governing theaters and other places of amusement.

Commissioner Hicken did not make public the names of the theaters which are endangering the safety of the public. He stated that he wished to give them a fair show and that their identity would become known upon the issuance of warrants for the arrest of those in charge. It is claimed that nearly every moving picture house in the city is violating the regulations but that some of them are guilty in but a lesser degree. City Electrician Hough and Fire Warden Schinlaub have made a thorough examination of every moving picture theater in the city and the ultimatum of Commissioner Hicken is based upon their findings. The safety commissioner states that the investigation has disclosed a condition that for the safety of patrons cannot longer be tolerated, especially in view of the fact that the ordinances and regulations governing them continue to be violated. He adds that the inspecting officers have given the proprietors or managers ample advice and instruction for the betterment of conditions but that notwithstanding they have made no effort to comply with their suggestions.

ST. LOUIS COUNTY NEARLY HALF AS BIG AS BELGIUM

"Suppose Hostile Army of Million Men Were Shelling Range Cities," Says Summer Visitor.

Daily meetings of innumerable boards of strategy are being held these days in Duluth hotel lobbies.

The war is fought out from many angles by Duluth visitors, for all races are represented among the summer tourists who visit the city.

"How big is this country," asked a two-colored Englishman at the Holland Hotel reporter.

"About 5,000 square miles," replied a Herald reporter.

"How big are these next two counties shown as Lake and Cook on the map?"

"The two of them are about the same size as St. Louis county," replied the reporter.

"Well Belgium has about 11,000 square miles, and about 6,500,000 people, so it is just about the size of this strip of country between Lake Superior and the Canadian border. Imagine about 1,000,000 soldiers or perhaps double that number, occupying that strip. Suppose a hostile army of 1,000,000 men were shelling your range villages, and you have some idea of how the people of Belgium feel about this war."

Ironwood, Mich., Aug. 13.—(Special to The Herald.)—The funeral of Harry Cox of Jesseville was held yesterday from the First M. E. church and was conducted by the pastor, Rev. A. E. Healey, assisted by Rev. Edward Rickford of the Newport M. E. church. Death was caused by tuberculosis. Mr. Cox was born in Cornwall, Eng., 23 years ago and leaves one brother in this city, and a father and mother and brothers and sisters in England. Interment was made in Riverside cemetery. The floral offerings were numerous and very beautiful.

GERMAN CATHOLICS TO MEET IN ST. PAUL.

Pittsburg, Pa., Aug. 13.—The annual convention of the Central Verein adjourned here after selecting St. Paul, Minn., as the convention city next year and electing the following officers:

President, Joseph Frey, New York; vice president, Michael Gitten of Illinois and Joseph Stockhausen of Pennsylvania; secretaries, August Springbo and J. Q. Jueneman, both of Minnesota; treasurer, F. W. Immeke of Pennsylvania.

In final resolutions, the Industrial Workers of the World were condemned as the "enemies of the Christian workmen," and the Irish Nationalists were indorsed in their campaign for home rule. President Frey was instructed to send a committee to Washington to protest against the policy of Mexico toward Catholic orders.

"CARBAJAL HAS GONE"

Rumor Is Spread in Mexico City But Is Unconfirmed.

Villa Ignores Carranza's Orders—Leaders Are Not Agreed.

Mexico City, Aug. 13.—Arrangements for the peaceful entry of the Constitutional army into Mexico City were made yesterday by the foreign diplomats who on Tuesday went to Teoloyucan and conferred with Gen. Carranza, Constitutional leader.

This information was given out at the Brazilian legation upon the return of the diplomat's special train from Teoloyucan. No date for the entry of the Constitutionalists into the capital has been fixed.

Numerous troops and large quantities of ammunition and other war material are being quietly moved out of the capital over the Mexican railway by the Federal army. Their destination has not been made public, but it is believed here that the movement is the forerunner of the general evacuation of the capital.

A decided spirit of optimism prevailed in the city as a result of the agreement reached between Gen. Carranza and the diplomats. While the participants in the conference refused to make official declarations concerning the agreement, at the offices of the Federal government and of the different legations it was said the invading army would enter the city without a battle.

A persistent rumor was in circulation that Provisional President Carba-jal left the capital for Vera Cruz last night, and that the Federal power already had been turned over to Eduardo Huerta, governor of the Federal district.

A late telephone message received here from Tlalampantla, a nearby suburb, said a report had been received there from the village of San Pedro de Atzacapantla that there was heavy cannonading and prolonged rifle firing in the vicinity of the Federal outposts. It was feared here that the Federal and Constitutional advance guards had clashed.

Villa Ignoring Order?

El Paso, Tex., Aug. 13.—It was reliably reported here last night that Gen. Villa, commander of the Constitutional Northern division, would arrive on the border from Chihuahua City within a few days. Constitutional officials have admitted that Villa has been ordered to send his troops on Mexico City, but he has taken no steps toward carrying out the order, according to all indications.

Ammunition Held Up.

Washington, Aug. 13.—Gen. Carranza has ordered held at Tampico a large

shipment of ammunition consigned to Gen. Villa, according to official advice to the Washington government.

For many weeks Villa has been busy recruiting and buying ammunition and Carranza has not objected to shipment of the latter via Tampico. Yesterday, however, he called a halt, and agents of Villa who have been purchasing ammunition for him were greatly surprised.

Reports of increasing friction between the two leaders reached here from various sources. From Gen. Villa himself to persons in direct touch with him came a synopsis of the reasons why he is displeased with the attitude of Carranza. He sets forth that he will insist on the carrying out of the agreement recently reached at Torreon when the breach was tentatively adjusted.

There it was agreed that delegates representing every 1,000 soldiers should meet in convention to draft a plan for holding the elections.

What Villa Demands. Villa's demands, in brief, are as follows: "First—That a civil instead of a military government be established throughout Mexico, and a general election conducted by it; that no military chief be provisional president, and that no military chiefs hold the office of provisional governor of any of the states. Gen. Villa himself is military governor of Chihuahua, from which his post he is willing to retire and wants Carranza to retire as first chief."

"Second—Land reforms should be put into effect in accordance with the Mexican constitution and in a lawful and orderly way."

"Third—The present Federal army should be dissolved, but its meritorious officers and men taken into the new army of the republic, composed of the Constitutional forces."

"Fourth—Amnesty shall be given all political offenders except those directly responsible for the overthrow of Madero and Suarez."

Against Carranza's Plan. Officials of the American government have had an opportunity to examine Villa's demands, but no comment has been forthcoming from anyone about them. The first point is exactly opposite from the program exactly opposite from the program exactly opposite from the program.

Villa, shows that the fighting general has drafted a plan with which the present Federal army, and especially the generals now supporting the Carranza government, are entirely in sympathy.

Constitutionalists Hold City.

U. S. S. California, Mazatlan, Mex., Aug. 12, delayed in transmission—On assuming charge of Mazatlan today, Governor Riveros of the Constitutionalists administration immediately ordered removed from the doors and windows of all German stores signs which had been placed there reading "German property, under protection of the German cruiser Leipzig." The Leipzig has left here and is now off San Francisco.

AUSTRIANS HOLDING DRILL IN MILWAUKEE.

Chicago, Aug. 13.—Charges that a body of Austrians has organized in Milwaukee and is drilling in violation of the United States neutrality laws are being investigated by James L. Bruff, chief of the bureau of investigation of the department of justice.

Mr. Bruff said he had received information that recruits of half a dozen nationalities have been drilling in numerous cities, but that in all cases, when notified that they were violating a Federal statute, they had ceased.

BUENOS AIRES BANKS REOPEN.

Buenos Aires, Aug. 13.—The Buenos Aires banks, which have been closed for some days, reopened yesterday. They did a large amount of business.

In order to economize in coal, the supply of which has been greatly restricted on account of the war, the train service in Argentina has been greatly decreased, and in the city electric power for lighting is furnished only until 3 o'clock in the morning. The government has divided the fleet to guarantee neutrality.

1,012 AMERICAN REFUGEES ARRIVE ON PHILADELPHIA

Bring Stories of Hardship
and Wild Scenes in
Europe.

Nearly All Without Baggage
and Many Without
Money.

New York, Aug. 13.—The American liner Philadelphia, with a crowd of Americans who rushed from Europe when the war of nations was declared, arrived in New York last night, and there were 703 persons in the cabin and 309 in the steerage. Virtually all of them were without baggage, many of them without money, and all had stories of hardships to tell.

The Philadelphia sailed from Southampton a few hours after England declared war on Germany. The first day out a fleet of seven French torpedo boats and three submarines were sighted. One of the torpedo boats hurried after the American liner, the remainder of the fleet following slowly. Finally the torpedo boat—the B-12—came alongside and ordered the Philadelphia to stop.

The war vessel circled the liner several times, its officers looking closely into the faces of the passengers crowded on the decks. When the French naval officers were sure they were Americans, one of them shouted in excellent English that the Philadelphia might proceed. The passengers cheered the French ships. The cheer was returned and the tiny war vessels steamed away.

Freedom of the Ship.
The refugees in the steerage were given the freedom of the ship. The men were separated from the women, however, and in some cases husbands were separated from their wives by this arrangement.

Rather than sleep in the steerage, scores of the passengers slept in the smoking room, on the boat deck, under the boats, and life rafts, and in staterooms. Four persons were in every cabin.

The passengers were exceedingly glad to get back to the United States. At quarantine they cheered the mail boat, the health officers' boat and the revenue cutter.

As the Philadelphia neared her pier in the North river, the crowd waiting on shore shouted a welcome to the refugees. Then, for a quarter of an hour, the whole river resounded with cheers.

The regulation preventing a ship which arrives at quarantine after sundown from proceeding to her dock until the next morning, was waived. The Philadelphia did not reach quarantine until after 9 o'clock. The port authorities made every effort to have the ship and its load of passengers move quickly, and an hour and a half after she arrived in the lower bay, the last of her passengers had gone ashore.

Told of Wild Scenes.
Hundreds of passengers on board had rushed from the interior of France and Germany. Travelers from Paris told of mobs swarming through the streets, breaking windows and looting shops of Germans. Others told of Germans caught in the French capital being beaten by gendarmes and the excited citizenry.

The streets near the railroad stations were piled high with abandoned baggage. So great was the rush of Americans from France to England that small steamers in the English channel, constructed to accommodate from 500 to 600 persons, carried 3,000 persons on every trip.

A committee formed on board the Philadelphia yesterday afternoon with

the expressed purpose of assisting Americans aboard, issued a statement through its secretary, Thomas F. Gilroy of New York.

"No words can exaggerate the desperate condition of stranded Americans all over Europe, outside of England," the statement says. "Many passengers had been stopped rudely in Germany and forced to prove that they were Americans and not Englishmen. Others had been stopped in France and asked whether they were Germans. With a few exceptions all were treated anxiously when they proved their nationality."

The relief committee formed on the Philadelphia to assist fifteen passengers who were temporarily embarrassed comprised Charles Plankington, a hotel proprietor of Milwaukee, chairman; Martin Vogel, assistant treasurer of New York; William H. Porter of J. P. Morgan & Co.; Leroy Baldwin, president of the Empire Trust company of New York; Thomas F. Gilroy, son of the late Mayor Gilroy of New York; Bishop E. J. Hartley of Columbus, and Bishop J. W. Atwood of Arizona.

John A. Wilson of Franklin, Pa., President Wilson's cousin, smilingly announced the plan that he believed he had less money and more summer clothes than any other man in New York. Despite this disclaimer, he sent him a set of golf clubs presented to President Wilson by the City Lunch club of London, which he was commanded to bring over.

"Our greatest difficulty in London," Mr. Wilson said, "was due to the shortage of ready money. All the banks were closed, but thanks to H. W. Thornton, the American general manager of the Great Eastern railroad, we were able to cash checks up to \$50. President Albert Staley, general manager of the Underground railway, did likewise."

Mr. Wilson said he would go to Washington to present the golf clubs to the president.

BLETHEN IS AMUSED.

Seattle Publisher Tells Federal Commission How I. W. W. Roasted Him.

Seattle, Wash., Aug. 13.—Scores of Industrial Workers of the World crowded in the hearing room of the Federal Industrial Relations commission yesterday, and until silenced by a sharp rebuke from Commissioner Lennon, reflected their views of the testimony by applause, laughter or muttering.

The testimony of two witnesses, A. J. Blethen, publisher of the Seattle Times, a former Minneapolis publisher, and James P. Thompson, who organized the Industrial Workers of the World for the Lawrence, Mass., strike, touched frequently on the organization.

Mr. Blethen, who has fought the Industrial Workers of the World movement through his newspaper, caused amusement by his humorous account of gatherings of members of the organization under his office windows, often with the purpose, he said, of telling what a "son of a gun" he was. His employees on an upper floor frequently left their work to hear him attacked, he said. Vigorous applause followed this statement and the witness laughed.

Mr. Thompson told the commission that they had been interrogating a "bunch of hypocrites and phony persons who were afraid of losing their jobs if they told the truth. He suggested as a means of getting at the facts, interrogation of "revolutionists" like himself.

RADICAL PLAN IS PROPOSED

Suggestion By Bankers to
Settle Country's Inter-
national Obligations.

Fear That It Would Start
Drain on Gold
Supply.

New York, Aug. 13.—For the settlement of the country's international obligations radical steps were proposed yesterday by New York bankers.

One suggestion which was laid immediately before the Federal reserve board was suspension of the provisions of the law regarding reserve requirements for national banks. An alternative plan was this committee of legislation by congress permitting banks to count national bank notes in their reserves.

In either case, the result would be to lessen the amount of gold the banks must hold and enable them to ship gold from the country. The suggestion was made by Mr. Vanderlip, president of the National City bank, telephoned to Washington to Charles H. Hamlin, governor of the Federal reserve board, presenting the suggestion that the reserve requirements be suspended, and asked if it were possible to take such action at the present time, before the machinery created under the new law had been put into operation.

Board to Consider.
Mr. Hamlin said, according to Mr. Vanderlip, that the matter would be brought before the board.

These matters were brought up at a meeting of a special committee of the New York chamber of commerce, attended by Mr. Vanderlip, J. P. Morgan, Jacob H. Schiff, E. H. Outbridge and Seth Low, and others. When news of the plans discussed by this committee reached the financial world, fear was expressed that the result of any such action would be to start once more the drain on the country's gold supply, which was a leading cause of the recent unsettlement of the country's finances.

The proponents of the plan, however, felt there was no danger of such result. One interpretation placed upon the plan to include bank notes in legal reserves was that it would mean the suspension of specie payment. Mr. Vanderlip characterized this as entirely untrue.

Two Million Due.
At the meeting it was said that about \$2,000,000 was immediately due European creditors. Members of the committee expressed the opinion that whereas it had recently been impossible to settle foreign obligations in gold owing to the interruption of transatlantic sailings and other conditions, brought on by the war, gold payments were now possible, at least to English creditors, by reason of the arrangement whereby Bank of England gold is to be held in trust by the Canadian minister of finance at Ottawa, thus obviating shipments across the Atlantic. There was no further reason, it was held, why obligations not covered by the moratorium in England should not be met.

Some of the bankers took the position that to refuse to make these payments in gold would be a reflection on the country's integrity and would damage its credit abroad.

The opinion was expressed in the financial district that any steps looking toward the exportation of considerable sums of gold would meet with strong opposition here.

The money market was still dull.

Bids of 6 to 8 per cent were made for time loans, with few offerings. There was no real market for London or continental exchange.

To Terminate Deadlock.

London, Aug. 13.—With the purpose of terminating the present deadlock in the money market and to enable trade and commerce to resume their normal course, the government has agreed to guarantee the Bank of England from any loss it may incur in discounting bills of exchange of either home or foreign banks on trade accepted prior to Aug. 4.

The Bank of England therefore announces that it is prepared, on the application of the owners of any approved bill of exchange accepted before that date, to discount it at any time before its due date at the bank rate and without recourse to such holder, and upon the bill maturing the bank will give the acceptor the opportunity of postponing payment, with interest at 2 per cent over the bank rate.

FREE PHOTO DRAMA AT THE AUDITORIUM

The third part of the photo-drama, "The Creation," which was presented at the Auditorium yesterday, drew large crowds and created a very favorable impression among those who saw the films. Both the stereoscopic and motion pictures were excellent.

This part covers the world's history from the time of Nebuchadnezzar, 605 B. C., to the early part of the Christian era. The fourth part will be presented Friday and Saturday, after which the program will be repeated.

The unusual character of this free exhibition of beautiful pictures is attracting widespread attention among the thinking people of Duluth. It is believed that a reawakening of religious faith has resulted from the showing of these pictures.

EATS AND THRILLS AT BOYS' Y. M. C. A. CAMP

Duluth, But "This Is the

Young Enthusiasts.

The "kids" who are spending their vacation at Camp Miller, conducted by the Y. M. C. A., are having the time of their young lives.

There is something doing from the minute they roll out in the morning until they turn in at night. Leave it to the members of the next generation—they are overlooking no sets, but he is making it interesting and lively for everybody else.

Yesterday the young campers received a new canoe. No proud and stately battleship ever received a more enthusiastic baptism. Not only was the canoe introduced to the water, but every boy who could crowd on the dock went in with it. The dock collapsed, Stanley Lamb, editor of the Camp Miller Gazette, issued an extra, settling forth in great detail all the particulars of the thrilling event.

The messages from the camp have escaped the censors, for otherwise the warring hosts in the Old World would not have been allowed to gain any "killing" of the vandals of the camp, who have appetites that would shame their families, well as they know them. A certified copy of the menu will be likely to turn the side of reservists who are going to their respective countries to shoulder rifles.

The camp has ninety boys, but a glimpse into the commissary department would warrant any one in guessing that several times ninety were being fed. The two cooks would not

CENTRAL MARKET NOT SUFFICIENT

Mayor Prince Opposed to
Suggestion Made to
Retailers.

Mayor W. I. Prince is opposed to the city having but one market in the downtown district, as advocated by a speaker on Tuesday evening at the dinner of the Retail Merchants' association. The mayor asserts that the markets should be maintained at West Duluth and the West end as well as at the central market, which would make a single central market would fail to meet the needs of the people for farm products as much, if not more needed than at present.

Mayor Prince and C. P. Craig, chairman of the agricultural committee of the Commercial club, will make a visit to the farmers about the city to urge more of them to attend the public markets. The mayor declares that those who have been coming to the market have found a ready market and that more of them should take advantage of it. Thus far those who have come have disposed of their produce before noon of each market day without difficulty.

New York, Aug. 13.—The Western Union Telegraph company's cable situation resulting from the European war was described by the company in detail last night, and shows that the Western Union has no telegraphic connections with Germany, Austria and Hungary, while all the cables leading to other countries in the theater of war are subject to rigid censorship. Unusual requirements regulating the sending of such messages at the company is willing to accept have been dictated by the British military authorities. It was stated, and messages which do not conform to the requirements will not be sent, and the military censors, who have been placed in all cable stations within British territory. Code language in cablegrams to the affected countries is barred and will remain so until the war is over.

Andreas Hofer—The Inn-keeper Patriot of the Tyrol

TO THIS peasant-leader Liberty was as much the breath of life as it is to the strong-winged eagles of the Alps. To achieve it for himself and his mountain brothers he gladly laid down his life. No less a personality than Napoleon vanquished him, and it was because he feared him that the Great Emperor ordered Hofer shot. Every atom of Andreas Hofer loved Liberty. He demanded it for himself and willingly gave it to others. In this respect he is no different than are our thousands of Tyrolean citizens. Personal and National Liberty to those of Tyrolean blood is a religion. To a man they will fight for it and to a man they will die for it. When asked to vote for Prohibition they do as would do the great patriot Hofer—VOTE AGAINST IT. Thou shalt NOT eat this—thou shalt NOT drink that is insolent legislation to those of Tyrolean blood. Anheuser-Busch are proud to serve their thousands of Tyrolean patrons. For 57 years these people have been moderate users of their honestly-brewed beers. BUDWEISER is a favorite wherever they reside. Seven thousand, five hundred people are daily required to meet the constantly increasing demand for BUDWEISER. Its sales exceed those of any other beer by millions of bottles. ANHEUSER-BUSCH · ST. CHILDREN'S NIGHT AT THE WEST END

Harrison Playground Will
Be Scene of Festivities
Friday.

A gala time has been planned for the children of the West end at the Harrison playground, Thirtieth avenue west and Third street, for tomorrow evening. The affair will also be in the nature of an athletic contest between the children of this community and those using the Fifty-second avenue playground.

There will be games and folk dancing by the smaller children under the direction of Miss Margaret Calkin, assisted by young women of this end of the city. A basketball game between teams composed of the older girls will take place. Those teams represent the West end and West Duluth. Following this will be races, broad and high jumping and other athletic feats under the direction of Alex McKendle.

For the first time since the grounds were opened for the use of Calkin, the place will be well lighted with an incandescent light system. Arrangements have also been made to give a bower effect to the small pavilion on the ground. This will be lighted with Japanese lanterns. Parents and friends of the children have been urged to attend the festival. It is expected that one of the best crowds that has turned out for such an affair will be present tomorrow night. The grounds are in excellent shape, having recently been graded and leveled.

Miss Calkin announced this morning that the ground will be used again this winter for a skating rink. The recent rearrangement has given more space for the rink purposes and she said that the lights just installed would remain in the place for the winter and give good illumination for skaters during the winter season.

GROCERS HOLDING FORTH AT LINCOLN

Hundreds Taking Part in
Annual Picnic—Weather
Ideal.

Hundreds of people, principally grocers, their clerks and families began arriving early this forenoon at Lincoln park to attend the annual picnic of the Duluth Grocers' association. The principal program of the day will begin early this afternoon. The weather is ideal for the outing.

The third regiment band began playing at 11 o'clock for the enter-

tainment of the visitors. The band will furnish music during the afternoon and evening at the park. The sports program will include all the various features that usually take place at such an outing and many special contests. Women will be given a chance to show how well they can bake, how far they can throw a ball, how fast they can pin clothes, and run and jump. A baseball game, tug-of-war, races and athletic contests of various kinds have been planned for the men.

It is expected that before the day is over more than 5,000 people will have attended the affair. The committee has arranged to serve refreshments for guests and made arrangements for the entertainment of all who come. The affair will wind up with a dance at the pavilion this evening.

PICNIC FRIDAY.

Second Presbyterian Sunday School
Has Planned Elaborate Affair.

The Sunday school of the Second Presbyterian church will hold its annual picnic tomorrow at Pond du Lac. Arrangements have been made to accommodate 300 on the outing. The members of the school and congregation will take the steamer Columbia at Lake avenue at 9 o'clock and at the Twenty-first avenue wharf at 9:30 o'clock for the picnic ground. The party will be under the charge of Rev. J. A. McGaughey, pastor of the church, and C. L. Stevens, superintendent of the Sunday school.

Plans for a program of sports, games and other features have been made by members of the Spina club. This will include baseball games, races, athletic contests and games for the children. A basket lunch will be taken by the members of the congregation.

Russian Will Speak.

Rev. Nels Holter of Russia, who has been touring in this country for the last three months will speak tomorrow night at a mass meeting to be held in the First Swedish Baptist church. Twenty-second avenue west and Third street. Rev. Mr. Holter will speak on the work done by missionaries in Russia. It is probable that he will also touch on the present war.

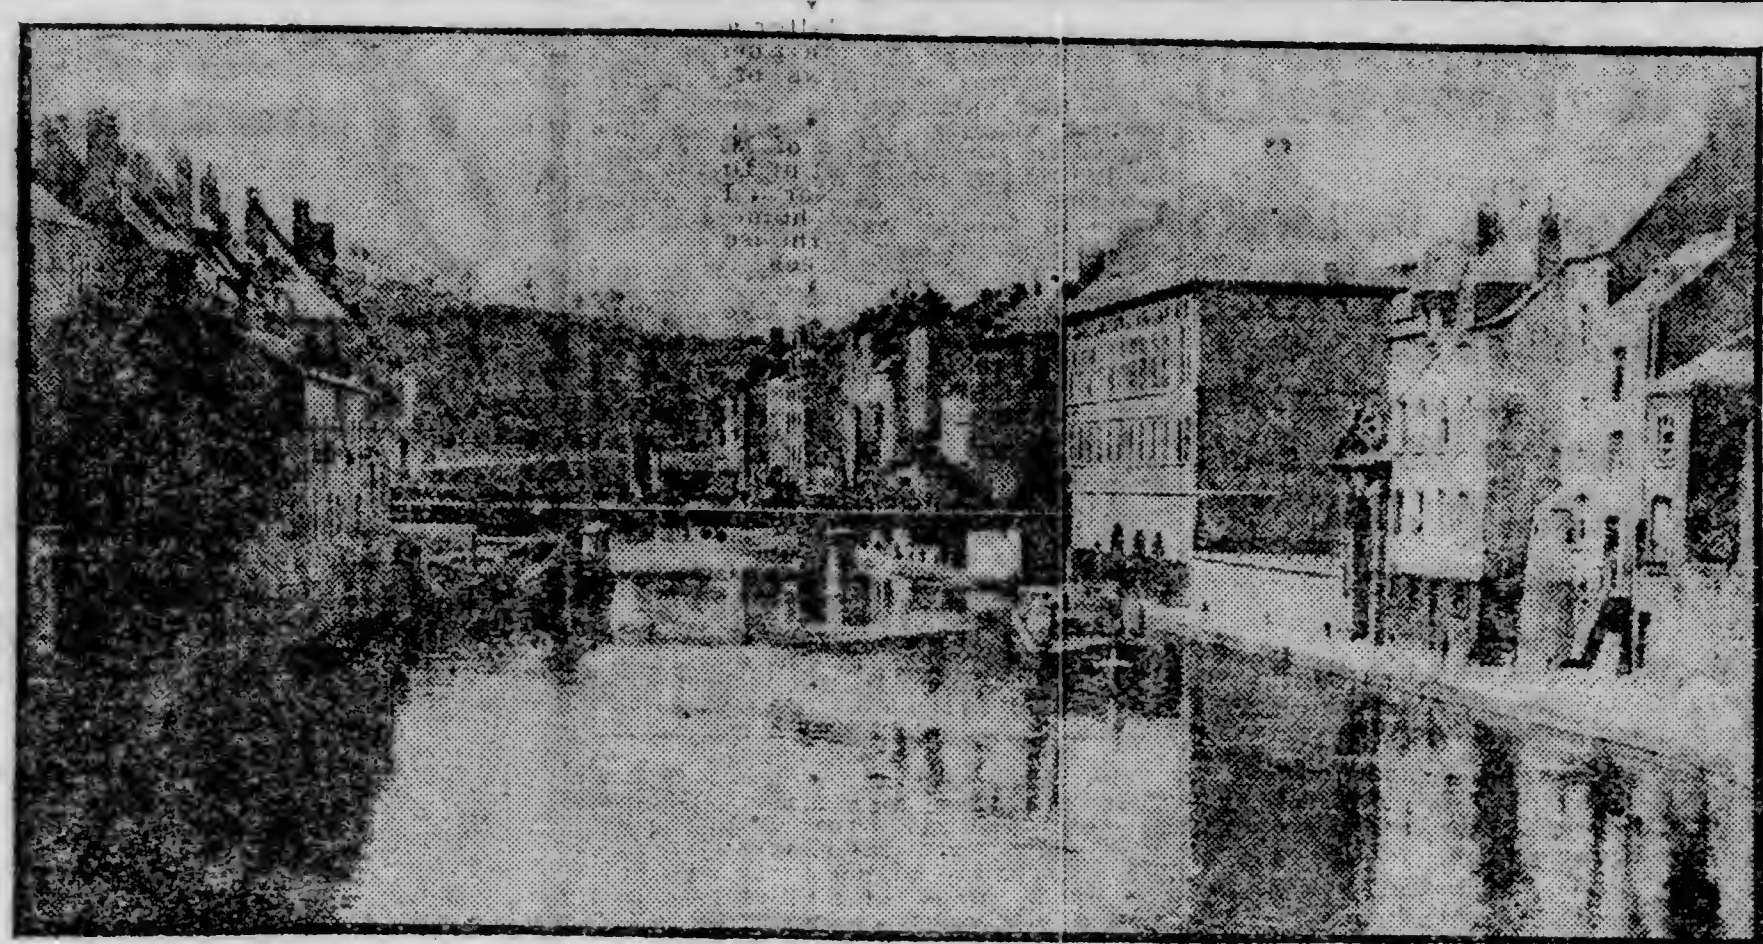

West End Briefs.

"Unscrupulous Cartakers" will be the subject of a sermon delivered this evening at the Central Baptist church, Twenty-second avenue west and First street. Rev. Milton Fish will preach at the midweek services. The Epworth League of the Swedish Methodist church will be entertained at a lawn social tomorrow at 2820 West Third street. Ludwig B. Donner, president of the society, is in charge of the arrangements.

Miss Rose Cease, 119 North Nineteenth avenue west, entertained last evening for a few friends at a marshmallow roast at Lincoln park.

The Rebekah Guild of St. Peter's Episcopal church is holding an outing

ENGLAND AND FRANCE GUARD TRADE LINES

Armed Merchant Vessels
Help Patrol Atlantic
Routes.

London, Aug. 13.—The admiralty has sent out cruisers which will ply the Atlantic to guard trade routes. The French government also has sent out warships to search for German cruisers known to be in the Atlantic. The admiralty report says, "will be hunted continually, and although some time may elapse before they are run down, they will be kept too busy to do much mischief."

A number of fast merchant vessels, fitted and armed at British arsenals, also are patrolling the routes and keeping them clear of German commerce raiders. With every day that passes, British control of trade routes, especially those of the Atlantic, becomes stronger.

In the North sea, where the Germans have scattered mines indiscriminately and where the most formidable operations of the naval war are proceeding, the admiralty can give no reassurance.

FRENCH WHO JOIN ARMY DISAPPEAR

Impenetrable Veil of Mystery Screens All Movements.

London, Aug. 13.—A m.—The Daily Mail's Paris correspondent comments on the rigor of the censorship prevailing in France, which has thrown an impenetrable veil of mystery over the operations on the French frontier, with the result that the French public is more ignorant of what is happening than it was when Napoleon was fighting a century ago.

When the soldiers now depart for the front, the correspondent says, they take letters to their relatives by means of knowing whether they are in the fighting line, and are obliged to leave letters to them to the ministry of war, and perhaps receive the statement from the ministry that their son has fallen on the field of honor.

FIRST FIGHTING IN THE OPEN COUNTRY

Belgian Soldiers Acquit
Themselves Well in
Action.

Brussels, Aug. 12, via London, Aug. 13.—A m.—The first battle in open country is reported in the following official communication: "After having passed the night (Tuesday) in the position they had reached after their retreat of yesterday, the Germans this morning advanced in force toward a point in our dispositions, which they thought was not held."

"Our staff, however, was alert and, informed by cavalry scouts, was able to give the necessary orders with the result that the enemy found its advance checked. An engagement took place in which our troops were successful. Ten thousand men took part in the fight."

"This was the first action of our troops in open country and their conduct is a good augury for the future. Apart from this, the situation, as to appearance, has undergone no change. As regards our allies, the plan arranged beforehand is being followed out exactly according to program."

BRITISH ARREST GERMAN STOKERS.

London, Aug. 13.—Fifteen members of the crew of the steamer Mount Royal—firemen and stokers who are reservists in the German army—were made prisoners of war yesterday by the police. Those who are willing to sign a parole that they will not take any part in the present conflict in Europe, or assist the enemies of Great Britain, may be allowed their liberty. They will be compelled to remain here until the war is over. Those who are not willing to sign will be kept in custody until the end of the war.

Expressions of loyalty to the German emperor by a few of them led to the visit of the police and the arrest of the fifteen.

GERMAN "SPIES" ARE HELD BY CANADIANS.

Gananoque, Ont., Aug. 13.—While at the railway office inquiring as to time of departure of trains to Ottawa, four Germans, only one of whom apparently can speak English, were arrested on suspicion of being spies. They said they were from Clayton, N. Y., and came across the river in a small boat. When arrested they had two modern

rifles, two revolvers and one shotgun, besides a quantity of ammunition. In the bottom of the box there was a quantity of fuses. They had a supply of drugs, among which were poisons. They also had cooking utensils and other camp supplies.

Private papers they carried indicated they came from Philadelphia. They would give little information regarding themselves.

AUSTRIANS CHECKED ON DNEISTER RIVER.

Paris, Aug. 13.—A dispatch from St. Petersburg to the Mail says: "The Austrians have suffered a check on the Dneister river. Four regiments of Austrian infantry and eight regiments of Uhlans were routed. The approach of the Russian probably will be a decisive one."

GERMAN PROFFER REFUSED BY BELGIANS.

London, Aug. 13, 3 a. m.—The Daily Mail says it learns that on Monday, after the fruitless assault by the Germans on the Liege forts, the German government again approached Belgium,

through Holland as intermediary, pointing out that Germany had no quarrel with Belgium, and no desire to be at war with her, and asked the Belgian government to reconsider its refusal to allow the German army to traverse Belgium in order to save useless expenditure in blood and treasure.

The Belgian government, according to the newspaper, made reply, again refusing the German request.

London, Aug. 13.—The Morning Post's Amsterdam correspondent says that James W. Gerard, American ambassador to Germany, has left Berlin for Amsterdam.

GERMAN COMMANDS AUSTRIAN TROOPS.

St. Petersburg, via London, Aug. 13, 4:50 a. m.—The Austrian troops on the Russian frontier have been placed under the command of a German general.

The news is confirmed that certain divisions of Austrian forces, comprising Tyrolean Czech's regiment, have been transported to French territory.

SEND AMERICANS TO ITALIAN PORTS.

Geneva, Aug. 13.—Via Paris.—Secretary of State Bryan has advised Pleasant A. Stovall, the American minister, that he had deposited \$50,000 in a New York bank to help Americans. The Swiss International bank accordingly credited Stovall with that sum, and Americans now will be sent to Italian ports, where ships are being chartered to take them home.

MUNITIONS SENT TO CANADIAN COAST.

Winnipeg, Man., Aug. 13.—Ammunition and artillery are being shipped to the Pacific coast in large quantities. A special artillery train passed through the city yesterday en route to Vancouver.

AMERICANS LEAVE FRENCH LINE BOATS.

Paris, Aug. 13.—Americans at Havre waiting for the French line steamers France and Chicago to sail for the United States are leaving the vessels and returning to Paris or going to England. Upward of 2,000 Americans have been having aboard the steamers at the company's expense.

Some say that they would sail. The company now offers to repay the fare of the Americans, less \$1.50 a day dating from Aug. 11. Several hundred of the passengers have accepted these terms.

LA LORRAINE HAS ARRIVED AT HAVRE.

New York, Aug. 13.—La Lorraine, which left New York for Havre, Aug. 5, carrying 700 French reservists among its passengers, arrived at Havre yesterday, according to announcements of the French line here.

MINING HARBOR OF VLADIVOSTOK.

Seoul, Aug. 13.—Germans arriving here from Vladivostok report that

several Russian cruisers, ten torpedo boats and eight submarines are engaged in mining the harbor of Vladivostok. They say also that 150 German reservists and 100 non-combatants Germans, mostly women and children, still remain there by permission of the authorities.

GERMAN DRAGOONS ROUTED BY BELGIANS.

Brussels, Aug. 13.—A regiment of dragoons coming from the direction of Liege and who attempted to surprise the Belgians at Ainffe, in the province of Liège, were driven off, leaving 175 dead and 102 prisoners.

Uhlans have taken \$4,000 from the bank of Cassell, capital of the province of Limburg.

Breakdown Caused By Coffee

"I am satisfied," says a prominent physician, that coffee is responsible in a great degree for the premature breakdown of our active men and women.

"They suffer from caffeine poisoning.

"Of the truth of this, there is not the shadow of a doubt. Our common sense tells us that the daily swallowing of caffeine" (the alkaloid in tea and coffee), "powerfully affecting heart and brain—is followed by nervous depression, and finally by more or less disastrous results.

"I believe if people in general would use a harmless, nutritious drink like Postum as a beverage in place of tea and coffee, their physical and mental condition would be much improved."

Thousands, troubled with nervousness, biliousness, sleeplessness, headache and heart flutter, have done precisely what this physician advises—given up tea and coffee and adopted—

POSTUM

with happy results.

"There's a Reason"

Postum is a pure food-drink, made from wheat and a bit of molasses, containing the nutrition of the grain. No caffeine—no drugs—no harmful ingredient in Postum. A delicious, nourishing beverage.

Postum comes in two forms.

Regular Postum—must be boiled, 15c and 25c packages.

Instant Postum—soluble—made in the cup, instantly, 30c and 50c tins.

Grocers everywhere sell both kinds and the cost per cup is about the same.

"There's a Reason" for Postum

IN A FIGHT TO THE FINISH

Glasgow Doctor Says England Expects This to Be Decisive Conflict.

Germany Well Prepared for War—Anxiety Among Americans.

Dr. Robert Stockman and Miss Stockman of Glasgow, Scotland, are in the city visiting with their brother, Benjamin Stockman, manager of the Duluth-Superior Milling company. Dr. Stockman expects to remain here only a short time, cutting his visit short because of the outbreak of European hostilities, in which England has been drawn since his departure from his native shore.

Dr. Stockman is a member of the territorial medical corps, and expects momentarily to receive a summons to proceed with the army or hold himself in readiness to go with the reservists to the continent to take part in the strife.

"We left home on Aug. 1," said Dr. Stockman this morning, "and at that time there was not much talk of war. Because of the threatening conditions on the continent, we learned in mid-ocean on Aug. 4. We were not surprised, however."

"England is not indulging in much excitement over the war. It is too serious a matter, for it is regarded by us as a war to the death. If we win, it will settle matters for a very long time, but if we lose, there is no denying it is hard to say what the result will be. However, we do not contemplate losing."

The situation in Europe is a very grave one and has been reaching a condition for a long time. Germany has been wearing a belligerent front for many years, but it is not until now that she is the best prepared for war or because of a mad egoism no one can say. But there is no denying that she is well organized and considers herself prepared for a long and hard fight against the other powers. Germany evidently wants to find out what effect her preparations will have. The knowledge will be gained at fearful cost, and, perhaps, fatally for Germany."

Americans Anxious.

Miss Stockman said that on the vessel on which they crossed and before they left England, the greatest excitement was among the Americans who wanted to get home. Trains were jammed and had to be run in sections owing to the rush of Americans from Paris and other continental points for the home-bound steamers.

"Many of the very wealthy Americans," said Miss Stockman, "rode second and third class, and the other powers learned of was where one American was riding second and his wife first class—any way to get home."

"On board the ship," continued Miss Stockman, "butlers were posted giving the news that came by wireless. All was excitement. One sailor was reading a bulletin in the United States was given that President Wilson had offered his services as mediator."

"Who's President Wilson?" he asked. It was explained to him that Mr. Wilson is president of the United States.

"Well," said he, "what's he butting in for?"

"That seems to be the feeling among the British in general. They feel that this is a war to a finish, and that nothing now can thwart it."

NEUTRALITY LAWS

AT 500 CANALS

Ships With Canadian Car-

goes Barred From Amer-

ican Locks.

Detroit, Mich., Aug. 13.—Great Lakes shipping was further interfered with by United States neutrality laws when authorities at the American locks, Sault Ste. Marie, refused to permit Canadian cargoes to pass through the locks. Steamers with cargoes for Canadian ports, whether they were Canadian or American bottoms were forced to go over to the Canadian locks at both the Erie and Welland locks are closed to all except boats carrying cargoes for American ports.

First word that such action had been taken by the United States was received at this port by Capt. Thomas Stevenson of the steamer North Wind. Mutual Transit line, arrived here with a cargo of copper. He had entered the canal with intention of passing through the Sault Ste. Marie locks when he was informed that he would have to go back around to the Canadian side. Part of his cargo was bound for a Canadian port.

Shippers here who send large shipments to the Dominion are still puzzled as to just what commodities have been placed on the list to be embargoed.

Four Regiments, 2,000 Strong, Will Start Monday.

Winnipeg, Aug. 13.—Four infantry regiments of Winnipeg, 2,000 strong, were called to mobilize at Quebec by an order received from Ottawa today. They will leave Monday night. The local battery will accompany the regiments.

BUTCHERS' PICNIC AT FAIRMONT PARK

Duluth butchers are holding their annual picnic today at Fairmont park. All the meat markets in town are closed for the day and the dealers and their families are enjoying a special program of races, athletic events at the park grounds. There will be dancing this evening.

It was erroneously reported yesterday that the picnic would be held at Foster park.

WILL ADDRESS SALVATION ARMY.

Col. and Mrs. Marshall of the Minneapolis Salvation Army, who have lately returned from attending the international congress in London, will speak at the Duluth army headquarters tonight. Col. and Mrs. Marshall have been in the city for several days and they are among its most capable people. They will arrive this evening over the Great Northern and will conduct a special meeting at the No. 1 Army hall, 518 West Fifth street.

It will be an interesting question, and the speakers will discuss the great congress that has just closed in England.

HILL AND MCADOO TALK ABOUT GRAIN.

Washington, Aug. 13.—James J. Hill and his counsel, Col. J. S. Carr, left St. Louis, talked with Secretary McAdoo preliminary to a conference over moving the grain crop to Europe.

A number of the other representatives of banking and industrial interests also will attend the conference.

Superior

YOUNG MEN FORM REPUBLICAN CLUB.

A Young Men's Republican club was formed last night at a meeting of young men of Superior. The object of the club is to make an active part in the campaign this coming fall. The leaders in the movement are Clarence L. Brundson, Lee Ross, Gust M. Swanson, Harry Whiting and Rudolph Hanson. None of the instigators have been prominent in political life in the city in former years.

Injured in Runaway.

Charles Lindquist, a driver for a local grocery, had a narrow escape from fatal injury into a runaway yesterday afternoon. The horse became frightened at bits of flying paper and started south on Tower from Winter street. The first jump Lindquist was thrown from the rig and his body became entangled in the lines. He was dragged along the paving for nearly 200 feet. He sustained only slight scratches. The horse was stopped after passing Sixteenth street.

Body Not Yet Found.

The police have as yet been unable to find the body of the man who is reported to have drowned in the Tower today night. The body was dragged from the slip until a late hour last evening. They have given up hope of finding it until it rises to the surface. This is expected within the next few days.

Paris, Aug. 13.—3:05 a. m.—To encourage commerce during the war, the French government, it is announced, will cover war risks at sea. The French flag will be covered by 50 per cent of their value, while the total value of cargoes under the French flag or the flags of allies or neutral states will be covered in consideration of a premium.

UNKNOWN DIES IN HOTEL OFFICE

An unknown man, about 40 years of age, was discovered dead in a chair in the office of the Denver hotel, 510 West First street, shortly after 1 o'clock this afternoon.

He had been frequently seen around the hotel for the last two weeks and the proprietor said that he seemed to be very ill. He told the latter upon arriving in Duluth that he had recently left a hospital.

This noon the stranger set down in one of the chairs and began reading. A lodger who sat beside him discovered the man was dead. The police were notified and Patrolman Honold was detailed to investigate the report. He later turned the body over to the coroner. A post mortem examination will be held tomorrow.

Nothing known about the man. A small book and railroad folder were found in his coat and these throw no light at all on his identity. The wife of Gunnar Nelson, 307 North Fifty-third avenue, York, 15 in the book, but it is not believed to be that of the dead man.

TWO PEACE PACTS PASS THE SENATE

Eighteen Others Are Pending Before That Body.

Washington, Aug. 13.—Secretary Bryan's peace treaties with the Netherlands and Norway were ratified today in the senate. They are the first of twenty treaties pending. They provide for a commission of inquiry before resort to arms in international disputes which ordinary sources of diplomacy fail to settle.

DUST

By DR. SAMUEL G. NIXON, Commissioner of Health for Pennsylvania.

The hot, dry winds of August eddy through the city streets and along the country roads, will carry everywhere clouds of dust. It is the pet abomination of housewives and their instinctive dislike is well founded, for in the city streets each tiny particle that is blown about may be a rat which bears the minute disease producing organisms which we call germs. The means by which many of our contagious diseases are transmitted have been discovered to be through personal contact or through insects which carry the disease germs from the sick to the well. While the ancient theory that plagues were transmitted by the air has been disproved by the investigations of modern science, a dust laden atmosphere may be responsible for spreading certain infections. Experiments have shown that some of the germs of communicable diseases die under brief exposure to the sun's rays. Others are less susceptible and thrive for a certain length of time in roads and about stables, and if the germs are introduced into a wound, tetanus is apt to result.

In the sputum of a sufferer from tuberculosis, in the dust of the streets or sidewalks we often find the tubercle bacillus, the germ responsible for consumption. We have reason to believe that the germs of smallpox, and possibly pneumonia, may also be transmitted in this way.

Dry sweeping of the streets, with its accompanying clouds of more or less infected dust and the dry sweepings of buildings may be a possible source of disease infection. In many of the European and in some American cities the streets are washed every day. This is a sanitary measure of no little importance and should be followed wherever possible. Dry sweeping and during with the old-fashioned duster should be abolished.

The following advertisement appeared the other day on the first page of the London Times: "American please note. A marquis, with an invalid mother needing great care, will sell her right to an old European title. What are the offers?"

GOOD PACE CARD.

Important Race on at Kalamazoo—Grand Circuit Meet.

Kalamazoo, Mich., Aug. 13.—One of the events attracting most attention on today's grand circuit racing card was the \$3,000 stake for 2:10 pacers in which Peter Stevens, King Cochran, Thistle Patch and others were entered. Other scheduled events were the 2:07 pace and 2:12 and 2:15 trot, with a \$1,000 stake for each race.

Two world's records were broken yesterday by Peter Volo, driven by Tom Murphy in winning the Horseman and Spirit of the Times stables for 2-year-old trotters. His time of 2:04, 2:05, and 2:06, make them the fastest heats ever trotted by a stallion, the former record being 2:07, 2:08 and 2:09 made in 1910 by the Harvester.

Only second in importance was the race for the \$10,000 Paper Mills stake for 2:11 trotters, won by Lassie McGregor, which took the second, third and fourth heats.

Former Head of St. Mary Mining Company Files Demand.

Wants to Know Why Assessments on His Stock Are Levied.

Permission to examine the books and accounts of the St. Mary Mining company with the view of ascertaining why assessments have been levied against his stock is sought by Patrick Ryan of Salt Lake City, Utah, former president of the company, who yesterday afternoon obtained a writ of mandamus directing the company to disclose its books to him or show to do so. The writ was issued by Judge Ensign and was made returnable to the court next week.

The St. Mary Mining company is an Arizona corporation having its principal office in Salt Lake City, Utah. It was organized in 1907 with a capital stock of \$500,000 divided into shares of \$1 each at par. Mr. Ryan was one of the incorporators and a former president. In his petition for a writ of mandamus, he asserts that he has paid 170,000 shares of the capital stock. The company has a mine located in the Star mining district, Beaver county, Utah.

Hanson E. Smith, who is now president of the company, and who is one of the defendants in the mandamus action started by Mr. Ryan, has conveyed to certain other stockholders of the company the right to examine the company's books and accounts and to demand an accounting from the company.

It is further claimed that during Mr. Smith's term of office, two assessments have been made on all stock of the company. One assessment was for 8 cents and the other was for 2 cents. Mr. Ryan claims that he has paid for his stock, and that he has been informed by the company that he has been assessed for more than a year. He alleges that those now in control of the company's affairs have been withholding from him the right to examine the company's books and accounts, and that he has been unable to ascertain the financial condition of the company.

His interests and those of other stockholders of the company have been endangered, he says, because the present officers have allowed an execution in Utah to remain unpaid and the property is likely to be sold.

WILL PLAY BALL FOR CHARITY

Proceeds of Patrick-Board of Trade Game to Children's Home.

Duluth's annual charity ball game for the benefit of the Children's Home will be played at Athletic park Saturday afternoon. The game will start at 3 o'clock.

The Patrick's and the Board of Trade teams will clash for the field honors, while the proceeds of the game will go to the Children's Home. This game is played each year and in the past has brought considerable revenue to aid the many children being cared for at the home.

Society usually attends the charity ball game in large numbers. Many give large prizes and handbags are expected to go out to the grounds in automobiles. Last year there was a string of cars lined up from one end of the grandstand around the entire field to the other side.

Harry Blume, president of the Duluth ball team, has donated the use of Athletic park for the game and the proceeds at the gate will be clear profit, the entire amount going to directors of the Children's Home. The game between the Patrick's and the Board of Trade nine promises to be a good one, as both teams have played excellent ball throughout the summer.

BLINDED BY CINDER: STRUCK BY ENGINE.

A cinder that blew into his eye as evening, blinded Albert J. Dysland, 22 years old, for a moment and as a result he was taken to St. Luke's hospital, where it was reported this morning that amputation will not be necessary.

Mr. Dysland stopped just as he reached the railroad crossing to wipe the cinder from his eye. The engine struck him just as he placed one foot on the track.

Chief Trosky happened to be near the scene of the accident and he tele-

phoned to headquarters for the emergency patrol. The injured man was taken to the hospital, where it was found that he was not badly hurt as was thought.

Mr. Dysland is an insurance agent and lives at 112 West Fourth street.

TWO HURT IN KNIFE AND BOTTLE DUEL

Barber and Laborer Settle Accounts in Midnight Clash.

Richard Mantila, 30, is at St. Luke's hospital today with a severe knife wound in his shoulder, while Aantoni Laukkanen, 31, with a deep gash above his upper lip, is at police headquarters, as the result of a knife and bottle duel the two men had on South First avenue east about midnight last night. The two men also face charges of assault and will be arraigned as soon as Mantila is able to leave the hospital.

Nick Christopher, who lives at 148 South First avenue east, was awakened by the commotion and called the police and Jailer Johnson and Patrolmen Stewart and Ladd, who were detailed to the scene, with Mantila almost unconscious, Mantila at first denied any knowledge of a fight, but the officers saw his badly gashed arm, and he was placed in the patrol with Laukkanen. The two men were taken to police headquarters, where it was found that Laukkanen had been struck with a beer bottle, while Mantila sustained a cut on the arm with a knife. Police Surgeon Murphy, who attended the two men, ordered Mantila taken to the hospital. As soon as he is improved, Mantila will be brought back to headquarters, where Laukkanen is also being held.

The knife with which Mantila was stabbed was found on his person. The police believe he took it away from Laukkanen after the latter had struck him in the arm.

The two men live at 228 South First avenue east. Mantila claims to be a barber, while Laukkanen has been working about the city as a laborer.

WOMEN INSIST UPON PEACE PARADE PLAN.

New York, Aug. 13.—Despite efforts made by Wilson, opposed to holding a peace parade in the United States in view of the situation abroad, representatives of women's organizations, at a meeting here yesterday, decided to hold such a parade in this city on Aug. 29.

Opponents to the plan suggested that the women of this country devote their efforts instead to urging warring nations in Europe to mediate.

IN TORTURE WITH ECZEMA ON HANDS

Itching Burning. Had No Rest Anywhere. Used Cuticura Soap and Ointment. Eczema Healed.

Grylla, Minn.—"For about two years I suffered with eczema on both of my hands. At first it appeared in the form of pin-head sized vesicles filled with fluid and caused me torture with itching and burning. I had no rest anywhere. The itching and burning were so bad that I scratched. My hands were very bad."

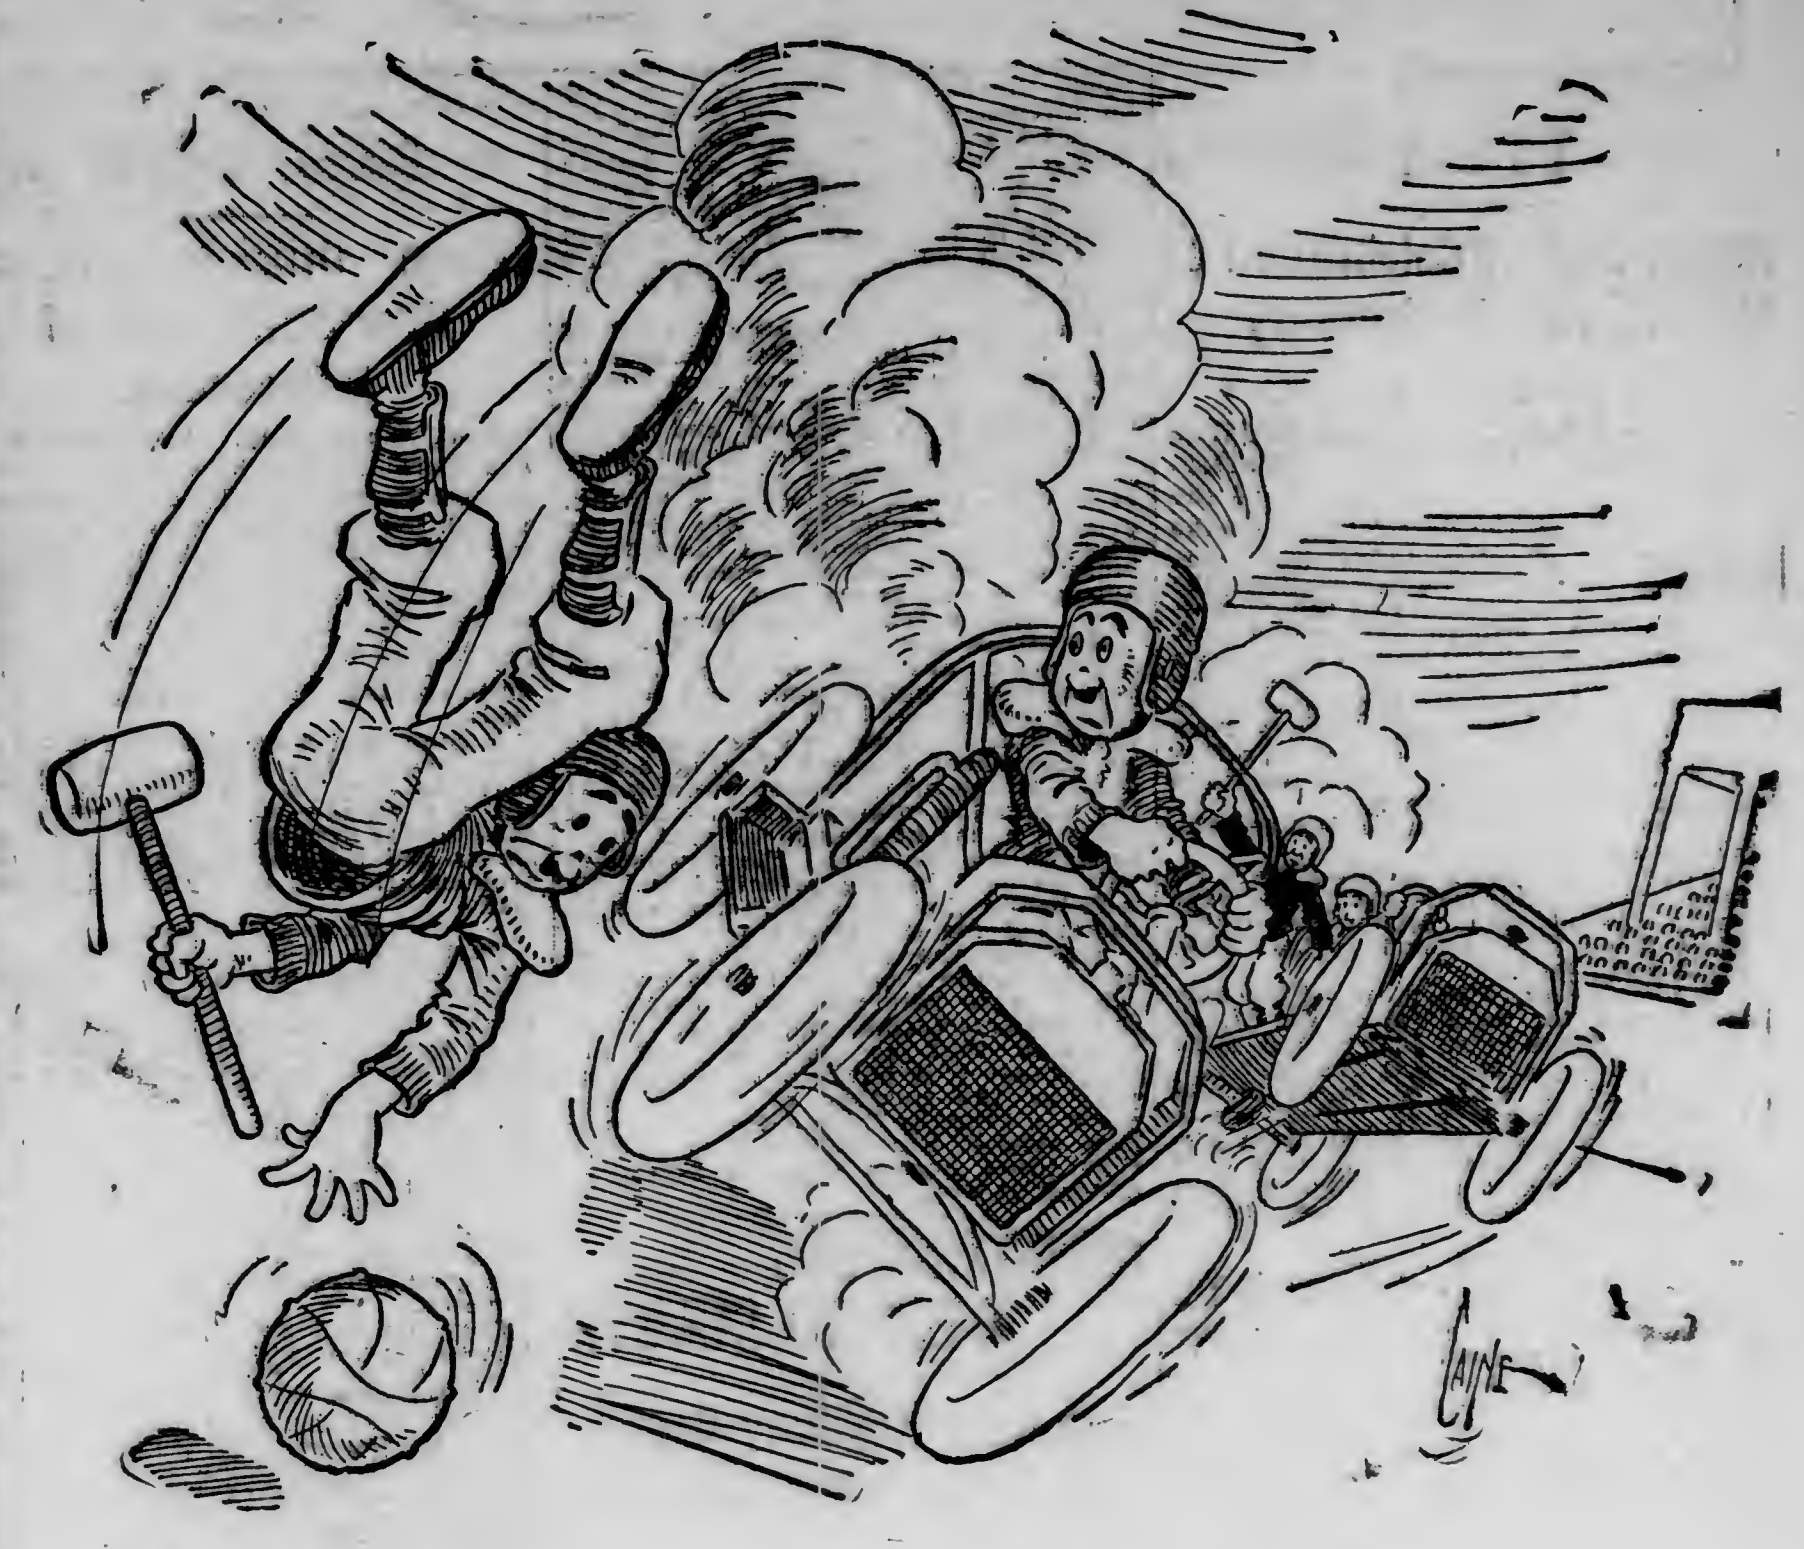

"I got some Cuticura soap, but they did no good. I read the advertisement of the Cuticura Soap and Ointment and I decided to send for some for trial. After using them a few times I got relief. I bought seventy-five cents' worth of Cuticura Soap and Ointment and followed the directions given for eczema and was cured." (Signed) J. M. Langness, Mar. 24, 1914.

WILL DISCUSS WAY TO EXPORT GRAIN

Minnesotans Among Men to Meet at the Capital.

Washington, Aug. 13.—A notable assemblage of representatives of the banking interests and commercial organizations from all parts of the country will attend a conference at the treasury department on Friday to consider moving grain to Europe and restoring the market for foreign bills of exchange. Secretary McAdoo, Secretary Houston of the agricultural department and members of the Federal reserve board will meet the delegates.

The treasury department was flooded yesterday with messages accepting invitations to the conference. In issuing the call, the department announced that foreign exchange and the question of providing sufficient ships to move the grain and cotton crops to European markets are pressing problems, and that the government will make every effort to meet the situation. President Wilson will see the visitors after the conference.

Those expected to be present include: National foreign trade counsel—James J. Hill, St. Paul; West and northwest milling interests—James A. Andrews, Minneapolis, and W. L. Harvey, New Prague, Minn.

WAR WILL BE A DEATH STRUGGLE

French Officer Here Believes France and Allies Will Win.

The European war will prove a death struggle between the French and Germans and the outcome will be that either the French will march into Berlin or the Germans into Paris over the dead bodies of the foe, according to Fernand Michelon, 326 Fourth avenue west, formerly a first lieutenant in the French army, who holds a similar position in the first reserve. Lieut. Michelon says that he thinks the German army will take the forts at Liege and then march on to Longwy. Near there he says that the great struggle between the Germans and allied forces is likely to take place. After one of the other conquers there, the victorious army will march on to the enemy's capital, he says.

In Lieut. Michelon's opinion the French and allies will win, but only at the end of a terrific and long-drawn-out struggle.

GOOD PACE CARDED.

Important Race on at Kalamazoo—Grand Circuit Meet.

Kalamazoo, Mich., Aug. 13.—One of the events attracting most attention on today's grand circuit racing card was the \$3,000 purse for 210 pacers in which Peter Stevens, King Coughman, Thistle Patch and others were entered. Other scheduled events were the 2:07 pace and 2:12 and 2:15 trot, with a \$1,000 stake for each race.

Two world records were broken yesterday by Peter Volo, driven by Tom Murphy in winning the Horseman and Spirit of the Times futurity stakes for 2-year-old trotters. His time of 2:04 1/2, 2:05 1/2, and 2:06 1/2, make them the fastest heats ever trotted by a stallion, the former record being 2:07 1/2, 2:08 and 2:09 made in 1910 by the Harvester.

Only second in importance was the race for the \$10,000 Paper Mills stake for 2:11 trotters, won by Lassie McGregor, which took the second, third and fourth heats.

TO SUMMER TOURISTS AND THEIR DULUTH HOSTS

The Street Railway Company wants to do its share toward giving summer visitors in this city a good impression of Duluth.

The street car service of any city is one of the first features to impress a visitor. We want visitors to Duluth to carry away an impression of clean, well ventilated, comfortable cars; prompt and efficient service, and courteous employees.

Here is an extract from the company's rules which may be of interest to summer visitors:

"Conductors are expected to be familiar with principal points along their route, so as to be able to give information to passengers about streets, parks, connecting or intersecting railway lines, depots, ferries, public buildings, large stores, hospitals, theaters, etc."

The Duluth Commercial Club maintains an information bureau at Fifth avenue west and Superior street. There you will be directed to the proper car to take to reach any given point. General information regarding the city can also be obtained if you will "Ask Mr. Hanna" at 410 West Superior Street. After you have boarded that car the conductor will give you any further information you need.

A trip to the top of our Inclined Railway will give a visitor a better general idea of the topography of the Head of the Lakes than any number of maps, and a view that is equalled by few on this continent.

AUTOS WANTED

You Can Communicate With 98 Per Cent of the Prospective Buyers

Hundreds of automobiles are being purchased in Duluth and the surrounding country this year. The cars which are advertised most persistently, thus inviting the consideration of all prospective buyers, are finding quickest sale.

You can reach every interested person in this great territory by offering your car in the "Herald want ad" column.

By a careful comparison of the names in which automobile licenses were issued and the subscription records of The Duluth Herald it was shown that 98 per cent of the present car owners are readers of The Duluth Herald.

What is of interest to the car owners of today is also of interest to the car owners of tomorrow, consequently 98 per cent of future car owners also are readers of The Duluth Herald.

Do You Want to Trade?

If you have an automobile you would like to trade for real estate or anything else, you can find some one who is willing to match your trade.

OR IF YOU WISH TO ACQUIRE A CAR by trading you can find somebody who will be pleased to make an exchange. Inserting and reading "Duluth Herald want ads" is the means of bringing about many mutually satisfactory trades.

FEDERAL FOOD PRICE PROBE IS BEGUN BY COMMERCE BUREAU

Detailed Instructions Are Sent to Department Agents.

Clothing and Other Necessities Are Included in Inquiry.

Special Attention Directed to Causes or Excuses for Rise.

Washington, Aug. 14.—Agents of the department of commerce began their work today as part of the investigation ordered by President Wilson to determine if food prices in this country are being artificially raised because of the European war. These instructions were sent to field agents in New York, Boston, Seattle, Chicago, Atlanta and New Orleans.

"You are instructed to inquire immediately and carefully whether there has been a recent rise in retail prices in your city and vicinity, and if so, on what articles and to what extent. Special attention should be given to foodstuffs and articles of clothing and other necessities. Learn whether the advance, if it exists, is general or confined to particular commodities, and if so, what causes.

Ask About Reasons.
"Find if it has been sudden or gradual, if any articles have fallen in price, state the facts concerning them. Learn what reasons are given for any advance that may have occurred, and inquire particularly as to whether such reasons are the actual ones.

"Give special care to determining if there has been any advance due to speculation, either on the temporary delay situation or on the temporary delay in ocean transit. Consider whether a fair stock exists in the market of any commodity that may have been advanced, and whether the facts show a purpose to use the war situation to secure undue extra profits by increased prices.

Look for Combinations.
"Study to learn if any combination exists for an advance of prices under existing conditions. When the facts shall have been determined sufficient to give a clear idea of the general situation, report them promptly to the chief of the bureau for foreign and domestic commerce, and continue the inquiry subject to his instructions."

Two Inquiries in New York.
New York, Aug. 14.—Special agents of the department of justice, working under the direction of Assistant United States District Attorney Roger B. Wood, today started upon an investigation of the causes for increased prices of foodstuffs in this city. These agents will seek to learn if a combination exists in violation of the Sherman law to control food supplies and dictate prices.

Independent of the government investigation, wholesalers and retailers of foodstuffs have been urged to appear today before Assistant District Attorney DeFord of New York county.

BIG QUESTIONS ARE BEFORE PRESIDENT

He Meets Advisers, But No Formal Cabinet Meeting Is Held.

Washington, Aug. 14.—No regular cabinet meeting was held today, but President Wilson called to the White House individually the cabinet officers with whom he wanted to discuss pending questions.

Two important problems involving the neutrality of the United States during the European war are before President Wilson and his advisers. One is a plan to apply to all cable offices in the United States the same censorship which recently was placed on radio stations to prevent neutral territory from being used as a base for the transmission of military or naval information to the warring European nations.

The other problem involves the granting of permission to American bankers to float loans in this country for any of the countries involved in the European war.

CANADIAN ORDNANCE BUILDING SET AFIRE

Private Is Shot Through the Hand By the incendiary.

London, Ont., Aug. 14.—An attempt was made early today to burn the store building of the Canadian ordnance corps near the Wolseley barracks, and Private Allen of the corps, who discovered the blaze, was shot through the left hand by the incendiary. Allen, who with Staff Sergeant Spicer has been sleeping in a tent on the property for the last two weeks, was awakened by the blaze in the shop, and started to investigate. A man or woman fired upon him, then escaped over a fence.

The fire was easily extinguished.

MR. AND MRS. PRESTON ARE IN SWITZERLAND

New York, Aug. 14.—Cable messages made public today gave the whereabouts of Mrs. Preston, who formerly was Mrs. Grover Cleveland, who went to Europe with her husband, Mr. and Mrs. Preston, Jr., last spring. The Prestons and the Misses Esther and Marion Cleveland and Richard and Francis Cleveland are safe at St. Moritz, Switzerland, according to the message.

AMERICANS NOW IN GERMANY WELL OFF, SAYS AMBASSADOR

Gerard's Report to Washington Tells of Aid in His Work.

English Bureau Also Has Been Opened By Him.

Washington, Aug. 14.—Volunteers who have co-operated with Ambassador Gerard have made it possible for the embassy in Berlin to restore normal conditions among Americans in Germany, according to a report received today at the state department. Co-operation of the Dresdener Bank, which has agreed to cash a limited number of checks of Americans bearing the American consular stamp of identification, has greatly relieved the financial tension.

From funds subscribed by the American colony in Berlin and a large personal contribution from a Mr. Rudolph, a local banker, the embassy has been able to establish a daily disbursement department which pays out cash allowances to the needy, has been established in Berlin with Mrs. Gerard and Mrs. Rudolph in charge.

A card index has been made of all Americans in Berlin, dividing them (Continued on page 14, second column.)

MUTINY ON BOARD GERMAN STEAMER

Brazilian Police Are Called to Restore Order.

Rio de Janeiro, Brazil, Aug. 14.—A mutiny broke out among the crew of the German steamer Bluecher, which after sailing from this port for an unknown destination, returned a short time later. The local police were called on board to quell the disturbance, the reason for which has not been divulged.

WILSON APPROVES NEW SHIPPING BILL

Will Sign Measure If It Is Passed, It Is Said.

Washington, Aug. 14.—Amendments to the shipping law, designed to open American registry to foreign ships in the European crisis, as agreed upon by house and senate conferees and passed by the house today, will be signed by President Wilson. White House officials said today he would promptly sign the bill.

GERMANS PLAN NEW ATTACK ON LIEGE FORTS—BELGIANS ARE READY TO MEET ENEMY

WHERE THE BELGIANS AND GERMANS ARE FACE TO FACE.

GERMANS REPORTED OVER SWISS BORDER

Many Patrols Are Said to Have Sought Refuge.

London, 1:33 p. m., Aug. 14.—A dispatch from Paris to the Exchange Telegraph company today announced that the French ministry of war has received news from Bern, Switzerland, that numbers of German patrols have taken refuge in Switzerland. It is stated that no French troops have crossed the Swiss frontier.

2,000,000 RUSSIANS ON TEUTON FRONTIER

Half Million More Face Turkey and 3,000,000 in Reserve.

London, Aug. 14.—A dispatch to the Central News from Rome says that according to reliable information from St. Petersburg, Russia has mobilized 2,000,000 men on the German and Austrian frontiers, half a million on the Turkish and Rumanian frontiers, while 3,000,000 men are held in reserve.

TELL TURKS TO BE GOOD

England, France and Russia Demand She Give Up Ships.

London, Aug. 14, 3:55 p. m.—An official announcement says that a large number of French troops have entered Belgium and are proceeding from Cherbourg to Gembloux, ten miles to the north-west of Namur.

Alleged Purchase of German Cruisers Arouses All Europe.

London, Aug. 14, 2:53 p. m.—Great Britain, France and Russia have sent a sharp demand to Turkey for the immediate repatriation of the officers and crew of the German cruisers Goeben and Breslau.

It is reported that the two cruisers were met by a Turkish vessel outside and escorted to the Dardanelles. There is no official confirmation of the actual purchase of the cruisers by Turkey, but the report to that effect is generally credited.

Rome Displeased.
A dispatch to the Daily News from Rome says "Turkey's purchase of the German cruisers Breslau and Goeben has made an unpleasant impression here. Italy probably will demand an explanation as to the future use of these ships, and also insist to prevent complications."

Anxiety at Athens.
Athens, via London, Aug. 14, 1:17 p. m.—Considerable anxiety is felt here in connection with the reported purchase by Turkey of the German cruisers Goeben and Breslau, as it is feared the acquisition of these vessels may make Turkey uncompromising in the subject of the disposition of the Aegean islands. A rumor that Turkey had named one of these warships Mitylene is taken as a justification for this belief.

Extends Moratorium.
Vienna, via London, Aug. 14, 1:50 p. m.—The Austro-Hungarian moratorium affecting private debts was extended today until Sept. 30.

Nothing Important.
Brussels, via London, 1:25 p. m., Aug. 14.—No movements of importance have taken place since Wednesday. (Continued on page 14, third column.)

SAYS GERMANS ARE REMAINING ORDERLY

Brussels, via London, Aug. 14.—The cashier of a Liege bank who arrived here on a bicycle to obtain funds, says that he had little difficulty in getting out of Liege on establishing his identity.

The German troops, he said, continue their preparations for defense. In the event of the Belgian troops taking the offensive, he said, the impression is that the Germans are preparing to leave the vicinity, as they are hurrying the construction of pontoon bridges over the Meuse.

The cashier says the treatment of the inhabitants of Liege by the Germans gives no special cause for complaint. It came to Brussels by way of Huy and Namur.

SUMMARY OF NEWS OF THE EUROPEAN WAR

Evidences of a sharp sea fight in Chinese waters were brought to Hongkong yesterday when two battered warships, either French or British, arrived there with many wounded. The telegram, apparently censored, did not identify the warships, but said they were reported to have been in action with the German cruisers Scharnhorst and Gneisenau.

A London report says the captain of a Danish steamer declares he passed seven sunken German ships on the east coast of England. He could not identify them, but believed they were warships.

The reported purchase of the German cruisers Goeben and Breslau by Turkey has been made the occasion of action by the British, French, Belgian and Russian allies, which are to call Turkey's attention to her duty as a neutral. Greece also is perturbed by which the considers will upset the equilibrium of power in the Levant.

Russia is reported from St. Petersburg to have mobilized 8,000,000 men, 2,000,000 of whom are on the German and Austrian frontiers.

***** NO FORTS TAKEN. *****

Brussels, via Paris, Aug. 14.—1:55 p. m.—It was officially announced here today that none of the Liege forts had capitulated, as had been stated in German reports. It was declared that the defenders had been instructed to show up the forts rather than surrender.

A rumor that an attempt had been made on the life of King Albert was based on a slight accident to the royal automobile.

Paris, Aug. 14, 3:15 p. m.—An official announcement says that a large number of French troops have entered Belgium and are proceeding from Cherbourg to Gembloux, ten miles to the north-west of Namur.

***** "Gen. Emmich Dead." *****
A dispatch to the Reuter agency from Brussels says that a rumor is in circulation there that Gen. von Emmich, commander of the German Tenth army corps before Liege, is dead.

A dispatch to the Daily Chronicle from Amsterdam says that a brother of Prince von Bismarck, former German imperial chancellor, has been killed in the fighting at Liege.

"Germans Retired Hastily."
Paris, Aug. 14, 10:38 a. m.—A telegram from Brussels to the Havas Agency says a fresh engagement between German and Belgian troops occurred yesterday between 5 and 6 o'clock in the evening at Gœt-Betz, five miles south of Haelen. The Belgians fired heavily on a detachment of 400 Germans, who retired hastily.

Nothing Important.

AUSTRIAN FORCES TORN BY MUTINIES

Rome, Aug. 14.—Via Paris.—Persons arriving at the Italian capital from Bosnia describe the Austrian forces there, especially the Slav, Czech, Italian and Rumanian elements, as unruly and rebellious. The travelers assert that although a number of mutineers have been shot, the regiments appear to be disintegrating, and that this accounts for the inactivity of the Austrian army on the Serbian frontier during the last eleven days.

Passed Constance.
Paris, Aug. 14.—The correspondent of the Times at Constance, Baden, says that battalions of Bosnians, wearing red fezzes, passed through the railroad station at Constance going westward, according to reliable information given him.

HERZEGOVINANS INVADE AUSTRIA.

London, Aug. 14, 2:53 p. m.—A special newspaper dispatch from Rome today says the Montenegrin troops aided by the inhabitants of Herzegovina are successfully invading Austria, whose blockade of the Montenegrin coast has practically ceased.

BOARD PRICES WILL GO UP

"War Prices" for Foodstuffs Already Felt in Duluth.

Beneficial Effects of the Low Tariff Now Wiped Out.

The fact that Mr. Common People will pay the fiddler during the European war is becoming more and more apparent both in this country and abroad, as prices of foodstuffs and practically all other necessities of life soar. The next blow that will hit Mr. C. P. in Duluth is a jump in the price of board.

Duluth keepers of boarding houses today expressed regret that prices continue to go up, the board rates must be raised, or all profit will soon be wiped out. Flour, sugar, coffee, tea and many other products have gone up, and a reasonable boost in meal rates is expected. One boarding house keeper said today that she considers a small raise necessary, perhaps a dollar a month for each boarder. If prices of foodstuffs continue to go up, however, more boosts she thought would be necessary to make the business at all profitable.

A leading boarding house keeper of the city today expressed regret that she must raise her rates, as the cost of living is already too high according to the income of her boarders, but she said no one could afford to pay the steadily increasing prices for raw material without raising the rates or serving. She then went on quoting present prices, comparing them with those of two weeks ago. The increase in the cost of foodstuffs was shown to be so large that it was almost equal to her percentage of profit in operating her boarding house.

The thing that she particularly regretted was that the beneficial effects of the new tariff, which had begun to make themselves felt, were entirely wiped out by the war. The possibility of serving a good table at a fair profit was assured, she said, until the war crisis. Now, the cost of living again confronts the boarder, and the boarder's income is almost equal to the profit in operating her boarding house.

CASE TAKEN UNDER ADVISEMENT

Judge Gilpin Withholds Decision in Murphy Will Case.

Judge S. W. Gilpin of the probate court has taken under advisement his decision in the contest which has been pending for the last week in which Mrs. Edna White Snyder of Minneapolis is seeking to obtain custody of the residuary estate of her foster father, James E. Snyder, who died in Duluth Sept. 25, 1913, notwithstanding the fact that he willed his property to others. After a hearing several days, attorneys presented their closing arguments the afternoon.

Witnesses in rebuttal were put on this morning. Counsel for Mrs. Snyder testified that she had always known Mrs. Snyder in her home, and that she had been introduced as "Miss Murphy" at a card party and as "Miss Murphy" at a party given by the Snyder family. She also testified in rebuttal that she was known and held out as "Miss Murphy."

Mrs. Snyder, aged 29, is seeking possession of the property, notwithstanding the will and the legatees claim. She was brought up in the Murphy family as an adopted child and that when she was taken into the Snyder family, she was released all claim to her as his child to be the sole heir when her foster parents died.

LAKE MEN IN A QUANDARY

Success or Failure of Shipping Season Will Be Known Soon.

Sept. 15 Will Tell—Iron Ore Questionable, Also Grain.

The success of the lake navigation season largely depends upon developments within the next thirty days, according to men prominent in lake transportation and lake shipping.

Ore, which is the backbone of the lake trade, is in greater demand during the next month than it has been so far or no material improvement in that line can be expected. This is the opinion of ore shippers. While they hope there will be an increased pig iron market with increased iron ore sales, they are doubtful. They say that furnace men will not tie up the large amount of iron to warrant the investment.

According to inquiries, prices on pig iron, the sales have not been large enough to indicate anything. The adjustment of prevailing conditions will require some time and none is willing to predict what the broad effect will be on the iron and steel business. It is a medium of exchange business now than vessel capacity. If exports are possible in the next month, it is thought a heavy demand at lower lake ports will be large, as the ships will be in the eastern railroad terminals for shipment during the winter.

Coal shipments are improving very slowly, but are expected to gain impetus toward the latter part of the month. This is only a natural development in the fall.

Unless there is an improvement soon in lake traffic, especially downward for several weeks, the season will have to go to the dogs. A number of ships are being chartered now in hope something will develop within the few days in the grain trade and later in the coal traffic.

DIDN'T KNOW HIM.

Frank Hendrick Stopped By Canadian Officials at Soo.

Sault Ste. Marie, Mich., Aug. 14.—When Company Adjuster Frank Hendrick, who was born in Germany but who has been an American citizen for years, attempted to land on the Canadian side of the Soo, he was stopped by Canadian officials, who locked him up in a cell and searched him. He was released after a search of the country by immigration authorities.

There has been no change in regulations governing the handling of vessels through either Canadian or American canals.

Supt. Sabers says: "There has been no change in rules concerning vessels locking through either side. The regulations are the same, by treaty between the United States and Canada."

Mr. Hendrick was, up to a few years ago, hydrographic officer at Duluth, under Capt. Swenson, the present officer.

FOUR CRACK GOLFERS SURVIVE THIRD ROUND

Patrick, Ferguson, Mudge and Legg Down to Semi-Finals.

Superb Play Marks Third Round for State Golf Title.

R. S. Patrick of Northland, H. H. Ferguson of the Meadowbrook club, H. G. Legg of the Minikahda club, and Dudley Mudge of the Town and Country club are the four survivors of the third round of the championship fight for the golf championship of the state. In the early rounds today some superb golf was played. Clearly the feature of the day was the beautiful drive made by Ferguson on the nineteenth hole in his match with Piper. Ferguson dubbed his drive to the eighteenth hole and Piper evened up. The drive to the nineteenth hole was right in the teeth of the rather treacherous wind. Ferguson made his drive as nearly perfect as any drive ever made on the Northland links, and perhaps as perfect a drive as has ever been in any golf game. The ball rolled within five feet of the flag and Ferguson won out in three.

Piper's drive was rather short and his approach shot went on the bank behind the hole.

Mudge and Lightner. From the second hole to the finish of the contest between Mudge and Lightner, which was won by Mudge 1 up and 21 holes, some of the most beautiful golf that has been witnessed in a state tournament for several seasons was played before the largest and most enthusiastic gallery of the week.

Mudge made a really remarkable putt on the seventeenth hole, the shot being essayed from a distance of twenty feet. Both players made remarkable putts on the sixteenth, twentieth and twenty-first greens was also clear above the usual grade of golf even for tournament play.

The win of Mudge means that he will be paired with R. S. Patrick in the semi-finals of the championship fight. Last year at the semi-finals Patrick and Mudge met in the semi-finals and Mudge put the Northland star out of the running, only to lose later to Harry G. Legg.

Some of the shrewd followers of the game are already speculating as to whether history will repeat itself, as history sometimes has the habit of doing.

Champion Legg was paired with Dr. M. E. Callum and the champion of his game 6 and 4. Patrick won from Lawrence Carpenter 3 and 1, the putting of the Minikahda star being clear off.

Ferguson is opposing Champion Legg in the semi-final of the championship round, and with the champion going at the top of his game he should win from the less experienced Winona star and meet the winner of the Mudge-Patrick contest in the first half final round, which will be played off early tomorrow.

Duluth Showing Well. E. P. Towne defeated Elmer Whyte in the second round for consolation prize. George H. Crosby defeated A. C. Volk in the semi-finals of the second round, and P. H. White defeated R. C. Rust, one up, in the semi-finals of the second round. Eric Wickstrom of the Town and Country club defeated W. H. Lightner in the semi-finals of the third round, and F. A. Brewer defeated G. C. London in the semi-finals of the fourth round.

Interest is centered in the outcome of the play of late today, and in the event of Legg and Patrick going into the finals of the state event, the finals of the event tomorrow will be followed with far more than the ordinary degree of interest by Duluthians.

POLICE AND FIREMEN WILL MEET ON DIAMOND

Duluth's policemen and firemen will clash on the baseball diamond tomorrow.

Stomach Troubles Relieved

MR. CHAS. A. WARNER

"I want to express my thanks for the good Duffy's Pure Malt Whiskey has done me. My attending physician told me I could not live three months and said I had consumption of the stomach. I read your advertisement in the newspaper, bought a bottle, took it, and it has done me so much good I cannot praise Duffy's enough. I have taken it for three years and keep it in the house all the time. I would not be without Duffy's. I am 63 years of age."—Mr. Chas. A. Warner, Cambridgeport, Vt.

SUNDAY'S BAND CONCERT THE LAST

The last band concert of the present season will be given next Sunday afternoon at 3 o'clock at Lester park. As at other concerts, the music will

row afternoon for the championship honors of the city and incidentally a side bet of \$100.

The game will be played at Desmond park and will begin promptly at 2 o'clock.

The freshmen this morning announced their complete line-up as follows: Harwood, catcher; Morgan, pitcher; Yax, first base; Goldsmith, second base; Le May, shortstop; Blank, third base; Jones, center field; Dworshak, right field; and Macintosh, left field. The lineup of the seniors will be: Edman, O. Olson will catch for the police nine, while Patrolman Dave Perry and L. A. Root will be pitching. The other nine members of the team are: Patrolmen Krawsky, Boland, J. Callahan, H. Towse, Blank, Dunham, Lutz and A. Callahan.

DULUTHIAN WINS MOTORCYCLE RACE

Hibbing, Minn., April 14.—(Special to The Herald.)—Walter Hohenberg of Duluth won the fifty-mile motorcycle race around the new Mahoning loop here today, making the distance in 40 minutes 15 seconds. Bob Beery of Chicago was second and P. J. Norman of Hibbing third. The race was won by the Duluthian, who was riding a new machine, a 1914 model, which was built by the Duluth Motorcycle Club. The race was won by the Duluthian, who was riding a new machine, a 1914 model, which was built by the Duluth Motorcycle Club.

WILL PLAY FOR CHILDREN'S HOME

The deciding game in the Commercial league series of baseball games will be played tomorrow at Athletic park, and on this occasion its attraction will be more than usual for the proceeds will be turned over to the Children's Home fund. It will make no difference to the fund—which, by the way, is one of the pet funds of Duluthians—which way the game they are possessed of keen rivalry and declare that the game will be "hot."

Harry Blume, president of the Duluth Baseball club, has donated the use of Athletic park because of the fact that the Children's Home will be the beneficiary.

The game will be called at 3 o'clock and its result will decide, for the season, the supremacy of the group of teams which make up the Commercial league. The teams that will hold the attention of the umpire will be the Board of Trade and the Athletics. The personnel of the teams follows:

Board of Trade—R. Ebner, captain and manager; Baker, Dolg, Hanson and Hanson, Wisted, Barry, Harris and Brown.

Athletics—J. A. Anderson, manager; Paul Larson, Vic Olson, John Michael, Joe Harach, Adam Grimes, Stanley Gilliland, Sam Menice, James Campbell, Herb Sahlborg, Art Amundson, John Walker.

TRADE GOOD BATTERY.

Londermilk and Severoid Go to St. Louis American Team.

Louisville, Ky., Aug. 14.—O. H. Wathen, president of the Louisville club of the American association, today announced that Pitcher Grover Londermilk and Catcher Henry Severoid had been traded to the St. Louis American league. Londermilk, a right-handed pitcher, and Severoid, a left-handed catcher, were both players yet to be selected and a cash consideration.

Londermilk and Severoid will report to St. Louis at the end of the American association season. Londermilk and Severoid will come to Louisville immediately.

SHAMROCK COMING TO AMERICA ANYWAY.

New York, Aug. 14.—Sir Thomas Lipton's challenger, Shamrock IV, with which he expected, prior to the declaration of war between Germany and England, to race for the America's cup this fall, left Bermuda at noon yesterday, on the last leg of her trans-Atlantic voyage. She is expected to arrive here Sunday.

Advices announcing the Shamrock's departure were received today by the harbor which will place her in trim for racing.

As soon as she reaches port it is said she will be a diver in drydock, her racing masts will be erected, her hull scraped and all other work necessary to put her in racing trim will be hurried.

FUGITIVE CAUGHT FOR CHICAGO COPS

Garnfield R. Pascoe, 34 years old, who walked out of the Bertillon room at the South Clark street police station in Chicago on Wednesday, Aug. 6, after having been bound over to the Cook county grand jury on a charge of forgery, was arrested in Duluth last evening by Detective Schulte just as the fugitive was about to board a train for the West.

On the evening Pascoe escaped Chief Troyer received a telegram from Chief of Detectives Halpin of Chicago to watch out for Pascoe. The message stated that Pascoe had checked his baggage to a Duluth hotel and that in all probability he would follow shortly. Detective Schulte was placed on the case and after a week's search was successful.

Pascoe is being held at headquarters until a Chicago officer arrives tomorrow.

According to the message received from Chief Halpin, Pascoe was bound over to the Cook county grand jury on a charge of forgery. He is accused of having forged some papers in a confidence game last February, that noted him \$75. Following the examination at the Clark street station, Chief Halpin took the prisoner up to the sixth floor, where he turned him over to the Bertillon experts to be measured and photographed.

It was the experts were preparing for their prisoner, that Pascoe walked out of the room, down six flights of stairs and out into the city street. The entire detective force was put on his trail but Pascoe disappeared and that night Chief Halpin sent the message to Chief Troyer.

Pascoe was married and lived at 4246 Calumet avenue, Chicago.

Bonds for Paving.

The city commission is taking steps for the issuing of bonds for the paving of Haight avenue. The bonds will be issued to cover the assessment for the paving of the avenue between Twenty-first and Twenty-second streets.

Detective Arrested.

Norman Luce, a private detective, was arrested yesterday on a charge of contributing to the delinquency of a minor.

The offense is alleged to have occurred during the time when the detective was using the girl for a "stool pigeon" in ferreting out a number of "blind pig" cases. Luce demanded an examination, which was set for Aug. 15. His bond was placed at \$500.

Pond for Waterfowl.

The pond at Billings park to be used for aquatic fowl acquired for the Zoo, will be ready within a few days. The dredging of the place is about completed. The Rotary club, which is active in the establishment of a zoo for the city, has already raised \$500 and its members hope to boost this sum to more than \$2,000 before the end of the campaign.

DUTCH FLOODING PART OF HOLLAND.

Rotterdam, Aug. 14.—Via London.

St. Petersburg, Aug. 14.—Via London, 1:50 p. m.—With the view of removing the apprehensions of the Poles in Russia Germany and Austria-Hungary, in the two mentioned countries, the Grand Duke Nicholas Nikolaevitch, commander-in-chief of the Russian army, issued an order today to the effect that all Poles showing loyalty to the Slav cause would be specially protected by the Russian army and government. Any attempt to interfere with the personal and material rights of those Poles not guilty of hostility to Russia will, according to the order, be punished with all the severity of martial law.

News Item

Preparatory to closing one of the best seasons we have enjoyed, we wish to announce that our buyers are scanning the Eastern markets and accepting every available opportunity—purchasing and rushing home the most select goods from the largest, best and most fashionable centers in the East.

New goods arriving daily. This store aims to maintain an even keel at all times.

Stunning New Fashion Ideas Are Incorporated in the New Fall Suits and Coats

Our buyer, Mr. Kaltenbach, of the ready-to-wear section has expressed to us from New York many new and delightful creations in women's correct apparel for fall. The new arrivals depict that elusive feature of "individuality" which fashionable, yet economical, women desire.

The Suits The suits distinguished by a clever originality in their fashioning are sure to meet with your sudden approval and appreciation. They embrace the most new and popular materials in styles that afford an excellent latitude for choice. The colors are especially pleasing, each model effectively trimmed; all are marked at the most reasonable prices. We solicit your careful inspection.

The Coats Our early showing of the new styles includes an excellent assembly, showing that our buyer has gathered them with great precision. Many of the models show the belted effects, with set-in sleeves; others emphasize the cape effect. Shown in a galaxy of pleasing color combinations. All are popular priced. We invite your inspection to this our first, yet luxurious, array.

DULUTH FOR YOUNG MEN

Closer Union and Co-Operation Urged at Hartley Dinner.

Kitchi Gammi Club Is Cited as Fine Medium for Action.

A movement for a closer union and more hearty co-operation of the young men of the city was launched last night when seventy-five of the most representative young men of the city attended a dinner at the Kitchi Gammi club given by G. G. Hartley, High School teacher, and other young men of the city. The dinner was a success and the keynote of the meeting, "Great enthusiasm prevailed and the new movement promises to bring about immediate and excellent results."

After the dinner Mr. Hartley made a short address in which he made a strong appeal for union among the young men in working for the betterment of Duluth and maintaining a high standard of manhood and culture. He referred briefly to the plan of some of the young men for the formation of a university club, saying that the same results and more could be obtained by them through the Kitchi Gammi club where both the young men and the older members of the club could co-operate. He spoke of the advantage offered by the Kitchi Gammi club and the high cultural and social standing of the organization.

Mr. Hartley then introduced Seth Marshall as master of ceremonies, who proved one of the most entertaining participants on the program. A. T. Bauman, Jr., expressed the thanks of the young men for the excellent opportunity offered them for a get-together meeting. He said that the older men of the city had always shown a warm interest in the younger men of the city and that there had always been harmony and co-operation. The dinner last night, he said, was an excellent medium for securing a closer union among the young men, and that the meeting was certain to have excellent results for both the young men and the city.

Ray W. Higgins followed with a short talk in which he spoke of the possibilities of Duluth as a distributing center. John Peyton pointed out the possibilities of West Duluth as a manufacturing district, and A. Miller McLaughlin urged co-operation for the securing of better freight rates on produce and all sorts of fresh food products. The removal of the point of rocks was urged by Fred Waldron, which he said could be done with great profit to the city. R. E. Close, E. C. Condon and Douglas Lewis gave five-minute talks on different phases of the commercial activity. J. K. Lewis urged an organization to the younger men of the city, pointing out that Duluth is a young men's city.

Mayor W. I. Finney gave the closing address and pointed out some of the most important problems that confront the city. The problem of the city's morals he said was an important one, and that the meeting was a step in the right direction. He said that the young men should be found on the side of decency and moral uplift. Whenever a problem of this kind comes acute in Duluth, he said, he expected the young men to be arrayed on the right side.

STEEL PLANT SUBURBS

START TO PAVE TWO AVENUES

Work Will Begin on Zimmermanly and Commonwealth Next Week.

Preparations are under way by D. H. Clough & Co., to start immediately on the paving of Zimmermanly and Commonwealth avenues. The contract was let to the firm recently on its bid of \$48,280.

The contract calls for the laying of an eighteen-foot wide roadway, which will be somewhat off center so as to allow for the future laying of street railway tracks without disturbing the paving. Zimmermanly avenue will be paved from Ninety-third avenue, which is now its connecting point with the old county road, to Commonwealth avenue, and Commonwealth avenue, from Zimmermanly to the south line of the Spirit Lake Transfer railway, a distance of about two miles. It is expected that the work will be completed this fall. The greatest difficulty to be encountered on the job will be that of bringing the material to the place. Obtaining the water supply for a large part of the work will also be a problem, owing to the large amount that will be necessary. The work will probably start early next week.

P. O. SAVINGS BANK FOR NEW DULUTH.

A branch of the postal savings department will be established in New Duluth within a short time, according to announcement made by Postmaster McEwen. The office will be open for receiving deposits between the hours of 9 a. m. and 7 p. m. U. C. Tower, superintendent of the New Duluth office will have charge of the new department.

The postal savings department will prove a convenience for many residents of Gary and New Duluth, who now are depositors with the government. Many of these men have taken their savings up town.

HOLD JOINT PICNIC.

Four Fraternal Organizations to Spend Sunday at Fond du Lac.

Sunday will be picnic day for four fraternal organizations of New Duluth. The outing will be held jointly by the Modern Woodmen of America, the Knights of Pythias, the Knights of the Macabees, the Domestic Workers of the World and the Ladies' Auxiliaries of these organizations. The affair will be held at Fond du Lac.

A baseball game between the bachelors and benefactors, races and other features will be included in the program. The crowd will go to the western suburb on the early morning train and spend the entire day at the grounds.

GROCEER WOULD SHUT UP BOARDS OF TRADE

Chicago, Aug. 14.—Announcement of an effort to have closed all boards of trade and other machinery by means of which speculation in foodstuffs can be carried on was made today by Sol Westerfeld, chairman of the trades relations committee of the National Association of Retail Grocers.

"I am taking the initiative in this matter by writing to F. B. Connelly, president of the National Association of San Francisco, president of the National association, and members of the

executive board," said Mr. Westerfeld. "Members of the board are scattered about the country and discussion of correspondence will require some time before we can determine whether the association will take the action that I advocate. Chicago retailers are with me on this subject."

"We have reason to believe that foreign speculators are buying foodstuffs in the United States right now, and are asking the executive board to consider the advocacy of a prohibition of the export of foodstuffs also."

Prices of cut meats wholesale were unchanged today.

Civil Service Rules. The city's civil service rules will soon be out in pamphlet form. Bids for printing 2,000 copies will be asked by City Clerk C. S. Palmer. The members of the city board are W. B. Getchell, J. L. Cromwell and George Parker. Ruben Johnson is secretary.

Close at 6 Tomorrow. Get your share of Gray's good things before that time.

Body Not Identified. The body of the unidentified man, who was found in a chair at the Denver hotel early yesterday afternoon, is being held at the Crawford undertaking rooms. Deputy Coroner McCalliff said this morning that the man died of apoplexy. Nothing is known about him and it is probable he will have to be buried at the county's expense.

Police Find Missing Son. At the residence of the W. & L. Shoe company, a Minnesota corporation which has been engaged in business in this city for the last eight years, yesterday afternoon the police found the son of the company, who had been missing for several days. She was informed that young Callahan is on a cruise with the local militia and that he would be home in about ten days.

Filles Lien Action. Asking that a bill for \$78.25 for repairs which he made to an automobile owned by John E. Werten be adjudged a lien against the car and that the machine be sold to satisfy the claim, J. W. Neuman started suit against Werten in district court yesterday. He asks judgment for the amount alleged to be due him and in the event that it is not paid he asks for an order of court directing that the machine be sold by the sheriff.

Would Dissolve Firm. Stockholders of the W. & L. Shoe company, a Minnesota corporation which has been engaged in business in this city for the last eight years, yesterday petitioned the district court for a dissolution of the firm. The petition on the petition will be had before the court on Sept. 5. The corporation was organized in 1906 and only recently went out of business. At the present time, the firm has no liabilities or assets. The stockholders are Arthur E. Johnson, George E. Nichols and John J. Haverth.

Bitten By Dog. Harry Grofer, 2131 East Ninth street reported to the police yesterday that a dog bit him while he was walking on South First avenue east. The owners were notified by the police that the animal would have to be muzzled or it would be shot.

S. B. Millard. Formerly the politician with the Glass Block Store for more than twenty years, he has decided to leave the city and has moved to the city of St. Paul. He will start an exclusive optical practice as soon as his health is regained and a proper location secured. All former patients will do him and themselves a favor to wait for further announcements in "The Herald."

Bartenders' Picnic. The first annual picnic of the Duluth Bartenders' union will take place a week from Sunday and next Sunday as previously announced. It will be held on Wisconsin Point.

Returns From Vacation. Fred D. Ash, deputy city clerk, returned from a vacation on Lake Vermilion last evening. He brought back with him a fine coat of tan and reports of an excellent outing, as well as a couple of fish stories. He said that one "whooper" which he caught nearly upset the boat and put a perfectly good new reel out of commission.

May Face Serious Charge. James Dunham, 36, colored, and Maggie Caron, 56, who were arrested at 21 First avenue east last night by Lieut. Barber and Patrolmen Westerlund and Ladinsky, may face serious charges, which will be brought against them by the woman's husband. The pair are being held at headquarters on a statutory charge, until the husband swears out a complaint against them.

Breaks Store Window. An automobile belonging to W. D. McCall ran into the window of the French & Bassett store this morning and caused considerable damage to the company's property and to the automobile.

Recovers From Injuries. Charles Brown, the 14-year-old boy who was burned by old fireworks he found at Twelfth avenue east following the second Lark of the Lake celebration, is recovering from his injuries.

MUTINY AMONG THE ALABAMA MILITIA

Montgomery, Ala., Aug. 14.—Officers and a detachment of fifty men from the local infantry companies of the Alabama National Guard were stationed at the union depot when members of Battery B, state militia, arrived from Mobile today. None of the battery men were arrested, and so far no official action has been taken as a result of the alleged mutiny of Battery B men at Mobile last night. The battery men were said to have mutinied because of failure to receive their pay before leaving Mobile.

MAY REJECT CITY'S OFFER

Edison Company Expected to Refuse \$1,107,940 for Plant.

May Offer Lower Rates; Council Seeks Public's Opinion.

That the Duluth-Edison Electric company will not accept the city's offer of \$1,107,940.54 for its plant and business is the general opinion of city officials.

"I believe that the company will take cognizance of the resolution passed by the council," said an official today, "but I do not think the proposal will be taken up. My idea is that the company will offer another proposition to the city, carrying with it a reduction of present rates. Even though this should be rejected by the city commission, it would be better than a flat turn-down of the city's offer and might serve to secure further used by the company as an argument should the taking over by the city of the plant become an issue in another campaign."

Four Courses Open.
Commissioner Leonidas Merritt, head of the utility division, will ask an expression of opinion from the public as to the best course to pursue. The report of W. D. Rittenhouse and C. L. Ellsberry, the engineers who made the revaluation, said that four courses are open to the city. The first recommendation is the purchase of the Duluth-Edison plant. Falling in this, the next plan they endorse is the construction by the city of small substations throughout the city, from which current in the northwest quarter of the southwest quarter of section 29, all in 63-11.

The second course is the construction of the present plant, which is not favored because it would mean a drawn-out legal contest. The fourth course is the construction of a central competing plant.

Commissioner Merritt wishes to hear from the citizens to learn their attitude. One of his first moves will be to write a letter to each of the civic, commercial and improvement clubs in the city. He will request that they study the report of the engineers who made the appraisal of the plant and to pass resolutions giving their position on the matter.

Valuation Fixed By Report.
The report fixed the physical value of the plant at \$207,354.40 and the intangible, or going value, at \$200,000, giving a total of \$1,107,354.40. This is the price which the company is offered by the city, except that allowance will be made for improvements made since Jan. 1. In the event that the city will take over the plant Jan. 1 next.

AFTER SCALPS OF FRED WARD'S NINE

Courthouse Ball Team Will Meet Crack Ball Tossers of Work Farm.

The county courthouse baseball nine will meet Fred Ward's crew at the county and city work farm tomorrow afternoon. The game necessarily will be played at the work farm, owing to orders issued by Judge Windom and Judge Culligan in a number of recent cases.

Capt. G. H. Ryan of the courthouse aggregation expects to win the game in spite of the fact that the "Jag" farm men recently took the policemen into camp.

The courthouse team is still looking for a game with the city hall men. Last year the municipal crew trimmed the county outfit to a queen's taste and the latter is now burning for revenge.

Capt. Ryan announces the line-up of his team as follows: Catchers, J. T. Johnson, E. H. Ryan, pitchers, McCumber, B. Johnson and Clarence Olson; first base, Steve Pierce; second base, Warren Crosby; third base, W. R. Butchart; short stop, Charles Callaghan; fielders, Fred Nelson, Stanley Gilpin, Ralph Pond, Richard Hodgson and Thomas Peake.

FEW CONTAGIOUS DISEASE CASES

The contagious disease situation in Duluth continues to show a marked improvement. The records of the health department indicate that the city has but six cases of scarlet fever, as compared to sixty and seventy two or three months ago; two cases of diphtheria, one of smallpox, one of chickenpox and two of erysipelas. Each summer the situation is about the same, the contagious diseases showing a marked falling off after the close of the schools.

AUSTRIAN MONEY ORDERS BARRED

Postmaster McEwen received instructions this morning not to issue money orders on the Austrian postal department, nor to cash any Austrian orders on this government.

The order by E. M. Dockery, third assistant postmaster general, follows a similar proclamation sent out by the postal administration of Austria regarding the issuing of money orders on the United States government. A similar order affecting Belgium was issued early this week.

AFTER 500 MEMBERS.

Woodmen of the World Launch Big Campaign in Duluth.

A campaign to secure 500 new members for the Woodmen of the World in Duluth and to raise the membership to 1,000,000 within the next few months is now actively going on. N. H. Robinson, who is carrying on the work in this city, is registered at the McKay hotel, and declares that the campaign is meeting with remarkable success here.

The work is being conducted among all nationalities here. Camp No. 142 has already been organized among the Jewish people, and the order has been English camp including all nationalities. There is also an exclusive French camp. Recruits are now being secured from among the Italians and Scandinavians.

PHILBIN LEFT BIG ESTATE

Value Given in Probate Petition Is "Upwards of \$40,000."

Stocks and Bonds Listed Worth Many Times That Sum.

Donald M. Philbin, well known railroad and mining man, whose death occurred in this city on Aug. 6 last, left an estate valued at "upwards of \$40,000," according to a petition which was filed today with Judge S. W. Gilpin of the probate court, by his widow, Adelaide G. Philbin and two brothers, William and Thomas Philbin, who ask the court to admit his will to probate and appoint them as executors in accordance with the terms of the instrument.

The nominal estimate placed on the value of the estate, "upwards of \$40,000," is a small one and an inventory will show property worth many times that figure.

Mr. Philbin was for many years general superintendent of the Lake Superior division of the Great Northern Railway company and was later had charge of the Great Northern Ore properties. Under the will, Mrs. Adelaide Gardner Philbin, his widow, is bequeathed the following property:

504 shares of Great Northern Railway preferred stock.
200 shares of Great Northern Ore certificates.
200 shares of Shattuck-Arizona Copper shares.
100 shares of Leonard Iron Mining stock.
Ten \$1,000 Kansas City Terminal Railway company bonds.

He also owned interests in the north-east quarter of section 30, and undivided 1-16 interest in the northwest quarter of the southwest quarter of section 29, all in 63-11.

Five St. Paul Gas Light company bonds.
Chicago Railway company bonds.
Five lots in the Alice location, Hibbing.
One hundred shares of Sullivan Copper Development company stock.
Two life insurance policies, payable to his estate.

It also provided that the executors should pay the widow \$10,000 out of the cash in the bank immediately after the discharge of his debts and funeral expenses.

Widow Cared For.
Miss Sophy Philbin and Mrs. J. R. Philbin, sisters, are bequeathed each a one-half interest in the real estate policy for \$5,000. In addition, the widow is to receive \$1,000 in cash, 161 shares of Great Northern Railway stock, fifty shares of Leonard Iron Mining stock, and five bonds of the East Ohio Gas company, and 100 shares of Shattuck-Arizona stock. Both sisters reside in Montreal.

The will also provides that a brother, Thomas Philbin of Chicago, shall receive five bonds of the Billings Land company, a Duluth city lot and \$1,000 in cash. William R. Philbin, a nephew, residing in Duluth, is bequeathed 200 shares of Denn-Arizona Copper stock, fifty shares of the Selwood Land company and ten shares of the Minnesota Radiator company stock. Another nephew, Charles Philbin, residing in Montreal, will receive five Burlington county, Minn., bonds.

Other bequests are made to Mrs. Rhoda Philbin, sister-in-law, residing at Kenora, Ont., five bonds of the Merchants Heat & Light company of Indiana.

Louis Runkle, nephew, residing at Tacoma, Wash., five Oregon Nursery company bonds and \$1,000 in cash.

Donald Knobel, of Duluth, and Donald Baxter and Donald Larke, each \$1,000.

The residuary estate after all bequests are made will be turned over to the widow and two sisters in Montreal.

FORMER DULUTHIAN PASSES AWAY AT RIO.

Mrs. Marietta C. Mauseau, wife of Carroll M. Mauseau, formerly of Duluth and now general manager of the telephone systems in Brazil, died suddenly at Rio de Janeiro on Aug. 12. Mrs. Mauseau was a daughter of M. Thompson of 318 Fourteenth avenue east and a sister of W. T. Thompson, managing editor of The Herald. She is also survived by a sister, Mrs. O. W. Sinclair, of Duluth, and two sons, William F. and Paul M. Winslow, who reside in Duluth.

RED MEN WILL CARE FOR ORPHANS

Several Duluth Men Are Elected State Officers of Order.

Orphans of the dead members of the Improved Order of Red Men in this state will hereafter be cared for by the order. Action on this effect was taken at the annual meeting of the great council just closed in Minneapolis. In the election of officers of the order, a good share of the Duluth delegates received a good share of the plums.

Thomas J. McKee was elected past great sachem, U. C. Holloway, great senior saganamore, Harry Milnes, elected great trust in for three years, and W. F. Wilmer, great trustee. All of these are Duluthians.

WILL IMPOVERISH WHOLE OF EUROPE

Duluth Visitor Gets Letter From Uncle in Hamburg, Telling of the War.

That Germany and France, and even Belgium have been preparing for the present war since 1890 and that it impoversishes the whole of Europe, is the substance of a letter received yesterday by E. E. Rosenberg of Minneapolis from his uncle, Charles Rosenberg of Hamburg. The former is traveling for a St. Louis house and is at the Holland hotel for several days. The letter was received at the local post office yesterday, and is dated Aug. 2.

war. Even in Belgium the women have been working the fields and harvesting the crops, while the men were being gathered together. This was also true in France and in many parts of Germany.

"Just before war was declared by Austria on the day of my return home, I was in Berlin and here, too, I saw excitement everywhere. Luckily, I obtained a train to Hamburg and I am safely at home. I probably wait of two or three days might have meant my detention at the capital until all the troops were mobilized. Practically every train will be used by the government, as we expect Germany to go into this war with its entire army. This war will undoubtedly involve all of Europe. If it is of this nature, it will impoverish all the nations, destroy the fields and ruin the merchant marine of each country in Europe. But this war has been in the making for a quarter of a century. All the nations have been constantly preparing for just such a conflict and there is very little surprise at a universal war in Europe. How do the Americans feel about the war?"

Mr. Rosenberg is a traveling buyer for a Hamburg department store and spends much of his time in Belgium and France.

Many are attending the services every evening at the Bible chautauqua tent, located on West Second street near the Y. M. C. A., where Bible truths and prophecies are being explained and illustrated by Evangelist W. H. White spoke on "Christian Baptism." He will speak tonight on "Trayer."

ORDERS HOSPITAL PROBE

Governor Acts on Charges Made By Dr. Bracken.

St. Paul, Minn., Aug. 14.—Three members of the state board of visitors, J. R. Swann of Madison, Rev. J. C. Nyström of St. Peter, and W. A. Nolan of Grand Meadow, will make an investigation of the state hospital for the insane at Hastings next week. At the request of Governor A. O. Eberhart they will look into the charges made by Dr. H. M. Bracken, secretary of the state board of health, regarding sanitary conditions at the asylum and the care of sick insane patients.

WOULD FORCE ROAD TO BUILD DEPOT

Commercial Club Will Plan Campaign Against Soo Line.

Members of the West Duluth Commercial club at the meeting this evening will discuss what step to take in order to compel the Soo railroad to build its passenger and freight station in West Duluth. The members are of the opinion that if the company will build the depot it will then begin of the city within a short time.

The railroad recently secured a right of way across a northwestern corner from its station in Superior to the Pacific railroad. It has also recently completed its line through the western suburbs of Duluth into the union station.

According to the franchise which the railroad acquired from the Wisconsin Central the road is obliged to maintain a passenger and freight station west of Forty-eighth avenue. The location has been chosen near the foot of Ramsey street and part of this site has already been graded.

WILL PULMOTORIZE COMMERCIAL CLUB

Proctor Business Men See Need of Renewing Its Life.

Steps are being taken by business men of Proctor for the reorganization of the Proctor Commercial club. The club has been dormant for more than two years and since it ceased activities many important improvements needed for the village are said to have been neglected.

A meeting of the business men and others interested in the rebuilding and general advancement of the village is to be held at an early date, probably next week, for the purpose of reorganization.

Among the subjects to be taken up by the club, providing the reorganization is perfected, will be street improvement, sewers, lighting, roads to the farming country, and a plan to establish a creamery.

The creamery matter has been uppermost in the minds of the residents of Proctor during the last two months. A canvass of the country tributary to the village has revealed that there are 400 cows, owners of which have promised to bring their milk to Proctor providing the creamery is established.

It is proposed to use the warehouse belonging to the Proctor Potato company, an organization of farmers, for this purpose. A stock company to

FOREMAN FINED FOR ASSAULTING WORKMAN

Joe D. Madigan, a foreman employed at Morgan park, was arrested this morning on a "John Doe" warrant on which he was charged with assault on Pete Purovich. The assault is said to have taken place Wednesday afternoon when the foreman objected to Purovich smoking a cigar while working. In police court Madigan said he had told the man to quit smoking and had, when the man refused to do so, slapped him in the face with a time book. Madigan was fined \$1 and costs amounting to \$3.

SLINGSHOTS ARE UNDER POLICE BAN.

The small boy and the slingshot are organized by the police some trouble. Numerous complaints from residents of broken windows, persons being hit with the stones and the killing of birds are being received.

Robert Armstrong complained last evening that some boys had broken windows in his home, 427 North Fifty-seventh avenue with stones thrown with the slingshots. He also said that the boys were firing birds about the city.

The patrolmen have been instructed to take all slingshots found. The boys will also be warned that they must not use the weapons.

Fire Damages Shed.

Fire in an old shed in the rear of 4602 Oneota street caused a loss of about \$200 yesterday afternoon. The building was valued at about \$100 and the contents at a similar amount. The cause of the fire is unknown. The house to which the shed belonged is occupied by Hans Madelbo.

LETTERS OPENED BY POLICE IN VIENNA

Lack of Money and High Prices Cause Distress to People.

Rome, Aug. 13.—11:40 p. m.—(via Paris, Aug. 14, 12:35 p. m.)—News received here from Vienna says that letters addressed to foreigners in the Austrian capital are opened by the police, who either retain them or deliver them with a yellow band on which it is printed, "opened by the state police."

Newspapers throughout Austria-Hungary print scarcely anything except official news.

Vienna itself is half deserted. The worst feature of war to those in the capital is lack of money and the fact that prices of food have risen enormously. The public services are paralyzed and women are taking over the work.

FINANCIERS MEET WILSON

Morgan, Hill, Speyer and Others at the White House.

Washington, Aug. 14.—Captains of finance and industry conferred today with President Wilson and Secretary McAdoo on measures to uphold the commerce and credit of the United States during the European war.

Headed by J. P. Morgan, James J. Hill, James Speyer and other prominent figures in the nation's business life, they discussed means of restoring America's trans-Atlantic trade and the financial situation at home generally.

The conference agreed that the first move must be to find ships to carry cargoes congested on railroads and at terminals. It was the general opinion, however, that the government must provide a war risk for both ships and cargoes, as already has been done by England and France, or the amendment to the shipping laws to bring foreign vessels under American register would lose much of its value. The proposal to lower or substitute the gold reserves in the banks was not taken up.

The question of providing a means of foreign exchange also was discussed as one of the paramount problems to be disposed of at the resumption of trade.

After a conference at the treasury department, where Secretary McAdoo outlined the financial situation from the government's point of view, the businessmen went to the White House to be received by the president.

GERMAN AND BRITISH SHIPS FIGHT DUEL

Halifax, N. S., Aug. 14.—For half an hour last week Thursday night H. M. S. Bristol, the smallest British warship

in the North Atlantic, fought a long-range duel with the Karlsruhe, the largest and fastest of the German cruisers which have been trying to intercept British shipping on the North Atlantic.

Fleeing from the British cruiser Suffolk, which interrupted the Karlsruhe coaling at sea from the North German-Lloyd steamer Kronprinz

Wilhelm, the German cruiser was intercepted by the Bristol southwest of Bermuda, and for a half-hour a long-range running fight took place in the blackness of the semi-tropical night.

Rushing through the heavy swell at a terrific clip, the ships exchanged broadsides without inflicting much damage, conditions being very unfavorable for accurate gunnery. Although

the Bristol's consorts were some hundreds of miles astern, the German would not stand and fight, according to the British participants. Altering her course, she gradually drew away from the Bristol, owing to superior speed, and after half an hour was out of range of the British ship's six-inch boat-chaser.

The chase was continued, but some-

where in the darkness the German doubled and made off south to San Juan, where she put in for coal some days ago.

Details of this action, the first single ship fighting in which a British man-of-war has been engaged in these waters in a hundred years, were brought to Halifax by H. M. S. Suffolk, the flagship of Rear Admiral Cradock,

commanding the Fourth cruiser squadron.

Discloses Purpose.
New York, Aug. 14.—The story of the battle between the Bristol and Karlsruhe discloses for the first time the apparent purpose of the North German Lloyd steamer Kronprinz Wil-

helms in making an unannounced departure from here under cover of darkness ten days ago, bearing 6,000 tons of coal. It was assumed by many persons that she had gone out to supply fuel to German cruisers on the Atlantic.

President Wilson had not then issued his neutrality proclamation. There are 1,400,000 cattle in Ceylon.

BRYCE-PINCHOT ENGAGEMENT.

Wedding Will Take Place at Country Home of the Bride.

New York, Aug. 14.—The engagement of Miss Cornelia E. Bryce, daughter of Mr. and Mrs. S. J. Bryce of this city, and Gifford Pinchot, former chief forester of the United States, was announced yesterday afternoon. The wedding will take place next Saturday morning at Roslyn, Long Island, the country home of the bride's parents.

The wedding was not to have taken place until the late fall, after the conclusion of Mr. Pinchot's campaign for the United States senate in Pennsylvania, but because of the critical illness of Mr. Pinchot's mother and her desire to have the wedding take place at once, the date was advanced. Mr. Pinchot will take his bride to his mother's residence in Sauganook, Ill.

Afternoon Party.

Mr. and Mrs. E. F. Roberts of 420 Twenty-fourth avenue west entertained yesterday afternoon in honor of Mrs. F. M. McCorison. The guests were: Mesdames—W. Simmons, J. Soderstrom, O. Dalstrom, F. A. Gramme, C. Fairwood, M. Olson, Miss Cilda Demell.

Tea for Visitors.

Mrs. Edward F. Burg of 1405 East Superior street entertained twenty-six guests at an informal tea yesterday afternoon in honor of several visitors in the city. The room was decorated with garden flowers.

Cabin Party.

Mr. and Mrs. Albert Backstrom of 116 Winnipeg avenue entertained a few of their friends last week-end at their cabin on French river. Those in the party were Mr. and Mrs. Axel Bergren, Earl and Edna Bergren, Mr. and Mrs. Frank Bedard, Edward Bedard, Miss Thyra Norquist and Miss Belle Grandmason.

Erickson-Holmberg

Miss Gerda Erickson and Iver Holmberg were married Wednesday evening at Woodman hall. The ceremony was performed by Rev. J. F. Daniels in the presence of about 250 guests. Miss Ellen Bjorlin was the maid of honor, Miss Esther Philstrom and Miss Olive Peterson, the bridesmaids. Adrie Swenson, the flower girl; Hjalmar Enlund, the best man; Arthur Sundland and Henning Orloff, the groomsmen, and Milton Landen, the ring bearer.

The bride wore a gown of champagne and carried a shower bouquet of white roses and lilies of the valley. Miss Bjorlin wore pink crepe de chine and carried pink roses. Miss Peterson was crowned in yellow meadow and carried pink roses. The flower girl wore a white frock and carried a basket of pink sweet peas. The ring bearer wore a white suit and carried a lily. The wedding march was played by Mrs. Gust Lindstrom.

Mr. and Mrs. A. T. Lind were the hosts for the reception. The toastmaster, Axel Erickson, was the toastmaster. Toasts were given by C. R. Magney, Carl Jonsson and R. Johnson. J. J. Daniels, the Orpheus Singing society and the Svea Glee club gave vocal numbers.

Musical Tea.

Mrs. O. J. Larson of 1417 East First street entertained at a musical tea yesterday afternoon in honor of her sister, Mrs. Caroline R. Johnson of Grand Rapids, Mich. Mrs. Larson and Mrs. Heth received the guests assisted by Mrs. H. B. Pauli. A group of young women assisted in the dining room, which was decorated with nasturtiums, roses, chrysanthemums and bachelor buttons were used in the parlors and garden paths and cosmos in the music room.

Mrs. Heth, whose contralto voice has been heard at Pilgrim Congregational church during her visit, was the principal soloist of the afternoon. Among her numbers were Massenet's "Elegie," MacDermott's "Cradle Song," "Ich Liebe Dich," by Grieg; "Hear a Thrush," by Cadman, and Homer's "Rhapsody." Mrs. Heth was accompanied by Miss Faith Helen Rogers, who gave several solo numbers, among them being "Berceuse by Balakireff," a nocturne by Schumann and a caprice from Gluck's "Alceste."

Mrs. George A. Rolfsbeck's readings included "Lorraine Loree" by Kingsley, "Lisa Carlotta" by Bailey, and a group of lighter selections.

GOOD STUFF FROM FARMS

Duluth Will Have Much to Choose From at Armory Saturday.

Duluthians Make a Successful Pilgrimage Among the Producers.

There will be a record offering of garden produce, poultry, chickens, cream, cottage cheese and other products of the farm at the public market at the armory tomorrow.

There should be a record demand also. With meat prices aeroplanes, vegetarians are becoming more numerous among Duluth's population and the public market offers a splendid opportunity to supply their wants.

A large supply on the market tomorrow is assured yesterday when Mayor W. C. Craig, chairman of the agricultural committee, and George D. McCarthy, assistant secretary of the Commercial club made a tour of the nearby farming district. They started in at Lester river and worked to Pike Lake, calling on the farmers and urging them to attend the market. They took about twenty-five men who have produce to sell and have not been attending the market and received assurances that many of them will be in tomorrow.

Have Market Anyway. One fact developed on the trip. The market gardeners around Duluth do not lack a market. They are eager to sell everything they have, either to the commission houses or the grocers, or by peddling from house to house, or by selling on the public market. Most of those who agree to sell on the public market had no stable market patronage accorded the public market. Those who are selling to commission houses and grocers were the most part satisfied with the treatment received and said they had a market for all of their stuff.

We didn't hear a hard luck story on the trip, said Mr. Craig this morning. "I remember when the price of the produce was so low that they couldn't sell their stuff. Now they are selling everything. Instead of refusing to accept the price, they are willing to sell for it. That is a wonderful condition—very satisfactory to those members of the Commercial club who have worked for it for many years."

Ask Public Indorsement. "I hope the people of Duluth will back us up by giving the public market good patronage," said Mayor Prince. "We promised the farmers yesterday that they would find a market in Duluth for everything they might bring in. We especially urged them to bring spring chickens, cream and cottage cheese in addition to their garden products. We told them that except for vegetables they would not be asked to deliver. There has been more of a demand than a supply at the armory market. The supply will be there tomorrow and I hope the dealers will find it a profitable one. A supply of products that will be a delight to the eye and a boon to the housewife who likes good things for the table."

Garden products in the vicinity of the city have been a little backward, but there is a steady supply of produce. The party saw large quantities of sweet corn and celery, peas, beans, carrots, kohlrabi, turnips, rutabagas, rhubarb, onions, and other vegetables. They were being raised in the fields and in the garden.

BUSINESS PIRATES.

To the Editor of The Herald:

There is no doubt as to whether or not "War is hell," for it is, and worse than that, for it is calling out Satan and all of his troops in the form of a lot of grafters and gamblers who call themselves business men, and most of them have the nerve to sit at a church meeting with heads bowed in reverence for the word of God.

What I would like to know is why we, in a country of peace and plenty, should suffer the tortures of starvation and pay off the European war debt.

Why is flour on the upward bound, jumping at the rate of 10 cents per day on a barrel when wheat is getting cheaper and our mills and docks are full to the roof with flour for which there is no great demand.

Sugar is going the same way with no cause. We don't get our sugar from Europe and the greater demand is not in evidence anywhere.

Meats have taken the place of gold filling in the consumers' teeth. The railroads have to show cause for raising the rates, and the shipping man has to show cause for wanting more pay and fight for every cent he gets and then to think he has to give over to a band of renegades and pirates such as are posing as honest business men working for the interest of the country that they perhaps would not be willing to die for, but would make a noise about, or if they got a good chance they would rob her mints of the plates and dies with a prayerful look on their countenances.

Can the editor of The Herald or anyone else tell me why it is such men are allowed to do business, and why such business is allowed to be done in the handling of foodstuffs?

Butter and eggs are the only things that are any more scarce than a month ago and that there is any greater demand for.

This gambling on a possible future demand should be investigated and stopped, for if it is not a vast number of people will have to resort to hard-tack and water and many small children will be sent to bed hungry, to satisfy the greed of the above-mentioned business men. Yours truly,

J. J. SWAGGLES.

STATUS OF IMMIGRANTS

Rules Governing Return of Aliens to Their Native Land.

Germany Severe on Those Who Dodge Military Service.

Many people, especially in this part of the country, where the foreign born predominate, are anxious to know their status, should they return to the old land to fight or even to visit, for even in the piping days of peace one cannot go to some of the European countries with impunity. All are not like the lands governed by the English speaking people whose passports are unnecessary, or where there is no back and escaped military service to explain about.

Information concerning some countries from Washington says:

"A German who emigrates to this country before he is 17 years old or before he is called upon for military service may, after five years residence and naturalization in the United States, return to Germany for a visit. The right to remain in his former country is denied by Germany, and he may be expelled after a brief sojourn on the ground that he left Germany merely to evade military service."

"It is not safe for a person who has once been expelled to return to Germany without having obtained permission in advance to do so. A person who has completed his military service, reached his 31st year and become an American citizen may safely return to Germany."

"Treaties between the United States and German states provide that naturalized German-American citizens, after a residence of five years in this country shall be recognized as United States citizens on their return to Germany. But a naturalized American of German birth is liable to trial and punishment upon return to Germany for an offense against German law committed before emigration."

Information issued by the Imperial Russian consulate at Chicago says:

"If a Russian subject holds a foreign passport issued to the governor of the province from which he came, he needs no further document to be admitted to Russia. Russians not holding such passports must present whatever documents they have to be certified by the Russian consulate before they can be admitted to the country."

"If the applicant for a passport has no document of any sort to present to the Russian consulate in this country he may obtain the necessary certificate for presentation to the consul from a clergyman of his own denomination."

OPENS U. S. SHIPPING

TO FOREIGN OWNERS

Washington, Aug. 14.—The shipping bill as agreed upon by the conference committee would admit to American registry all foreign-built ships owned by American citizens or corporations.

Regardless of the age of the ships, the Cummins amendment requiring Americans to own a majority of the stock of the owning corporation was stricken out.

A new amendment providing that "foreign built vessels may engage in the coastwise trade if registered pursuant to the provisions of this act within the years from its passage, when substituted for a Senate amendment which would have permitted foreign-built ships to engage in trade between the Atlantic and Pacific coast ports, from the Gulf to the Atlantic and Pacific and from the Great Lakes to ocean and Gulf ports."

Perkins refused to sign the conference report.

"I will never consent to such a blow to coastwise trade," said he.

WHAT IS PRACTICAL EDUCATION IN PUBLIC SCHOOLS? TESTED HERE

Supt. Denfeld Says Agriculture Is Only Successful Branch So Far; Advocates Part-School Time as Solution.

The introduction of technical subjects in high schools is steadily broadening out, and it has become an interesting study to superintendents, teachers, members of school boards, parents and others interested in the education of the young to watch what progress is being made, select the deadwood from among these subjects to prevent them from clogging the wheels of technical education, and to see the development of the boys and girls in the simultaneous use of their hands and brains.

Agriculture has been introduced in the curriculum of the Central high school and is believed to be meeting with great success. The students who have taken it up are enthusiastic about it and work with an eagerness of seeing the things they plant growing, thus creating in their minds a desire to know how and why the thing is done.

It has been practically decided to introduce a course in printing in the school, and this will be watched carefully to see what progress is made. As a result of this technical training, Supt. Denfeld advocated the continuation of part-time school work, that is, part of the time spent in school taking the usual courses, and part of the time spent under an employer as a kind of an apprentice, getting the practical working and features of the trade that is being taught. In a report recently made to the board of education, Mr. Denfeld says:

Interested in Agriculture. "So many subjects in the high school curriculum lead to no definite thing, but the simply preparatory for something that is to come later, that the students realize that they must take a subject because of its future value to them."

"This is not the case with agriculture. They could see at once its bearing on the future. The practical illustration of its value, and visited in the course of the usual course, the dairies and industries connected directly or indirectly with agriculture in the vicinity of the school. They made tests and saw what was actually being done and knew why it was done. Of course we have been more or less handicapped in having no place in which to do winter work, but with the new greenhouse, an assured thing, the agricultural work of the high school will be still more interesting this coming year."

So great has been the interest that a two-year course has been asked for. "This is practically the only course that has in it any actual vocational training. I have talked with several educators in the schools and vocational education, and have not as yet found anything tangible in the way of results. Trade schools generally do not appeal to the school

students and almost the same may be said of high school manual training. Instead of having our manual training class increase from year to year, the tendency is to keep the numbers about the same, or a little smaller each year. This year we have not had so many in manual training as the year before. Why? It is impossible to say. It seems as though the boys were getting away from the idea of working with their hands. Whether we can introduce courses into the school territory to a vocation is the problem that we must work out. Just what vocations we should prepare for and just how much work should be done the development of the industries of the city will tell. It is difficult to introduce any new department without increasing expenses of maintenance.

Value of Training. "We contemplate the introduction of printing. This will be a special value because much of the printing required for the schools can be done in this department, but if we begin to introduce seamanship and various lines of vocations, we may have to enlarge our school plant to such an extent that it will become a burden. I should be very glad, indeed, to find out what a boy wanted and then help him get what he wants. The best solution for this would be the part-time school in which the merchants and employers of labor in the city would co-operate with the educational forces, allowing two sets of employees, one attending school, the other working. When the one working has done his work, he would be dismissed to attend school. This arrangement would not increase the employer's payroll but would give the student a larger schooling, the practical and the educational, would go hand in hand."

"This continuation or part-time school work is successfully carried on in the schools and colleges at Cincinnati and also in the schools of Pittsburgh. An hearty in favor of this kind of training because this would not materially increase the expense of the school, but it would add to the school plant, and it would bring the employer in closer touch with what is being done for the employee, and at the same time lengthen the school time of such students. The purpose of the part-time school is to make the worker more intelligent and to give him the opportunity to do this work co-operate with the school or educational forces of the city. I think it might evolve an educational system that would be mutually helpful to the manufacturer and the worker, and at the same time increase the intelligence of the employee and make for better citizenship. This phase of the educational work is in its infancy and the commission can be of little service to other classes of labor."

HOUSTON TAKES MARKET FOR AMERICAN PRODUCTS

Secretary of Agriculture Says Trade Is Unlikely to Suffer.

Discusses Chance for Selling Crops to Warring Nations.

Washington, Aug. 14.—The effect of the European war on agriculture in the United States is discussed by Secretary Houston, who points out that the United States is practically the only large food-producing country undisturbed.

"If Germany and Austria cannot control the high seas," he said, "it will be very difficult for food supplies from this country to reach them. This would not have a very serious effect on our exports, because a very small proportion is taken by these countries. Of the wheat and flour exported in 1913, about 140,000,000 bushels—only 12,000,000 bushels went to Germany and Austria. If they were to control the high seas it would seriously interfere with the marketing of the greater part of our foodstuffs we export."

"If, on the other hand, England, France and Russia control the high seas, we should be in a better position in the near future without great difficulty the great mass of our exportable food products. Even if they cannot control the seas, they are going to take every sort of reasonable risk to get supplies, and because of their extensive shore lines and large shipping facilities they would doubtless secure a very considerable part of what they need."

Secretary Houston pointed out that cotton, corn, wheat and meat products constituted the largest proportion of agricultural exports. He said that his department's statistics of production and exports of corn showed a decrease of over 600,000,000 bushels in 1913 from 1912, and added: "It does not seem to me likely that we are going to have a very large amount of corn to export."

Home Market for Corn. Importation of corn last year exceeded exports by nearly 2,000,000 bushels, and with the crop for the present year 600,000,000 bushels less than that of 1913, Mr. Houston thinks it probable that this country could consume it all without much reduction in price, if any. The demand from abroad for corn for food is expected to help to maintain the present prices.

"This season," said the secretary, "has been unfavorable for crops in Europe as a result of which there undoubtedly is some shortage of corn estimated at approximately 200,000,000 bushels. This shortage may be further increased by destruction of the crops or failure to harvest them through the diversion of laborers into the army. All these factors will tend to increase the demand abroad for American wheat and strengthen prices. There is an increased foreign demand for wheat, we can certainly supply it, but can they get it?"

Tonnage for Trade. "Limiting the ships going to the Orient and to the South, and taking into account only the ships that clear for Europe from the United States, we know that in 1912 the tonnage of merchant vessels was 17,720,000 tons. Of that 17,000,000 tons, 2,000,000 tons belong to neutral countries and 16,000,000 to England, France and Russia. Only 3,300,000 belong to Germany and Austria."

"If these countries want foodstuffs from this country (and this is one of the few countries from which they can get them, because it is one of the few large food-producing countries

at present undisturbed), they will not depend exclusively upon shipping capacity from this country. They will regard food just much as military necessity as arms or ammunition. They will not hesitate to use the force of getting it. Armies fight on their bellies."

Portage of the World. "The mercantile tonnage of the world is 46,800,000, of which 17,371,000 belongs to the United States and 29,429,000 to England, France and Russia. Of the 29,429,000 tons, 16,000,000 tons belong to Germany and Austria. England alone does about 50 per cent of the carrying trade."

"If congress takes advantage promptly of the present situation and enacts legislation for the enlargement of the merchant marine under the American flag, not only would great temporary relief be afforded, but a permanent advance would be made."

"The greatest problem," said the secretary, "is the cotton situation. Many factories in France are in the war zone. Russia will be affected, and if England can get the cotton and market it, there is no special reason why she should not continue her manufacturing on a considerable scale. I do not see how any disturbance with the cotton to the English manufacturers as far as labor is concerned. The neutral Japan, Spain, Sweden and the United States, will seek to increase output and find larger amounts can be made."

Cotton Problem. "Making every allowance, it seems likely there will be difficulty in disposing of at least from 3,000,000 to 4,000,000 bales of cotton. Probably considerable local relief can be afforded the producers of cotton. It remains to be considered whether the government, through the treasury, acting under the Aldrich-Vreeland act, or whether the Federal reserve fund, can furnish relief. If they can do so, adequate business arrangements can be made."

Seattle Shipbuilder Praises I. W. W. Lauds Cult Before Federal Commission and Arouses Much Applause.

Seattle, Wash., Aug. 14.—A crowd of industrial workers of the world, enthused over favorable comment on their organization, again interrupted the hearing of the Federal industrial relations committee yesterday by cheering, applauding, stamping their feet, and pounding the floor with umbrellas.

The testimony of J. V. Patterson, a Seattle shipbuilder and bitter foe of organized labor, but not an I. W. W., caused the demonstration. He had been telling how, coming from England as a friend of union labor, he had been forced by labor leaders to change country into an opposite attitude, when he was asked his views on the I. W. W. "The contrast between the I. W. W. and unions is tremendous," he said. "The I. W. W. has something above a sordid, rotten existence. Its doctrines are nearer to Almighty God than any other political propaganda I know of."

Mr. Patterson declared that many Seattle officials were afraid of the political power of unions. "Will you name some of them?" "The mayor," he replied. "Among his workers, he declared are many men who have left their life in the union and have provided. Lumber Conditions Good. Four lumber operators, Paul Page, Buckley, Nott, and Connelly, W. B. The general trend of their testimony is relatively to social unrest was that there was plenty of opportunity for the man who wants to help himself, and that the commission can be of little service to other classes of labor.

"We are going nutty on this subject," Mr. Mack said. "We have had too many investigations. I think things should be left alone." Mr. Rucker criticized the state industrial insurance law. He said it used to have an insurance law with men that his company would not be responsible for accidents, and that, as a result he never paid a death claim.

New Orleans, La., Aug. 14.—Two cases of bubonic plague, making seven cases since the first case was discovered June 27, were diagnosed here yesterday, according to Dr. W. C. Rucker. Yesterday's victims were Herman Schulz, 17 years old, who resides at 1368 Iberville street, who became ill thirteen days ago. His sister, Mrs. J. Buu, was taken from the same house after her illness had been diagnosed as plague. The other victim was Anthony Gurovic, aged 42. He was employed at the French market, the largest in the city.

**SOCIALISTS
PUT TO DEATH**

Dr. Karl Liebknecht and Rosa Luxembourg Reported Shot.

Noted for Attacks on Militarism and Army Management.

London, Aug. 14.—The Daily Citizen, organ of the labor party, says it has learned from reliable authorities that Dr. Karl Liebknecht, the German Socialist leader, has been shot for refusing to do military service. The Daily Citizen says that the story was brought to London by a German refugee who reported that Berlin, owing to the shortage of food, was in a virtual state of revolution.

Dr. Liebknecht was an officer of the reserves and was called upon to service. He refused to respond on conscientious grounds, whereupon, according to the story, a detachment of soldiers was sent to his residence. He was taken to the military barracks and court-martialed. After a short trial he was convicted and shot by a platoon of infantrymen.

It is also reported that Rosa Luxembourg, the noted Socialist writer who declared soldiers were maltreated in the army, has been shot.

Dr. Karl Liebknecht was born in 1871, and since his entry into politics

as a Social Democrat had been one of the foremost leaders of the party. He was an uncompromising anti-militarist, and in 1907 was sentenced to eighteen months imprisonment for high treason, the charge growing out of a pamphlet he wrote attacking militarism.

Dug Up Krupp Scandal.
It was Liebknecht who last year, in the reichstag, charged that the Krupp company, manufacturers of arms and armaments, through an agent bribed army and navy officials in order to obtain an insight into official documents. He also charged that the Krupp caused articles to be printed in France advocating an increase in the French army in order to bring about a war-like spirit in Germany. All the officers accused by Liebknecht were convicted and court-martialed, and given light sentences.

Last June Liebknecht created another sensation in the reichstag when he charged that trafficking in titles on a commission basis was carried on in Prussia, and that certain titles had been granted for money consideration.

BY THE FRENCH**

(Continued from page 1.)

French minister of war in Paris at midnight in reference to the fight on the Vosges mountains between the French department of Meurthe-et-Moselle and German Lorraine differs in some respects from that given by the Exchange Telegraph company. It says:

"An entire section and not a division of the German troops surrendered with their machine guns."
The Havas version adds:
"In the course of recent operations a number of spies have been court-martialed and shot, including the paymaster and postmaster of Thann in Lower Alsace."

Forced Back to Xures.
"Two French battalions which had seized the village of Lagarde in German Lorraine above Avricourt were dislodged by a superior force of German troops and driven back to Xures, in the department of Meurthe-et-Moselle, on the road to the fortress of Lunéville."

"The Belgians in the operations around Liege took more than 2,000 German prisoners and in consequence of its restricted territory the Belgian government has asked France to receive the prisoners of the French frontiers. At various points along the French frontier the French troops have taken over 1,500 prisoners."

day's serious engagement between the German and Belgian forces. The German army, according to an official announcement here today, is still in the process of reorganizing.

"The situation of the Belgian forces remains favorable."

Files of Dead and Wounded.
Brussels, via Paris, Aug. 14, 12:25 a. m.—The German casualties in the engagement at Haelen Wednesday were 600 dead and wounded. The Germans apparently sacrificed their men without any scruples. During the fighting the Germans were obliged to pass two bridges over the Gette and Velpe rivers, where they were exposed to the heavy fire of the retreating Belgians. Left piles of dead and wounded at these bridges.

The same carnage occurred on the road from Throck to Haelen, where the German cavalry, which had been in the firing line, fell in droves. The German infantry and cavalry had a similar reception near Colfaen.

The success of the Belgian arms is assessed particularly important here as most of the Belgian troops participating had not been under fire before. All the heavy German artillery has been destroyed by the extraordinary accuracy of the Liege fort fire, which is still intact. The German army received from Brussels.

Belgian Losses Light.
The Belgian casualties at Haelen were light in dead, as the troops were well entrenched. The situation, which was somewhat critical Tuesday morning when the German patrols had arrived close to Brussels, was held to be rapidly improving in the morning.

The Belgians twenty-four hours later. The victory described above was followed by new and successful engagements near Noville-Tavier and Eghezee, and the capture of the town of Namur on Wednesday and Thursday.

These operations proved that the Germans are retreating further.

German Force Over 10,000.
London, Aug. 14.—The German forces engaged in the battle of Haelen, according to late details to the Exchange Telegraph company from Brussels, numbered more than 10,000 composed of infantry, artillery and a small force of cavalry.

The Belgians numbered about 5,000. "It is believed that the German force was to take a position north of the St. Trond road at Tienen, from which they would be able to execute a turning movement against the French."

"Through efficient cavalry reconnaissance, the Belgian commander obtained accurate information of the movement of the attacking force. To each Diest the Belgians had been ordered to take a position north of the St. Trond road at Tienen, from which they would be able to execute a turning movement against the French."

**DULUTH PASTOR WILL
PREACH PEACE SERMON**

Apropos of the war situation, Dr. William Forney Hovis, pastor of the Duluth Methodist Episcopal church, will preach a sermon on "Peace on Earth" Sunday morning, Aug. 16, and will illustrate his discourse by "Lay Down Your Arms," a book written by late Baroness von Suttner of Austria.

The baroness was one of the Nobel peace-prize winners. It is said that she was the first woman to win the prize for the peace movement which "Uncle Tom's Cabin" did for the anti-slavery movement in America. She visited this country two years ago and her death was a great loss to the cause of peace of the world to her remarkable career.

DR. WILLIAM FORNEY HOVIS.

The later years of her life were devoted to assisting the different countries of Europe to organize peace societies and in helping to create the different branches of the inter-parliamentary union and in furthering the conferences at The Hague. The baroness and her writings of this distinguished daughter of Austria are of unusual interest in the face of the European imbroglio which had its beginning in the native land of this woman.

Dr. Hovis will discuss the cause and some of the certain results of the war situation as well as the prospect of the final reign of "Peace on Earth."

POSTMASTERS' MEETING.

National and Tri-State Associations to Gather at St. Paul.

St. Paul, Minn., Aug. 14.—Arrangements are made complete for the postmasters' convention to be held here next week. The main event of the convention of the National Association of Postmasters of the first and second class will open at 9 a. m. Tuesday.

At 11 a. m. Governor Eberhart, Mayor Powers and Postmaster Yanish will make addresses of welcome at the St. Paul.

There will be a convention of the Tri-State Postmasters' association, including postmasters of the third and fourth classes in Minnesota, North and South Dakota, from Monday to Wednesday. About fifty postmasters are expected to be present.

No accurate estimate of the number of postmasters who will attend the national convention could be obtained today. C. W. Markham, Baldwin City, Kan., will be in St. Paul Saturday to complete arrangements. A trip to White Bear lake is planned for the women attending the convention, Tuesday evening.

Hinckley, Minn., E. Conference.
Hinckley, Minn., Aug. 14.—P. Burns, the district superintendent, preached in the Methodist church on Tuesday evening. He was assisted by Rev. J. H. Smith, pastor of the church.

Immediately after the close of the service, the fourth quarterly conference was held. Reports were received showing the church in excellent shape. Rev. Mr. Blanchette was asked to return for another year.

**WILL BRING
20,000 HOME**

Ships for Americans in Europe Are Being Provided.

Army Transports and Panama Steamer to Go Abroad.

Washington, Aug. 14.—Five army transports and the big Panama railway steamer Cristobal will be sent abroad to bring home stranded Americans in the war zones. These vessels, which will sail as soon as they can be made ready, will accommodate 8,000 persons; several thousand more will be taken care of by ships to be chartered by diplomats at foreign ports, and regular liners under neutral flags are expected to afford transportation within the next thirty days to about 5,000.

Secretary Garrison laid this outlook before the national relief board and received approval of his plan to dispatch government vessels. It was agreed that if 20,000 Americans in addition to those already have arranged for transportation, can be brought home, the relief problem practically will be solved.

Ambassadors at Work.
Ambassador Walter Hines Page at London reported that he had authorized the chartering of a steamer there. Ambassador Thomas Nelson Page at Rome is expected to get a ship with accommodations for 1,000 passengers. The five army transports to be employed—the Sumner, Albatross, Denver, City of Macon and City of Memphis—are at Galveston. They were ordered to Newport News, Va., to be overhauled, and outfitted.

"It is hoped that it will only take a few days at Newport. News to complete their equipment," said Secretary Garrison. "The ports for which they sail have not as yet been settled, but that question will be determined by the condition found to exist at the time."

Warning to Americans against making "unnecessary" visits to Europe, was issued by Secretary Bryan. "All Americans who go abroad should carry American passports," said the secretary.

Warning by Bryan.
"American citizens are advised not to visit unnecessarily countries which are now at war. It is important that naturalized American citizens refrain from visiting their countries of origin, or countries which are at war therewith," said Mr. Bryan.

The state department announced that passports would be issued to Americans abroad who cannot without great difficulty, danger or expense reach a neutral country, upon the application in their behalf by kinmen or legal representatives in the United States.

MANISTIQUE LANDS MEET

Gathering of Upper Peninsula Firemen Goes to That City.

John Lacey of Ishpeming Chosen President of the Association.

Ishpeming, Mich., Aug. 14.—(Special to The Herald.)—The Upper Peninsula Firemen's tournament just ended here has been one of the most successful ever held by the fire fighters of Northern Michigan. The automobile parade and various other features as well as the usual contests were all voted very fine. By a vote of thirty-four to twenty-one the firemen decided to hold the 1915 meeting at Manistique, the latter city winning out over Hancock.

Officers for the coming year were chosen as follows: President, John Lacey, Ishpeming; first vice president, P. H. Exley, Hancock; second vice president, Oscar E. Ole, Munising; secretary, T. H. Flynn, Negaunee; treasurer, Gordon Murray, Michigamme; surgeon, Dr. Moore, Atlantic.

The election was unanimous in each case, except that for the second vice presidency Julius Johnson of Negaunee contested with Mr. Ole. The latter was chosen on the second ballot by the vote of 20 to 28.

Hancock's application for the convention and tournament of 1915 was presented by State Senator W. Frank James. State Senator James C. Wood argued the case for Manistique. Editor Pat O'Brien of the Iron River-Star-Bulletin also addressed the convention. On behalf of the fire department and citizens of the village, he invited the association to meet at Iron River in 1915.

The Marquette department was the best appearing company in the parade. The judges decided it was awarded the prize of \$15. Special mention was won by the Atlantic firemen, along with a prize of \$10. For traveling the longest distance, the Soo department was awarded \$10.

Parade Very Fine.

The parade Wednesday afternoon which was the largest that has ever been witnessed on the peninsula, traversed the principal business streets. The marshals were Capt. Alfred Collick and Haoul Jacob of Ishpeming.

The procession was headed by the Ishpeming band, following which were the autos carrying the ex-chiefs of the department, among whom were John P. Outhwaite, the first chief of the Ishpeming fire department, and Henry

DETROIT FIRE LOSS WAS ABOUT \$150,000

Blaze Starting in Livery Barn Destroys Two Blocks.

Detroit, Minn., Aug. 14.—(Special to The Herald.)—A rough estimate of the loss from the disastrous fire that threatened all of this city at one time yesterday is about \$150,000. Two entire blocks were practically destroyed by the blaze, which started in John Rahn's livery barn about noon and raged in the city until 2:15 p. m., a strong wind from the northwest sweeping the flames through the business section, destroying the Webster's blacksmith shop, Kaudon's paint shop, Blanding company's warehouse, People's store, Nunn's furniture and undertaking rooms, Conover's millinery store, the Olympic candy kitchen, the Detroit opera house, the Sheridan house, the Refers Mudden who was practicing law, the Sheridan barn, Bonner's dwelling house, and numerous small barns and outbuildings. The buildings and stocks of the James Hargreaves company and the Langsford matters being interpreted before the delegates in both languages.

WINONA GETS BUT ONE HIT

Cunningham Holds the
Davis Crew to a 7 to 0
Score.

Veteran Leader of the
Visitors Gets the
One Blow.

George Austin Cunningham, the most beautiful bush bird of the present season, had another one of those good days of his yesterday, and as the result of the hilarious flinging of George the Winona got one hit and were beaten in the final game with the Dooks by the fifty count of 7 to 0.

In the first inning Old Man Davis, the hero of games from Timbuctoo to the higher and more lofty baseball precincts of Pittsburg and New York, cracked a single. This was the only approach to a hit gathered by the visitors from the downstate flats.

Mr. Davis' golf etiquette—stated following the contest that in the light of the one-hit performance upon his part, he was sorry that he received the hit and that he would willingly co-operate with the scorers in canceling the blow. He that as it may, the fact remains that Davis got the hit, lucky or not as the case may be, and that was the only semblance of a hit secured during the afternoon.

Toranson was easy in spots for the brave and persevering athletes of our side and we won in a canter.

In the fourth inning O'Brien, the eminent steel worker, hit the pellet far over the left field piling for his second home run of the present. This gets up a new league record for the Dook.

Edmunds and Cunningham walked in the fifth. Brackett sacrificed the runners along and Crooke's infield out sent Edmunds across the joy pan.

Ford and O'Brien singled in the sixth. Wolfe lapped the pill to Phillips and that stalwart young man missed the catch and then lost the ball. The hit went for a home run. It is here suggested that Mr. Phillips be allowed the candy in the future. Edmunds singled and stole second and scored on the count of Cunningham, the future citizen of Detroit.

Wind was safe in the seventh when Ward, who had moved in to short in the place of Fautsch, who moved out to center field, made a strong-armed throw of Harold's offering, the sterling right fielder moving to second. O'Brien got his third hit of the afternoon and the outfielder came home with the final run of our side.

Immediately after the contest the members of the team left for the Illinois harbor. Darby O'Brien, of Irish extraction, it is claimed, declared that he would act in the role of diplomat.

Jim Collins is a French citizen and declared that if he looks bad for the united cause of France, England, Belgium, Japan, Russia and several of the other countries precipitantly trembling on the fiery brink of battle, that he will resign as a member of the team and offer his services on the altar of his country.

Following is the score of the contest:

PATRICK AND LEGG WIN MATCHES IN SECOND ROUND

Patrick Given a Scare By
Young "Dick" Cullum
of Northland.

Legg Has Easy Victory—
Judge Morris Out
of It.

Both R. S. Patrick and Harry G. Legg came safely through the second round of the championship fight in the afternoon.

Young "Dick" Cullum of the Northland club defeated young Richard Cullum after a contest that brought out the greatest enthusiasm of the tournament and caused lines of deep anxiety to furrow the heretofore placid brows of some of the ardent followers of Patrick.

Patrick won 1 up in 19 holes. The victory was a narrow one and a win that might have tumbled down on the other side of defeat.

Young Cullum was leading the qualification round winner at the end of 18 holes. At this point of the play a lace and interested gallery was following the play of the pair and every stroke was eagerly watched.

Mr. Patrick won the eighteenth hole and tied the score. At this point of the contest interest in the outcome of the match was so great that other players stopped and watched the close finish.

For the nineteenth hole Patrick made a beautiful drive which landed his ball on the green. While Cullum's drive was not so good as that of his older and more experienced opponent, his approach shot landed his ball about eight feet from the hole. On Patrick's put he played his ball between Cullum's and the cup. The youngster touched his ball in addressing it and

lost his shot. Patrick easily holed out and won what proved the best contested and most exciting game of the tournament to date.

Drake Lightner, the star of the Town and Country club, put Judge Page Morris out of the running for the championship by defeating the veteran of the Northland club, 7 and 6. Judge Morris had the satisfaction of defeating one of the best young players in the tournament and being beaten by one of the very best of the championship flight.

Dudley Mudge defeated C. P. Jaffray of the Minikahda club, 3 and 1; and Dr. M. B. Cullum went into the third round of the championship flight by the defeat of H. J. McMillan of the Minikahda club, the player who defeated Irving Fish in the first round.

Dr. Cullum was 7 and 6 and played a young and consistent game.

Young George Piper of the Minikahda club put R. J. Raley of Northland out of the flight by a 7 and 5 win, and Lawrence Carpenter created somewhat of a surprise by defeating James Thompson, 4 and 3. H. H. Ferguson of Mendocino, after narrowly winning from Cavour Hartley in the first round, returned in the afternoon and won from W. W. Croze of Northland, 2 up.

The third round.

There are eight players left in the third round. Two of the contestants that are attracting interest in the early play of today are those between Patrick and Carpenter and Dr. Cullum and James Thompson.

Dudley Mudge and Drake Lightner are paired and Piper and Ferguson are playing for the right to contest in the fourth round.

M'LOUGHLIN AND WILDING WIN; EVEN BREAK IN DAVIS CUP MATCH

MAURICE E. M'LOUGHLIN.

Forest Hills, N. Y., Aug. 14.—The opening matches in the contest between the United States and Australia for the possession of the Davis cup, emblematic of the world's tennis championship, played here yesterday, resulted in one victory and one defeat for each nation.

Anthony F. Wilding of the challenging team defeated R. Norris Williams of the American defenders in straight sets, 7-5; 6-2; 6-3. Not the least of the American team-mate, Maurice E. McLoughlin evaded the day's score by defeating Norman E. Brookes, captain of the Australian quartet and considered the world's master at tennis, in three

stirring sets by scores of 17-15; 6-3; 6-3.

As a result the winner of the trophy and championship cannot be decided.

The doubles match will be played today, McLoughlin and Bundy representing the United States and Brookes and Wilding for the Australian cup challengers.

stands, Legg has not been crowded as yet and Patrick has had a real score. Champion Legg, R. S. Patrick, Drake Lightner, Dudley Mudge—four of the stars of the tournament—are in the play and the contest from this point on gives rare and brilliant promise of some exceptional golf.

Minikahda Lands Tourney.

As was generally predicted, the Minikahda club of Minneapolis was awarded the 1915 state tournament. George W. Piper of the Minikahda club, one of the most prominent business men of the Mill city, was elected as president to succeed Thomas F. Cole of the Northland club.

C. A. Tuller of the same club was re-elected vice president of the association, and M. C. Lightner of the White Bear club was re-elected secretary-treasurer.

C. W. Gordon of the Town and Country club, C. S. Langdon of the Lafayette club, C. P. Crangle of the Meadowbrook club, and C. S. Wilson of the Northland club were elected as directors of the association for the ensuing season.

The banquet, the social affair of the week, will be held at the Northland club this evening.

The Grape Juice with the Natural Flavor

Why try to improve on one of Nature's gifts to man—the juice of the Concord Grape? It's impossible to better its deliciousness and healthfulness.

That's why nothing but the pure, unfermented, unsweetened, undiluted juice of the Finest Concord Grapes, fresh picked and fresh pressed goes into *Armour's Grape Juice*.

That's why it's the *Grape Juice* with the natural flavor.

Armour's Grape Juice has none of the sweet insipidness you usually associate with most soft drinks. It has a full and delicious flavor.

When the weather is sizzling and you've got that most all-in feeling a glass of *Armour's Grape Juice* will pick you up wonderfully.

For Particular People

The more particular the taste of your family the greater will be their appreciation of a meal the basis of which is *Armour's "Star" Ham*.

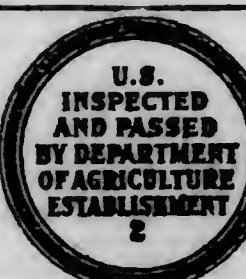

To assure a perfect ham always—one that you're sure will be tender and delicate and with a flavor that'll suit the taste of the epicure, your eventual choice will be an *Armour's "Star" Ham*.

There's a reason for its superiority—the same reason that makes all *Armour's* products perfect. That's the *Armour* thoroughness of detail in every stage of the preparation of every product.

Then one never wearies of *Armour's "Star" Hams*—there's so many ways to serve them—and they're not troublesome ways.

Besides *Armour's "Star" Ham* is healthy—your Doctor will tell you so.

The *Armour* name guarantees the quality of each *Star Ham*—the U. S. Inspector makes purity a certainty.

Armour's on a table product always means one thing—Quality. On a ham, a bottle of grape juice, a pair of lard, a sausage or a canned product, *Armour's* is the short way of saying: "This article is as good as it can be made and exactly as it is represented to be."

THE HIGH COST OF LIVING IS A LIVE ISSUE

THE chief cause of the high cost of living is the enormous expenses added to cost of goods as they pass through their long journey from manufacturer to consumer. Too many take a profit on the manufactured article before same reaches its destination. Too many charge up their labor in handling—in other words, an article often sold by the manufacturer for 5c costs Mr. Consumer 15c. The manufacturer, broker, jobber, retailer, salesman, etc., all have to be paid for their services.

OUR WAY—We sell groceries direct from manufacturer to you, eliminating all this intermediate expense. Why not buy at wholesale direct? We carry unadvertised goods as well as advertised. Of course you know you pay 25% to 50% more for all national advertised goods. Mr. Consumer has to pay for all of the expensive ads that appear in the weekly and monthly journals, billboards, etc., which runs into hundreds of thousands of dollars per week in this country. We will gladly tell you how you can buy unadvertised goods (which are just as good and in many instances even better) at a great saving. Quality is our motto. You will find only pure and reliable foodstuffs in our place of business.

LOOK AT THIS—

Actual Cost to Consumer.....	\$1.00	\$1.50
Less 10% Broker's and Jobber's expense and profit.....	.00	.15
	\$1.00	\$1.35
Less 20% Retailer's expense and profit.....	.00	.30

Less 33 1/3% Specialty Salesman.....	.00	.05
Natural Cost to Consumer.....	\$1.00	\$1.00

Groceries diverted through several channels do not add one whit to values. Send for price list.

HAVE YOU ANY CASH?

If so, buy foodstuffs. We have advised consumers to purchase for the past three weeks and we still urge all people to stock up, as prices will undoubtedly be much higher on everything.

FRANCE WILL HAVE NEWS BUREAU, TOO

German People Are Reported to Be Systematically Deceived.

Paris, Aug. 14.—3:35 p. m.—An official communication issued today says that since the beginning of the war the German people have been systematically deceived by false news circulated by a large German agency with the object of making Germans believe their troops had gained great advantages. It adds that there has been an absolute suppression of all news disadvantageous to the Germans.

The French government, it was stated, had decided to issue a daily news bulletin for distribution among the French troops. This would be composed of reports of field operations and of important events in France, the object being to create a strong link between French soldiers in the field and their relatives.

The decision to issue this bulletin was reached as a result of correspondence between Adolphe Messimy, French minister of war, and Premier Rene Viviani.

NEW ESCANABA PLANT.

Mill to Manufacture Paper Boxes Out of Lumber.

Escanaba, Mich., Aug. 14.—(Special to The Herald).—Utilizing chiefly rough woods unsuitable for the manufacture of lumber, a mill producing paper boxes is to be established here by Milwaukee interests already engaged in the industry. Preparatory to the launching of this enterprise the Escanaba Traction company has made a start with the work of developing additional waterpower. The mill will be operated by electricity, and this will be generated at Chandler falls, on the Escanaba river. A dam and a power house will be constructed. Three thousand horsepower will be obtained. It is expected the power plant and the box factory will both be in operation by year hence. The combined project is one entailing an expenditure in excess of \$500,000.

FOREST FIRES ARE BEYOND CONTROL

Washington and Oregon Report Heavy Damage By Flames.

Seattle, Wash., Aug. 14.—Two forest fires in the Snoqualmie national forest got beyond control yesterday and today and were sweeping late last night up the Grand and Green Stillaguamish river valleys.

Heavy Damage.

Portland, Or., Aug. 14.—From a score of points throughout the Northwest, reports came today of forest fires which in some cases are doing heavy damage. A pall of smoke so dense as to render objects indistinguishable at a distance greater than 500 feet, hangs over Portland.

The nearest serious fire broke out directly west of the city, menacing Macleary park, itself a dense natural wood.

Fire was reported threatening the Bull Run forest reserve which is the source of Portland's water supply.

BANQUET FOR THE OARSMEN

Duluth's Winning Crews Will Be Given Dinner Aug. 25.

Boys Given Plenty Attention By Newspapers of the East.

Duluth's victorious oarsmen will be guests of honor at a banquet to be held on Aug. 25.

President Ray W. Higgins of the boat club began making plans for the banquet this morning and an effort will be made to show the oarsmen that Duluth appreciates their victories at Philadelphia.

Some of the oarsmen have returned from the East, and the others are expected back here at the end of the week. After the race at Philadelphia they went to Washington, and then separated, some going to the East for a few days to enjoy the novelty of being out of training for the first time in about seven months.

E. McGregor, former secretary of the boat club, returned yesterday, after witnessing the races.

Ten Eyck used good judgment in handling the men at the regatta," said Mr. McGregor. "The heat was oppressive, and when we saw the Argonauts were not going to enter their four in the senior four-oared race, he withdrew our four. The rest proved that it was a wise move, for otherwise we could have lost the senior eight-oared race. We had already won the international four-oared event the day before, and that eight-oared race was a beauty. Their bows were opposite number three in our series, and they were not going to enter their four in the senior eight. They thought they had that race stowed away, for they looked on our crew as unbeatable. It was a wonderful crew, and they were to win that race or die. Well, they died, and it was half a hour after they got to the boat before they touched an oar or tried to put their boat away. They were all in. Our boys had all the racing they wanted, too, but it was the first time that crew had a chance to find out how fast it could row.

The Argonauts also made the four extend itself for the first time in its history, but both victories were clean-cut. The races were chiefly double battles, with Duluth and the Argonauts fighting it out for first place, and the other crews lengths behind rowing a race among themselves.

Well Advertised.

Duluth was well advertised by the Philadelphia press, which carried excellent accounts of the races, in spite of the fact that the news was uppermost in the public mind. The following account of the Duluth boat club's success, which appeared in the Philadelphia Bulletin, appeared under a seven-column headline:

James E. Ten Eyck, a worthy son of a worthy father, coaches the oarsmen of the Duluth boat club, the largest organization of its kind in the world. Ten Eyck brought a navy of oars to this city for the forty-second annual national championships, which were held on the Schuylkill Friday and Saturday last, and returned with five victories. The nation can be proud of such a body of men. They are a credit to the rowing world. Very few rowing clubs in America can show such a record in a single championship regatta.

There are more features connected with the career of each individual representing the Duluth boat club than could be told in a single column. The blood of the famous Ten Eyck family is made manifest in the success of the Duluth men. Those veterans who followed the races here on the Schuylkill saw a Ten Eyck quality in each sweep of a Duluth blade.

Never Tasted Defeat.

It was apparent throughout the races that the strength of the Duluth four was instrumental in the general clean-up. What a mighty four Ten Eyck brought here in P. Moore, M. C. Rheinberger, D. C. Moore and D. S. Horak. It will be interesting to those who support rowing to know that this four has never tasted defeat. The boys at the present writing weigh in at an average of 148 pounds, and average in age 20 years. In 1912 this four took the bantam championship at Kenora, Canada, where the Northwestern championships were held. In 1913 the same boat was victorious in the Northwestern junior four-oared event. In the national championships at Boston last year they won the intermediate and senior fours. On Friday afternoon, in this city, the Duluth four won the senior international four-oared event. It is worth while mentioning that the University of Chicago four, who were the Duluth boys to display their strength in this event Friday. The University four, without a doubt, the best four on the Schuylkill today.

A remarkable feat accomplished by the Duluth four last year at Boston was the participation in four victories. Moore, Rheinberger, D. C. Moore and Horak won the intermediate and senior fours aside from rowing with the intermediate and senior eights. These performances are not seen at every national regatta.

ing skill of these four young men in the senior row Saturday. Moore rowed in the bow seat in the four and eight boats. M. C. Rheinberger occupied seat No. 2 in both boats. D. C. Moore, who rowed No. 3 in the four-oared shell, held down No. 7 seat in the eight. D. S. Horak stroked both boats, and Duluth scores no little credit in return for bringing two crews through victoriously. W. M. Hoover, A. R. Kent, C. C. Bechenbosch, L. C. Brown and Capt. Wallace Quimby completed the senior eight, which was the most attractive seen on the Schuylkill in many years. An average of forty strokes to the minute with very little splashing made up their uniformity entering the intermediate single sculls in the senior eight-oared race.

A. J. Osman and A. R. Kent, who won the intermediate doubles, are among the younger members of the Duluth navy. Osman stroked the Syracuse university freshmen eight last spring under the instruction of James A. Ten Eyck, father of the Duluth coach. Osman displayed his grit by entering the intermediate single sculls after rowing with A. R. Kent in the intermediate doubles, one.

Not on the cards. Ten Eyck at all times held the heat in consideration. For this reason he would not allow Osman and Kent to enter in the senior doubles, knowing that the former had covered enough water up to the time for that race.

Reserved Strength.

Ten Eyck is well fortified in eight-oared material. The eight that won the intermediate event Friday appears to be as far developed as the eight that won the seniors Saturday. The Duluth oarsmen at home during the training season row under a temperature of 40 or 50 deg. When they arrived in this city they nearly met with a temperature of nearly 90 deg., which no doubt gave them certain suffering. A great number of rowing experts saw Ten Eyck's move in not racing his four in the senior event Saturday. The Duluth coach considered the winning conditions, and in hope of winning the senior eight event reserved the strength of this four.

The Duluth boat club is one of the most fully equipped in the world. There is a general clubroom in the city of Duluth where the boys make their headquarters during the winter season. Overlooking St. Louis bay rests the boat house, from which the oarsmen set out for their long and arduous drills. Adjoining the boat house there are stands which will seat over 1,000 persons, making an ideal place for club-regattas. Located twelve miles up the St. Louis river is another boat house in which the yachtsmen make their headquarters during the outdoor season. Each boat house is equipped with workshops in which a small army of repairmen can be found at all times. There are nearly 1,500 active members of the Duluth boat club. The majority of the oarsmen are employed as
